PRACTICE BLACKOUT

A practice blackout in Clinton from 9 to 9:10 o'clock Friday night was completely effective except for the woolen mill. The power switches at the municipal electric plant were pulled, cutting off current from all residences and business places except the woolen mill which has its own plant. Auxiliary firemen and policemen and Boy Scouts were at their designated stations and state police directed trafffic on US-112. Most drivers parked during the blackout while others proceeded through the village at a slow pace.

After the blackout Trooper Emerson Lake gave a demonstration of extinguishing an incendiary bomb at the fire statio.

In two weeks there will be another blackout, but this time it will be purely voluntary as the electric current will not be turned off.

Liquor Commission Explains Its Powers In Law Enforcement

(Editor's Note — This is the first of a series of two articles from the Michigan Liquor Control Commission, designed to acquaint you with problems of liquor law enforcement and what you as a citizen can do to make conditions more to your liking in your community.)

In these war days, demands come to the Michigan Liquor Control Commission for a tightening of enforcement.

The commission is entirely in sympathy with these demands. It believes its rules and regulations entirely fair and it holds no brief for those who deliberately violate them. However, framers of our present liquor laws never meant the commission to be the enforcement agency.

Appropriations sufficient to provide only 15 investigators have been given us. That allows one investigator for all of the Upper Peninsula, two for that area of the Lower Peninsula north of the Bay City-Muskegon line. Obviously, they can do little more than their routine work of answering complaints, making required inspections and investigating applicants for licenses.

Power and funds for enforcement were given local authorities.

For instance, 85 per cent of all license fees—$500 for every by-the-glass liquor establishment, $150 for each beer garden, and up to $1,000 for each hotel—is returned to the community for enforcement purposes.

However, the commission has no authority to compel the use of this money for enforcement. If your township board diverts this money to new buildings or other purposes, it is within the law in doing it. If you want it used for enforcement, you must say so and if you do not insist this money be used for the purpose intended by your own local officers, the Commission is powerless.

If minors are being served in your community, if gambling is allowed, lewd shows permitted, or other regulations violated — the commission wants to know of it. It will see that action is taken. But first responsibility rests with your local officers and although the commission stands ready at all times to call off an investigator from routine work and assign him to investigate a complaint, it would prefer that citations for violations come through your sheriff or chief of police.

Experience in other states has proven that most effective enforcement is obtained through enforcement agents operating directly under the Commission—Ohio has 125 such enforcement agents and Pennsylvania even more compared to Michigan's 15.

If you are dissatisfied with present conditions in your locality, demand of your city council or township board that license fees returned to them be used for enforcement. You can make specific complaints to the commission. Or you can ask your representatives in the legislature to amend the law or appropriate sufficient funds to provide for an adequate enforcement agency.

Next week, exact power of local authorities over granting and revocation of licenses and permits for dancing so every citizen may know to whom to appeal for correction of any condition needing attention will be outlined.

SCUTTLING

The Martime Commission is now considering plans for scuttling American merchant ships which appear to be likely to fall into enemy hands as quickly as possible and with a minimum loss of life.

211,687 Are Enrolled In Civilian Defense

Michigan had 211,687 persons enrolled in civilian defense activities at the end of February, a gain of more than 50,000 over figures announced for January, the monthly survey of the Michigan Council of Defense revealed.

Of this total, 100,407 persons are enrolled and already assigned to study courses or duty in the Citizens' Defense Corps, the survey shows. With minimum personnel requirements for the active protective services estimated at 358,000, according to formulas laid down by the Office of Civilian Defense, Michigan is less than one-third of the way along towards its quota, Lt. Col. Harold A. Furlong, administrator, said, pointing out the need for further volunteers.

Several counties had not reported their figures when the survey records closed, leading to an estimate that totals would be some 15,000 more when all reports are in.

Truce at Home is Urgent Need

WAR MUST TAKE PRIORITY OVER POLITICS; INTERNAL STRIFE MUST END

By Gene Alleman
Special To The Herald

Michigan industrial workers are thankful (or should be):

That the state unemployment compensation law is the most liberal in the country, following changes made by the state legislature. (Source: Social Security Board, Washington, D. C.)

That benefit checks are for sums larger than payments in either New York or California.

That conversion of automobile plants to war use is proceeding at a faster rate than predicted.

That the average weekly wage was $44.92 in January, compared with California's $40.37 and New York's $35.75.

And yet labor unrest continues. Why?

The C. I. O. demands an extra dollar daily from General Motors Corp., alleging huge profits from war contracts.

The corporation proposes that contract negotiations be opened to the public through the newspapers, inasmuch as public money is involved.

How labor unrest is being fanned may be illustrated by the following:

Revelation of war profiteering by certain manufacturers. Case: Jack & Heintz, Inc., Cleveland airplane parts company, gave out $600,000 in bonuses in 1941. The boss "earned" $145,845; his secretary received $39,356.

World War I produced many millionaries. Workers remember this. So do farmers.

The Nye congressional committee (1934) reported that "the record of the present shipbuilding companies during the (World) war, wherever examined, was close to being disgraceful...Huge bonuses were paid to officers. Profits were concealed as rentals." The American Legion also made a clamor about "taking profits out of war."

While the Cleveland case of 1941 is an exception rather than the rule, it provides labor organizers with much needed ammunition for wage negotiations. Farmers see justification in higher prices for farm commodities. The cycle of effects is long.

While Michigan workers may be better off than those elsewhere, as the cold statistics prove, yet capital continues to be made that labor is not getting its just dues.

Governor Van Wagoner spoke at a labor conference arranged by the state department of labor and industry. Listen to these criticisms of Michigan labor laws:

"Michigan ranks 26th among all states in liberality of workman's compensation payments. For an industrial state, that is a disgrace.'

"We have a 90-day limit on medical care (for workmen's compensation). That is extremely unjust."

"Indefensible discrimination" is seen by the governor in the state's occupational diseases law which "now denies compensation for certain types of occupational disease." Legislative changes are needed, Van Wagoner said.

"Michigan is one of the few states in which, according to a recent opinion of our state attorney general, women can legally be worked 10 hours a day.... We are the only industrial state in which women can be worked 54 hours a week....We failed in the last legislative session to get a wage-hour law for the state, so the women of Michigan still lack the protection that most other states give women."

Child labor ("exploitation of minors") received this charge from the governor: "Our child-labor law is 33 years old. It is almost impossible to enforce today."

By coincidence, the governor's address was given on the identical day Thurman Arnold, assistant attorney general, delivered at Washington amazing indictment of unions.

Never had a New Deal official of high rank accused organized labor of the following:

Exploitation of farmers, undemocratic procedure to control union elections, impending transportation, making it "impossible" to get mass production of housing, forcing businessmen to employ useless labor, restricting "efficient use of men and machine."

The Jacsksn Citizen-Patriot observes editorially:

"The charges which Thurman Arnold makes against organized labor are basically true as every union man knows. They do not by an means apply to all unions or all union me; but the abuses which he names are not uncommon."

While Congress can require corporations to reimburse the government any excess profits paid to them, Congress cannot reclaim lost hours or war material—airplanes, tanks, etc. — that were never made.

If labor limits production of war material, General MacArthur and thousands of Michigan soldiers and sailors will have less fighting arms with which to protect their own lives, let alone our lives.

Because a majority of Michigan workers (in industries and farms) are not members of unions, Arnold's indictments added only more fuel to an already hotly-burning fire.

The governor's charges did not lessen labor's unrest.

Nor did the revelation of war profits make the Michigan worker, blessed with higher wages and higher benefit payments than any other workers in these U.S.A., inclined to work harder and to produce more tanks, cannons, and airplanes.

Furthermore, 1942 is a campaign year, and that means inevitable bidding by politicians at Washington and at Lansing for pressure group votes.

Interpretation:

It must be obvious to the man on the street, the ordinary guy who makes democracy tick, that unless Congress acts to curb abuses by both industry and labor (excess profits whether in annual salaries and bonuses or in hourly wages and restrictions on production) that today's labor unrest is going to keep fomenting.

It must also be obvious that the war should take priority over politics.

A truce on the home front is urgently needed.

Weakened by internal strife, we can lose the war. And if we lose the war, we lose the highest living standards any nation in the world has ever enjoyed.

WARNING!

In the past sixty days there have been about thirty street lights out of service in Tecumseh. These lights were not out of service due to any neglect on the part of Consumers Power Company. The majority of these were shot out by boys with air rifles, and others were broken by boys throwing stones.

This Kind of Play Must Stop

We know who these boys are, and we are taking this means of warning them against using street lights for targets in the future.

When street lights are out, it is very dangerous to the public, and the Village Council demands good street lighting service of us. We have given that kind of service in the past, and we wish to continue giving the same kind of service in the future.

Will you boys co-oprate with us and avoid trouble.

TOO MYSTERIOUS

Indianapolis. — Mystified by lights dropped in the neighborhood while an airplane circled overhead, persons living near an Indianapolis defense plant reported the occurances to police, fearing sabotage efforts. Investigation proved the lights were flares, sent up from balloons by the Weather Bureau to determine the visibility to help air lines.

HERMITS LEAVE FORTUNE

Indianapolis. — Two hermit brother, Wilson and Oliver Souter, refused an $11,000 inheritance "Because they were going to die soon." "Are Sin, Disease, and Death Real?" will be the subject of the Lesson Sermon in all Christian Science Churches throughout the world on Sunday, April 12.

The Golden Text (James 5:15) is: "The prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him."

Among the Bible citations is this passage (Psalm 121:4): "Behold, he that keepeth Israel shall neither slumber nor sleep."

Corrective passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 361): "Hold thought steadfastly to the enduring, the good, and the true, and you will bring these into your experience proportionably to their occupancy of your thoughts."

Japs Near Peak of War Campaign

PROLONGED WINTER AID RED ARMY MILLIONS OF SOLDIERS ARE INVOLVED

(By Hugo S. Sims.)

Two great wars are underway, allied and yet apart, one in Russia and the other in the Far East.

The Russians are fighting Germany, but not Japan. Whether the two struggles will be merged, by a Jap attack upon Russia, is an interesting question that can be answered only by what happens in the future.

The Axis powers are tied together by their common greed but it is a mistake to believe that Japanese warfare in the Far East is designed to benefit Germany. Tokyo is out for the accomplishment of Japanese aims and the connection lies in the aggression of Germany in Europe, which gave Japan her chance in the Far East.

The United States and Great Britain are joined to bring about the defeat of Japan and Germany but Russia is concerned with the Soviet might decide, later on, to end the defeat of Germany alone. Admittedly, Jap threat to Russia in the Far East, just as Japan might decide now to dispose of Russia while the Slavs are batting the Germans.

The warfare in Russia deserves first rank, despite Japanese gains in the Far East. Germany is by far the most dangerous of our foes and the slow advance of the Red Army offers promise of a shorter war.

Last week Winter set in again on the vast fields of battle in Russia. The Germans were disappointed because an early March thaw did not end the coldest season for many years. The temperature, even in the Crimea, was 22 degrees below zero and around Leningrad it was 40 below. Heavy snow impeded sleds on the central and northern fronts.

Hitler's disappointment is based on the inability of his mechanized units to move on firm ground and the knowledge that from four to eight weeks may elapse before the Spring thaw is over. Meanwhile, only cavalry can move effectively and the Russians have a strong cavalry force.

The Russians have regained approximately one-fifth of the area captured by the German army in its offensive between June and December, 1941. The Germans have held certain vital strong points, from which they hope to launch their new drive, but the Red Army may reclaim some of these bases before their advance is halted.

Hitler publicly blames the Winter for the reverses of his army and seeks to solace his people with the proclamation that the German army has withstood a worse Winter than that which destroyed Napoleon's army. There are many reports of Nazi plans for a resumption of the war to annihilate the Russian army but the possibility exists that the Germans may accept the defensive in Russia in order to strike more vigorously in other areas, particularly toward the oil fields of the Middle East.

Both sides are said to have millions of soldiers in reserve and there are reports that Germany is sending strong forces into Finland and Norway for an attack designed to cut off Russia's flow of war supplies through northern ports. The Russians deny that there has been any great increase of their army in recent months although Berlin speaks of "heavy defense fighting."

In the Far East there are signs, weak and indecisive, that the Japs have reached the limits of their yell-mell rush over all opposition. The United Nations are braced for heavy fighting in Australia and southeastern Burma. Moreover, American air and naval activity seems to be increasing.

The Navy has vigorously protected convoys to Australia and Tokyo ports an attack upon Bonin islands, which are only 1,200 miles from Japan but more than 3,000 miles from Honolulu. The arrival of Gen. MacArthur in Australia has raised Allied hopes of an offensive but there will be general satisfaction if he manages to save Australia.

The Japs are at a turning point of their war. They must attack Burma and India, or Australia, which involves long supply lines or they must assail the Russians. So far, it seems the Jap navy has covered invasions with older warships, leaving the modern fleet intact and on guard against a thrust toward the homeland.

Jap successes in the Far East are not suprising in view of the factors involved, including the distance of the war front from the United States and Great Britain. Certainly, the Japanese fooled everybody as to their strength and apparently entered the war with more ships, planes, men and material than everybody suspected. They had elaborate information about countries attacked, knowing every beach, road, fort and inlet and they used the initiative to supreme advantage over their scattered and weaker foes.

Music Festival To Be April 22

PROGRAM IS UNDER THE SPONSORSHIP OF COUNTY WOMEN'S FEDERATED CLUBS

The annual Music Festival given by the Lenawee County Federation of Women's Clubs will be held at the Armory in Adrian, April 22. The University of Michigan symphony orchestra will present the program with the assistance of several soloists including Mr. Lukaghuk, violinist; Charles Matheson, tenor; and the cast of the comic opera, "The Impressario," by Mozart. The opera will comprise the last half of the program. It is a very amusing but beautifully costumed piece which will delight the young as well as the more mature.

The contest winner of four years ago, Miss Mellott of Morenci, now of Ann Arbor, will give a cello solo with the orchestra of which she is a member, accompanying her. Miss Mellott has fulfilled all the high expectations aroused by her playing at that time, when the experts said she even surpassed the instructors themselves, so fine was she.

Miss Joan Burr of Adrian, a cellist pupil of Miss Helen Munson, was the contest winner in the music contest sponsored by the Lenawee County Federation of Women's Clubs, held recently at the Adrian High School and lacking seven points to tie was Richard Legasse of Onsted, pianist, who deserves honorable mention.

Miss Burr will meet Thor Johnson in Ann Arbor Tuesday to go over arrangements to play with the U. of M. Symphony Orchestra. It is customary for the winner of the contest to play at the Music Festival sponsored by the Federation. She will play for the matinee which is an added feature this year.

The judges were Paul Rainier, Mrs. Sweet and Mrs. Ellis, all of Adrian; Mr. Roller of Morenci, and Mrs. Mabel Sylvester of Onsted.

There is to be a matinee at 3:00 p. m. this year for school children at a reduced price. Adults attending will pay regular price. Adult prices will be charged for students who come in the evening.

State Officers Fear Sabotage

WHISPER PROPAGANDA, SUBVERSION ACTS AID HITLER AND PARTNERS

LANSING, April 9—"My father works for Hitler."

These boastful words, uttered by a lad at a Michigan public school, led to the identification by the Michigan State Police of a Nazi agent.

The agent was employed by the German Library of Information with offices in the United States at New York City, and it was his duty to circulate propaganda favorable to the Nazi cause and to establish friendly contacts.

But here are two significant facts:

The Nazi sympathizer is an American-born citizen. He speaks English fluently.

While he is denied access into Michigan war paints, through friendly cooperation of plant managers with the state police, he is at liberty today, free to speak and to act as he pleases providing he is not caught in the act of espionage or sabotage.

Peril of sabotage exists in Michigan today. And the Michigan State Police and the Federal Bureau of Identification know it well.

But to finish our story. The revealing words of the Nazi agent's son, uttered in a moment of youthful bragging, finally reached the attention of police detectives through a long chain of events. One of the boy's chums told his father about the conversation at dinner table. The father reported it to the school teacher. The teacher questioned the boy after school hours and verified the statement. Then the principal notified state police.

Identification of the Nazi agent occurred prior to the outbreak of war last December. It occurred also when diplomatic immunity existed for German agents and when German propaganda was permitted to circulate openly through the United States mail.

Such agents are known to the subversive squad of the state police, headed by Detective Lieut. Edward Mulbar. In fact, a long list of suspects has been compiled, and the activity of these individuals is carefully followed.

Insidious acts of propaganda have already been detected in Michigan.

Here are several examples. A barber advises a customer to withdraw money from any bank. He says he can't reveal the reason, but insists that the information is "very confidential."

Investigation discloses that the barber obtained the so-called "tip" in a letter sent to him by a friend in New York City. FBI locate the individual who admitted he had merely heard a rumor.

Whispered propaganda is easy to spread.

You recall the incident a number of years ago when rumors were circulated that a Republican nominee for the Presidency had negro blood? Every president has been the target of vicious rumors, from George Washington to Franklin D. Roosevelt.

A second illustration, reported recently to the Michigan State Police, was a story that war defense bonds and stamps were not a safe investment, that the government was going to repudiate them and so on.

Who would benefit from such a lie? The answer is obvious.

Albert Carl Kaltschmidt is a name better known in World War I than today.

Kaltschmidt was the leader of a gang of traitors, members of the Deutschund in Detroit, who plotted to destroy Michigan-made munitions. Others in this conspiracy were Walter Scholz, Charles Francis Respa and his brother-in-law Carl Schmidt.

They decided to blow up the Detroit Screw Works. This plan was changed because Kaltschmidt decided that the place was too well guarded, and the Peabody Overall Company factory in Walkerville across the border in Canada was selected instead.

Another target was the Windsor Armory which housed many Canadian soldiers.

The factory bomb exploded, but luckily for the Canadian soldiers the one at the armory did not.

Kaltschmidt and his gang of saboteurs were finally arrested and sentenced to serve terms in prison.

While enemy bombing raids by airplanes are expected to be made against Michigan military centers, such as the St. Mary's river locks at Sault Ste. Marie, the Willow Run bomber plant near Ypsilanti and the Chrysler tank plant in Macomb county, a greater danger lurks in the possibility of disastrous sabotage being committed by a handful of enemy agents. Most of them would be migrants or American-born citizens, Quislings to the cause of the United Nations.

When can we expect such sabotage? Will it occur in the factory at the assembly line?

Here is one guess, and we cannot quote our authority: It will happen when the finished product—the tank, airplane motor, or other material—is ready for shipment. Fire is the chief weapon of the saboteur. It could destroy a million feet of valuable timber in northern Michigan or thousands of bushels of valuable grain in elevators in country towns.

There will be other Kaltschmidts in this war. Michigan must be alert to the peril of these American Quislings who would misuse Amerinan freedom in order to destroy it.

AT OFFICERS SCHOOL

Private First Class Raymond C. Osburn, of Tecumseh, has been relieved of his duties with Company C, 32nd Medical Battalion, Carlisle Barracks, Pennsylvania, to allow him to attend the Officer Candidate School at Carlisle Barracks. The course will be of three months duration and if Candidate Osburn successfully completes it he will be awarded a letter of commission as Second Lieutenant in the Medical Administrative Corps.

The son of Mrs. Purnella Osburn, 210 West Chicago Boulevard, Tecumseh, Candidate Osburn is a graduate of Tecumseh high school, Michigan State College, and the Clerk School, Camp Lee, Virginia. He enlisted in July, 1941, and served at Fort Custer, and the Medical Replacement Training Center, Camp Lee, prior to assignment at the Pennsylvania post.

WRITES FOR "POWER"

Ralph Henard, of Tipton, contributed one of the daily Lenten devotional meditations which appears in "Power," a booklet issued by the National Conference of the Methodist Youth Fellowship, Nashville, Tenn.

Thousands of Methodist youth and young people's groups throughout the country have been using this booklet as an aid to the votions during the Lenten season, it is reported by Rev. Harvey Seifert, executive secretary of the NCMYF. Mr. Henard's contribution was one of 58 used in the booklet.

Entitled, "Christ Lives in Me," Mr. Henard's meditation contained a Scriptural selection, a devotional thought and a prayer.

MISSION GUILD

The Florence Weld Mission Guild met Monday evening with Mrs. Wade L. Jones and Miss Ruby Preston at the Jones home on South Union street. Mrs. W. J. Penman presided and the devotional service was led by Mrs. L. E. Davis with a moment of silence in memory of Miss Grace Gillespie who had been an active member and officer of the Guild at the time of her death.

The program included a talk on the study book "Not With Swords Loud Clashing" by Mrs. Margaret Kidman; a hymn-sing led by Mrs. Nina Heath with Mrs. David at the piano; articles on Mission Work in Brazil and Chile" read by Miss Mary Whitelock; article on "The Interior of China" by Mrs. Guy Nemire and a piano solo by Miss Elizabeth Seegar. Refreshments were served in conclusion by Mrs. Davis and Mrs. Mertis Jones.

The Guild will meet April 20 at the home of Mrs. John R. Nyland with Mrs. B. J. Pulver as assistant hostess.

WED IN SOUTH

THE TECUMSEH HERALD

NINETY - SECOND YEAR—NUMBER TWENTY - NINE TECUMSEH, MICHIGAN, THURSDAY, APRIL 16, 1942 FIVE CENTS PER COPY

School Budget Gets Approval

IS ABOUT $2,500 HIGHER DUE TO WAGE INCREASES TO TEACHERS, EMPLOYEES

Tecumseh's school budget for the year 1942-43, amounting to $64,926 was given the approval of the board of education, when it met in regular session, Tuesday evening. The budget this year is about $2,500 higher than a year ago, due to increases granted to teachers and other employees of the district, in salaries. The budget a year ago was about $62,000.

The new budget, as did the one a year ago, includes some $3,000 for the purchase of new boilers and stokers in the central heating plant. The board opened bids, advetised for recently, at its meeting last night, and rejected them. Only two bids were submitted, one by C. A. Seitz, Tecumseh, the other by Ried & Mattison, Jackson. The board decided to hold a special meeting tonight to consider the boiler-stoker installation further, and said that new bids would be sought.

W. L. Berkhof, superintendent, was offered a two-year contract by the board, and the hiring of teachers was discussed. It was said that contract invitations to teachers would go out, probably this week.

The school calendar for the new year was approved, setting September 9 as the opening date of school and June 4 or 5 as the closing date. Current bills were audited and ordered paid.

Paul Johnson Takes Air Raid Training Work

Paul E. Johnson, local high school instructor, at the request of the Tecumseh Civilian Defense Council, is attending the official district school for air raid wardens at Jackson. The school, which is being held under the administration auspices of the State Prison at Jackson, will last throughout the current week. Graduates of the school shall have received forty-seven hours of instruction on the organization of the air raid warden service and the duties of air raid wardens. These graduates will receive official certificates of graduation and will be officially qualified to instruct local air raid wardens in their counties and communities. Graduates of the state, district, and local schools are eligible to become approved air raid wardens and will be entitled to wear the official insignia.

The American Legion school for air raid wardens is the only agency which has the authority to issue official air raid warden certificates and insignia. The American Legion was granted the assignment of conducting schools for air raid wardens throughout the nation by the President of the United States. Our military authorities are correlating their plans with the Legion program, and the Office of Civilian Defense is basing the protective service of the civilian population upon the air raid wardens officially approved by the Legion. The Legion plans to have 50,000 fully-trained air raid wardens ready for duty in Michigan within the next four weeks.

BOY ADMITS ROBBERY IN ABBOTT HOME HERE

Frances Recher, 16, Adrian, on Tuesday admitted to Deputy Sheriff George Isaacson that he was one of two Adrian boys who a few weeks ago ransacked the Harry Abbott home on West Shawnee street. He also admitted entering St. Peter's Episcopal church some months ago, and implicated another youth from Adrian.

At the Abbott home two watches, a gold chain and keys were taken and Recher told the deputy how they disposed of them. At the church, only 10 cents was taken.

Probate Judge Tripp has waived jurisdiction in the Recher case and the deputy sheriff said that Recher would be taken into circuit court, probably on a charge lodged by Adrian officers. He was taken into custody last week by Adrian police, during the investigation of a case in that city.

VISITATION MEETING

The Tecumseh Rebekah Lodge will be hosts Friday evening to the district visitation meeting. Business meeting will be followed by a social hour and refreshments.

Spring coal prices are now in effect. Call 140. R. S. Moore & Son Co. adv.

To Speak at Rally

S. L. A. MARSHALL

An old fashioned patriotic rally with speeches, singing and band music has been planned for all residents of the county by Leuwee's eight American Legion posts. The rally will be April 23 at the Civic Auditorium in Adrian with S. L. A. Marshall, radio commentator and war analyst for the Detroit News, as the principal speaker. His subject will be "Danger Spots in America."

Arrangement for the rally were made last Tuesday night when 23 representatives from the eight county legion posts met in the Tecumseh Legion home Hal Ward, county commander, was in charge of the meeting. A. A. Palmer, Elmir Baldwin and Walter Kindschy of Adrian and William Sage of Tecumseh and Vance Ogden of Clinton were named on a committee to complete arrangements. The theme for the rally will be "America Awake."

Civic Banquet

BASKETBALL CHAMPS TO BE HONORED AT DINNER HERE ON TUESDAY

A basket-ball banquet sponsored by the Athletic Club Mothers will be held Tuesday evening, April 21, in the high school gym when letters will be awarded to the following boys by Coach Fred Rasik, Varsity, Max Green, Bob Mohr, Bob Wilson, Don Carlson, John Hamilton, Stewart Costigan, Ken Will, Bob Laidlaw, Jack Osburn, Jack Brown and Don Brazee; reserves, Bill Sisson, Jim Smith, M. Phibbs, D. Murphy, Jim Osburn, C. Bancroft, R. Hoekstra, C. Jackson and L. Brown.

The boys hold the honor of being unbeaten all season winning the complete 20 games, but lost one game in the semi-finals at Lansing.

The dinner and program will be followed by dancing with Paul Johnson's orchestra furnishing the music. The proceeds of the banquet are to be used toward suits for the basketball team.

Tickets may be obtained at Kerby's Hamburger or from the parents of the team members. Mrs. M. W. Wilson is chaiman.

TO STAND TRIAL ON DRUNK-DRIVING COUNT

Wallace Hartley, 22, Tecumseh, is scheduled to stand trial in Justice Clyde Barber's court here on Friday on charges of driving while intoxicated and assault and battery. The arrest was made by Deputy Sheriff George Isaacson and Hartley is free on $100 bond.

The deputy charges that Hartley drove his car into a culvert on M-50 just west of Tecumseh about 2 o'clock on the morning of April 11. He also says that Hartley attempted to gain an entrance to the Clyde Bailey home following the accident, that he struck Mr. Bailey and broke a glass in the storm door of the Bailey home.

HAPPY CIRCLE P.T.A.

The Happy Circle P.T.A. will meet Friday evening, April 17, at the Centennial school. Mr. and Mrs. Milton Righter and Mr. and Mrs. George Finnegan are in charge of entertainment and Mr. and Mrs. Harvey Lewis and Mr. and Mrs. Jack Finnegan are the eats committee.

Elliott Names Town Officers

COUNCIL CONFIRMS APPOINTMENTS AT REGULAR SESSION ON MONDAY EVENING

Members of Tecumseh's official family were named by Mayor J. Floyd Elliott when the council met here in regular session, Monday evening, and all of the mayor's appointmentments were confirmed.

Albert Bagshaw was named as engineer, with Frank Hoekstra as assistant. William J. Hanna was named as marshall with B. W. Mominee as his assistant. F. E. Woodcox was named traffic officer; and police appointments were given to Edward Wilson, Percy Hand, A. B. Harding, Percy French and Robert Arnold. Dr. H. H. Loveland was named as health officer and Glenn L. Williams as village attorney. Robert Arnold is the fire truck driver.

Guy E. Belding was named as a member of the Brookside Cemetery Board of Trustees for a three-year period, and Wade L. Jones was named for a one-year period to fill the vacancy caused by the resignation of J. Fred Rector.

Mr. Rector, who is ill, also resigned as village assessor and Sam Sisson was named as his successor.

Wade L. Jones, village clerk, was reappointed as the village purchasing agent.

S. W. Good, Gervaise E. Brown and Floyd Russell were granted permission to obtain beer and wine licenses.

The council's session was a brief one, and except for the reading of department heads and committee members, there was no other business.

Well-Cared-For Garden Is Need For Victory

A small garden, well cared for is worth more to any family than a large one that is neglected, was the warning of Gordon Morrison, geneticist of the Ferry-Morse Seed Company, when he addressed the noon-day luncheon of the Rotary club here on Tuesday at Brees House. Mr. Morrison was the guest of Harold Anderson, local grocer.

Mr. Morrison pointed out that while there is no anticipated shortage of vegetables in this country due to the war, Victory Gardens will release millions of ton-space for the transporting of war materials by the nation's commen carriers, that ordinarily would be given over to the shipment of fruits and vegetables. There definitely will be a shortage of transportation equipment, he said, making the gardening program essential.

Following the Rotary meeting, Mr. Morrison addressed a general assembly of high school students.

The Rev. Edward Ecoline, chairman of Tecumseh's Victory Gardens was a guest at the meeting and spoke briefly. He declared that the residents here are cooperating in the gardening program, and he praised the work of the committee and the schools in cooperating in the plan.

DO YOU SERVE THE AXIS?

Do you complain at every restriction of war? Do you resent its interference with your plans for living? Do you take time off to discuss with other disgruntled people how war is changing your entire mode of life? Do you object to sacrificing non-essentials to keep your freedom? If you do, you are serving the Axis.

Do you question every act of those in authority, forgetting that it was you who elected them to powe? Do you from the security of your own front porch or corner store waste valuable time saying what should have been done by the men thousands of miles away who are fighting twenty-four hours a day and giving their lives to keep the war from your doorstep? Do you doubt the loyalty of that Ally who has fought the Axis for three long years until there is not a family even on the most secluded upland farm that has not felt the dread hand of loss? Do you question the loyalty, intelligence, ability of your own sons, and your neighbors' sons? If you do, you are serving the Axis.

Do you delay to serve your own ends first? Do you give half-hearted service? Are you sticking to your own personal task, or doing the war job you could do? Are you relying on others to protect you and dodging your civilian defense job because it is hard work? Are you skimping on full time, and not giving over time? If you are, you are serving the Axis.

Do you stand on your rights? Do you demand preferential treatment for yourself, or your community or your group? Do you refuse to do your part in this war until you are paid to do it? Are you a "mercenary" soldier, not a "citizen-soldier"? Do you think only of yourself and your narrow circle of life instead of the nation as a whole? Do you demand the privileges of democracy and ignore its responsibilities? If you do, you are serving the Axis.

Do you discriminate against your fellow Americans? Are you a disseminator of the poison of hatred with which Hitler is trying to gas this country into confusion? Do you generalize about racial and religious groups—passing on as gospel truth the lies handed out by Herr Goebbels and his emissaries — forgetting they are not groups but individuals, neighbors with whom you have grown up, who have lived with you, suffered with you, sacrificed with you and rejoiced with you? Do you fan class hatreds with stories of greed for money and power, suspecting both Industry and Labor of treason, forgetting that they know they have just as much to lose in this war as have you? If you do, you are serving the Axis.

Now is not the time for a divided allegiance! This is our war—the war of all of us. This is the UNITED States of America. We are Americans all. Don't serve the Axis!

FARMERS GET 35 PER CENT

Inefficient distribution is the only thing that agriculture has to worry about today, says Dr. Ernest L. Nixon, of Philadelphia, agricultural expert, who asserts that the average farmer gets but thirty-five cents of the consumer's dollar.

Most farmers will agree with Dr. Nixon that "this is not right." The farm expert says there must be better cooperation between producer, consumer and distributor so that the producer will get eighty-five cents return out of the consumer's dollar.

Apparently, the spread between farmer-producer and the consumer, which takes up sixty-five per cent of the money spent for farm products, is responsible for much of the high cost of food and some of the misfortunes of agriculture.

Farmers should understand, however, that they cannot get anywhere by verbal demands for a greater part of the consumer's dollar. They must learn to grade, pack and market their supplies. This involves considerable work.

It will be necessary, of course, for farmers to establish certain definite standards and rigidly adhere to them. This will mean money in the farmers' pockets and protection for the buying consumer.

We would also like to point out that there is no law in this country which prohibits farmers from organizing a cooperative to bridge the gap between producer and consumer, thus eliminating some of the excessive spread deplored by Dr. Nixon.

Naturally, it will be impossible to cut it down to zero because, after all, middlemen have been performing some service in connection with distribution.

ASKS U.S. FORGIVENESS

Taisunosuke Kobayashi, prominent alien Japanese businessman of Honolulu, recently died in a hospital after taking poison.

News dispatches say that the Japanese wrote a note saying that "my acts up to now have been a mistake" and begging "forgiveness of the American Government." The note also admonished his employes and close friends: "From now on, obey American laws and please strive earnestly for the American Government and society."

No facts are available as to what were the acts of this alien but the presumption is that he had something to do with the treacherous assault upon the United States at Pearl Harbor. Anyway, the incident is perplexing, interesting and thought-provoking.

NEW SPRING
WALL PAPER

We have it at prices that make it seem foolish for you to wear out your automobile tires by "shopping around."

Let Us Estimate Your Cost

We can furnish you sufficient paper, sidewall, ceiling and border, for the average 12 x 15 room for as little as $1.62

Don't Be Misled

We are taking some of the "hocum" out of the wallpaper business. Our prices are as low as the lowest—if you want better paper, we have that, too.

Rexall One Cent Sale

Today through Saturday. Two items for the price of one, plus one cent. Your opportunity to buy and save.

Spring Coal Prices
Are Now in Effect

Just bcause the weather is changing and Summer is at hand is no reason why you should not give your next winter's coal situation careful consideration.

We are at war. The nation's transportation system is being taxed to its capacity. There are many labor problems, the government is taking over almost daily more and more of the freight cars—and freight rates are likely to further advance.

All of these problems concern your next year's fuel. That is why we advise you to buy now—at SPRING PRICES.

Don't Delay--Act Now

We have placed our Spring Prices in effect and we are taking "fill up" orders for next Fall and Winter. Don't delay, because it is a certainly that you will pay much more for your coal next Fall than we are asking today.

Why take a chance in September or October and burn "any old coal" that you can get, when you can fill your bin NOW with the coal that you like.

For economy in price and in your heating, place your order today.

Cash For Farms Offered By FSA

TENANT MAY GET LOAN UNDER PROGRAM SET UP BY GOVERNMENT

An owner of a farm in Lenawee county desiring to sell his property can obtain cash when he sells the farm to a tenant who has been approved by the farm Security Administration for a real estate loan under the Bankhead-Jones Farm Tenant Act, it was pointed out today by Jerry H. Mandigo, county FSA supervisor at Adrian.

Mandigo said several tenant operators of the county who are eligible for loan with which to buy farms of their own want to get in touch with owners interested in selling their places.

"Either owner - operators who want to sell or persons not engaged in farming but who own farms which they would like to sell, have an opportunity through Farm Security's tenant purchase program to sell their farms at a good price for cash to qualified tenants eligible fo tenant purchase loans," he asserted.

A family-type farm which can, in general, be operated with labor available in the family, is the kind of a place a tenant farmer who is eligible for a tenant purchase loan is able to buy. It should be large enough and sufficiently productive, the county supervisor explained, to enable the borrower to pay taxes, insurance, maintain the property, provide a satisfactory living for the family and retire the loan for the purchase of the farm.

Under the tenant purchase program, an experienced, capable, farm tenant who is a citizen of the United States, of good character, who does not own any real estate and cannot obtain an adequate farm purchase loan from other sources at reasonable terms, and whose machinery, equipment and livestock are debt-free or nearly debt-free, is eligible to apply to the Farm Security Administration for a forty-year loan at three percent interest under the Bankhead-Jones Act. Preference is given to married men with families.

A county committee of three farmers passes on all applications and decides who shall receive loans. The Lenawee county committee is composed of Earl Murphy of Macon township, Milton Wheaton of Woodstock township, and Charles Figy of Morenci. Applicants select the farms they want to buy, but the farm and the price paid for it must be approved by the county committtee and the FSA. "The price, Mandigo said, "must be in keeping with the earning capacity of the farm."

An owner interested in selling his farm to a tenant purchase borrower or a tenant desiring to apply for one of these loans may contact Mandigo at the FSA office in the Masonic Temple Building in Adrian.

Why Is a Newspaper Like Your Store?

Here's the Answer
In a Few Paragraphs--

A newspaper, believe it or not, is for the most part like the biggest store, the best patronized store, the most talked-about store in the community it serves.

Why? Because—

1. That newspaper never yet has been published that reached into EVERY HOME in its trading area.
2. That store never yet has been operated that listed EVERY RESIDENT of its trading area as its customer.
3. That bank—regardless of how strong its vault—never yet has listed EVERY RESIDENT of its area as its depositor.
4. That mill, regardless of how fine its flour, never yet has served EVERY FARMER in its trading radius.
5. That utility company, with its hundreds of miles of wire, never yet has claimed EVERY RESIDENT as a telephone subscriber or user of electric lights.

In many respects, therefore, a newspaper IS like the biggest store, the biggest bank, the biggest business. Nobody serves everybody.

But there IS a difference between stores and newspapers.

1. YOUR NEWSPAPER serves MORE OF YOUR POTENTIAL CUSTOMERS with a single issue than your store could serve in several days.
2. These POTENTIAL CUSTOMERS have PAID YOUR NEWSPAPER to serve them. They are SUBSCRIBERS to YOUR NEWSPAPER. They are interested in the community that YOUR NEWSPAPER serves, in YOUR STORE and its ADVERTISING. Otherwise they would not be PAID subscribers to YOUR NEWSPAPER.
3. YOUR NEWSPAPER is interested in YOUR STORE because it knows that YOUR STORE is NEWS to ITS SUBSCRIBERS. Yes, YOUR NEWSPAPER'S PAID SUBSCRIBERS are YOUR STORE'S potential customers.
4. Your store, your business, your profession and YOUR NEWSPAPER are NECESSARY TO EACH OTHER. That is a fact that cannot be refuted.

In the Village of Tecumseh, THE HERALD is read in approximately 700 homes, by more than 3,000 of YOUR STORE'S POTENTIAL CUSTOMERS.

Based on government averages of 4.7 persons per family, The Herald's total "reader family" approximates 10,000, all of them YOUR POTENTIAL CUSTOMERS.

There is NO BETTER WAY to tell YOUR STORY in news and advertising to YOUR POTENTIAL CUSTOMERS than in the columns of YOUR NEWSPAPER.

CHRISTIAN SCIENCE

Announcement has just been made by The Christian Science Pubishing Society in Boston that Peter V. Ross, C.S.B., will succeed George Shaw Cook, C.S.B., as editor of the Christian Science periodcals. These comprise The Christian Science Journal, the Christian Science Sentinel, and The Herald of Christian Science.

Mr. Ross was born near Howell, Michigan, and received his education in the public schools, Michigan State College at East Lansing and the University of Nebraska, being admitted to the bar in 1899.

Much of his legal work was the editing and writing of law books. Since 1916 he has devoted his entire time to Christian Science, serving as public lecturer since 1922. Mr. Ross has lectured many times in Michigan cities, always drawing a large audience because of his forceful and clear presentation of his subject.

One of a series of district conferences for teachers of homemaking and vocational agriculture, was held Tuesday afternoon and evening in the Clinton high school. The groups met separately at 4 o'clock and at 6 o'clock joined for dinner followed by a discussion on "Planning to produce food for family needs." Separate sessions were held again at 8 o'clock.

The conference was arranged by Geo. H. Fern, director of the state board of control for vocational education, and the meeting was called to assist local schools in gearing their spring and summer program into the total war effort.

Fourth Registration To Be Held April 27

While Monday, April 27, will be fourth registration day in Michigan, Col. E. M. Rosecrans, announced today that all have been authorized to conduct advance registrations in industrial plants so that there will be no disruption of the war production program.

Col. Rosecrans also announced that offices will remain open on Saturday and Sunday preceding registration day for the purpose of registering those persons who will have difficulty in registering on Monday. Local boards have also been authorized to make special arrangements for the advance registration of men located in hospitals, ships, county infirmaries, and other similar places.

Persons required to be registered on April 27 include all men who attained their 45th birthday on or before February 16, 1942, and who have not attained their 65th birthday on April 27, 1942. While these men will not be liable for military service, they will be registered in practically the same manner as men who enrolled in previous registrations.

Bright Sunshine Calls For a Victory Garden--

Yes, it is time of year now to plant a garden, and this year, more than ever before, a Victory Garden.

Your government, you know, is urging everyone to grow vegetables this year—to grow them for victory.

The vegetables you grow in your garden, and can in your own home, will release—the country over millions of food for our armed forces, and help to feed our Allied Nations.

For seed for your Victory Garden, Call on us. We have pre-tested varieties, produced by Ferry-Morse. Seeds that you'll be proud to plant, because you know they'll grow.

Next Six Months Fix War's Length

SUMMER MAY NOT DECIDE WINNER, BUT IT WILL POINT TO THE DURATION

(BY Hugo S. Sims.)

The next six months should tell us approximately how long the war will last and measure the war effort that the United States will have to make to bring victory to the United Nations.

We do not say that the next six months will decide the winner of the great struggle because, as Winston Churchill so well says, only mismanagement of the power against the Axis can bring us defeat.

There are now arrayed against the Axis nations the manpower and the resources which, given time, will beat them to death. The business of the United Nations, in 1942, is to make certain that the Axis pays a full price for any gains that are made, either in Russia, the Near East, China, India, Australia and on the oceans of the world.

It might be a good idea to reflect a bit on the general trend of the struggle. After two years and a half of bitter battling the Germans are no nearer a decision than they were when Hitler gave the order to march into Poland. The Nazis are slowly losing the advantages that belonged to them when the war started and gradually the forces against them are equalling and surpassing their military power.

In the Far East, the Japs are reaping gains due to geography, the preoccupation of their enemies with other battles and the preparations made for their blitz war. Given time, they will be hard-pressed to hold their lines, much less move to attack fresh lands. Meanwhile, slowly the forces against them are being placed for effective use.

This does not mean that Germany and Japan are unable to wage a hard-hitting war in 1942. On the contrary, it intimates that they must do so in a supreme effort to win before their enemies can mobilize superior force against them. Hence, the expectations of an all-out bid for victory by the Nazis, which may rival the astonishing power of the 1918-drive in France that was the dying effort of the Kaiser's cohorts.

The coming half-year will see bitter fighting. We will hear bad and some good news with the latter depending upon the outcome of Hitler's approaching offensive. It will fail to achieve victory and be followed by definite evidence that the days of the Axis are numbered even if uncertain.

For the United States the task of keeping open the North Atlantic, so that supplies can reach Russia and Great. Britain, is of first importance. The Red Army offers the only chance for an early victory, which will save many American lives. The British Isls are the first bastions of our defense, as well as the base for any future offense against Germany. Aid to Russia and reinforcements for the British are without doubt our preeminent job.

Space does not permit extended importance to this country. We discussion of Russian and British must skip along and consider other areas, which brings us to the Near East, where a stand must be made to prevent any union of German and Japanese forces. Here too, we must fight to prevent loss of vital oil fields, which are necessary to Hitler if his war machine is to continue to function efficiently.

Certainly, this country must make safe its Pacific defenses, which means our continued control of the ocean from Alaska to Honolulu and the Panama Canal. For offensive action against the Japanese we must likewise secure the supply route to Australia and, also, defend the continent of South America from enemy invasions.

We come next to China, where a brave people fight a heroic battle. Here is an army that awaits only the tools of war to carry the war to the Japanese. In this, the Chinese will, if properly aided, be the means of saving many American lives. Supplies must reach Chinese, even if sent only on the basis of our self-interest. Difficulties in the way must be removed by offensive action as soon as possible.

Now, we come to Australia, where our gallant Gen. MacArthur is laying the groundwork for future fighting. This area, where we are pledged to fight and which we will defend, is least important to the ultimate success of our country. For strategic reasons, affecting morale, the Australians deserve and must have our aid. The loss of Australia however, would not be as dangerous to our cause as the loss of Russia, the British Isles, or the Near East and much less than failure to control the supply routes on the high seas.

Help For The Farmer New Federal Problem

The United States Employment Service has been given the responsibility of supplying workers for all war industries, but the scope and character of the job of recruiting farm workers is such that the full cooperation of everybody concerned with farm labor supply is required.

The action to be taken to provide complete mobilization and direction of persons for farm work will include the following:

(1) Registration of all employed farm workers and members of farm families unemployed and available for work.

(2) Registration of all farm laborers, operators and members of farm families who are partially employed but available for part-time work on other farms.

(3) Registration of all operators of farm equipment who perform custom work.

(4) Plans for use of all qualified persons employed on WPA and NYA projects in appropriate farm work.

(5) Registration of all school youth available for farm work.

(6) Registration of all women for farm work.

(7) Development of plans for making use, during peak seasonal operations, of town persons who are regularly employed in other occupations.

(8) Development of plans for the exchange between farmers of:

(a) The labor of the farmers and members of their families.

(b) The labor of regular full-time hired men.

(c) The labor of seasonal workers who are or may be housed on the individual farms.

(9) Development of plans for any training which may be required in order to make effective use of farm labor.

(10) Complete registration of labor requirements of all farmers.

(11) Development of plans for the provision of local centralized living facilities for migratory labor from which they may be dispatched to particular jobs.

(12) Plans for the transportation of workers to and from work.

The United States is at war. The winning of this war depends not only upon the production of sufficient materials for victory on the battlefield, but also upon the production of adequate food supply. We must supply the producers of this country's food with sufficient labor. "Food For Victory," is no longer just a slogan, but an actual part of our problem.

The United States Employment Service, serving Lenawee county, is located at 118 West Church street, Adrian, the telephone number is 490.

High School Seniors May Enlist In Navy

Senior high school men, 17 to 19 inclusive, may enlist in the United States Navy now, and complete their high school education before being called to active service, according to Lttutenant Commander Carson R. Miller, in charge of Navy recruiting for this district.

This is made possible through enlistment in Class V-1 of the Reserve, which was created to allow patriotic young men to do their part for their country without disrupting their education.

Upon graduation, these men will begin training at the Navy's expense in their choice of over 50 trades and 100 specialties, including all phases of radio and aviation. During this training period, they will be on active service, and will receive the same pay and benefits.

The Navy's schools are recognized as being the equal of any technical training schools in the country. Among the trades taught are such things as: Aviation machinist, electrian, patternmaker, metalsmith, shipfitter, signalman, radioman, boilermaker, ordnanceman, molder, diesel engineer and welder. Over 50 trades and 100 specialties, including all phases of radio and aviation, are open to Navy men. Those who complete courses in Navy schools may soon qualify for appointment as petty officers and equip themselves for good positions in private industry after the war.

NINETY - SECOND YEAR—NUMBER THIRTY | TECUMSEH, MICHIGAN, THURSDAY, APRIL 23, 1942 | FIVE CENTS PER COPY

Products Co. Wins Navy 'E' Pennant

Treasury Flag For Bond Buying Also to be Awarded on Tuesday

The coveted Navy "E" pennant, highest of all honors in the great traditions of the United States Navy, has been awarded to the Tecumseh Products Company.

Announcement of the award was made by Frank Knox, Secretary of the Navy, in a communication to Ray W. Herrick, president of the company, and released for publication today.

Simultaneous with the announcement of the Navy "E" award, Frank N. Isbey of Detroit, Michigan director of the Defense Savings Committee in Michigan, announced to Mr. Herrck that his company had been awarded the United States Treasury Minute Man Defense Flag for the purchase of war bonds. The Products company is the first manufacturing concern in the United States to receive both awards simultaneously.

The Navy "E" pennant will be presented at a public ceremony at the company's plant next Tuesday afternoon at 2:30 p.m. Formal presentation will be made by Captain Glenn W. Davis, assistant chief of the Bureau of Ordnance, Washington. Mr. Isbey will present the flag of the Treasury a few moments later, on the same platform. Mr. Herrick will receive the pennants on behalf of his company.

The presentation ceremonies are expected to attract 5,000 people and bring to Tecumseh the greatest number of state and national dignitaries and officials of the Army and Navy in the history of Lenawee county. Headlining the list of official state visitors will be Governor Murray D. Van Wagoner, who will speak at the afternoon program. With him will be Vernon J. Brown, Michigan's auditor general, and perhaps several other state officials.

From Washington, besides Captain Davis will be several other officers of the Navy Department There will be Naval officials from Great Lakes, Ill., including Lieut Arthure Langfield who will present the official Navy "E" buttons to the oldest member of the Product's employees, Keith G. Barron. Later, each employer of the company will receive one of the cherished buttons, to be worn as a mark of distinction.

The Products company is working "around the clock" on war materials but the shop will be closed for one hour—between 2:30 and 3:30 next Tuesday afternoon —to permit employees to participate in the ceremonies.

The program for Tuesday afternoon briefly is as follows:

Place: The plot immediately in front of the Products factory.

Time 2:30 p.m., April 28, 1942.

Program: Circuit Judge G. Arthur Rathbun will act as master of ceremonies and music will be furnished by the Tecumseh high school band. Following the invocation, by the Rev. James Cameron Murdoch, the Navy "E" pennant will be awarded by Captain Davis. It will be awarded by Mr. Herrick. Governor Van Wagoner will speak. The Navy "E" buttons will be presented by Lieut. Langfield and received by Mr. Barron. The Treasury's flag will be presented by Mr. Isbey and received by Mr. Herrick. The color guard will be furnished by Underwood-Orr post, American Legion.

The ceremony will be open to the public and will be broadcast through sound equipment. Governor Van Wagoner and his party is expected to arrive shortly before the program starts and will leave immediately afterward that he may keep another engagement. The Army and Navy officials from Washington, Great Lakes and Detroit will arrive by motor bus.

The company's buildings and the platform from which the ceremonies will be broadcast will be decorated in the national colors. Flags also will be unfurled in the downtown district and in the village throughout Tuesday. In the event of rain, it has been announced that the ceremonies will be moved to the auditorium of the high school. School will be recessed next Tuesday afternoon, and all business manufacturing plants here will close between 2 and 4 p.m., in keeping with a proclamation issued by Mayor J. Floyd Elliott.

The high Navy award, the "E" pennant, is issued only in the event of "work well and timely done." The Products company has the distinction of being one of only a mere handful of plants in the United States to receive the honor. Only five other Treasury flags are flying in the state of Michigan. Nowhere else in the United States are the two flags flying over the same manufacturing concern.

The Treasury flag is presented only to companies whose employees are purchasing Defense Bonds under the pay-roll deduction plan, and where the percentage of such employees numbers 90 or more. At Products, 96.5 per cent of its employees are buying bonds, and it is expected that this will be increased to 99 per cent within a week.

The Products company, until the war the largest independent manufacturers of electrical refrigeration in the world, is now employing about 1,200 people and is devoting 85 per cent of its energy to war work. This will be stepped up until the per centage reaches 98, in mid-July.

"I am indeed proud and happy that the Products company has won these two high federal awards," was Mr. Herrick's comment. "It is the employees of our company who have earned these flags. It is their fine spirit of effort and loyalty to our government that has given them the inspiration to carry out this program. I wish to express my personal thanks for this friendship and devotion."

John S. Michener, Adrian Lawyer, Dies

John S. Michener, assistant prosecuting attorney, and son of Representative and Mrs. Earl C. Michener of Adrian, died Thursday night at University hospital in Ann Arbor following a two weeks illness from a sinus infection.

Mr. Michener was born in Adrian and had spent his whole life there. He graduated in 1934 from the University of Michigan Law school and was admitted to the bar in October of that year.

Besides his parents he leaves his widow, formerly Rhea Peck of Plymouth, three children, and a sister, Mrs. Elizabeth Quick of California.

Funeral services were held Monday in Adrian. Rev. Geo. D. Prentice officiated and burial was in Oakwood cemetery.

LEGION'S AID PROGRAM EXPLAINED BY SCNEIDER

Louis S. Schneider, Michigan chairman of the American Legion Crippled Children's Committee, was the guest speaker at the regular noon-day luncheon meeting of the Tecumseh Rotary Club, Tuesday at Brees House. The program was in charge of Guy E. Belding.

Mr. Schneider pointed out that next to the Red Cross the Legion is the largest organization in the nation, and he declared that some $3,000,000 is being spent annually in children's work. He told how the group is organized in Michigan, how some 1,000 persons are constantly on the alert to care for needy children, whether or not they are sons or daughters of veterans. His talk was very interesting.

Next Tuesday, Dr. L. J. Stafford of Adrian, will show motion pictures of one of his western hunting trips following the club luncheon.

GYM DEMONSTRATION

The annual gym demonstration by Junior and Senior high school boys under the direction of Fred Raizk and the grades and high school girls under the direction of Miss L. Van Dommelen will be presented in the high school tonight at 8 o'clock.

Civic Banquet Honors Cagers

LETTERS ARE AWARDED BY SCHOOL AND HERRICK PRESENTS TROPHY, PLACQUES

Tecumseh high school's basketball squad, champions of the Lenawee County League and at District and Regional Tournaments, was honored at a civic banquet, served in the school's gymansium, Tuesday evening at which time letters were presented by the school and Ray W. Herrick, president of the Tecumseh Products Company, made several personal awards. The dinner was attended by some 250 persons.

County, district and regional trophies decorated the speakers' table at the banquet, presided over by W. L. Berkhof, superintendent of schools, who in a few well chosen remarks, expressed his appreciation to the squad and to Coach Fred Raizk for the championship team, declaring that "the spirit of the group" will continue with the school for several years."

O. W. Laidlaw, former superintendent, presided as toastmaster, and introduced Coach Raizk, who presented letters to the first line team and the reserves. Coach Raizk, too, praised the boys for their loyal spirit of cooperation, and complimented the reserve team, which group also won all of its games played during the season.

Varsity members of the team who received letters are: Robert Laidlaw, Donald Brazee, Don Carlson, John Hamilton, Kenneth Will, Max Green, Jack Brown, Robert Mohr, Robert Wilson, Stuart Costigan and Lee Clark, manager. Reserves receiving letters are: Jack Osburn, Dick Murphy, Bill Sisson, Jim Osburn, Charles Bahcroft, Martin Phibbs, Jim Smith, Clifford Jackson, Lillard Brown and Robert Hoekstra.

Mr. Herrick, an ardent enthusiast of high school athletics, praised the team for its "fighting spirit" and declared that it typified the kind of enthusiasm needed in the nation. He pointed out that Tecumseh's cage team "went farther" this year in winning state honors than ever before in history, and he expressed the hope that this spirit would continue in years to come.

Mr. Herrick then presented to Robert Wilson, captain of the varsity, a 30-inch gold and silver trophy, suitably inscribed with the team's victories. To Wilson and Robert Mohr, who received honorable mention to the Michigan all-state team, he presented gold placques, and to each member of the varsity squad and to Coach Raizk he presented a gold miniature basketball, suitably inscribed.

Town To Honor TPC At Banquet

APPRECIATION DINNER WILL BE ATTENDED BY 250, ON TUESDAY EVENING

A civic appreciation dinner, honoring Tecumseh Products Company, winners of the coveted Navy "E" pennant and the Treasury's Minute Man Defense Flag, will be served in the gymnasium of the high school here, next Tuesday evening at 6:30 o'clock. The program will conclude the ceremonies attendant to the flag presentations, the first of which are scheduled for 2:30 at the Products plant, Tuesday afternoon.

Vernon J. Brown, auditor general of Michigan, will be the principal speaker on the banquet program, representing Governor Van Wagoner, who will be present at the afternoon ceremonies. Giles Kavanaugh, collector of internal revenue, Detroit, will represent Frank Isbey, chairman of the Michigan War Savings Committee, who also will be here in the afternoon. Col. H. H. Hammel will be the toastmaster, and Ray W. Herrick, president of the company, will speak.

The dinner is sponsored by the Chamber of Commerce and ticket sales are limited to 250.

Morenci Boy Injured In Navy Plane Crash

Stanley Ackland, Yeoman of the Naval Reserves, son of Mr. and Mrs. Arthur Ackland of Morenct and a nephew of Mr. and Mrs. Edgar H. Perry, is in a critical condition in the naval hospital at Corpus Christie, Texas, the result of a plane crash April 11. The plane crashed from a height of 6000 feet and Mr. Ackland sufferer a basic skull fracture and a crushed elbow. His face and body are partially paralyzed. Lieut. Persons who was with him, was pinned beneath the plane when it fell and suffered a fractured skull and both legs are broken. Mrs. Ackland is with her son in Corpus Christie.

CAGERS GUESTS

Mr. and Mrs. E. C. Hellman and Mr. and Mrs. C. W. Howe entertained the high school basket ball boys at dinner last Wednesday evening at the Hellman home on South Pearl street. Coach Fred Raizk, Aden Mead and Eddie Clark, Jr., the teams's mascot, were additional guests. Covers were laid for 20 at two tables centered with daffodils. During the dinner Robert Laidlaw was selected captain for the coming year.

RIFLE TEAM

A ladies rifle team has been organized in Saline and is making very good records. Last week all scored better than 90 per cent and Mrs. Homer Kuebler had a record of 99 per cent.

EMPLOYMENT SURVEY

An unemployment survey will be made in Tecumseh by the Auxiliary of Underwood Orr Post, American Legion, to place help for farms and factories. Mrs. L. E. Brown is chairman.

HAMMEL AND LARSEN WIN DISTRICT HONORS

In the sub-district speaking contest held Thursday in Saline, Richard Hammel placed first in extemperaneous speaking and Robert Larsen first in oratorical and will represent Tecumseh high school in the regional contest to be held in Adrian early in May. Mary Jane Hayden and Lillard Brown, Jr., competed for declamation honors and Mary Jane won third place in dramatic declamation. Hammel and Larsen were awarded first place in last year's contest, Richard taking the honors in oratorical and Robert in extemporary speaking.

Legion Rally Set For Tonight

Because of difficulty in obtaining chairs to fill the main floor of the Civic Auditorium at Adrian College and because of difficulty in transportating what chairs are avilable from a number of different places, the patriotic rally arranged by the eight Lenawee county American Legion posts tonight will be held at the Adrian armory, when S. L. A. Marshall, radio commenator and war analyst for the Detroit News will speak on "Danger Spots in America." Over 1000 persons can be seated in the armory without difficulty.

The doors will be opened at 7:30 p.m., and at 8 o'clock the massed colors of the eight Legion Posts of the county will be brought to the stage with an honorary guard of Michigan State Troops as an escort. The Adrian high school band will furnish music.

From 7:30 until 8 o'clock community singing of patriotic songs will be held under the direction of John and Tom Nixon. Mimeographed copies of the words will be distributed to the audiece. The glee club of Siena Heights College will also be heard in several selections.

Mr. Marshall will be introduced by the Rev. Fr. John Ross of Clinton. Mr. Marshall's talk is expected to point out the dangers of complacency on the part of the public in its attitude toward the war. As a student of military affairs, and the author of a recent book on the development of the "blizkrieg" school of warfare, Mr. Marshall is expected to attract a large audience.

The invocation will be given by the Rev. John W. Greenwood, pastor of the Adrian Methodist Church, and the Rev. Fr. Leo Healy will give the benediction.

Hal Ward of Adrian county commander of the Legion, is acting as general manager of the rally. He is being assisted by Harold Bohs of Blissfield, vice county commander. The program committee is composed of Arthur Palmer, Elmir Baldwin, Walter Kindachy of Adrian, William Sage of Tecumseh and Vance Ogden of Clinton. Harold Foote is in charge of publicity

The program will be presented without admission charge and the general public is invited. War veterans of other organizations and their auxiliaries are particularly invited to attend.

Shop at home first.

Red Cross Is Asking For Discarded Clothing

Owing to the fact that there is no new Red Cross work available, the local Red Cross is making an urgent appeal to all housewives for men's, women's and children's clothing, to be reconditioned. The articles are to be brought or sent to Red Cross headquarters and will be given out to individuals and groups for reconditioning.

The clothing will be kept in Tecumseh for use in case of disaster in our township and nearby communities.

Berkhof Gets Ration Orders

SUGAR CARDS TO BE ISSUED AT HIGH SCHOOL; REGISTRATION DATE ARE SET

Rationing books for Tecumseh's sugar supply, including not only the village but the Townships of Tecumseh and Raisin as well, will be issued beginning next week at Tecumseh high school. The rationing program is in charge of W. L. Berkhof, superintendent, who this week conferred at Adrian with Guy E. Nemire, county rationing director.

The schedule follows:

Tuesday and Wednesday, April 27-28—Retailers and wholesalers of sugar must register. Also, hotels, restaurants, bakeries, lodges, boarding houses, institutions, hospitals, manufacturers and churches using quantities of sugar for the serving of meals, etc. Sugar purchase certificates will be issued to this group, between the hours of 9 and 12 o'clock on Tuesday, and from 9 to 12 and 1 to 5 on Wednesday.

Persons included in this group may obtain their application blanks earlier than Tuesday or Wednesday and fill them out at home or at their place of business. They must, however, be signed in Mr. Berkhof's presence.

The rationing of sugar and the issuance of books to individual Consumers will begin here on May 4 and continue through May 7, at the high school. The hours each day will be 9 to 12 and 1 to 5.

The head of each household must obtain a rationing books not only for himself or herself, but for each member of the family. In families of four, four books must be issued, but they may be signed for either by the mother or father. Rationing books will not be issued to children.

The entire responsibility for the issuance of rationing books in the two townships is in Mr. Berkhof's hands. He probably will use members of the school staff to assist him.

"I trust that the public will realize that the issuance of these books is a tremendous task, and calls for all possible public cooperation," Mr. Berkhof said. "Please remember that we must issue some 4,000 or more books locally, to approximately 1,200 families. We cannot rush the work because our records must be accurate. I will have a further announcement relative to individual registrations next week. However, those listed for registration on April 28-29, will greatly facilitate the work if they obtain the blanks early.

"Please bear in my mind," he concluded, "that every man, woman and child must have a rationing book. In Tecumseh and Raisin there is only one place to get that book and that is at the high school."

OPENING BALL GAME

The opening baseball game of the 1942 season for Tecumseh high school will be played this evening at Clinton when the Indians meet the high school team there. Tecumseh has a strong nine this year, with several veterans on the team, and should make an excellent showing.

UNION SERVICE

Rev. E. F. Hildebrand, pastor of the Methodist church, will be the speaker at the Union Service to be held Sunday evening in the Baptist Church.

A GOOD RECORD

During the month of March $18,204.40 in United States savings bonds and $2,046 in defense stamps were purchased i Tecumseh.

Sugar Cards to be Issued Soon

FAMILIES MUST DECLARE AMOUNT ON HAND, ONE-HALF POUND A WEEK IS LIMIT

LANSING, April 23 — Sugar hoarders can't sweeten up Uncle Sam.

When the consumer registration period arrives in Michigan May 4 to 7, each family will be required to declare the amount of sugar stocks on hand. Failure to declare the accurate amount will make a citizen liable, upon conviction, to a fine of $10,000 to 10 years' imprisonment, or both.

How the hoarding penalty will work is one of the questions a lot of Michigan people would like to have answered. There are reports of persons who have hoarded as much a 1,000 pound of sugar, an amount which would be sufficient according to government rationing to meet the needs of a family of four persons for nearly 10 years.

A family of four will be permitted to use four pounds every two weeks. The maximum stock per home is six pounds.

All retailers and wholesalers must register at a local public high school April 28-29, and sugar sales will cease April 27 to May 5 or 6.

Transportation, not scarcity of sugar, is said by the government to be the determining factor for sugar rationing at this time.

Sinking of freight ships by enemy submarines, plus a growing need to limit railroads to war shipments, are responsible for a shortage of supply.

Rationing of automobile tires, whether new tires or recapped used tires, has not pinched the average family in Michigan yet. However, according to the best advice available at Lansing, only a miracle discovery by some chemist will save Michigan workers—farmer, industrial workers—from severe transportation hardship by 1943 and 1944.

New tires can now be obtained only by a very restricted group of persons and the quota for each county is so small each month that few persons have the courage to file an application. You must be a physician, a police officer, fireman or someone whose business has recognized urgency to the public welfare.

The "B" tire recapping list includes industrial workers at war plants and farmers who depend on their passenger cars to transport farm supplies—seeds, etc.—and who do not have a truck.

The average citizen is plainly out in the cold. When his present rubber tires are worn out, he must depend on getting a used tire—or else!

While the average automobile in Michigan has tires good enough to last out the summer, family transportation must come generally to an end by fall or winter unless rubber chemists come to the rescue.

From Dearborn comes news that the Ford Motor company has "discovered" how to make a tire that requires only one-sixteenth of the rubber used normally in tire manufacture.

Tests are now being conducted. Fabrics are used chiefly. If the Ford processed tire is found to be practical, it will extend by many months the driving expectation of millions of American families.

A rubberless tire is also being studied by the Goodyear Tire & Rubber company. Officials have revealed that fabricated tires, made entirely without rubber, are being given road tests today.

Paul W. Litchfield, chairman of the Goodyear board, declared 18 to 24 months' time would be needed before any large amount of synthetic rubber tires would be available from the government-financed synthetic rubber plants already authorized.

William Palmer, manager of the Michigan Petroleum Industries committee, says the best Washington information he can obtain is distinctly bearish as to the prospect of synthetic tires for general civilian use.

Instead of synthetic rubber being made available to civilians,

THE AIR RAID DANGER

There is a possibility that enemy planes might raid industrial areas and coastal cities, but the results accomplished would hardly be worth the expenditure involved.

There is only one way in which haphazard air-raiding could help the enemies of this country. If, as a result of raids, the people of the United States demand excessive home protection and officials heed the demand by distributing soldiers and weapons for the purpose, the purpose of the enemy raid would be accomplished.

Generally speaking, the Pacific Coast is more likely to experience attacks than the Atlantic Coast, according to James M. Landis, director of the Office of Civilian Defense. Because of the possibility, however, it does not follow that the United States should attempt to protect every city and town with anti-aircraft guns. This would require the service of weapons needed by soldiers and ships. It might strengthen the morale of civilians but it would be at the expense of the lives of soldiers and sailors.

While it is highly proper for every community in any threatened area to take every precaution against air raids and to make reasonable preparations to meet emergencies that might occur, the civilian population must make up its mind to fight its part of the war. Under no circumstances must we stop the flow of weapons to the fighting fronts and anti-aircraft guns are needed to offset the aerial superiority of our foes.

TELL YOUR CONGRESSMAN

While the people of Lenawee County know that they will be called upon to bear a heavier tax load as a result of the war, the Treasury has recommended several changes in the existing income tax legislation, which deserve general support.

Among the suggestions is allowance for children between the ages of 18 and 21 who are in attendance at school. As the law now stands, an income taxpayer is allowed an exemption for children below the ages of 18. In many cases, the 18-year-old boy or girl is at college, which means an added expense to the father or mother just as the credit for dependency expires.

Another change which should meet with general acceptance is the proposed reduction for "extraordinary medical expenses" in excess of a certain percentage of the family's net income. The recommendation is that the maximum allowable deduction should be about five per cent of the family income, with a maximum deduction of $2500.

The third change is a recognition of the fact that many wives are working. While the income of the wife must be included in the income tax return, no provision has been made to allow a credit for expenses incurred which would not be necessary if the wife remained at home. The idea here is to allow a credit of ten per cent of the wife's salary, up to $100.

These changes will not measurably affect the net income of the Government but they will give relief to a number of families. Moreover, the changes are justified on the basis of common sense. We hope Congressmen will accept the recommendations of the Treasury Department.

NOT TOO LONG

A Japanese naval spokesman, quoted in a broadcast from Tokyo, tells the Japanese "in ten years from today the United States fleet still will not be strong enough to risk a decisive battle with the Japanese Navy."

Let us hope that the Japanese naval officer lives that long. He has much to learn, and, if he is in active service, not too long to learn it.

TAXES ON CIGARETTES

When a man bites a dog, it is news, and, by the same token, when a maker of cigarettes suggests that Congress put an increased tax on cigarettes, it must be news.

Anyway, Carl D. Robbins, president of the Axton-Fisher Tobacco Company, says that it has been demonstrated that a tax on cigarettes is "one of the least painful" ways of raising revenue and that larger taxes on the product in this and other countries have not affected the volume of sales.

OLDER MEN MAY SERVE

Nearly fourteen million men, between the ages of 45 and 64, will understand that the nation is at war on April 27th, when they register for selective service.

To most of these men, in Lenawee County and elsewhere, the registration will be in the nature of a routine affair. Few of them have any idea that they will be called upon to serve the nation. They are quite sure that the emergency will be overcome without drafting them.

The probability is that this conclusion is correct, but it depends upon what happens on the battlefields of Europe in 1942. If Germany's expected offensive succeeds in destroying the Russian Army or overrunning the Near East to join hands with Japan in India, the 45-64-year-olds can revise their plans.

Jim Smith, a member of the reserve team and and a senior, also received one of the gold basketballs from Mr. Herrick. Young Smith, who is a senior, played four years on the reserve team, but never made the varsity. Mr. Herrick said that he had received the school's permission to make the presentation, honoring Smith's loyalty and determination.

Captain Wilson and Mohr also made the all-county number one team, and Max Green was mentioned for all-county number two team.

Wilson, after receiving the school trophy from Mr. Herrick, immediately presented it to Coach Raizk, to be placed in the school's cabinet. The 36-inch emblem will stand high above all other trophies previously won by the school. Robert Laidlaw has been elected captain of the team of 42-43.

Captain Wilson, in a few brief remarks, praised Coach Raizk and the squad, both varsity and reserves, for the fine spirit of cooperation shown throughout the season and declared that it was three-year training schedule inaugurated by Raizk that brought the squad to victory.

Mrs. Albert Bagshaw, president of the Mother's Club, welcomed the guests and spoke briefly.

Cheers for the team were directed by Elva Dickinson, senior leader, assisted by Gay Larsen and Leabelle Hamilton. Group singing was directed by Mr. Berkhof accompanied by Miss Sarah Humphrey. Rev. Alvin Brazee pronounced the invocation.

The dinner was served by the Athletic Club Mothers of the school, with Mrs. Albert Bagshaw, president, as general chairman. The dinner chairman was Mrs. O. W. Laidlaw, dining room, Mrs. C. M. Brown, program, Mrs. L. A. Carlson, decorations and programs, Mrs. Harold Sisson, tickets, Mrs. M. W. Wilson and publicity, Mrs. Charles Howe. Mrs. Karl Schneider is vice-president of the club, Mrs. Sisson, secretary, and Mrs. O. J. Winter, treasurer.

much of it may be required by our allies—British and Russians—for their own military needs.

The "Pontiac Plan" for cooperative automobile transportation, whereby neighbors ride together to save tires, will be adopted by dozens of industrial centers in Michigan, not as a matter of preference but as the only feasible method of solving the critical rubber situation.

Hope that the situation will be cleared up soon is declared by War Production Board officials to be wishful thinking, not justified by the facts.

J. P. Buckley, acting director of the "Pontiac Plan" for the state highway department, is of the belief that Americans are going to continue to kid themselves until President Roosevelt informs them of the rubber emergency. Living habits are not changed readily, he concludes.

A new kind of isolationism may result from this scarcity of rubber tires, changing living habits of Michigan families very noticeably as the months pass by.

People will shop at home; travel less to nearby cities.

They will take vacations close to home; travel less to nearby states. Summer cottages are in demand; cooperative delivery of food is being planned for lake resorts. Michigan's tourist business should be good this summer at hotels and cottages; just fair for roadside taverns, cabins and isolated spots.

People are going to get better acquainted with their neighbors—especially the man who has an automobile with good rubber tires!

WANDERS FROM HOME

Friday evening the two year old son of Mr. and Mrs. George Bailey left this home near the Hayden Mill and finally reached the Grace Lutheran Church on N. Maumee street where Rev. R. W. Scheele discovered him. The child said he wanted to go to church and they wouldn't open the door. Rev. Scheele returned him to his home where he had not been missed.

LYSTER LEAGUE

The Lyster Junior League met last evening at the parish house and during the social hour a miscellaneous shower was held for Mrs. E. T. Rodda. A pot luck supper preceded the meeting.

Two-Year old Child Gets Spring Fever

Bobby Daisher, two year old son of Mr. and Mrs. Herbert Daisher, who recently moved from Raisin to the Daniels house on South Ottawa street, was a victim of spring fever last Sunday morning and started out to see the town. The child wandered up Potawatamie street to the Turner subdivision, then crossed the field to M-50 where he was unable to get through the fence. Mrs. Ben Hammack heard him and took him to her home. Not knowing who he was she called Officer Mominee who took the child to his home awaiting a call from the parents when they discovered the child missing.

At the Mominee home he was royally entertained at a dinner and enjoyed a nap and about three o'clock was located by his parents and returned home although he was reluctant to leave "Fuzzy."

4th Draft Call Set For April 27

MEN 45 TTO 65 MUST REGISTER MONDAY; ANOTHER DRAFT GROUP LEAVES

A group of 80 men which composed the April quota from Lenawee county left Adrian Tuesday night for Detroit to report yesterday for induction into the army.

Those called from this vicinity are Charles C. Beland, Claire W. Reesey, George M. Steele, Edward C. Hooten, Charles W. Frost, Floyd Maschino and Carroll W. Bush of Tecumseh, Elwood E. Fairbanks, Eliseo M. Sequvias, and Herbert W. Lorenz of Britton, Carl M. Brighton of Onsted and Glenn A. Randall of Clinton.

Men in the 20 to 44 year of age group may be called if necessary to fill the May and June quotas. Questionnaires are being mailed at the rate of 35 a day and must be filled out and returned within five days. Registrants who wish to seek a deferred classification may do so within five days of the recipt of their questionnaire by submitting the proper affidavits to the draft board. A space has been provided on the questionnaire for this purpose, or application may be made on a separate sheet of paper.

Men for whom application for deferment will be made by their employers or other qualified persons must have their applications submitted on the proper forms, which may be obtained at the draft board office.

On Monday, April 27, the fourth registration of men from 45 to 65 years of age will be held and includes those who were 45 on or before February 16, 1942 and those not yet 65 on April 27. The registration will be for the purpose of classifying men for occupational skill and ot for actual military duty.

A total of 3,089 men between the ages of 20 and 44 were registered in Lenawee county in the third registration February 16, according to draft board figures. Information indicates that approximately 1,500 men will leave their names with county registration offices April 27.

Effective May 1, the Lenawee draft board office will be open from 8:30 a.m. to 4:30 p.m., from Monday through Saturday, making it mor convenient for registrants.

The township clerk will be in charge of th registration as in previous registrations. Tecumseh hospital will also be canvassed for patients who are subject to the registration.

Mrs. Gerald W. Shaibe Is Buried at Clinton

Mrs. Gerald W. Shibe of Jacksonville, Ill., formerly Beulah C. Steffens of Clinton, died Sunday at St. Joseph's Mercy hospital in Ann Arbor. Mrs. Shibe, who was the daughter of Mr. and Mrs. Lewis Steffens of Clinton, was 28 years of age. She graduated in 1931 from Clinton high school and later from St. Joseph's school of nursing in Ann Arbor.

She leaves her husband, an infant daughter Karen Ann, her parents Mr. and Mrs. Steffens, a sister Mrs. Donald Jedele of Ann Arbor and three brothers, Russell Steffens of St. Johns, Richard and Max Steffens of Clinton.

Funeral services were held Tuesday afternoon at the Hause Funeral Home in Clinton. Rev W. H. Skentelbury officiated and burial was in Riverside cemetery.

Garden Committee Offers Suggestions

For the benefit of victory gardeners who have had only limited experience, the Tecumseh Victory Garden committee makes the following suggestions: Just as soon as you can prepare your garden the following seeds may be planted: peas, head lettuce, leaf lettuce, radish, spinach, beet, carrot, onion, and parsley. The various members of the cabbage family such as cabbages, broccoli, brussels, sprouts cauliflower, etc., may be planted just as soon as the small plants are available by local growers and dealers. Some experienced gardeners start cabbage plants etc., indoors in small shallow boxes, or outdoors in hotbeds, but most gardeners buy the plants that are ready to transplant.

Attractive Victory Garden posters prepared by the Art Class under the direction of Miss Sarah Humphrey are on display in various store windows about town. An interesting exhibit is also on display at the United Savings bank.

BENEFIT MOVIE

Tecumseh Lodge, No. 69, F. and A.M., is sponsoring a benefit movie show featuring Frederic March in "One Foot In Heaven," at the Strand Theatre, May 7 and 8. Tickets may be obtained from Masons and proceeds from the advance ticket sale will go to Social Centers for men in service.

TO ATTEND STATE FESTIVAL

Red Cross Class Given Demonstraton Cards

The Red Cross Home Nursing Class gave a demonstration for their friends at the class room in the Ford building on Tuesday afternoon, April 21. Those taking part were Mrs. Ruth Wright, Mrs. Bert Moore, Mrs. Gladys Swift, Mrs. Lavina Dettman, Mrs. Grace Valli, Mrs. Gladys Gray, Mrs. Lillian Miller, Mrs. Mabel Boyes, Mrs. Minerva Exelby, and Mrs. Elberta O'Brien.

Following the demonstration, cards were given to those having completed the course, in place of the Red Cross certificates, which will arrive later. Others having completed the course are: Mrs. Virgil Bortel, Mrs. John Beal, Mrs. Arthur Brown, Mrs. Ernest Carothrs, Mrs. Grace Coffey, Mrs. Elton Hess, Mrs. Don Heeen, Mrs. Howard Matthews, Mrs. Robert Manchester, Mrs. Bertha Roberts, Mrs. Elmr Wilt, Mrs. Charles Williamson, Mrs. Yale Kerby, Mrs. Marjorie Moon, Mrs. Curtis Ashley, and Mrs. Jennie Younglove.

This twenty-four hour home nursing course stresses good health in the home, and community; and also teaches home-makers how to use what they have when equipment is needed during illness at home; so that they may be better able to carry out their physician's instructions when called upon during emergencies to the benefit of their own families. The course has been given by Miss Gertrude Spaulding, a Red Cross nurse. Another course will be started soon. Those wishing to register for the course may do so by calling Mrs. Carl Cederquist or Mrs. William Wright.

STREETS GET BATH

Tecumseh's streets in the downtown district received their annual bath at the hands of firemen and members of the street department, Sunday morning. Several truck loads of sand, scattered on the pavements during the winter to prevent skidding on snow and ic, were swept up and carried away to the dump.

NURSE HONORED

Miss Gertrude Spaulding, superintendent of Tecumseh hospital, was complimented with a tea and presented with a gift last Thursday evening at the close of the graduation exercises at Red Cross headquarters in Adrian. The honor was in appreciation of her services as instructor of the home nursing class and the gift was from the 26 members.

Why Is a Newspaper Like Your Store?
Here's the Answer In a Few Paragraphs--
A newspaper, believe it or not, is for the most part like the biggest store, the best patronized store, the most talked-about store in the community it serves.
Why? Because—
1. That newspaper never yet has been published that reached into EVERY HOME in its trading area.
2. That store never yet has been operated that listed EVERY RESIDENT of its trading area as its customer.
3. That bank—regardless of how strong its vault—never yet has listed EVERY RESIDENT of its area as its depositor.
4. That mill, regardless of how fine its flour, never yet has served EVERY FARMER in its trading radius.
5. That utility company, with its hundreds of miles of wire, never yet has claimed EVERY RESIDENT as a telephone subscriber or user of electric lights.
In many respects, therefore, a newspaper IS like the biggest store, the biggest bank, the biggest business. Nobody serves everybody.
But there IS a difference between stores and newspapers.
1. YOUR NEWSPAPER serves MORE OF YOUR POTENTIAL CUSTOMERS with a single issue than your store could serve in several days.
2. These POTENTIAL CUSTOMERS have PAID YOUR NEWSPAPER to serve them. They are SUBSCRIBERS to YOUR NEWSPAPER. They are interested in the community that YOUR NEWSPAPER serves, in YOUR STORE and its ADVERTISING. Otherwise they would not be PAID subscribers to YOUR NEWSPAPER.
3. YOUR NEWSPAPER is interested in YOUR STORE because it knows that YOUR STORE is NEWS to ITS SUBSCRIBERS. Yes, YOUR NEWSPAPER'S PAID SUBSCRIBERS are YOUR STORE'S potential customers.
4. Your store, your business, your profession and YOUR NEWSPAPER are NECESSARY TO EACH OTHER. That is a fact that cannot be refuted.
In the Village of Tecumseh, THE HERALD is read in approximately 700 homes, by more than 3,000 of YOUR STORE'S POTENTIAL CUSTOMERS.
Based on government averages of 4.7 persons per family, The Herald's total "reader family" approximates 10,000, all of them YOUR POTENTIAL CUSTOMERS.
There is NO BETTER WAY to tell YOUR STORY in news and advertising to YOUR POTENTIAL CUSTOMERS than in the columns of YOUR NEWSPAPER.

Kiddies To Give Program, Friday

HIGH SCHOOL TO BE SCENE OF 6th ANNUAL KINDERGARTEN SHOW

The sixth annual program to be given by the children of the Kindergarten will be presented in the high school auditorium, Friday evening, April 24, at 8 o'clock.

Mrs. Dorothy Updyke, teacher, and director of the program makes the following statement in regard to the program:

"The five year old is a most interesting person. He is an individual who has acquired good control over his own body and who has acquired a vocabularly which is adequate for his ordinary needs. He has a mind alert and eager for information, and interests which are constantly broadening; an urge towards independence; and a desire to accept responsibility. With these characteristics in mind we have endeavoured to give our kindergarten children a deeper understanding of their country, an increased love and devotion to the heritage which is theirs and a background of the history of America on a level which they are able to appreciate.

The program opens with "Our America" and includes an Indian War Dance in pantomine and an Indian Song. The Indians are Norman Bryan, Robert Snyder, Robert Arnold, Robert Heistand, Russell Reum, Martha Green, Wilma Miller, Darlene Deshler, Mary Ellen Heistand, Marian Sanderson and Billy Covell. Those taking the part of Pilgrims are Buddy Morley, Gene McKenzie, Junior Hand, Jimmy Covell, Ray Martin, Doris Tressler, Shirley Starkey, Grace Beth Moore, Beverly Jackson, Yvonne Rommell, Doris Fox and Sylvia Golat. In pantomine the Pilgrims go to church, plant corn, harvest the crop, are happy and again go to church.

"We Sing of George Washington" is next on the program with Tommy Will as George and Jean Johnson as Martha, leading the minuet in which Dale Tingley, Douglas Hooton, Roger Butler, Mary Nixon, Annette Bailey and Barbara Falk take part.

Cowboys are Billy Bruce Berkhof, Bruce Falk, Tommy Ferro, Tommy Baldwin, Albert Hart and Charles Patterson. They sing "O, Give me A Home where the Buffalo Roam," and give the cowboy's Dance, and Tommy Ferro sings "I'm Going to Lave Old Texas Now."

In the Virginia Reel, Barbara Campbell, Judith Harper, Joyce Guy, Beverly Murphy, Bruce Hoekstra, Alroy Vanderpool, Jim Allison and Gaylan Stecker take part, and this is followed by a tap dance by Mary Lou Burleson.

The final part of the program is presented by the Rhythm Band of which Mrs. Updyke states:

"In order ultimately to make children conscious of music as something interesting and important in their lives, and to lead them to discover and realize and feel music as something through which they may express themselves, it is necessary to make many contacts through the play spirit. The toy orchestra is now recognized as a delightful approach to music appreciation, as well as stimulating an interest in instrumental music. It is spontaneous, always, and a spirit of fun prevails."

The band presents the following numbers: "The Skaters" by Emile Waldtenfel; "Spanish Dance" by Moritz Moszkowski; "Amaryllis" by Henry Chip; "William Tell—Finale from Overture" by G. Rossini, and in conclusion "God Bless America."

Miss Wilma V. Ernst Weds Basil L. Smith

The marriage of Miss Wilma V. Ernst, daughter of Mr. and Mrs. George Ernest of Clinton, and Basil L. Smith, son of Mrs. J. L. Smith, of Tecumseh, took place Friday evening, April 10, at 8 o'clock in the Martha Mary Chapel in Macon. The candle light service was read by the Rev. Whittbracht of Saline.

The bride who was given in marriage by her father, wore a redingote of sheer blue marquisette over matching satin, fashioned with a sweetheart neckline and puffed sleeves. Her fingertip veil, inset with lace, was held in place by a tiara of forget-me-nots. She carried a white prayer book with gardenias. Miss Lois Anderson, of Tecumseh, was the bridesmaid and the broidegroom was attended by William Powell, of Tecumseh. Miss Anderson's dress was pink taffeta with a tiered skirt and puffed sleeves. She carried an arm bouquet of white calla lillies. The ushers were Norman Luckhardt and Archie Ernst, cousins of the bride. Both the bride and bridegroom's mothers were dressed in navy blue and wore a corsage of sweetpeas and carnations.

Before the ceremony Miss Ethyl Richards, organist, playd a half hour program of nuptial music, Miss Lucille Conde, of Milan sang "Because" and "I Love You Truly."

A reception was held at the home of the bride's parents. Refreshments, which featured a handsome white wedding cake, were served by friends of the bride. Guests were present from Ann Arbor, Detroit, Grand Haven, Milan, Manchester, Clinton, Macon, Tecumseh and Saline.

Later in the evening the couple left on a short wedding trip, the bride traveling in light blue with navy accessories. They will reside in Tecumseh. The bride is a graduate of Macon High School and School of Home Arts at Detroit and has a position in Ann Arbor. The bridegroom is a graduate of Tecumseh High School and is employed at the C. F. Smith store.

MISS JOYCE CARROW WINS HONORS FOR SCHOOL

Miss Joyce Carrow, a member of the 1940 senior class of the Clinton high school, has won distinction for herself and the Clinton school by her scholastic achievements at Michigan State College.

Miss Carrow began her college studies in September 1940 and as a freshman in the pre-medical course she had an all A average in all subjects. In May 1941 she was one of 25 sophomores to be received into Tower Guard and she also has received a scholarship bracelet from Sigma Kappa sorority.

At a special assembly program held last Wednesday afternoon Glenn O. Stewart, director of alumni relation at the college, presented the Clinton school with a plaque, a Phi Kappa Phi award, representing scholarship and character. J. S. Hartman, principal, accepted the plaque in behalf of the school.

Miss Carrow's mother, Mrs. Roy Carrow, her grandmother Mrs. Charles Cavanaugh and a few other school patrons attended the program.

In addition to a short talk by Mr. Stewart the program included selections by the band directed by John Gottschalk, songs directed by Mrs. Dorothy McColl, two accordion and bells selections by Mabl St. John and Irene Ogden and the pre-view of the senior class play, "The Very Light Brigade."

S. S. Class Meets

Mrs. Lester Handy was hostess Thursday evening for the April meeting of the Methodist Semper Fidelis class. Mrs. Edward Judge presided and named Mrs. Howard Schmidt, Mrs. John Knight and Mrs. Andrew Woodward as a nominating committee to report at the May meeting to be held with Mrs. Kenneth Lemm northwest of Clinton. The women sewed on a layette and Mrs. Woodward reviewed a chapter from the study book "How We Got the Bible." Mrs. Handy assisted by Mrs. R. E. Simons served refreshments.

Clinton Notes

A telephone was installed yesterday at the village fire barn. The number is 29. Auxiliary firemen will be on duty there and whenever fire truck number one is out on duty and it is necessary to call for another truck, the barn can be called.

Decorate your interior WITH THAT AGED-IN SEALED-IN FLAVOR!

Here's an interesting fact to paste in your hat — Altes is 100% protected during its entire life! As done in no other brewery, Altes is made in huge, hermetically-sealed, instead of open, vats. No badness can get in — no goodness can get out. What *you* get when it ripples in a rich, golden stream from keg, can or bottle is untainted wholesomeness. We got the idea from Mother Nature, we admit. Notice how she protects *her* products — nuts, fruits, vegetables—inside air-tight shells and skins. We do the same with our beer and the taste tells the story. Why not try Altes today? It's foaming with flavor. Ask for it *by name!*

NO OTHER BEER CAN OFFER YOU SO MUCH!

Mrs. T. M. Birdsall was in charge of the program which consisted of a "What the Women of the Church Can Do." Mrs. Birdsall; monologue Mrs. Clarence Hunt; dramatized sketch, "Inspiration," Mrs. M. E. Bachman, Mrs. P. G. Ash, Mrs. John Foote, Mrs. Edward Bailey and Mrs. Everett Netcher, and a review of a chapter from the study book, by Miss Julia Gilmore.

Thirty five friends of Mr. and Mrs. Warren Byrd, recently married, gave them a miscellaneous shower Saturday evening in the Methodist Church parlors. Slides were shown and a social time enjoyed. Lunch was served. Mrs. Byrd was formerly Dorothy Austin.

Ernest Wright and son George have returned from delivering an army trailer to Jacksonville, N. C.

Mrs. J. Frayer entertained Friday honoring Mrs. Howard Landin of Detroit. A social time was enjoyed and tea was served. Those present were: Mrs. Landin, Mrs. Chester Beach and Mrs. Virgil Tucker of Tecumseh, Mrs. Gladys Smith of Britton, Mrs. Everett Netcher, Mrs. Nelwin Bishop and Mrs. W. E. Benham.

Mr. and Mrs. Fay Hindes visited Miss Ruth Wittet in Detroit over the weekend.

Mrs. E. A. Bachman of Detroit and Raymond Bachman of Jackson spent the weekend with Mr. and Mrs. M. E. Bachman.

Mr. and Mrs. T. M. Birdsall spent Sunday in Detroit and Mrs. Howard Landin who spent the past week here, returned to her home with them.

The Mother's Club will meet Wednesday evening, April 29, at 8 o'clock, at the home of Mrs. Doris Forsythe with Mrs. Gladys Ladster in charge of the program.

The United Workers met Tuesday evening at the home of Mrs. S. C. Easlick with Mrs. Maria Pocklington and Mrs. W. E. Niblack the assistant hostesses.

Ladies, your IN TH... OME DEFENSE PROGRAM starts in the kitchen. It's here that the health and morale of your family are built. Our national food authorities know this too, and are urging all homemakers to make every effort to preserve the vitamin values in foods through the "waterless" method of cooking.

It will not only enable you to serve better, more healthful meals, but it will also SAVE food and money by reducing shrinkage and waste in meats and vegetables. Be sure that the meals you cook will build strong young bodies and promote good health by observing the simple rules at the right.

WHAT EVERY WOMAN SHOULD KNOW ABOUT VITAMIN-SAVING

★ Use little or no water
By avoiding excess amounts of cooking liquid, water-soluble vitamins are saved.

★ Roast with odorless, draftless heat
Odorless heat protects the delicate and delicious flavors of meat. Draftless heat does not dry up natural meat juices.

★ Avoid violent boiling-stirring
Cooking with gentle evenly distributed heat reduces stirring and introduced air which frequently destroys certain vitamins.

★ Cook in covered utensils
Wasted heat with excessive loss of vitamins is kept to a minimum.

Fall Election Full of Issues

VAN WAGNER - KELLY TO STAGE STAR ACT, BUT THERE MANY MORE STATE PROBLEMS

In addition to the Van Wagner-Kelly star act, which is billed to take place in the political circus next November, Michigan's 1942 campaign may have several interesting sideshows.

Reapportionment of the state legislature, the urban vs. rural issue, may appear on the ballot. Rural members of the legislature have declined to reapportion the state on the basis of the 1930 or 1940 census, although the state constitution clearly says that such must be done. Why? Many upstate counties would lose legislative seats, and rural folk are distrustful of sinful cities anyway.

Plagued by scandal, involving a mayor, a sheriff, county officials and numerous policemen, Detroit civic leaders are determined to "clean house" by reform of local government.

Top crusader for better city and county government is William P. Lovett, secretary of the Detroit Citizens League and a professional reformer. Lovett intends to submit an amendment in November to the voters of Michigan for "home rule" in Wayne county.

While farmers sniff suspiciously at the aroma coming from Wayne county, Reformer Lovett is girding himself for righteous battle against the forces of corruption and evil-doing.

A practical and astute observer of Michigan affairs is another Lovett by name only — John L. Lovett, general manager of the Michigan Manufacturers association and a resident of Bloomfield Hills in Oakland county.

Hard-headed Lovett, one - time legislative correspondent for the Chicago Tribune, is involved in a verbal feud with his namesake. He believes any home rule amendment would be snowed under by upstate voters. Why? The voters would link home rule to reapportionment, and the traditional city vs. country prejudice would lead to defeat of a good measure as well as a bad one. So reasons John.

One of Michigan's growing pressure groups is organized labor.

Organized labor—A.F. of L. and C.I.O.—favored the reapportionment amendment as a means of obtaining more favorable consideration of labor bills in the legislature.

Labor regards the typical farmer as conservative and reactionary.

It is no secret to observe that the Michigan Manufacturers Association looks to upstate legislatures to maintain "sanity," as industrials see it. Hence the employer's hostility to reapportionment. The same situation exists in Illinois, Pennsylvania and New York where metropolitan problems clash constantly with rural interests.

County Board of supervisors are elected on the basis of laws enacted by the state legislature.

George Welsh, newly re-elected mayor of Grand Rapids, who fathered the last reapportionment law in Michigan (based on the 1920 census), reports that the Kent county board is dominated by out-city interests although Grand Rapids eclipses easily in population.

The same situation exists, he says, in many other counties of Michigan. As a student of government Mayor Welsh is not optimistic over the prospects of a reapportionment victory in November, Why? Too much indifference; issue is complicated.

Checks for farmers will be paid by Uncle Sam for scrap metal. A letter from Donald Nelson of the War Production Board was mailed to farmers in Michigan this week, asking them to report by an enclosed card any scrap metal which could be converted into needed munitions.

The card is to be mailed to Michigan headquarters of Works Progress Administration which will send a truck to call for the metal.

Standard prices will be paid. Payment may be made in war saving stamps if farmer prefer, so we hear from the Michigan Council of Defense which is sponsoring this collection through its "Salvage for Victory" committee.

The rubber tire situation is critical but few motorists seem to believe it.

Governor Van Wagner's appeal for 40-mile-per-hour automobile driving has not resulted in general observance by motorists. More automobiles are licensed in 1942 than in 1941.

William L. Batt, director of material for the WPB, says it is downright subversive propaganda for anyone to say there is no rubber shortage. S. L. A. Marshall, military commentator for the Detroit News, recently observed: "Most of us are driving on the last tires we'll ever own until peace comes again to this world." These are hard words, but they may be prophetic by 1943.

BOY SCOUTS COLLECT 113 TONS OF PAPER

As part of their contribution to the Civilian War Program the Boy Scouts of the Wolverine Council have collected 113 tons of waste-paper in the past five months according to figures released by the Council Scout Executive, Stanley E. Grimm.

Starting November 1, 1941 in response to an appeal to the Boy Scouts of America, by Price Administrator Leon Henderson, the Wolverine Council Scouts began a waste-paper salvage program that has steadily been gaining momentum. During the first two months 45 tons were collected and since the first of the year an additional 68 tons have been salvaged.

Although all Scout Troops in the Council are participating in the program, a number of Troops have done such outstanding work as to deserve special mention. Tecumseh Troop 4 under the direction of Scoutmaster M. L. Dannells has massed a total of 21 tons. Clinton Troop 5 led by Andrew Woodward gathered 14 tons and Dundee Troop 11 under Scoutmaster James Lowe has 9 tons to its credit. Other Troops with outstanding records are Carlton Troop 22, Onsted Troop 37, Hudson Troop 2, Britton Troop 23 and Tipton Troop 17.

Although the program was undertaken prior to the organization of local Civilian Defense Councils in this area it has since been revised so as to cooperate with the Salvage Committee of the Civilian Defense Councils in the various communities.

Navy 'E' and Treasury Flags Flying Over Products Co.

5,000 Witness Ceremonies At Plant Here on Tuesday

NAVY AND TREASURY AWARD FLAGS AT SERVICE HERE ON TUESDAY

"Well and timely done."

The achievement of the Tecumseh Products Company in the production of naval ordnance material—summed up in those four words—was recognized amidst a patriotic setting, at the big war plant here, Tuesday afternoon.

In a solemn ceremony, the United States Navy awarded the company its coveted Navy "E" pennant—symbol of excellence reserved only for naval units and industrial concerns establishing outstanding records in the line of duty.

And as though to add honor, to honor the U.S. Treasury, at the same ceremonies, presented its distinguished Minute Man Defense Flag, saying to the nation that here is a concern — its management and its employees—who are supporting our war effort 100 per cent not only with their efforts but with their pocketbooks. Some 98 per cent of the men and women on Products' payroll are buying War Bonds on the voluntary payroll deduction plan.

Approximately 5,000 persons, including Products employees, many of them in their oil-stained work clothes, Navy officials in their immaculate blue and gold uniforms, Army officials, officers and directors of the firm and some 50 specially invited guests, including Governor Murray D. Van Wagoner, were on hand at the plant to witness the ceremonies, staged on a bunting-draped platform in front of the plant. The Navy permitted the closing of the factory for one hour that employees might participate in the program.

Circuit Judge G. Arthur Rathbun presided at the service, and Capt. Glenn B. Davis of Washington, assistant chief of ordnance, presented the "E" pennant.

"You are the first small factory in the nation to obtain large scale production," Capt. Davis said. "You men, each of you, on your production lines are fighting side by side with the men at sea. You have adapted the tools at hand to the work to be done. You have done a real job. The quality of your product is excellent. Not only have you done a good job yourself, but you also have helped other companies in perfecting their work. You have demonstrated a spirit that is the pride of the Navy."

Mr. Herrick received the pennant from the Navy captain and in a spirit of humbleness he briefly reviewed his company's history in the war work. Formerly the largest independent manufacturers of electrical refrigeration in the world, the industry has shifted to war materials until nearly 90 per cent of its employees are on government work. Briefly, he told how its orders had been doubled and redoubled, and he pledged the best that is within the power of executives and employees of Products to "exceed the schedule." In conclusion, Mr. Herrick presented Captain Davis with a check for $500 from the Tecumseh Products Union, and another for $1,000 from the Products company for the Navy Relief Fund.

"This was not a scheduled part of the program," Capt. Davis said in accepting the checks. "But let me tell you that we appreciate the money. I say thank you for all of the boys of the Navy."

Frank N. Isbey, chairman of the Michigan War Savings Committee, Detroit, then presented the Treasury flag to the company. He recalled the remarkable record the company and its employees are making in the purchase of War Bonds, and declared that it was a pleasure for him to "go to places where they were doing things before Pearl Harbor."

"Your government needs money to fight this war," he said, recalling the immense amount needed for materials. "It may cost a million dollars to kill every one of our enemies, but we're going to win this fight."

Mr. Herrick also accepted the Treasury flag, pledging financial support to the war program.

Governor Van Wagoner, who made a hurried trip to Tecumseh from a meeting at Jackson, congratulated the company on behalf of the state for its signal honors. "You men here are doing a great job," the governor said. "We hear a lot about the big plants,

KIDS KEEP GOVERNOR BUSY AUTOGRAPHING NOTE BOOKS, CARDS

A lot of "kids" and some grown-ups, too, got a big kick out of Governor "Pat" Van Wagoner's visit to Tecumseh, Tuesday.

It was the first time that a governor of Michigan has been in Tecumseh "officially" for about a decade, and many of the youngsters who were crowding him, following the ceremonies at the Tecumseh Products plant, were seeing a "governor" for the first time.

Off th records, "Pat" got just much kick out of the "kids" as they did out of the governor. He shook hands with a score of them, autographed note books and programs, in fact he furnished some of the paper himself that children might carry home a souvenir.

"I haven't any paper," one bright eyed chap said to "Pat," "can you help me out?" The governor found a sheet of paper on which he had made notes for his speech. He autographed it. "There, he said, now you've got yours, too." The lad looked at him for a moment. The governor was smiling.

"Would you mind writing on the paper from you to me," he pleaded, giving the governor his name. "Pat" complied.

"He was a nice boy," the governor confided as he entered his car to leave the scene of the program. "I like a kid like that. He knew what he wanted. I hope to see him again, sometime."

Air Wardens Get Practice

EXTINGUISHING OF FIRES, INCENDIARY BOMBS TO BE DEMONSTRATED HERE

Air raid wardens enrolled in the local American Legion Air Raid Wardens School will have an opportunity at their meeting at the high school, Monday evening, to practice the extinguishing of fires with various types of extinguishers and especially the controlling of the incendiary bomb by means of sand and water spray methods. The second part of the session will be devoted to the subject, "Organization of the Air Raid Wardens Service."

A group of 47 men met at the high school last Monday evening for a three-hour session at which time they studied the organization of the citizens defense corps, and fire defense. An excellent spirit of sincerity of purpose and cooperation was evidenced throughout the group, giving promise of an efficient air raid wardens service here in the near future. It is estimated in England that the functioning of such a service has decreased the loss in lives and property by 90 per cent. Tecumseh soon will have such a trained force.

First aid instruction continues locally under the direction of E. M. Campbell. Men still deficient in this subject will have an opportunity to make up the work which they have missed. Classes will be held on Thursday nights in the Ford building. These classes will not conflict with other parts of the instruction, given on Mondays and Wednesdays at the high school. Workers are urged to complete this part of their trainingfi as quickly as possible.

Others of the air raid wardens school personnel are L. W. Larsen, who will instruct in gas defense; C. O. Butler, assistant director, and Paul Johnson, director and instructor in general course and fire defense.

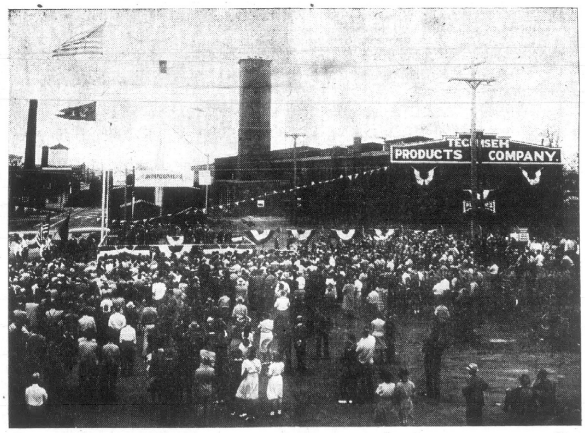
Navy Says "Well Done"

With pride, the Tecumseh Products Company today is flying this flag, the coveted Navy "E", highest of all honors in the great traditions of the United States Navy.

Symbolic of outstanding performance in naval ordnance work, the "E" was awarded at a service here, Tuesday. Products is now engaged nearly 100 per cent in war work, employs over 1,200 people.

The company, its employees and the Village of Tecumseh are proud of the honor. In the words of Secretary Knox, it's the Navy's way of saying, "Well Done."

When Navy Pennant Was Posted At Products



Tipton Farmhouse Destroyed By Flames

Fire of unknown origin completely destroyed a seven room house on the Harvey Warner farm southwest of Tipton just before noon Thursday. The tenants, Mr. and Mrs. Harold Bolyard, were away from home and their children were in school when the was discovered by Mrs. Warner.

The blaze was beyond control when the Adrian rural fire department arrived and all the furniture and clothing were lost with the house.

The loss on the house was partly covered by insurance.

Bulletin

The body of Junior Snyder, Adrian hunter, who disappeared last fall during the duck hunting season, was found last night in Round Lake. The discovery was made by Lawrence Mills, Adrian flyer, who was circling the lake.

Sheriff's officers, who removed the body to the Braun Funeral Home, Adrian, said that it was in about four feet of water, and was held below the surface by the weight of the heavy boots Snyder was wearing.

Mrs. Snyder, formerly Alma Dove of Tecumseh, and two children survive.

Photo shows the posting of the Navy "E" pennant at the Products plant here Tuesday, the "E" flag flying beneath the Stars and Stripes. On the platform can be seen Navy and Army officials, officers of the plant and guests. The Underwood-Orr post color guard is to the left of the flag. Only a few of the 5,000 crowd at the ceremony can be seen in the foreground.

Defense Movie To Be Show Here To The Public

An educational movie showing instructions in bombing proctection and fire protection will be shown Wednesday afternoon, May 6 at 3 o'clock at the Strand Theatre. The pictures have been obtained by village officials and E. C. Heilman, chief fire warden, and the show will be open to the public. The picture was originally scheduled for April 25.

AUXILIARY TO MEET

Fox of Adrian College will give the charge to the pastor and Dr. D. S. Carmichael of Holloway will give the charge to the congregation.

A special invitation is extended to all ministers of the community.

Tecumseh Now Defense Area

WASHINGTON APPROVES WAR BOARD'S ORDER; PERMITS HOUSE BUILDING

Designation of Tecumseh and Adrian as a war production area, entitled to priorities assistance in the building of homes for defense workers, has been announced by the War Production Board at Washington. Official notice of Tecumseh's approval was received on Tuesday by Wade L. Jones, secretary of the Chamber of Commerce, and announced on Tuesday evening at the Appreciation Dinner honoring Tecumseh Products Company at the high school. While the order still awaits the signature of the President, this is considered but a formality.

Designation of the two towns as a defense housing area is effective as of April 23, the order reads. This means, according to Mr. Jones, that houses may be built in or within a radius of two miles of either of the two towns, and builders will receive priorities benefits. Mr. Jones believes that this will greatly stimulate the building of houses here to relieve the over-crowded condition. Under the federal regulation, houses may be built up to a cost of $6,000 each.

"This is the order that we have been expecting for several weeks," was Mr. Jones' comment. "The official survey of Tecumseh for the war board was made some months ago, and we understood at that time that we qualified for assistance. The approval this week means that builders here may go to work at once.

"It has been estimated," he continued, "that Tecumseh could absorb immediately from 75 to 100 houses. With the increased work at the Products plant, it is possible that more than that number will be needed. I feel certain that a dozen or more houses will be started here within the next few weeks, possibly days, and rushed to completion."

Tecumseh's ho using shortage has been acute for many months. A trailer camp has been started in the eastern part of the town, and daily real estate dealers receive from five to a dozen calls for houses and apartments.

Red Cross Needs Loan of Tables and Chairs

To facilitate its re-conditioned clothing work, the Red Cross sewing committee is appealing for the loan of chairs, tables and sewing equipment for its rooms in the basement of the Library. One sewing machine has been promised but others could be used.

As previously explained, it is desired to build up this stock of clothing to be used in case of a disaster in this community, for possible evacuees from other industrial centers or to assist families of service men. If, happily, it is not needed for these purposes it will be used in future, local, welfare work.

Any out - model garments containing good material will be removed and pieces used for quilts, hospital lap robess, etc. Bundles may be left at the rooms any afternoon and offers of equipment made to Mrs. Edna Coding or Mrs. Vincent Haight.

KITCHEN FIRE

The fire department was called Thursday morning to the Strand Theatre building, where a pan of grease boiled over in the apartment of Mr. and Mrs. William Coons and set fire to a linoleum and rag rug. Other damage was from smoke.

Law on Sugar is Explained

REGISTRATION DATES MAY 4-7; RATIONING OF SWEET EFFECTIVE ON MAY 5

All retail sugar sales ceased at midnight Monday for a one-week period and will be resumed May 5 on a rationing basis when consumers will use their book of rationing stamps for which they must register at the high school May 4 to 7 inclusive. Registration hours are from 9 to 12 and 1 to 5 each day during the four day period. Retailers and wholesalers registered Tuesday and Wednesday this week.

W. L. Berkhof, superintendent of schools, and chief of the local registration work, announced this schedule today in order to avoid confusion among individuals who next week must obtain rationing books.

All persons living in the northeast section of Tecumseh, with Chicago boulevard, Evans and Mill streets as boundaries, are requested to register on Monday.

Those living in the southeast section, with Chicago boulevard and Evans as boundaries, are to register on Tuesday.

Those living in the northwest section, with the boulevard and Evans and Mill streets as boundaries, register on Wednesday.

Those in the southwest section, with the boulevard and Evans street as boundaries, register on Thursday.

Heads of families, husband or wife or adult son or daughter, may register for family, but each member of a family must have a rationing book.

Each book contains 28 stamps, and the first four stamps in each book entitles the holder to one pound of sugar. The first stamp must be used between May 5 and 16; the second, May 17 to 30; the third, May 31 to June 13; the fourth, June 14 to 27. This, it will be seen, gives the consumer the equivalent of one half pound of sugar per week during the period. Books must be presented at the store at the time of purchase, and the retailer must remove the stamp.

War ration books will not be issued to any person possessing at the time of registration a supply of sugar amounting to more than six pounds.

Persons who do not have in excess of two pounds of sugar at the time of registration need not declare it, and no stamps will be removed from their book.

Any person having a supply in excess of two pounds but no more than six pounds will have stamps removed from the ration books at the time of registration, at the rate of one stamp for each pound. Thus, a person possessing six pounds of sugar at the time of registration would have four stamps removed from his book according to this procedure: First two pounds of sugar, no stamps removed. Next four pounds, four stamps removed, one for each excess pound.

Registrants should bear in mind that the figures mentioned above are for each individual. In instances where there are two members of a family, the figures should be multiplied by two. Larger families are affected accordingly.

In rural districts registration will also begin on May 4 and continue through May 7. All consumers will register in their rural school districts in which they live with the exception of closed school districts. All rural schools will be closed Monday, May 4 and residents of the districts are urged to register on that day. The schools will be open from 3 till 6 p.m. on Tuesday, Wednesday and Thursday for registration of those unable to register on Monday. Those living in nearly closed school districts will register as follows:

Tecumseh 5 will register at Tecumseh high school; Tecumseh 9 for, Raisin 10 and Ford Centennial will register at Ford Centennial school; Macon 5 at Macon 7; Macon 2 at Macon 1 fr.; Franklin 8 at Franklin 4; Clinton 4; Clinton 3 at Clinton 4 fr.

A meeting will be held at the courthouse in Adrian Saturday morning at 10 o'clock for all teachers, directors of closed districts and assistants who will aid in the work.

DOUBLE HONOR

The United States Navy "E" pennant and the Treasury's Minute Man Defense Savings Flag—symbols of the highest honor possible for the government to bestow upon industry — today float over the huge plant of the Tecumseh Products Company.

The Navy "E" pennant — the civilian equivalent of the coveted military Distinguished Service Cross—is awarded by the United States for outstanding accomplishment in production of naval ordnance material, so urgently needed by our sea forces right now.

That pennant is flying over the Products today because the executives of that company have but one goal—the greatest possible production of high-quality ordnance to be used in perpetuating the United States of America and all that it stands for.

That pennant is flying over the Products today because the hundreds of highly skilled, semi-skilled and unskilled workers there have but one goal—the greatest possible production of high-quality war implements to be used to defend a nation in which the rights of labor are liberally safeguarded.

That pennant is flying over the Products today because everybody connected with the Products organization, from the president to the men who sweep the factory floors are working in complete unity to give all possible aid to their country in the most important enterprise on which it has ever embarked.

And the Navy "E" pennant proclaims to the world that they have fulfilled beyond expectations the responsibilities placed on them by their country.

The Treasury's Minute Man flag —and the Products holds the sixth flag in the State of Michigan— is awarded by the government to those organizations cooperating in the purchase of Defense Savings Bonds. At least 90 per cent of a firm's employees must be purchasing bonds regularly on the voluntary payroll deduction plan in order to receive the flag award. At Products, 97 per cent of the company's employees are buying bonds regularly, and this figure will be increased to 99 per cent plus before the end of the week.

In presenting these two awards to Products the government in substance has said to the nation that "here is a company that is supporting with its might and its pocketbook the finest of American traditions."

We residents of Tecumseh are proud of these pennants — proud that the Products company is the only company in the United States today over which both pennants fly at the same time.

We are proud of the Products company and its employees.

They are our relatives, our friends and our neighbors.

And we shine in the glory reflected by their great achievements.

A Symbol of Ability and Responsibility

GENERAL ELECTRIC TAKES PLEASURE IN CONGRATULATING THE TECUMSEH PRODUCTS COMPANY ON RECEIVING THE NAVY "E" AWARD.

WE DON'T HAVE TO TELL "THE PRODUCTS" WHAT THIS AWARD MEANS; WE'VE RECEIVED IT, TOO, AND WE BOTH KNOW HOW MUCH HARD WORK IT REPRESENTS, AND WHAT RESPONSIBILITIES IT ENTAILS.

FOR EVERY AWARD OF THE NAVY "E" IS A LOT MORE THAN JUST AN HONOR FOR A JOB WELL DONE. IT'S RECOGNITION OF THE IMPORTANT PART THAT INDUSTRY — ALL INDUSTRY—IS PLAYING IN THIS SUPER-WAR THAT WE'RE FIGHTING. IT'S ACKNOWLEDGMENT THAT THE OUTCOME, IN LARGE PART, DEPENDS ON THE BATTLES OF PRODUCTION BEING FOUGHT IN PRACTICALLY EVERY FACTORY, LARGE OR SMALL, ALL OVER AMERICA. AND IT'S EVIDENCE, TOO, THAT THE AMERICAN NATION HAS FAITH IN THE ABILITY OF AMERICAN INDUSTRY TO WIN THESE BATTLES OF PRODUCTION.

BUT IT PUTS A TREMENDOUS RESPONSIBILITY STRICTLY UP TO EVERY MAN AND WOMAN WHO IS EVEN REMOTELY CONNECTED WITH INDUSTRY — A RESPONSIBILITY THAT FALLS WITH EQUAL WEIGHT ON THE EXECUTIVE AS WELL AS THE NEWEST HELPER ON THE PRODUCTION FLOOR. IT IS A RESPONSIBILITY THAT AMERICAN INDUSTRY IS PREPARED TO SHOULDER—IN ORDER THAT IT MAY THE SOONER RETURN TO ITS PEACETIME RESPONSIBILITY OF PROVIDING BETTER PRODUCTS FOR A BETTER AMERICA.

Onsted is Host to Club Women

37th ANNUAL CONVENTION OF COUNTY FEDERATION IN SESSION

The Lenawee County Federation of Women's Clubs is holding its 37th annual meeting today at the Onsted high school with the Onsted Woman's Club as the hostess club.

The morning session opens with registration at 9 a.m. After the invocation by the Rev. F. D. Hague of the Onsted Baptist Church, a welcome will be extended by Mrs. Lowell Monagin of Onsted, president of the Onsted Club. Mrs. Charles J. Packingham of Britton will give the response after which the officers will give their annual reports. The standing committes will give reports and then the presidents of the clubs in the federation will make two minute reports.

Officers will be elected at the close of the morning session. A luncheon will be served by the Order of the Eastern Star and the Onsted Grange.

A feature of the afternoon program will be an address "Education in Wartime" by the Professor Mentor L. Williams of the department of English Language and Literature of the University of Michigan. Musical numbers will consist of vocal solos by Mrs. Robert Moore of Tecumseh accompanied by Mrs. Neville Hart and piano solos by Richard Lagassee of Onsted. The national anthem and other patriotic songs will have a place on the program. Greetings from the county, southeast district and state federations will be read, a memorial service will be conducted by Mrs. Matt Benner of Clayton and Mrs. Harve Oliphant will give highlights of the convention of the State Federation of Women's Clubs.

Mrs. A. E. Brainard of Onsted is the retiring president. Mrs. Harry L. Galloway of Hudson, the first vice-president; Mrs. Matt Benner of Clayton, second vice president; Mrs. Harold Reynolds of Onsted, recording secretary; Mrs. A. R. Haviland of Morenci, corresponding secretary; Mrs. L. W. Kelley of Adrian, treasurer.

DEAN O'FERRALL TO SPEAK AT SUPPER

The Very Rec. Kirk B. O'Ferrall, dean of St. Paul's Catherdal, Detroit, will be the speaker at the men's supper to be held in St. Peter's Parish House, Friday, May 8 at 6:30. This supper is open to the men of the parish and their friends.

Dean O'Ferrall is a very able speaker. Before the war he travelled extensively through Europe and the Holy Land and was guest preacher in the large Cathedrals and Churches. Some of the Churches he preached in was historic St. Martins-in-the-Fields, St. Paul's Cathedral, Durham Cathedral, and others.

Tickets for this dinner may be purchased at the D. and C. store from Mr. Lee Randall or other members of the Vestry. The price of the dinner is 60c per person.

Musical Tea Enjoyed at Church, Saturday

Tecumseh Music Club presented a musical tea in the Baptist church parlors Saturday afternoon, with a selected program from America composers, the club having made a study of American music during the past season. Mrs. P. B. O'Brien was in charge of the tea and Miss Agnes McIntyre arranged the program which was announced by Mrs. Charles Ruthruff.

Mrs. Neville Hart was accompanist for the program which opened with the National Anthem. A trio composed of Mrs. Ralph Helzerman, violin, Mrs. Thomas Gallant, Jr., clarinet, and Miss Agnes McIntyre, pianist, played several numbers, among them "At Dawning" (Cadman) and "A Perfect Day" (Bond). Mrs. Robert Dannells sang, "By the Waters of Minnetonka," Mrs. R. S. Moore and Mrs. Nina Heath, in costume, sang a group of popular songs of the "Gay Nineties," arranged by Mrs. Moore; Mrs. Gallant, Jr. sang "Jeanie with the Light Brown Hair" (Stephen Foster) and another Foster song, "Beautiful Dreamer," was sung by a sextet, Mrs. Dannells, Mrs. Heath, Mrs Ruthruff, Mrs. A. Helzerman, Mrs. Sam Sisson and Miss Virginia Retter.

The program continued with two MacDowell piano solos, "To a Wild Rose," played by Miss Elizabeth Seeger and "Nautilus," by Mrs. Kenton Hunt. Vocal trios, "One Alone" and Deep in the Heart of a Rose," were sung by Mrs. Harley McConnell, Mrs. Ralph Helzerman and Miss McIntyre; and Mrs. McConnell contributed a contralto solo, "Old Man River."

Tea was served at a table centered by daffodils and purple iris, Mrs. Moore and Mrs. Ruthruff pouring. Mrs. William Barnes, Miss Florence Barnes, Miss Seeger, Mrs. A. Helzerman and Mrs J. O. Eaton assisted with the serving.

Tecumseh Music Club will meet Tuesday evening, May 5, at the home of Mrs. W. C. Fisher for potluck supper at 6:30. Members are to call Mrs. William Barnes not later than Saturday in regard to transportation. This meeting was postponed from April 28.

JOIN U.S. NAVY

GREAT LAKES, Ill.—Tecumseh, Michigan, has added two more men to its list of representatives in the U. S. Naval Reserve who are now undergoing recruit training at the U. S. Naval Training Station here.

This training includes instruction in the fundamentals of seamanship and naval procedure. The me nwill be sent to sea for duty or to another naval shore station following completion of this training.

The new petty officers are William Leland Russell, 24, son of Mrs. Irene Russell, storekeeper, third class; and Roldon Perkins Sutton, 24, son of Mr. and Mrs. Frank E. Sutton, 115 North Pearl Street, yeoman, third class.

NOW IN BOGOTA

Mr. and Mrs. Guy T. Pocklington have received word from their son, Ronald Pocklington that he is now located in Bogota, Colombia, South America, with headquarters at the Embassy of the United States. The letter was date April 17 and on the trip which was made by plane, Mr. Pocklington stopped in Texas, Mexico, Guatemala, Nicaragua, San Jose, Ancon and Balboa, before arriving in South America.

JUNIOR LEAGUE

The Westminster Junior League met April 21 with Mrs. Norris Morehouse. Mrs. Robert Manchester was program leader and presented Alvin Brazee Cameron as speaker of the evening. Rev. James Cameron Murdoch led the devotions. During the business session officers were elected as follows: Mrs. Curtis Ashley, president; Mrs. E. A. Hess, vice president; Mrs. E. Lamkin, secretary, and Mrs. Morehouse, treasurer. Refreshments were served in conclusio by the hostess assisted by Mrs. Norman Bailey.

Presbyterian League Names New Officers

During the business meeting plans were completed for the annual Mother and Daughter banquet to be held this evening in the Presbyterian church parlors. It was voted to contribute $25 toward painting the manse and $25 toward excavating for the church basement.

An Americanism program was presented with Mrs. E. C. Brandt as leader. Mrs. Percy Bowen told of the work of the American Legion and Auxiliary. Mrs. Walter Fraus of the Girl Scouts, W. L. Berkhof of the defense work in the schools and Rev. Edward Escolme of the Victory Gardens. Refreshments were served in conclusion.

F. AND A.M. SPONSORS A BENEFIT SHOW AT STRAND

The Tecumseh Lodge, F. & A.M., is sponsoring a benefit show at the Strand Theatre, Thursday and Friday, My 7 d 8, the proceeds to go to Army and Navy social centers for the benefit of the boys in uniform. Tickets are now on sale and may be purchased at Pulver's, Wright's or Sluyter's stores, from Le Roy Titley or A. W. Porter, or from any member of the lodge.

The show that the lodge is sponsoring is "One Foot in Heaven," a warm, appealing, human drama woven of the stuff that will carry one back to the grass roots of rural America. It is the story of a small town preacher whose simple wisdom and straight-forward way of life is proved adaptable, by only slight compromise, even to latter day humanism.

Fredric March is cast in the minister's role and Martha Scott is his wife. The supporting cast includes a long list of well known actors and actresses.

CAR WRECKED

A car belonging to Henry Hall was wrecked Friday morning about 1 o'clock when it overturned in a ditch near Morenci. Mr. Hall was uninjured but Mrs. Lillian Dee of Hudson, suffered slight bruises on her face and cuts on her knee and was treated at Blanchard hospital in Morenci.

Hall was arraigned Friday afternoon in Morenci for failing to have his car under control and paid a $4 fine and costs of one dollar.

INDIANS DROP OPENER TO CLINTON, 10-5

The Tecumseh High School nine dropped the opening game of the '42 season. The game was lost largely on the nine errors that were charged up to the Indians.

Allan Brooks led the Indians in scoring with two runs and Costigan, Mohr and Curtiss followed with one each. Charl s Greenfield led the Redskins to victory with three runs, Baker and Van Tuyle following with two each.

Tomorrow the Indians will meet the Sugar Boy's nine from Blissfield in the second encounter of the season. Blissfield has a very strong team and the Indians will have to be on their toes to take the contest.

INDIANS DOWN MORENCI IN TRACK MEET, 29-28½

The THS track team barely eked out a victory from Morenci in a track meet held on Island Park at Adrian last Wednesday afternoon.

Adrian was also in the meet but was only practicing and did not figure in the decision. Chuck Coffey led the Indians with 15 points, placing first in the 100 ydd dash, the 220 yd. dash, and the 110 yd. low hurdles.

"Rolling on the original rubber" after

45,104 miles

A story of tire life that shows how you, too, can keep rolling longer

45,104 miles on a single set of tires—in a little over two years—with much of the distance over rough dirt and gravel roads. And yet they're "still good for at least another year of the same kind of service," according to the owner, Mr. L. of Hammond, Indiana. (Name and street address on request.)

Unusual? Not at all! We expect mileage like this from the thousands of tires we ourselves use. We expect it and we get it!

The answer? It's very simple. Good driving habits and reasonable care. Your Standard Oil dealer is featuring tire care as part of his Approved Car Conservation Schedule. See him today.

Congratulations

It is with pleasure the Rosacrans Store extends most hearty congratulations to "The Tecumseh Products Co." management and employees for the splendid record not only as a defense plant but for the job they have done for Tecumseh ever since they located here.

We, the citizens of this Village" are justly proud of these achievements and incidently the merchants have been greatly benefited by the good customers it has made from its employees and executives.

Congratulations to that "Little Guy" who has given his best not only to the firm he heads but to his unstinting work and time in making our Village still more "The Biggest Little Town on Earth."

A MESSAGE FROM

RAY W. HERRICK

To The Employees of

Tecumseh Products Co.

As president of the Tecumseh Products Company, I wish to take this opportunity to publicly express to our employees my sincere gratitude for a job "well done."

The winning of the Navy "E" pennant and the Treasury Minute ManFlag are distinct honors--honors for which we may all feel justly proud.

These honors are won because each and every member of our organization cooperated to give all aid possible to our country in the most important enterprise on which it has ever embarked. The United States still has a big job to do; we have a bigger job ahead of us, but the kind of cooperation you are giving will win the war.

To every member of our organization I say "Thank You" for your fine spirit of loyalty and devotion. I am proud of you, and so is your country.

Pledge with me your unlimited support to keep these pennants flying until they are replaced with the flag of victory.

Sincerely,

RAY W. HERRICK, President

Tecumseh Products Company

Navy 'E' Flag

but it's the work of the little plants that count, too. When we take off our shirts and go to work this war will be won, and the sooner the better. Tecumseh is setting the pace, it is the symbol of many small communities. And remember, too, that Michigan is now furnishing one third of all the materials for this war. We're equal to our job, and I say to you and to the many other small plants of this state, God bless you, and may you go ahead and win the war."

Lieut. Arthure Langfield, of the Navy then presented to Keith G. Barron, oldest employee in point of service, the lapel pins to be worn by Products employees, symbolizing the "E" award. "This is an honor that is not lightly bestowed," he said, "and it is one to be cherished." Mr. Barron accepted the pin, and pledged even greater quantities of war materials from his firm, with the same high quality.

The color bearers at the service were from Underwood-Orr post, American Legion. The Tecumseh high school band furnished music, Boy Scouts also participated, and the Rev. James Cameron Murdoch of the Presbyterian church, offered the invocation.

In recognition of the awards from the company, making the Products plant the first industrial concern in the United States to fly the two pennants simultaneously, the Chamber of Commerce on Tuesday evening observed the occasion with an "Appreciation Dinner" attended by some 300 persons, with officers and employees of the war munitions plant as guests.

The part that industry is playing in the defense of America, both at home abroad, and in the buying of war stamps and bonds was the keynote of all of the talks at the banquet. Speakers included Mr. Herrick, Giles Kavanaugh of Detroit, Michigan collector of internal revenue, and Dr. Eugene Elliott of Lansing, head of the department of public instruction. Mayor J. Floyd Elliott spoke briefly, welcoming the guests and expressing Tecumseh's gratitude to the Products company in winning the coveted federal awards. Dr. H. H. Hammel acted as toastmaster, and Earl L. Wickwire was master of ceremonies. There were three solos by James O'Neil of Radio City, New York, and group singing was led by W. L. Berkhof, with Miss Sarah Humphrey at the piano. The Rev. O. V. Robinson asked the invocation.

The dinner was sponsored by the Chamber of Commerce, of which Clarence Gilman is president, and at the conclusion of the program, Glenn L. Williams presented Mr. Herrick with a silver placque, inscribed as follows: "From the citizens of Tecumseh to the Tecumseh Products Company, in recognition of its efforts in the defense of freedom and democracy."

"Humbly I accept this gift from you," Mr. Herrick said, "and I pledge you to the best of my ability to do my part for my nation, my state and my home town. I cherish this gift, more than I can tell you and it will be hung in my office at the plant."

A large centerpiece of flowers, made in the form of a "V" for victory, beautifully executed in carnations and lilies, adorned the speakers table. It was the gift of the Mr. and Mrs. B. G.Ousterhout of the Flower Shop, and after the banquet was presented to Mrs. Herrick.

The dinner was served by Mrs. O. W. Laidlaw, of the home economics department of the school, assisted by students as waiters and waitresses. The excellent preparation of the food and the rapidity of the service won many compliments for Mrs. Laidlaw.

Wade L. Jones, C. of C. secretary, was chairman of the banquet committee on arrangements. He did an excellent job, and received a vote of thanks.

ACTIVITY CLUB

The Ladies Activity Club met Monday evening at the home of Mrs. Henry Ward and elected officers as follows: Mrs. Don Morly, president; Mrs. Thomas Gallant, vice president; Mrs. Harold Warren, secretary; Mrs. Verdi Skinner, treasurer; Mrs. Henry Ward and Mrs. Ed Everett, trustees; Mrs. Gallant, press correspondent.

Miss Roma Driscoll Weds Ray G. Waters

Miss Roma M. Driscoll, daughter of Mr. and Mrs. Glenn L. Driscoll and Ray G. Waters, son of Mrs. Anna Waters of Antwerp, O., were married Saturday afternoon at the home of the bride's parents on West Brown. Only the immediate relatives were present for the ceremony which was read by the Rev. R. D. Hague of Onsted. The attendants were Mrs. Erwin Richardson, sister of the bride, and Dorcy Waters of Antwerp, brother of the groom.

Following the ceremony refreshments were served and later Mr. and Mrs. Waters left on a trip to Fort Wayne, Ind.

The bride is a graduate of Adrian high school and of the Henry Ford Home Arts School in Detroit and has recently been employed in the Tecumseh Products Company offic. Mr. Waters is a graduate of Northport high school and General Motors school of engineering. He is now employed at Bugs and Harry Service station here. After June 15 they will make their home at 306 East Chicago Boulevard.

SECOND SECTION

NINETY - SECOND YEAR— NUMBER THIRTY-ONE | TECUMSEH, MICHIGAN THURSDAY, APRIL 30, 1942 | FIVE CENTS PER COPY

'E' Presentation Is Navy's Way of Saying "Well Done"

Minute Man Treasury Flag Sixth In All of Michigan

The sixth United States Treasury Minute Man Defense Flag in the State of Michigan today is flying over the plant of the Tecumseh Products Company.

At the same plant also is flying the coveted Navy "E" pennant—the traditional way of the Navy in saying "Well Done."

Both pennants were awarded at a service here on Tuesday, and the Products holds the distinction of being the first plant in the United States over which both flags fly simultaneously.

The Minute Man Flag is presented by the Treasury to firms whose employees—90 per cent or more of them—are buying Defense Bonds on the voluntary payroll deduction plan. At the Products plant, 96.5 per cent of the employees are participating in the program. Before this week is ended, it has been announced, the percntage will be increased to 99 plus.

"We wish to express our sincere appreciation to you and your employees for their fine cooperation on behalf of the War Savings Program," Mr. Frank Isbey, chairman of the Michigan War Savings Committee said to Ray W. Herrick, president of the company, in a telegram. "We know you will continue to keep up the good work."

CONGRATULATIONS!

Hundreds of telegrams and letters have been pouring in to Ray W. Herrick, president of the Products company, congratulating his firm on the winning of the "E" pennant and the Treasury flag. Following are a few of the messages:

"Michigan is proud of your company's splendid record in earning the Navy "E" Pennant. I plan to join your ceremonies on the afternoon of April 28. My sincere congratulations to you and your workers."

Murray D. Van Wagoner,
Governor of Mchigan.

"Through outstanding productive accomplishments justifying the award today of the Navy "E" for excellence Tecumseh Products carries on the finest traditions of American patriotism. Not only are congratulations to the management and labor of Tecumseh Products appropriate on this occasion, but I wish to add an expression of my complete confidence that your future achievements will carry on these traditions and help secure complete victory."

"Rear Admiral W. H. P. Blandy,
Chief Bureau of Navy Ordnance."

"I am glad to have your telegram advising me that you have been officially notified of the award of the Navy "E" Pennant. This is indeed an honor and I congratulate you upon receiving this recognition.

"Senator Prentiss M. Brown."

"My heartiest congratulations to you and all of your associates and workers upon receiving the Navy Pennant for efficiency in National Defense Production. This is the highest possible honor which can be bestowed upon those who are supporting the supply lines upon which our fighting sons must rely for victory. Your Navy pennant proves the practical patriotism of all your workers in this great war effort.

"This is the spirit which will win this war. Good luck and God bless you."

"Senator A. H. Vandenberg."

"I regret that circumstances, with which you are familiar, make it impossible for me to be present at the ceremonies in Tecumseh on Tuesday.

"It is a distinct honor to your Company to be awarded the Navy "E". It is a double honor to have been awarded the United States Treasury defense flag for the purchase of war bonds. In short, those awards spell efficiency and patriotism on the part of every person connected with your institution.

"Your example must and will be followed by other companies. You leave blazed the trail. You are the leader.

"Your country, your state, your congressional district, your county and your city appreciate your reflected honor.

"Again, Tecumseh has lived up to her traditional reputation of being the biggest small town in the country.

"This war must be brought to the earliest possible victorious conclusion and with the least sacrifice of blood and treasure. Your example will do much to bring this about.

"Earl C. Michener, M. C."

Dynamic Leader of Products Company

Photo shows Ray W. Herrick, president of the Tecumseh Products Company, seated at his desk in the offices at the factory. Hard-hitting, fast-thinking—always looking out for the other fellow, never worrying about himself—Mr. Herrick arrives at his office long before eight in the morning. He seldom takes a vacation, except for a day or two once or twice a year. Athletics are his hobby, and no one enjoys a baseball or football game more than he. He also gets a big "boot" out of doing for his home town. It was Mr. Herrick who sponsored and carried to a successful conclusion a drive for $45,000 for the building of Tecumseh's hospital. He raised the entire sum through public subscription and turned the institution — completely equipped and debt free—over to the village.

"I get a great kick out of seeing other people happy," the Products president said one day while talking to friends. "In order to get something out of life you've got to put something into it. That's my philosophy."

And right now Mr. Herrick is getting a big kick out of building materials to whip the Axis.

SECRETARY KNOX

Mr. Ray W. Herrick, President,
Tecumseh Products Company,
Tecumseh, Michigan.
Dear Mr. Herrick:

It is a privilege for me to be able to advise you that the Navy Board of Production Awards has designed the Tecumseh Products Company a recipient of the Navy "E" Award for production achievement.

Since nineteen hundred six the "E" has been the traditional Navy symbol for excellence—for a job 'Well Done.'

This is an honor not lightly bestowed, and one to be cherished by you and your associates.

As the Secretary of the Navy, and as a fellow American, I congratulate you upon the achievement of this honor. And in so doing, let me remind you that your company's contribution, together with that of other of our patriotic countrymen, is only the beginning. This production, increased manifold, must and will become the tide to victory.

Yours sincerely,
Frank Knox.

Mr. Ray W. Herrick, President,
Tecumseh Products Company,
Tecumseh, Michigan.
Dear Mr. Herrick:

It gives me a great deal of pleasure on behalf of the United States Treasury Department to award the Minute Man Treasury Flag to the Tecumseh Products Company and their employees for having 96 per cent of the employees participating under the company's payroll savings plan.

We wish to express our sincere appreciation to you and your employees for their very fine cooperation on behalf of the War Savings Program and know you will continue to keep up the good job.

Frank N. Isbey, chairman
War Savings Committee,
State of Michigan.

The Tradition of Ships and Men Behind the Navy Pennant

There is a great tradition behind the Navy "E."

In the United States Navy—with its long record of glorious victory and deathless ideals—it is the highest of all honors.

It is reminiscent of John Paul Jones and the Bon Homme Richard Farragut at Mobile bay, Perry on Lake Erie and Dewey at Manila bay.

It recalls immortal words like "Don't give up the ship," "We have not yet begun to fight" and "We have met the enemy and he is ours."

The tradition behind the Navy "E" is one of the proudest in the great history of a free and united people—that's why the Tecumseh Products Company, one of the few organizations to receive it other than the personnel of the United States Navy, is signally honored.

It is the coveted emblem of excellence which the officers and crew of every ship and plane in the fleet hope to attain. Each year it is awarded special recognition for excellence and efficiency.

Connecting the Navy "E" with the deeds of American naval heroes of other days is admittedly a stretch of the imagination. Actually, the award dates back only to 1906, when the practice was originated as a means of stimulating units of the United States Navy to high achievements while engaged in gunnery, battle practice or engineering.

Until about a year ago the "E" had never been awarded to anyone outside the personnel of the Navy. By special permission of President Franklin D. Roosevelt and Col. Frank Knox, secretary of the Navy, the bureau of ordnance now extends the honor to private industrial plants in recognition of their outstanding performance in naval ordnance production.

With the honor, The Tecumseh Products Company is privileged to fly the flag of the bureau of ordnance, which carries the crossed Dahlgren guns and anchor in a blue field, and a blue pennant displaying the white Navy "E."

To each member of the company's personnel will be awarded the official medal bearing the insignia of the bureau of ordnance and the superimposed Navy "E."

The ordnance flag, which is always displayed above the "E" pennant, is easily recognizable by its colors and the design of the crossed Dahlgren guns and anchor. The field of the flag is dark blue, with the center. Within the diamond there appears in gold the guns and anchor, circled by the words "United States Navy" and the words "Bureau of Ordnance" directly beneath.

The Dahlgren guns of the ordnance insignia are copies from the guns which were designed by Rear Admiral John Adolphus Dahlgren, who was chief of the bureau of ordnance from 1862 to 1863.

Dahlgren guns were important factors in the superiority of Federal fleets during the Civil war and were used on the Monitor in its famous battle with the Merrimac.

For more than 35 years, the Navy has used the letter "E" as a mark of excellence. The Navy keeps continous records of the performance of the crew of every ship and plane in engineering and gunnery. Ships are classified by design, such as battleships, cruisers and destroyers, and at the end of each year the crew in each class whose ship has the highest rating in engineering is given permission to paint the letter "E" on one of the funnels. Crews with the highest rating in gunnery paint the "E" on a mast or bridge. Men is an individual gun turret can also win an "E" for gunnery, in which case they paint the letter on a turret.

On the theory that each naval unit should have an equal chance at the honor, the "E" is not awarded for outstanding service in actual combat.

At a ceremony in his office in the Navy building in Washington, D. C., Secretary Knox said: "Anyone familiar with the Navy knows what the letter "E" means on the bridge, conning tower, funnel or turret of a naval vessel. It's the highest service award the Navy can make and it means excellence or special merit in gunnery or engineering or some other activity. It's the Navy's way of saying: 'Well done!'

'Well Done'

"In the present defense program, we've asked for miracles of industrial production and what's more, we're getting them. To show our appreciation of the way American industry has gone to bat in this emergency, the Navy has decided to award the bureau of ordnance flag and its coveted 'E' to the management and men of those plants who are doing an outstanding job in the production of naval ordnance material. Again, it's our way of saying: 'Well done!' "

Heartiest Congratulations

Our great nation has awarded you two signal honors - the Navy 'E' and the Treasury Minute Man Defense Savings Flag.

The Navy 'E' signifies genuine excellence of your products and whole-hearted patriotic effort on the part of each and every one of you in making quick delivery possible, in this great hour of national emergency.

The Minute Man Flag denotes your whole-hearted financial co-operation; that you are buying Defense Savings stamps and bonds to you capacity; that you are standing back of our government not only with your efforts but with your pocket-books.

Yours is indeed a unique honor. You have won a distinction that no other company in the United States now holds. You, and only you, are permitted to fly both the 'E' and the "Minute Man" flag simultaneously.

This is an honor of which each and every one of you should feel justly proud. You have honored all Tecumseh by your wondeaful achievement. Tuesday's impressive ceremonies should linger long in your memories.

Long let your well-earned pennants wave. We point with pride to your splendid success. Again we say congratulations to all of you--from all of us.

The Highest Award of the United States Navy
THE NAVY 'E' PENNANT

Earned By the Executives and Employees of

Tecumseh Products Co.

WE ARE PROUD!

The people of Tecumseh are proud of the Tecumseh Products Company.

They are proud of its huge factory and the costly and intricate machinery it houses.

They are proud of its experienced and accomplished executives.

They are proud of its hundreds of skilled, semi-skilled and unskilled workers, who have been turning out superior products.

The United States of America, too, is proud of Tecumseh Products Company.

And to indicate that it is proud of Tecumseh Products--our company--it has awarded the company the Navy 'E' and the Treasury Minute Man Flag for two reasons. First, outstanding accomplishment in the manufacture of Navy munitions. Second, for supporting our war efforts by buying Defense Stamps and Bonds.

These awards again turn the spotlight of favorable publicity on "The Biggest Little Town on Earth.

It makes us even more proud--if that is possible--of Products executives and workmen and the spirit and patriotism that lie behind the winning of these supreme awards, the civilian equivalent of the Distinguished Service Cross.

We heartily commend the Products company for the ability of its manpower, for the excellence of its product, and for its substantial contribution to our war effort.

We are proud to be citizens of a community in which there is an industry over which floats the Navy 'E' and Minute Man Flag--the only community thusly honored in the United States.

NINETY-SECOND YEAR—NUMBER THIRTY-TWO | TECUMSEH, MICHIGAN, THURSDAY, MAY 7, 1942 | FIVE CENTS PER COPY

Price Ceiling Is Expected To Cut Living Cost

CONTROL OF MEATS, CANNED GOODS AND DRUGS MAY REDUCE PRICES

Lansing, May 7—"These are times that try men's souls."

The above seven words, which logically fit into Michigan life of May, 1942, were written by Tom Paine, in "The Crisis." The year was 1776.

Michigan life at this moment is a fast moving panorama. Rapidly fading away are "business as usual" practices. For example, nearly all durable goods will cease to be manufactured by the end of this month.

Rationing and price control have been instituted, almost overnight. Citizenry is being regimented for all-out war sacrifice. It is the period of economic dictatorship, democracy's answer to the threat of dictators and convincing proof of America's awareness of is world-wide "war of survival."

Starting Monday, May 18, prices of important consumption goods such as meat, canned goods, clothing and drugs—will be pegged at their highest levels of March.

In terms of cents, the price control decree is expected to reduce living costs about 3 per cent below prices prevalent on May 1. Retailers must post public lists of ceiling prices.

On July 1 price control will affect retail services such as garages, tailors, laundries, dry cleaners and shoe repair shops, also as of March prices.

All retailers will be licensed by Uncle Sam. Violations may be punished by withdrawal of federal license, or fines not more than $5,000, or a year's imprisonment or civil suits for treble damages. Talk about an economic dictatorship!

Manpower in terms of human energies have been registered from ages of 20 to 65.

The registrations, as much as any other governmental action, have brought a realization of the war into nearly every Michigan home.

Thursday (May 7) is the final day for citizens to register for war ration stamp cards. Sugar stamps Nos. 1 to 4 inclusive will be good for purchase of one pound of sugar per individual each two weeks from May 5 to June 27.

Because sugar cane is needed to make molasses, molasses is used to make industrial alcohol, industrial alcohol is needed to make explosives, explosives are needed to sink the axis, and the axis threaten our freedoms, Michigan consumers must conserve sugar carefully—a small sacrifice but an important one.

Before you grumble about "bureaucracy" and "muddling at Washington" as the reasons why sugar must be rationed today, consider this additional reason:

The Japanese attack Pearl Harbor and Manila resulted in stoppage of sugar supplies from the Phillippines, while Hawaiian supples became uncertain. Next, ships were needed to carry strategic war materials, and sugar is being shipped to our allies under the lend-lease plan. Ships which could carry sugar are critically needed to transport tanks and airplanes, for example, to the Russian front.

Just another reason why you will have only a pound of sugar during the next two weeks.

Food experts say we really don't need sugar at all.

We do need the food energy that sugar gives us. And the same energy can be obtained from cereals, bread, potatoes, fats and other familiar starch fools, rich in carborydrates.

Sirups and honey may be used instead of sugar in baking. Cakes can get along without frosting, and milk has its own sugar.

Corn, carrots and sweet potatoes are vegetables rich in their own sugar.

Custards and puddings need little sugar; salads practically no sugar.

And literally tons of sugar are wasted by Americans daily because they do not stir thoroughly their cup of coffee or tea!

Speaking of transportation, have you bought your winter's coal supply yet and have you joined an "auto club"?

The two things are not unrelated. Coal is shipped by railroad, and it accounts for one-fourth of the rail traffic of the nation.

Joybringers

Miss Pansy Bray

Miss Irma Herrman

Miss Irma Herrman and Miss Pansy Bray will conduct a series of evangelistic meetings at the Tecumseh Friends church beginning Sunday, May 10, and continuing until Sunday, May 24. The Sunday morning services are held at 10 o'clock, and the Sunday evening services at 7:30 p. m. The week-day meetings will be held each evening at 8 o'clock. No meeting will be held on the Monday evenings. Miss Herrman and Miss Bray otherwise known as the "Joybringers" held a tent meeting in Tecumseh in 1938, and they have conducted many evangelistic meeting in southern Michigan. They are well known in Lenawee county, where they have many friends.

Sunday being "Mother's Day" will be observed by special features at the morning and evening service, and at the Sunday school hour. The public is invited to these special meetings.

Appreciation Banquet For Wolverine Scouts

Scoutmasters and their ladies in the Wolverine Boy Scout Council will be the honored guests at the Scoutmasters' Appreciation Banquet and the Annual Council Meeting next Wednesday evening, May 13, at the Irish Hill Towers. This banquet is an annual affair at which Council members, parents and friends of Scouting gather in appreciation of the work being done by the Scoutmasters and Assistants in the Wolverine Council.

Lieutenant H. T. Gratz, educational officer at the U. S. Navy Service School, Dearborn, will be the principal speaker. Lieutenant Gratz, now directing the educational program for 1600 sailors trained for the fleet, is a Scouter of twenty-two years' experience. Rising through the ranks to become an Eagle Scout, he served as assistant jamboree executive at the World Scout Jamboree at Budapest, Hungary in 1933. Again in 1937 he served as director of the service units at the World Scout Jamboree in Holland. Lieutenant Gratz has studied youth movements in twenty countries of the world and prior to going on active duty in the U. S. Navy was one of the outstanding scout executives in America.

Tickets for the banquet may be obtained from the chairman of the scout troop committee in every community in the council. Every one interested in the youth of America is invited to hear Lieutenant Gratz and to join in honoring the men who volunteer hours of their time every week of the year in behalf of our boys.

NURSES' DANCE

The Lenawee County District Nurses Association will hold its annual dance June 3 in Adrian, the proceeds of the party to be used for civilian defense. Miss Gertrude Spaulding is publicity chairman for the Tecumseh area.

Tecumseh Gets Sugar Stamps

ESTIMATE 2,900 BOOKS WILL HAVE BEEN ISSUED BY TONIGHT

The Tecumseh high school gymnasium has been the scene for the rationing of individual sugar cards during the past four days. A steady stream of applicants which by Thursday evening will include representatives from nearly each family in Tecumseh was served by a large group of volunteer women under the direction of George Parsons agricultural instructor in the local high school. Careful preliminary planning and the splendid spirit of cooperation shown by the laides who have given unstintingly of their time and effort prevented any extensive delays for applicants. Approximately 550 books were issued on Monday and on Tuesday 750. It is estimated that approximately 800 books will be issued both on Wednesday and Thursday making a total of approximately 2,900 books.

The following women assisted as registrars during the sugar rationing program: Mrs. Gertrude Schneider, Mrs. Paul Keyser, Mrs. Glenn Driscoll, Mrs. Lou Calson, Mrs. Orville Farver, Mrs. Lewis Schneider, Mrs. Ed Berry, Mrs. Robert H. Moore, Miss Ethel Garlinghouse, Mrs. Garland Gove, Mrs. Marvin Watkins, Mrs. J. B. McLaughlin, Mrs. Albert Tonneberger, Mrs. M. R. Blanden, Mrs. Charles Howe, Mrs. W. L. Berkhof Mrs. Earl Lindsley, Mrs. G. Parsons, Mrs Wm Bruce, Mrs. J. Tousborg, Mrs. Albert Bagshaw, Mrs. Charles Hanna, Mrs. Burnell Moon Mrs. W. N. Winfield, Mrs. Charles Jones, Mrs. H. H. Hanna, Mrs. Lewis Lent, Mrs. Charles Butler, Mrs. Clyde Bailey, Mrs. C. M. Brown, Mrs. George Rathbun and Mrs. Frank Smith.

Local merchants reopened the sale of sugar on Tuesday of this week. Citizens desiring sugar should present all of the books held by the family to the merchant who is permitted to sell one pound of sugar for each stamp redeemed. The following schedule for the purchase of sugar should be noted by consumers.

Stamp No. 1 may be redeemed May 5 to May 16; Stamp No. 2 may be redeemed from May 17 to May 30; Stamp No. 3 may be redeemed from May 31 to June 13; Stamp No. 4 may be redeemed from June 14 to June 27.

ACTIVITY CLUB ELECTS

Mrs. Don Morley was elected president of the Ladies' Activity Club at the recent meeting held at the home of Mrs. Henry Ward. Mrs. Morley succeeds Mrs. Ervie Raymond. Other officers elected are Mrs. Thomas Gallant, vice president; Mrs. Bert Warren, secretary; Mrs. Verdi Skinner, treasurer; Mrs. Ed Everett and Mrs. Ward, trustees; Mrs. Gallant, reporter.

JUNIOR LEAGUE

The Westminister Junior League members and their husbands enjoyed a pot luck supper in the Presbyterian church parlors Tuesday evening. New officers were installed at the meeting following supper and each was presented with a corsage. Mrs. Al Helzerman, counsellor of the group, was also presented with a corsage. Plans were made for a July picnic and the meeting closed with a patriotic quiz.

Murdoch Installed as Presbyterian Minister

Rev. James Cameron Murdoch was installed as pastor of the Presbyterian church Friday evening, with Rev. Leroy Cabbage of Homer, moderator of the Lansing Presbytery presiding. Rev. George D. Prentice of Adrian, delivered the sermon, Dr. H. K. Fox of Adrian College, gave the charge to the pastor and Rev. D. S. Carmichael of Holloway gave the charge to the congregation.

A large group attended the service and among them were Mrs. Murdoch and sons of Detroit, the pastor's father, John Murdoch, of Leamington, Ont., and his brother, Wallace Murdoch of Detroit.

Frank F. Rogers Dies Suddenly

FIRST HIGHWAY COMMISSIONER OF MICHIGAN IS BURIED IN RAISIN

Frank F. Rogers, aged 83 years, a native of Lenawee county, and the first state highway commissioner of Michigan, died last Wednesday night of a heart attack at his home in Lansing.

Mr. Rogers was born in Raisin township and got his early schooling in the rural school near his home. He later attended Raisin Valley seminary and Michigan State College, graduating from the latter in 1883 as a civil engineer. He became connected with the state highway department in 1905 and was elected commissioner in 1913, retiring in 1929, and serving as a consulting engineer after his retirement.

A monument of rocks, stones and ores contributed by 15 counties of upper Michigan, and located north of St. Ignace, was dedicated to Mr. Rogers in June 1930. It was through his efforts that the state highway department was organized.

Surviving are a son, Fred F. Rogers, of Hillsdale, three daughters, Miss Mabel Rogers of Menominee, Wis., Mrs. Glenn Meyers of Detroit, and Mrs. Glenn Stewart of Lansing, and a brother, Edgar Rogers, of Holloway.

The funeral services and burial were held Saturday in Lansing.

JUNIOR D. A. R. MEETING

The Junior group of the D. A. R. met Tuesday evening at the home of Mrs. Eugene Fisher for their regular meeting. Reports of the National Congress in Chicago, were given by Mrs. Fisher, alternate delegate and Miss Bertine Walker. During the social hour tables were arranged for contract bridge. Miss Hope Hand was hostess of the meeting.

INJURED IN ACCIDENT

Benjamin Van Etten of Britton, was brought to Tecumseh hospital Friday night after being involved in a traffic accident south of Deerfield. His car and one driven by Forrest Cain of Blissfield, collided, wrecking both cars. Mr. Van Etten was seriously injured. Mr. Cain suffered severe cuts on the legs and was treated by a Blissfield physician.

DEAN TO SPEAK

The Very Rev. Kirk B. O'Farrall, dean of St. Paul's Cathedral, Detroit, will be the speaker at the men's dinner, to be served at 6:30 Friday evening in the parish house of St. Peter's church.

Win $25 Defense Bond

Would you like to win a $25.00 Defense Bond?

You can, and for just a few minutes work, too. The committee in charge of the gigantic pageant, to be staged at Recreation Center here, July 2 to August 1, inclusive, is seeking a name that will be fitting to the event and which will attract interest throughout the middle west.

The pageant will be directly by the John B. Rogers Producing Company, and suggested titles, used for similar affairs in other sections of the country are: "Wagons on Parade," "Forward America," "Show Boat," "Review in Years," and many others. Notice that the titles are all short and descriptive.

The Tecumseh pageant will be built around the early history of America, with special emphasis on Tecumseh and the Raisin Valley sections. It will close with a gigantic patriotic finale.

The contest for the name is open to everyone in this vicinity, except members of the Community Activities Committee of the Recreation Center, or their families. Members of this committee will act as judges and their decision will be final.

Suggested names, accompanied by an essay of not more than 50 words, telling the reasons for the suggested title, should be mailed not later than midnight, May 25, to the Contest Editor, Tecumseh Herald. In the event of tying names, the person writing the better essay accompanying the name will be declared the winner.

Officers Named By Club Women

MRS. MATT BENNER, CLAYTON, NEW PRESIDENT OF COUNTY FEDERATION

Mrs. Matt Benner, of Clayton, was elected president of the Lenawee County Federation of Women's Clubs at the annual meeting held Thursday in Onsted. Mrs. Benner succeeds Mrs. Athol Brainard of Onsted. Other officers elected are Mrs. Harold Reynolds of Onsted and Mrs. Arthur Haviland of Morenci, vice presidents; Mrs. L. W. Kelley, of Adrian, recording secretary; Mrs. Robert H. Moore, of Tecumseh, corresponding secretary, and Mrs. Justin Sutton of Morenci, treasurer.

Over 150 women attended the convention with 28 clubs represented. The group recommended that the county supervisors take action to provide funds for the establishment of a health unit in Lenawee county. They voted a scholarship for Miss Jo Ann Burr of Adrian, guest soloist at the Spring Music Festival; and also voted to buy a $100 war bond.

The afternoon session included a memorial service for deceased members; several musical numbers, and an interesting address on "Education in War Time" by Prof. M. L. Williams of the University of Michigan.

Mrs. Brainard, retiring president, was presented with a gold gavel pin, the insignia of the Past Presidents Association of the Federation. She also was presented with a gift from the Onsted Woman's Club.

Mrs. David Mackey, 43, Dies in Hospital Here

Mrs. David Mackey, aged 43 years, died Friday morning in Tecumseh hospital after a long illness. Mrs. Mackey was formerly Nina Mae Sanderson, a daughter of Mrs. Mary Sanderson and the late Charles H. Sanderson and was born May 10, 1899, near South Lyon, Michigan. On March 6, 1917 she was married to David A. Mackey. For a short time they lived in Tipton but later moved to Tecumseh where they have since made their home. Following an accident in January 1941 she had been confined to her bed most of the time. On February 2 of this year she entered Tecumseh hospital where her death occurred.

She leaves her husband, one son William E., her mother and one brother, Clifford Sanderson, all of Tecumseh, three sisters, Mrs. John Kelley and Mrs. Benjamin Mahrle of Clinton and Mrs. Robert Chandler of Ypsilanti. Her father died several years ago.

Funeral services were held Sunday afternoon at the Belding Funeral Home. Rev. R. E. Simons of Clinton officiated and bearers were Leon Jenkins and Lewis Barker of Adrian, Charles and Alva Frazier of Monroe, Clare Martin and Robert McKee. Burial was in Tipton cemetery and relatives and friends from Monroe, Ypsilanti, Plymouth, Northville, New Boston, Plainwell, Adrian and Clinton attended the services.

Wit and Wisdom Club In Annual Banquet

The Wit and Wisdom Club held its annual banquet Monday evening in the parish house at St. Peters Episcopal church. W. G. Waldron presided and named as program committee for the coming year: Dr. and Mrs. H. H. Loveland, Mr. and Mrs. George Parsons and Miss Sarah Humphrey. Mr. and Mrs. E. A. Collins, Mrs. H. E. Whelan and Miss Gertrude Spaulding were appointed to plan the summer picnic which will be held at the Brazee home at Iron Lake.

The program included group singing, a poem by Mrs. C. A. Slayton; readings by Mrs. Fred Sheldon and a talk on "Our Country" by Rev. O. V. Robinson.

LADIES MAY ENROLL IN FIRST AID CLASS

The first in the final series of ladies first aid classes was held Monday evening in the Ford building. The classes will meet each Monday evening at 7.30 and will be under the instruction of E. M. Campbell. All desiring instruction are urged to attend these classes.

MOTHERS, DAUGHTERS TO BANQUET TONIGHT

A Mother and Daughter banquet sponsored by the Ladies' Aid Society will be held tonight at 6:30 at the Grace Lutheran church on North Maumee street. Rev. K. Vertz, of Detroit, is the speaker and the program will also include movies by N. Buss of Ann Arbor. Mrs. Gus Brenke and Mrs. W. Dailey are the committee in charge.

New Officers Named By Baptist Church

The annual meeting of the Baptist church was held at the church last Wednesday evening and was preceded by a dinner at 7 o'clock.

Rev. O. V. Robinson presided at the business session following the dinner and new officers were elected for the coming year as follows:

Clerk, Miss Elizabeth Chase; financial secretary, Mrs. E. H VanVleet; treasurer, Mr. VanVleet; benevolent treasurer, Mrs. Bertha Hoag; deacons for three years, Herbert Hoag and Frederick Bryan; junior deacons for one year, Roland and Ernest VanValkenburg; deaconess for three years, Mrs. Carl Fosbender; junior deaconesses for one year, Priscilla Sisson, and Ella Louise Pearson; trutee, one year, Leon VanValkenburg; trustees, three years, Fred Sheldon and Ernest Harris; Sunday school superintendent, Faye VanValkenburg.

Tecumseh Will Stage Pageant

RECREATION CENTER TO BE SCENE OF PRODUCTION WITH OVER 400 IN CAST

Contracts have been signed and plans are rapidly taking shape for the production of a gigantic pageant, depicting early American life with special emphasis on Tecumseh and River Raisin Valley areas, to be staged at Recreation Center July 29, 30 and 31 and August 1. The spectacle will be produced by the John B. Rogers Production Company with more than 400 persons in the cast.

"Tecumseh staged a great pageant when the village celebrated its 100th birthday, nearly 20 years ago, but we plan to make the 1942 affair even greater," a member of the Recreation committee said today. Lowell has its 'Show Boat' and Holland has its 'Tulip Festival" and after this year Tecumseh will have its pageant, because we plan to make the entertainment an annual affair.

"While we are not yet quite ready to announce our plans in detail, we have decided that for two weeks, just before the pageant the citizens of Tecumseh will wear Indian dress, there will be tepees on Chicago boulevard and many more unusual things that will make Tecumseh the talk of the state. There also will be a kangaroo court that will pass sentence on those who fail to cooperate.

"Of course we are offering a $25 defense bond for the best name submitted for the pageant. That is a part of the early publicity program, but nevertheless someone is going to give the pageant a permanent name—something that will be remembered always."

Costumes and scenery for the affair will be furnished by the Rogers company and the program will be viewed from a 250 foot stage to erected at Recreation Center.

Profits derived from the staging of the pageant annually, the committee said, will be used for the improvement of the Center in the years to come.

"The staging of this pageant has the endorsement of the National government and is considered very timely," it was pointed out.

"Not only will the early life of the state and of Tecumseh be depicted, but the show will include a patriotic finale entirely modern."

Committees in charge of arrangements etc., will be announced next week.

D. A. R. BREAKFAST

The annual May breakfast of Abi Evans chapter, D. A. R., will be held Friday, May 8, at 11:30, at the home of Mrs. W. J. Penman. During the business meeting officers will be elected and a report of the national congress given. The hostesses are Mrs. Penman, Mrs. Fay Whelan, Miss Edith Ingersoll and Miss Jennie Gillespie. Mrs. D. F. Wright is chairman of transportation.

FRIENDSHIP MEETING

The local Pythian Sisters are planing to entertain the county Friendship meeting May 22. Pot-luck supper will be served at 6:30 and husbands of members will be guests. The Milan Temple team will do the work.

HOME NURSING CLASS

A new Red Cross class in home nursing and home hygiene was organized here Thursday evening with 30 women enrolled under the instruction of Miss Gertrude Spaulding.

LOCAL LEGION AUXILIARY MEMBERS TO CONDUCT PLEDGE CAMPAIGN

Plans are being formulated for Tecumseh's participation in a nation-wide pledge campaign which is scheduled to take place on Monday and Tuesday of next week, May 11 and 12. This campaign has been planned by officials of the Treasury Department, and is designed to stimulate the voluntary purchase of War Bonds and Stamps by the public in an effort to meet the National quota $600,000,000 for the month of May and an eventual quota of $1,000,000,000 each month after June of this year. These figures when interpreted in terms of Lenawee county mean that it will be necessary to raise $124,500 through the sale of bonds and stamps during May as compared with the previous average of $89,666 per month. Tecumseh's share in meeting this quota will be approximately $30,000 as compared with a previous monthly average from January through April of $24,800.

Officials of the United States Treasury Department are particularly interested in having all citizens realize that War Savings are vital, not only to the successful prosecution of the war and as a hedge to inflation at the present timely, but also as a protection against depression after the war. Every dollar invested in War Bonds and Stamps is, therefore, serving double duty of helping us to preserve our freedom and also our economic security.

The local pledge campaign is to be conducted by members of the American Legion Auxiliary under th direction of Mrs. Paul Keyser. Canvassers will call at each home to solicit pledges for regular investment in War Savings Bonds. These pledges should in no way be confused with either an order or a forced savings plan. They are rather a voluntary statement that the person or persons making the pledge will, so long as they are financially able to do so, invest a certain sum of their earnings each week or month in war securities. The fulfillment of the pledge will be considered a matter of personal honor and no machinery will be set up to make collections. Persons who are already participating in a pay-roll savings plan or who are already

Defense Movies

SMALL CROWD SEES PICTURES ON WEDNESDAY; TRAINING OF WORKERS CONTINUES

A very small crowd, less than 200 persons, attended the showing of government motion pictures, taken of the bombing of London and explaining ways and means of controlling bombs, shown yesterday afternoon at the Strand theatre. The picture was brought here under the auspices of the local Defense Council, of which E. C. Heilman is the commander.

Last evening in the high school auditorium, the pictures were shown to some 75 auxiliary firemen, policeman and district and block air raid wardens. Following the showing, the men were instructed in the approved method of extinguishing incendiary bombs.

On Monday evening, L. W. Larsen, who, during the first World War, directed operations of a plant manufacturing gas, lectured to some 75 firemen, policemen and air raid wardens at the school The meeting was most interesting for the defense workers, and lasted for nearly two hours. "Sniff Sets" were employed that the men might learn the odor of the several kinds of gas used in warfare.

There is a distinct need for emergency war supplies in Tecumseh, Mr. Heilman pointed out today and an effort will be made at once to obtain necessary funds with which to purchase them. Lists of first aid supplies have been submitted by Dr. P. B. Hardy and Miss Gertrude Spaulding, hospital superintendent.

Mr. Heilman also announced that soon a meeting would be called to instruct residents in the rural areas as to what to do in the event of air raids.

WAR NEWS AFFECTS YOU

The war psychology of the people of this country is an important factor in the nation's war effort. Consequently, it is important for every American to understand the long-range course of the struggle in order not to be unduly affected by events that occur from day to day.

Recently, for example, observers in Washington report a pronounced tendency toward optimism. The same current was felt throughout the nation. It was based, no doubt, upon the spectacular air raids upon the Philippines and on Japanese cities, the mounting aerial offensive against Western Germany and growing reports of the production parade of tanks, planes, guns and munitions in this country.

While we fully recogize the importance of enthusiasm and the necessity of hope to spur us to greater achievements, common sense requires that we recognize that nearly every wave of optimism is followed by a period of pessimism. These emotional jags may be unavoidable but they are unjustified by recent war events. The United Nations are gradually making progress against their enemies but the tide of battle has by no means turned.

We have done about as well as could be expected, in view of the tremendous task imposed upon us by our enemies. Despite talk of offensives, many weeks must necessarily elapse before the growing power of the democracies can be exerted against the foe.

Recognizing the truth of the statements above, we should realistically face the war situation. (1) The German Army may soon strike again and overwhelm the valiant Red Army of Russia. This would be a calamity. (2) Laval, pro-German leader of France might deliver the French Fleet into Hitler's hands which would precariously threaten the sea supremacy of the United Nations. (3) Even the Japanese might have some startling surprises for us. (4) Moreover, U-boats continue to sink Allied ships, making more difficult the transportation of American soldiers and supplies to vital war areas.

The American people, like the British, can take bad news. It will be easier, however, in the knowledge that preparation now going on absolutely insure the defeat of Germany, Italy and Japan. Nevertheless, the task before our fighting forces must not be underestimated and here is no excuse for believing that the war will collapse without our most strenuous exertion. We will win in the end but only by paying the full cost of a mighty offensive sweep against our enemies.

FARMERS KNOW NAMES

The American Institute of Public Opinion, which polls the nation upon public issues, reports that half of the voters in the United States are unable to name their representatives in Congress.

An interesting tabulation of the survey, by State groups, reveals that only forty-four per cent of the voters in New England, and mid-Atlantic States could name their members of the House of Representatives.

Voters in the East-Central and Far West groups of States, able to give the proper names, equalled the national average of fifty per cent, while those of the West Central group went up to fifty-six per cent and those of the South to sixty per cent.

The poll showed that in large cities, with 500,000 population or more, nearly three out of every four voters were ignorant of the name of their Congressman. Farmers, on the other hand, were the best informed of all groups, with sixty-seven out of every hundred being able to give the correct name of their representative.

Official U. S. Treasury War Bond Quotas For May

U. S. Treasury Official War Bond Quotas for May

May Quota for State, $21,646,500

The above map of Michigan shows the War Bond quotas, by counties, for the month of May, 1942. Total War Bond quota for the State is $21,646,500. Every income earner in the State is expected to step up War Bond purchases on a basis of ten per cent or more of income. This is necessary to help America's armed forces take the offensive against the Axis powers. The American voluntary method of War Bond purchases must be successful in reaching the quotas set by the Treasury Department for every county in the nation. The job of every American now is to stop spending and save dollars to help win the War.

Why Is a Newspaper Like Your Store?

Here's the Answer
In a Few Paragraphs--

A newspaper, believe it or not, is for the most part like the biggest store, the best patronized store, the most talked-about store in the community it serves.

Why? Because—

1. That newspaper never yet has been published that reached into EVERY HOME in its trading area.
2. That store never yet has been operated that listed EVERY RESIDENT of its trading area as its customer.
3. That bank—regardless of how strong its vault—never yet has listed EVERY RESIDENT of its area as its depositor.
4. That mill, regardless of how fine its flour, never yet has served EVERY FARMER in its trading radius.
5. That utility company, with its hundreds of miles of wire, never yet has claimed EVERY RESIDENT as a telephone subscriber or user of electric lights.

In many respects, therefore, a newspaper IS like the biggest store, the biggest bank, the biggest business. Nobody serves everybody.

But there IS a difference between stores and newspapers.

1. YOUR NEWSPAPER serves MORE OF YOUR POTENTIAL CUSTOMERS with a single issue than your store could serve in several days.
2. These POTENTIAL CUSTOMERS have PAID YOUR NEWSPAPER to serve them. They are SUBSCRIBERS to YOUR NEWSPAPER. They are interested in the community that YOUR NEWSPAPER serves, in YOUR STORE and its ADVERTISING. Otherwise they would not be PAID subscribers to YOUR NEWSPAPER.

Price Ceiling

(Continued from Page 1)

production, are beginning to turn out an increasing amount of tanks and bombers and other machines of death. Furthermore, these finished machines require thousands of parts which, in turn, require transportation in thousands of freight cars.

By next fall and winter, two things will probably take place:

One is a critical congestion of railroad transportation, just as shipping today is faced with a critical shortage. Every ton of coal bought today for delivery this spring and summer will free rail road cars next fall and winter for rush shipment of tanks and guns and shells and will ease any threat of a coal shortage.

A plane for MacArthur's men, a tank to shove the Germans back to Berlin, a gun to blast the Japs out of Manila — will NOT be held up in order to ship coal for your home. Want to help MacArthur? Then order your coal TODAY!

Second coming event of transportation importance is an inevitable depletion of rubber tires. How long will your tires last? There's the rub.

Governor Murray D. Vandagoner has summoned mayors of some 30 leading cities of Michigan to consider adoption of the "Pontiac Plan" (explained in this column last week.)

Instead of the wasteful spectacle of four or five automobiles heading in the same direction at the same time, each with an empty back seat, one car might do the job. Traffic would be reduced, parking problems eased, many lives saved—all because the Japs seized rubber plantations in Malaya 10,000 miles way!

"Drive slower and speed victory" may be another 1942 war slogan.

These are small sacrifices for us to make.

Michigan citizens are going to make them cheerfully and willingly. For we realize that the war can be won or lost on the home from, that in the doing of thousands of little things, not always in spectacular acts of bravery, will we on the home front make our contributions for victory.

HAPPY CIRCLE P.T.A.

Much of the material and equipment needed to supply you with gas and electric service is difficult or impossible to get. Many of our highly skilled and trained men are in the armed forces of the United States. *"Some 230 Consumers Power men are now in the Army, the Navy or the Marine Corps."* Naturally, these conditions create a problem. We are making every effort to meet this problem in a way that will not interfere too much with our service to you.

HELP US TO HELP YOU...
By Following These Simple Suggestions Whenever It Is Possible

1. Give as much notice as possible when you move.
2. Learn to replace fuses yourself. It's as easy as changing a light bulb. People at any of our offices (or your meter reader) will show you how. Keep a few spare fuses on hand.
3. If your refrigerator is more than three years old, ask for an inspection before hot weather comes. The cost is moderate, and the service man (your dealer's or ours) can make the inspection when he has another call in your neighborhood. That will help avoid a rush trip later. If repairs or adjustments are indicated, they can be made before the summer rush season.
4. Avoid requesting "rush" service. Try not to call for service on Saturdays, Sundays or at night. You can help the Nation save rubber by permitting us to handle your service calls on regular trips.
5. Be patient with the trouble man or service man. Remember that he'll be carrying an extra burden. He'll get to you as fast as he can. But you wouldn't want him to hurry so much that he'd become slipshod in his work.
6. Don't ask for delivery of lamp bulbs, iron cords and other small, light items. Buy them when you shop for other things.
7. Use as much electricity as you NEED but don't waste it. Let's not waste anything.

Michigan Air Raid Law

Read Carefully, it applies to you. Familiarize yourself with rules governing black outs.

State of Michigan. Sixty-first Legislature. First extra session, 1942.
House enrolled act No. 4, Bill No. 7.

An act regulating the movement of traffic and use of highways during blackouts and air raids; and prescribing penalties for the violations of this act.

The People of the State of Michigan enact:

Section 1. From the time the official air raid signal is given, continuously until the official all clear signal is given thereafter, only the following types of traffic shall be permitted to move:

a. Vehicles of the armed forces of the United States of America.

b. Ambulances, vehicles being then used by physicians in the performance of their professional duties, municipal, county, state and federal police agencies and fire vehicles, and vehicles being then officially used by the several branches of the civilian defense organization.

c. Vehicles actually in emergency service for the repair or control of public utility equipment, whether privately or publicly owned.

d. Vehicles of the Michigan state troops under actual control of officers or enlisted men of the Michigan state troops and actually in emergency service.

e. Such other vehicles as may be permitted to move on special order of the commissioner of the Michigan state police or his duly authorized representative, chief of police of any incorporated city having an organized department of police, civilian defense authorities or military authorities.

Sec. 2. Vehicles described in subsections a and b of the preceding section shall be deemed emergency vehicles and as such shall have general right-of-way over all other traffic except that ambulances, municipal, county, state and federal police agencies and fire vehicles shall have the right-of-way over other emergency vehicles.

Sec. 3. All vehicles in emergency use not already visibly marked as such shall be lettered on the front, sides and back with the letter "E" painted in white, said letters to be of a size of not less than 1 foot. It shall be a violation of this act for any person to own or operate a motor vehicle with such emergency markings unless authorized in accordance with the provisions of section 1 hereof.

Sec. 4. Operators of all other vehicular traffic shall:

a. Immediately draw to the side of the highway or street and stop in such a manner and in such a place so as not to obstruct the reasonable use of the highway or street, or any intersecting highway or street, fire hydrant, or police or fire station driveway or other emergency driveway.

During the period of such air raid alarm, parking regulations pertaining to lights, time limits, loading zones, distances from intersections and parking in prohibited zones shall be suspended except insofar as their violation may constitute a violation of this act.

b. Extinguish all lights.

c. Lock the ignition of such vehicle, but shall not, in any case lock the doors of such vehicle of left unattended.

d. Set the hand brake of such vehicle.

e. In the case of horse-drawn vehicles, immediately halter the horse or horses thereof firmly and securely to a fixed object if one is available and if none is available to the vehicle itself after unhitching said horses.

f. Postal vehicles shall not be governed by the provisions of subsection c of this section, but shall be locked to conform with United States postoffice regulations, or shall be allowed to drive to the nearest postoffice where mail can be removed and locked up.

Sec. 5. Nothing in this act contained shall operate to limit the authority of any police officer, air raid warden, or other duly authorized officer to prescribe the place and manner of the parking or storage of such vehicle or vehicles, in which event operators of vehicles shall immediately comply with the lawful directions of such officer or officers.

Sec. 6. "Blackout" is defined as a condition in a prescribed area under which all or certain lights are extinguished, subdued, or effectively screened by the army, navy, civilian defense, or police authorities during a period from half an hour after sunset to half an hour before sunrise, or any period of time thereof. During blackouts, when no air raid signal has been given, no person, firm or corporation shall operate any vehicle which is not equipped with headlighting devices so as to prevent said lights or the reflection thereof from being visible at such altitude as may be prescribed by the United States army.

Sec. 7. Operators of vehicles moving under blackouts when an air raid signal has been given shall observe the following rules and regulations:

a. No person shall drive or operate any vehicle at a speed in excess of 20 miles per hour, nor in a manner so as to endanger the life, limb or property of any person.

b. Operators shall obey and conform to all officially placed traffic signs, signals and markings, whether the same be of an emergency or temporary nature or not.

c. Where special routes have been officially established operators shall conform to such route designations both as to direction and type of vehicle.

d. Where speeds of less than 20 miles per hour are designated by offical signs or markers or by direction of a police officer or othe authorized officer, operators shall not drive vehicles in excess of such lowered speeds.

e. No operator of a vehicle shall drive to the left of the center line of the highway, one-way streets excepted, except in cases where the righthand side of said highway is impassable and then only in such a manner as not to endanger other traffc then and there lawfully upon said highway.

f. No operator of a vehicle shall pass any other vehicle proceeding in the same direction and shall not drive within a distance of 50 feet from the vehicle immediately ahead proceeding in the same direction, except in cases where the pavement is of sufficient width to accommodate more than a single lane of travel in the same direction and where the operator of such following vehicle is in another lane than that of the vehicle which he is overtaking.

g. In rural areas outside the limits of incorporated cities and villages operators shall not drive at speeds of less than 15 miles per hour unless directed to do by official signs or markings or by a police officer or other authorized officer. Any operator of a vehicle may elect to operate at a speed of less than 15 miles per hour, but when operating his vehicle at such reduced speed he shall, upon signal from the vehicle which may be immediately following, turn over to the extreme right-hand side of the highway, stop, and allow the vehicle following to pass on his left.

h. No operator of a vehicle shall turn said vehicle around on any street in any city or village so as to proceed in the direction from whence he came.

i. During blackouts no pedestrian shal cross or attempt to cross any street at any place other than an established crosswalk except in compliance with the directions of an official sign or marking or under the direction of a police officer or other authorized officer.

j. At all established crosswalks where traffic is controlled by a police officer or other authorized officer or by official signs or signals, pedestrians shall obey the directions of such officer, signs or signal.

k. At all established crosswalks where traffic is not controlled by a police officer or other authorized officer, or by an official sign or signal, pedestrians shall come to a stop before entering upon the street or highway.

l. In all cases where pedestrian overhead crossings or tunnels have been provided, pedestrians shall use said overhead crossings or tunnels instead of crossing on the pavement.

m. No domestic animals shall be allowed to roam or graze upon the right-of-way of any public street or highway during blackouts and it shall be the responsibility of the person in whose control and custody said animals are, to remove such domestic animals and to so confine them that they may not return to the public highway for the period of the blackout.

n. Preceding subsections a, b, d and f shall apply also to the operators of vehicles moving upon fixed rails upon any public street or highway.

Sec. 8. Nothing in this act contained shall be construed so as to regulate traffic upon the public streets and highways at times other than during air raids and blackouts. Under all other conditions, laws and ordinances now in effect and which shall hereafter be enacted shall remain in force and be effective. During the period of air raids and black outs all matters with reference to the control and regulation of traffic which are not specifically legislated upon herein shall be governed by other prevailing laws and ordinances which are now and may hereafter be effective.

Sec. 9. Any person who shall violate any of the provisions of this act shall be guilty of a misdemeanor and on conviction thereof shall be punished as provided by the laws of the state.

Sec. 10. Should any provision or section of this act be held to be invalid for any reason, such holding shall not be construed as affecting the validity of any remaining portion of such section, or of this act, it being the legislative intent that this act shall stand, notwithstanding the invalidity of any such provision or section.

Sec. 11. This act shall expire upon the termination of the state of war now existing between the United States and each of the various other nations or countries of the world with which this country is now at war or with which this country may be at war prior to the cessation of the present hostilities.

This act is ordered to take immediate effect.

investing regularly in bonds and stamps are urged to indicate the amounts which they plan to save by such methods in the future on a pledge card as it is only through this means that the government can obtain a complete picture of the amount of receipts which they may expect through this source in the future.

All Tecumseh residents are urged by W. L. Berkhof, executive chairmen of the local War Savings Committee, to consider the question of the amount which can be pledged previous to the time of the campaign so that the work of the canvassers can be speeded up. It is particularly important that husbands and wives discuss this question as the calls to the homes will be made during the day and repeat calls which might be necessary in case where a family agreement had not been reached would place an added burden upon the persons conducting the canvass.

Special attention is called to a statement made by Mr. Frank N Isbey, chairman of the War Savings Bonds Committee for Michigan that "the voluntary method of financing will make unnecessary any enforced deduction at the wage source and the successful meeting of quotas during May plus the pledge of continued systematic investment in the future will undoubtedly stem the enactment of any Governement measure seeking to put a direct deduction on the pay envelope."

One of the questions which will, no doubt, be raised often by Tecumseh residents is whether or not a pledge is to be signed if stamps or bonds are already being systematically purchased. This is particularly true locally because of the very high percentage of employees of the Tecumseh Products Company who are already investing through the pay-roll deduction plan. The answer to this question can best be stated by quoting the following statement issued by the Treasury Department. "The pledge is not an additional premium to buy, but merely a way to show the government what you are now doing." All persons who are now participating in a savings program should, therefore, feel free to sign the pledge as this will involve no obligation beyond that which has already been incurred.

Preliminary steps which have been taken in preparation for the drive include a recent trip to Jackson by W. L. Berkhof, George Parsons and Fred Dickinson, members of the local War Savings Committee, to attend a meeting called by the State War Saving Staff for the purpose of considering and discussing the canvass.

Details regarding the organization of the drive were also discussed by Mr. Berkhof before the members of the Legion Auxiliary on Monday evening. This meeting will be followed by other meetings of the auxiliary and a final meeting on Monday morning at 9 A. M. at the high school for final instructions.

Who Is The Biggest, The State or Uncle Sam?

Ernest Wright and his son, George, of Ridgeway, motor transport drivers, believe its a peculiar world. And here's the reason:

Last week they were taking a U. S. government transport trailer from Flint, Michigan, to an army camp in Arkansas. Everything went well until they reached the Arkansas state line. There they were stopped by officers who said they were state police and a highway checker for the state. After an inspection the Wrights were told that it would cost them $35 for a license to transport the government property through the state and to the camp.

'What did we do?" Mr. Wright replied to the question. "We left the trailer at Corning, Ark., and phoned Flint, asking that the mess be straightened out at Washington. We weren't the only ones stopped, others were there too.

"I accused the officers of being pro-German and pro-Jap, but it didn't make any difference. They still demanded their $35, even though the transport did belong to Uncle Sam."

The Wrights are at home, waiting the chipping of government red tape. Then they'll go back and finish their delivery.

AT PRESS MEETING

Eight Tecumseh high school students were in Ann Arbor last Friday and Saturday attending the annual meeting of the Michigan Interscholastic Press Association convention, held in that city. The sessions were under the auspices of the department of journalism of the University of Michigan. Those going from here were Dalton VanValkenburg, Jean Marie Herrick, Mary Wright, Ruth Schneider, Mary Louise Stephenson, Jean Bailey, Mary Jane Smith and Lenore Larsen. Mrs. Lois Service, head of the journalism department of the high school attended the Friday sessions and Mrs. Karl Schneider chaperoned the group Friday night and Saturday.

AN OPEN LETTER TO FORD OWNERS!

READ IT CAREFULLY

Dear Customer:

From your radio and your newspapers you have been made familiar with the restrictions placed on Automobile Dealers and the difficulties we have ahead of us for the duration of the War.

During the past 12 years we have been your Ford Dealer and it is our intention to carry on in the same capacity until such time as restrictions or lack of business prohibits our operation.

RESTRICTION IS a government matter but LACK OF BUSINESS is a matter concerning you and your car and us.

We carry thousands of dollars worth of Repair Parts and Accessories for your car in addition to special Machinery and Experienced Mechanics to do the work on it. In order to make all of this practical and worthwhile, we of course must have your cooperation. In other words, we need you to make our future existence possible and you need us to keep your car running. You may feel that it is easier for you to run in to the corner gas station for your OIL CHANGES, LUBRICATIONS, WASHES, POLISHES and MINOR REPAIR WORK even though it costs you the same as we charge you but when you do this, you are lessening our chances of staying open. You may say to yourself, why should I be concerned as to whether he stays open or not? Here is the answer:

If we go out of business, it would be impossible for the factory to secure another dealer in our place until the War is over because no individual in his right mind would think of making an investment in a dealership with the LOSSES that's ahead for our kind of a business. This means if something happened to your car, you would be unable to secure REPAIR PARTS without experiencing delays of weeks and possibly months as gas stations and small repair shops do not carry these items and cannot buy any from the manufacturer. When you bought your car, one of the main things you were interested in was that the Dealer was equipped to give you the kind of SERVICE you wanted when you needed it. From now on you are going to need us more than ever as your present car must be kept going. A new one will not be possible until all of this is over with.

Our place is as close to you as your phone. CALL AND WE WILL DO THE REST.

So bring your Ford home for Service.

Baptists Hold County Meeting

LENAWEE-MONROE ASSOCIATION IN 103rd SESSION AT MORENCI TODAY

The Lenawee-Monroe Baptist Association is holding its 103rd meeting today at the Baptist church in Morenci with sessions at 10 a. m., 1:30 and 6:30 p. m.

During the morning service devotions will be led by the Rev. Mr. Small of the Rollin Baptist church, a welcome will be given by the host pastor, the Rev. N. D. Johnson, business sessions will be conducted by the Moderator, Herbert Porter and the annual sermon will be preached by the Rev. Mr. Coers of the Adrian Baptist church. The reading of church letters will conclude the morning service.

In the afternoon after conferences for women and men, officers for the ensuing year will be elected, and a memorial service conducted by the Obituary Committee. These will be followed by a missionary address by the Rev. J. A. Foot and messages by officers of the Michigan Baptist Convention.

During the evening session, which opens with a banquet for all present, the devotions will be in charge of the Association B.Y.P.U. The missionary, the Rev. Mr. Foot will deliver the address of the evening.

Baptist churches from Lenawee and Monroe counties will assemble for this Association.

Scrap Metals Drive Started

OLD IRON BRASS AND COPPER OR JUNK PILES NEEDED FOR DEFENSE

A drive is being made throughout Lenawee county in an effort to move old scrap rubber and metal from farms.

There's lots of old scraps metal around farm yards, in attics and basements, and not only is it useful, but it is vital to the success of the war effort. Foundries have shut down in some parts of the country because of the inability to get sufficient supplies of pig iron, brass, or copper.

That old copper tubing in the barn may become part of a shell that will blow up a Japanese cruiser. Your scrap rubber can be reclaimed for use in a jeep tire—that's the case Donald M. Nelson, chairman of WPB is pleading before the farmers of the country—and of Lenawee county.

The county salvage committee, headed by Richard H. Goff, is swinging into action to collect every bit of usable scrap metal on farms of this section.

Letters describing the need by the United States for the metal and methods of salvaging it are being mailed to farmers in the county. Inclosed in the letter is to be filled out and placed in the mail. It states whether the farmer is willing to sell or give his metal, what materials he has on hand and whether a truck is needed to move them.

"Farmers are urged to return the cards whether they have scrap metal or not. We want as complete a report of salvaging materials in the county as possible," Mr. Goff said.

The letters states, "Whether you dispose of your scrap through the government, to a dealer, or by other arrangement does not matter. The important thing is to get it moving now." Provision is being made to pick up metals and rubber by trucks and farmers will be notified when this will be done.

The message from Mr. Nelson said in part, "Our country is at war. Final victory depends on how fast we can give our fighting men the weapons and machines to do the job. Today the mills making steel for ships and tanks as well as for new farm machinery are hungry for iron and steel scrap. The plants producing planes, guns and shells need more copper, brass and other metals."

One hundred pounds of steel scrap will produce 86 steel fighting helmets.

Control Price of Food May 18

100 COMMODITIES INCLUDED IN GROUP; PRICE "FROZEN"

Lansing, May 14—Michigan retailers are tightening their belts this week.

Federal price control, probably the most revolutionary step ever taken in our national economy, will go into effect in just ten days .

It's the NRA all over again, except Uncle Sam is wielding the big stick. The Blue Eagle is back. Like it or not, price control is on the way. And with it are due other economic restrictions, staggering in their aggregate significance. Most economists agree that you can't freeze prices without the accompanying power of rationing commodities of which sugar is only the first. The grade will be steep.

What is it all about, anyway?

Let's take a look at it from the retailer's point of view.

On and after Monday, May 18, every retail store in Michigan must publicly display the ceiling prices of selected "cost of living" commodities—about 100 in number. After July 1 every retail store must have, available to anyone upon request, a prepared statement of the highest prices for all commidities which the store delivered or supplied during March, 1942, which is the period adopted for the price freeze.

Uncle Sam will possess control though automatic licensing of all retailers and wholesalers.

Exempt from price control are insurance, real estate and professional fees; advertising, motion pictures, wages, common carrier and public utility rates.

Although an estimated 60 to 70 per cent of all food consumed in the average family's budget are included in price control, the exemptions include eggs and poultry, all milk products, flour, mutton and lamb, fresh fish and seafoods and game, and dried prunes and beans.

Also excluded from price control are books, magazines, periodicals, newspapers, precious stones, etchings, sculptures, used automobiles and many others.

No ceilings exist on food or beverages sold for consumption on the premises by restaurants and hotels because of difficulty of enforcement due to possible adjustment in quantity and quality of servings.

Farmers may sell commodities grown and processed on his farm to a total of not more than $75 in any one month without price restriction.

Of course, used household merchandise is excluded. And so are professional or skilled services.

How will this affect the retailer?

According to Otis Cook, manager of the Michigan Retail Institute, the general effect will be unfavorabl on fall units of business unless the Office of Price Administration grants equitable relief from the arbitrary freezing of both retail and wholesale prices of March, 1942.

freezing, in Cook's judgment, is the prospect of a grdwing scarcity of merchandise due to war priorities and a resultant shrinkage of sales and profit. Rationing of important commodities is regarded by Cook to be inevitable.

One favorable factor may be a tendency for the price ceiling to become the prevalent selling level. As sales drop off, selling prices will rise toward the ceiling.

Lag of price movements is the basis of complaints by retailers.

For example, a store may have sold in March a product for $1 which is purchased six months before for 60 cents, thus allowing 40 cents for operating costs and profit.

At the same time this store, if it bought the same merchandise in March might have had to pay 70 cents. Hence the selling price would have become $1.10.

When the government froze the price at $1, it automatically cut the retailers margin from 40 to 30 cents, a 25 per cent diffierence. The OPA insists that any "roll back" must be at the expense of manufacturing and wholesale prices; that the $1 ceiling must prevail, come what may. But will this be done?

One general effect is a drastic readjustment in which efficient stores may make the grade but inefficient units may not.

Services, instead of merchandise, may become substitute sources of retailing revenue.

Dr. L. J. Britton Dies Suddenly

FUNERAL SERVICES HELD ON WEDNESDAY FOR BRITTON VETERINARIAN

Dr. Leroy J. Britton, well known veterinarian of Lenawee county, died suddenly Sunday evening while visiting in the home of his brother-in-law, Earl Stowell, at Dundee, where he and Mrs. Britton were spending the evening.

Dr. Britton, who was 60 year of age, was born January 29, 1882, in Britton, where he lived all his life until a few months ago when he and Mrs. Britton moved to the home of his son, Dr. William S Britton here, when the latter entered army service. He received his education in the Britton school and the Grand Rapids Veterinary College, and practiced as a veterinary in this vicinity for more than 40 years. He also served as rural mail carrier out of Britton for over 30 years, retiring in October 1933. The Village of Britton was named for his grandfather, John Britton. He was a member of Tecumseh Lodge, No. 69, Free and Accepted Masons.

Survivors are the widow, formerly Mary Stowell, whom he married November 28, 1905; one son, Lt. W. S. Britton of Chicago, one daughter, Mrs. Donald Exelby of Dearborn, a grandson, Lee R. Britton of Chicago; two sisters, Mrs. Ira W. Calhoun of Detroit and Mrs. Gale Fisher of Pleasant Ridge. Another sister, Mrs. Wm. Rainey died 1. years ago.

Funeral services were held Wednesday afternoon at the Niblack Funeral Home in Britton with Rev. O. E. Priest officiating. Burial was in Ridgeway cemetery.

RICHARD HAMMEL, ROBERT LARSEN GET AWARDS IN SPEAKING CONTEST

Richard Hammel and Robert Larsen, Tecumseh high school seniors were awarded honors in the regional speaking contest held Friday in Adrian, Richard being awarded first place in the extemporary speaking and Robert placing third in the oratorical contest. This is the second year that Tecumseh high school has won first place in the extemporary speaking, Robert Larsen winning last year's contest.

Hammel spoke on the subject "The Bombing of Tokyo"—offensive War or a Stunt?" and Larsen's subject was "Can We Win This War?" Each was presented with an engraved dictionary and Hammel was given a banner for Tecumseh High School.

Twenty speakers from 15 schools in southeastern Michigan who had previously won district contests participated. There will be no state contests this year.

John Korican Dies In Hospital Here

John Korican, aged 52 years, a resident of Britton, died Saturday afternoon at Tecumseh Hospital after a long illness. He had been a patient in the hospital only a few hours.

Survivors are the widow, Mrs. Mary Korican, a son, John, a brother, Paul, all of Britton, and a brother, Joseph and a sister, Frances both in Czecho Slovakia.

Funeral services were held Tuesday morning at St. Dominics Catholic Church in Clinton. Rev. Fr. John A. Ross officiated and burial was in the parish cemetery.

Pageant Heads Are Announced

PLANS ARE GOING FORWARD; $25 DEFENSE BOND OFFERED FOR BEST NAME

Plans for the staging of a gigantic pageant here, July 29, 30 and 31 and August 1, under the direction of the John B. Rogers Production Company moved a little closer to completion today when the committee in charge of the spectacle was announced. The pageant will be staged at Recreation Center, and more than 400 persons will take part.

Mayor J. Floyd Elliott was named as honorary chairman of the pageant and Ray W. Herrick as advisory executive chairman. The general chairman is Charles O. Butler, secretary and treasurer, Mrs.. Robert H. Moore, financial chairman, Frank K. Smith; publicity, Perry Hayden; spectacle, Mrs. Sam Sisson. The last five mentioned make up the executive committee. Sub-committees will be named in each divison, but these have not yet been announced.

The only sub-committee completed thus far is the scenario and title committee, from the spectacle division group. Miss Clara Waldron is the chairman and other members are Mrs. Hazel Dickinson, Mrs. Chas. Williamson. Mrs. Edith Ingersoll, Mrs. L. Carlson, Mrs. R. H. Moore, R. K. Anderson, Miss Jane Elliott and J. N. Satterthwaite, historian. This committee has been active for about a week, and the enthusiasm thus far displayed forecasts the pageant's success

The committee in charge of publicity has offered a $25 War Savings Bond to the person submitting the most appropriate title for the pageant. Entries in this contest should be mailed not later than midnight, May 25, to the Contest Editor of The Herald. The contest is open to the public, except members of the Community Activities Commttee of the Center, or their families. The title should be accompanied by an essay of not more than 50 words, telling why the name was chosen.

"Tecumseh did a remarkable job when it staged a pageant here in 1924, celebrating the village's 100th birthday," Mr. Butler said today, "but we intend to make the 1942 pageant even greater. There will be over 400 in the cast, and nothing will be spared to make the show one of the finest ever produced in Southern Michigan. We also intend to make the pageant an annual affair. Holland has its tulip festival, Cheansing and Lowell its Show Boat, and many other cities have annual exhibitions that attract thousands of people. The pageant will be built around the early life of Tecumseh and the River Raisin Valley, one of the most historic spots in the state."

The money derived from the pogeant will be used to improve the Recreation Center, opened for the first time last fall. Contributions a year ago, it was said, were not sufficient to complete the Center in the manner planed by the committee.

DOG OWNERS WARNED TO CARE FOR CANINES

If you have a dog, and think anything of it, read this warning carefully. It may save you your dog, and a few dollars, besides.

Deputy sheriffs have received numerous complaints regarding dogs running at large, destroying freshly planted gardens, tipping over garbage cans.

The deputies warn that dog owners are responsible for any damage done by a licensed dog. Unlicensed dogs may be shot on sight. All dogs, under the law, must be tied on the premises at night. Dogs may not leave the premises during the day time without the master.

The officers warned that some Tecumseh people are angry enough to sign complaints against certain dog owners, if damage by dogs can be proved, owners must pay.

Its the law, they say. So, watch your dog.

TO MEET FRIDAY

The Tecumseh Garden Club will be entertained Friday afternoon by Mrs. C. C. Ruppel, Mrs. R. S. Moore, Mrs. Lewis Lent, Mrs. Lester Rogers and Mrs. A. Wray in the Ruppel home on Brown Street. Grace Sharritt of the Detroit Free Press will be the speaker. Members are to name a favorite wild flower in response to roll call and a May Basket contest will be held. Mrs. Roy E. Cadmus will have a paper on Iris.

CONTRACT IS AWARDED FOR SCHOOL BOILERS

The board of education in meeting Tuesday evening, awarded the contract for the installation of new boilers in the heating plant at the central school building to Charles A. Seitz. The amount of his bid was $4,300. The boilers will be installed this summer, and without stokers. Priorities affect the purchase of stokers, and these may not be obtained it was said.

The board instructed Superintendent Berkhof to inquire into the advisability of operating a summer recreation program at the Recreation Park, and the hiring of a full-time instructor. The program would include activities for both youth and adults.

Sales Boosted

BERKHOF SAYS BOND AND STAMP SALE SOLICITATION CAMPAIGN WAS A SUCCESS

W. L. Berkhof, chairman of the Tecumseh War Bond and Savings Stamps Sales Committee, said today that he had not yet completed a survey of the report turned over to him by members of the Underwood-Orr Post, American Legion Auxiliary, which organization this week Monday and Tuesday conducted a sales pledge campaign in an effort to increase the sale of bonds and stamps in the village.

"I have looked over enough pledge cards" Mr. Berkhof said, "to know that the work was very carefully and very thoroughly done, and I am confident that the sale of bonds and stomps locally will be increased materially as the result of the canvass. The wosult of the canvass. The women men participating in the effort are to be congratulated for their fine work.

Mr. Berkhof said that the plans to make a detailed accounting of the campaign next week, following a survey of the report over the week end.

The local campaign was a part of a gation-wide drive to voluntarily increase the sale of bonds and stamps. The local women canvassed every house in the village, asking residents to sign pledge cards to purchase a certain amount of bonds or stamps in a given period. They reported excellent cooperation on the part of residents.

Scrap Metal is Worth $10 Ton

FARMERS URGED TO BRING OLD METAL TO TECUMSEH TECUMSEH NEXT WEDNESDAY

An intensive drive to obtain 100 or more tons of old scrap metal from the farms of Tecumseh and its vicinity, the iron to be used to aid the nation's all-out war effort, was announced today in a cooperate program launched by local implement dealers. Cooperating dealers are the Robison Farm Equipment Co., Partridge Implement Co., and the Hoyt E. Whelan Implement Co.

The local program calls for the collection of the metal by the farmers who are asked to bring it to Tecumseh next Wednesday, May 20. They may weigh their loads at the R. S. Moore & Son Co., scales, the Hayden Fuel & Supply Co., or the Hotrum Coal Co., without charge. The weighmasters will furnish each farmer with a weight slip., and the metal is to be dumped on the lot in the rear of Dr. H. H. Hammel's office building. Weigh slips must be taken to the office of F. C. Hanna, where the farmer will be paid in cash for his old metal at the rate of $10 a ton.

The local implement dealers are furnishing the money to pay the farmers. They, in turn, will sell the old metal to a junk dealer. If any profit is realized, after expense are paid, it will be turned over to some local organization, it was said.

The implement men pointed out that there is a critical shortage of scrap metal throughout the nation, threantening to slow down war production unless it is overcome. They declared that it is of utmost importance that every piece of scrap iron on farms to be speeded to foundries and steel mills to make more munitions.

"Don't say, 'I am too busy,'" is the appeal the implement men sent to the farmers . "We are too busy to let these boys down who are fighting every day that complete and final victory will be ours. They need guns and amunition. On your farms is scrap needed to make these materials."

The Rev. O. V. Robison, Tecumseh's chairman of the scrap metal and waste paper campaign, gave the implement dealers' program whole-hearted endorsement and urged that farmers in this vicinity cooperate with the plan 100 per cent. "It is a patriotic duty," the Rev. Mr. Robinson pointed out.

"Some farmers may have only a few pounds of metal, others will be able to find several hundred pounds, may be a ton or more. We need every bit of metal we can get and, we need it now. We must not let our boys down."

Mr. Robinson also announced a scrap metal drive in Tcumseh next Saturday, in connection with the waste paper collection. Thes far, in the village, the Boy Scouts have collected some three tons of metal, and Mr. Robinson thinks that there may be a ton or two more now available. Residents are asked to put the old metal on the boulevard or lawn, that the Scouts may pick it up Saturday, during the waste paper pick-up.

Tecumseh has done well in its waste paper collection campaign, Mr. Robinson said. Thus far the Scouts have collected over 50,000 pounds of old paper, which has been shipped to mills at Monroe and other points.

MARRIED IN RENO

Members of the supervisors' committee that allocated the money are W. E. Swick o Macon township, J. C. Moore of Deerfield township and Matt Benner of Dover township.

Civil Defense Plan Outlined

ROTARIANS HEAR HEILMAN AND JOHNSON TELL OF PROGRAM IN TECUNSEH

The preparation Tecumseh is making for war emergency through the Civilian Defense Program was explained to Rotarians on Tuesday by E. C. Heilman, commander, and Paul Johnson, cheif air raid warden, when they addessed the club, following noon day luncheon at Brees House.

Mr. Heilman, who is first in command of Tecumseh defense program, outlined the work that has been going on for several months, during which time auxiliary policemen and firemen have been given special training, and air raid wardens, first aid assistants and others have been given additional instructions.

"Tecumseh is cooperating 100 per cent in the program, and we have a very efficient organization," Mr. Heilman declared. "We are indeed grateful to everyone who has given of his time and effort to make this training a success." E. M. Campbell has instructed more than 150 persons in first aid work, and is still teaching two and three classes each week.

Mr. Johnson, high school teacher, who recently was sent to Jackson to attend the Legion's air raid wardens school, has given many hours of instruction to local wardens. Mr. Johnson told of the work that is being done here, and declared that Tecumseh's defense program is functioning smoothly.

"It is everybody's job to cooperate in this program" he pointed out, "because everybody is interested. One never knows, in the event of a raid, whose property will be destroyed. It is up to the public generally to familiarize itself with precautonary measures, for their own protection and for the protection of others."

Mr. Johnson declared that national defense officials believe Michigan to be a "likely" target in the event of Axis air raids, because of its heavy war production plants.

3,287 Get Sugar

RATIONING BOOKS ISSUED AT SCHOOL LAST WEEK; REGISTRATION CLOSED

The registration of Tecumseh residents for sugar rationing books was completed under the direction of W. L. Berkhof, superintendent of schools here, last week, a total of 3,287 books having been issued in this village.

Mr. Berkhof said today that insofar as he knew, the registration locally has closed, and that persons who failed to register, if any, must now await further instructions from the government. Added or new registrations will be madt at Adrian, he said.

The work of registering the local residents was accomplished under the personal direction of George Parsons, high school instructor, assisted by a score or more of public spirited women. The registration was completed in two days, and without confusion.

SPECIAL SERVICE

The local Baptist church is cooperating in a nation-wide observance of "I Am An American Sunday" and special musical numbers will be presented at the Sunday morning service. The selections will include "I Am An American" by the chorus; vocal solos "America, I Love You," by Mrs. Harley McConnell, and "Just American" by Mrs. R. S. Moore. In closing the congregation will sing "God Bless America."

Get Authority For 15 Houses With Priority

GOVERNMENT ACTS, UNDER DEFENSE AREA AUTHORITY, TO RELIEVE CONGESTION

Mr. Jones said this morning that he had been advised that all priorities in defense areas had been ""frozen," by the government. This would mean Tcumseh's building program as a defense area would be delayed."

Authority for priorities enabling the building of 15 new house—possibly 30—in the Village of Tecumseh before September 1, was received late yesterday by Wade L. Jones, secretary of the Chamber of Commerce, from the National Housing Agency at Washington. This was the government's first move, following the declaration of Tecumseh as a defense Area, about 10 days ago.

"The order I received is not quite clear," Mr. Jones said. "It specifies that priorities will be issued at once for 15 houses, and then speaks of a 'new quota' of 15 houses, which may mean 30 in all. I am writing to Washington to clear up this section of the order."

The order explains that the priorities assistance is granted in accordance with the a recent survey, and is intended to meet the needs of war workers in defense industries. All houses built under the order must be within a two-mile radius of the village, or in the village.

The Tecumseh order permits the building of four houses at a sale range of less than $3,000. One of these homes may be sold, the others must be rented at less than $25 a month. These houses are intended for a family income of less than $1,500. Six houses may be built at a sale range of $3,000 to $3,999, of which number two may be sold and four rented at a price of from $25 to $32.99 a month. Five houses may be built at a sale range of $4,000 to $4,799, of which number two may be sold and three rented at a price of from $33 to $39.99 a month. No houses may be built with a sale range of more than $4,799.

Mr. Jones said that he believed that work will be started at once on the first 15 houses, and if the order permits 30, he assumd that that number would be under construction within 60 days. He said that an appeal might then be made to Washington to permit the building of 15 or 30 more to relieve the crowded condition, due to increased production on war work.

SANFORD MIDDLEBROOK FUNERAL NEXT SATURDAY

Sanford Middlebrook, aged 59 years, local barber for the past 15 years, died Wednesday afternoon at Tecumseh hospital where he had been a patient since Tuesday.

COURAGE ON BATAAN

The full story of what happened on Bataan Peninsula cannot yet be revealed, but Nat Floyd, a correspondent of the New York Times, tells enough to show that the American people suffered from illusions down to the moment of actual surrender.

For example, Mr. Floyd says: that "just before the fall, as high as eighty percent of a typical regiment had malaria thirty per cent, had bacillary dysentery, ten per cent, had amoebic dysentery and some had hook worm. This," he said, "is indicative of the condition of the men when the Japanese started their last big drive, reinforced by men, planes and tanks."

Mr. Floyd pays high tribute to the spirit and fighting quality of the men, both American and Filipino, on Bataan Peninsula. He describes four major actions from late in January, when the American line was drawn half way down the peninsula until late in March, when the Japanese made preparations for their final assult. In these engagements, some 2,500 Japanese were slain and American positions were relieved of dangerous threats.

Significantly, Mr. Floyd says that "knowing the Japanese from almost three years in Tokio, I determined never to be captured. Any risk of death still seemed better to me than suffering the indignities of slavery above all under the Japanese."

The main worries of our soldiers were food, sickness and the future. In January, the trops went to two meals a day with a poor quality of corn beef hash, salmon, beans, bread or rice as staples. The drug supply was low. The men suffered from malaria, dysentery malnutrition, beri-beri, scurvy and hook-worm. They were, at the end, tortured by fatigue and lack of sleep. Besides, they had to face wounds and death.

The story of Bataan reveals the fighting spirit of American troops and should make people at home realize that their so-called sacrifices are not to be mentioned in connection with the bravery and suffering of those under fire.

FOOD SUPPLY AMPLE

With many American families dependent for their food upon the production of American farming, it is interesting to note that the supply of food in this country is expected to be the largest on record in 1942.

A small increase in crop acreage is exepected in 1942 and crop conditions are reported as generally good. Livestock has increased and the supply of feed in ample.

The Bureau of Agricultural Economics reports that stocks of crop and livestock products at the beginning of 1942 was the largest on record. Together with the increased yields expected in 1942, there seems no reason to expect a shortage of food in this country.

This does not mean that we have any food to throw away. Our supply of food must be stretched to met domestic needs, to feed our armed forces and to assist in meeting the needs of our allies.

FARM HOUSE DESTROYED

The house on the Beecher Lighthall farm a half mile south of the Onsted shoolhouse was destroyed by a fire which was discovered at midnight Friday night by two motorists. Mr. Lighthall lives in Detroit and the farm is occupied by his son and wife Mr. and Mrs. Marvin Lighthall who were in Dearborn.

The men stopped and after failing to arouse any one they drove to the home of Allan Seager who called the Onsted fire department. The fire apparently started in the kitchen from an unknown cause and it was out of control when the firemen arrived.

The house which was of frame construction burned to the ground and all the contents were destroyed.

The loss is partly covered by in other farm buildings.

ed. The fire did not spread to the surance.

HELP
Together we can do a better job for UNCLE SAM

★ Every utility company is faced with the duty of helping Uncle Sam win this war. Much of the material and equipment needed to supply you with gas and electric service is difficult or impossible to get. Many of our highly skilled and trained men are in the armed forces of the United States. *"Some 230 Consumers Power men are now in the Army, the Navy or the Marine Corps."* Naturally, these conditions create a problem. We are making every effort to meet this problem in a way that will not interfere too much with our service to you.

HELP US TO HELP YOU...
By Following These Simple Suggestions Whenever It Is Possible

1. Give as much notice as possible when you move.
2. Learn to replace fuses yourself. It's as easy as changing a light bulb. People at any of our offices (or your meter reader) will show you how. Keep a few spare fuses on hand.
3. If your refrigerator is more than three years old, ask for an inspection before hot weather comes. The cost is moderate, and the service man (your dealer's or ours) can make the inspection when he has another call in your neighborhood. That will help avoid a rush trip later. If repairs or adjustments are indicated, they can be made before the summer rush season.
4. Avoid requesting "rush" service. Try not to call for service on Saturdays, Sundays or at night. You can help the Nation save rubber by permitting us to handle your service calls on regular trips.
5. Be patient with the trouble man or service man. Remember that he'll be carrying an extra burden. He'll get to you as fast as he can. But you wouldn't want him to hurry so much that he'd become slipshod in his work.
6. Don't ask for delivery of lamp bulbs, iron cords and other small, light items. Buy them when you shop for other things.
7. Use as much electricity as you NEED but don't waste it. Let's not waste anything.

What about
A&P LOW PRICES
now that everybody is talking about
CEILING PRICES

● Now, and after May 18th (when ceiling prices become effective), all A&P Super Markets and A&P Food Stores will continue to give you real low prices on fine foods every day, just as they have been doing.

● The new "ceiling price" regulation will not alter in any way A&P's low price policy. This means that every day at A&P you will continue to get the best foods the markets afford at our lowest possible prices.

● And here is another important fact to remember. FOOD PRICES WILL NOT BE IDENTICAL IN ALL FOOD STORES on and after May 18th. Prices will continue to differ in food stores on the same articles—just as they have heretofore.

OUR CUSTOMERS SAVE MONEY

A&P, during the last eight years, has made big reductions in its operating costs. These savings have been passed along to our customers, so that today they have 9c more of every food dollar to spend than they did in 1933.

It is A&P's policy to continue to conduct its business as economically as possible, thus to give you the utmost for every food dollar you spend at A&P Stores.

IMPORTANT... Get your tires checked where you can see this sign

"Look, Pop—our Standard Oil dealer's gonna help keep our tires rolling!"

You know how important it is to have correct tire inflation. Tires underinflated 30% lose at least one-quarter of their possible life. But you can't get correct inflation with inaccurate tire gauges—and it's a fact that many gauges now in use are inaccurate by a number of pounds.

To guard you against this danger, Standard Oil has equipped its men with devices for testing the gauges of all Standard Oil dealers. A constant inspection is maintained so that faulty gauges can be discovered and adjusted.

This is just one of many steps taken by Standard Oil in setting up its Car Conservation program. Right now your Standard Oil dealer is featuring an approved Car Conservation Schedule. The sooner you get started on this program, the longer you'll keep rolling. See your Standard Oil dealer today. Remember, a nation on wheels is a stronger nation. Keep America on wheels—help win the war. ★ ★ ★ Buy United States War Savings Bonds and Stamps to help guarantee victory.

Price Control

Continued from Page One

One compensating factor for the small retailing unit which may help to offset the disadvtage of price control and rationing is today's transportation situation due to the scarcity of rubber tires. People will tend to shop at the nearby local stores whether they are in cities or small towns. This offers an opportunity, almost unparalleled, to merchants of rural trading centers whose chief competitors in the past have been Chicago mail order houses and the large city stores.

Advertising, if used intelligently becomes a powerful and profitable selling weapon.

Rationing of gasoline, which is now being introduced in Atlantic coast states, may be extended nationally by July 1, 1941.

The big "if" in the picture, as it is reported reliably to us, is whether volunteer rationing of automobile transportation can be effected in Michigan through public acceptance of the "Pontiac Plan".

If citizens are willing to make sacrifices by voluntary action, then gasoline rationing may be put off.

The same conclusion may be drawn with regard to purchase of war bonds and stamps. If citizens agree to voluntary payroll deductions, then enforced methods may be avoided.

CHILD STUDY CLUB

The Child Study Club met Monday evening at the home of Mrs. J. K. Touborg on West Pottawatamie street, where winners in the recent attendance contest were entertained at dinner served by the losers. A treasure hunt in the Touborg gardens was enjoyed following the dinner.

Poppies Bloom Here on May 23

Poppies of patriotic remembrance will bloom in Tecumseh on Saturday, May 23, Mrs. Ruth Keyser, president of Underwood-Orr Unit of the American Legion Auxiliary, announced today.

Every man, woman and child in the city will be asked to wear a poppy on that day in honor of the men who gave their lives for America. The poppies will be distributed by volunteer workers from the Auxiliary and the coins contributed for them will be used in Legion and Auxiliary work for the war disabled, their families and families of the dead. Every penny of the money given goes to support the work. The American Legion and the Auxiliary are doing for the disabled and dependent families of the first World War and of the present conflict.

The poppies which will be distributed here have been made by Disabled veterans at Veterans hospitals. Making the little red flowers has given many veterans employment during the winter and spring months. The work is limited to men receiving little or no government compensation and those with families to support.

Contributions received for the poppies on Poppy Day are a principal source of support for the vast welfare work carried out by the Legion and Auxiliary among the disabled men and dependent families. With the new war added to America's list of war victims, there will be greatly increased need for funds during the coming year.

Poppy Day has been observed by the Legion and Auxiliary annually for the past twenty years. With the nation again at war, the poppy has new significance this year and will be worn as a symbol of patriotism by millions of Americans throughout the country.

More than 13,000,000 of the flowers have been made by disabled veterans for the Auxiliary, the largest number since the observance of Poppy Day was begun twenty years ago. Orders for the poppies from Auxiliary Units everywhere has been increased this year in anticipation of greatly incrased demands for the flowers of patriotic remembrance.

Degrees Are Conferred By O. E. S. Thursday

Tecumseh chapter, Order of the Eastern Star met Thursday evening in regular session and conferred the degree on Mrs. Lillard Brown, Mrs. Nelson Bascom, Delbert Koster and Kenton Hunt. BOY SCOUT NEWS

Scouts Earl and V. T. Gwyn, members of the Lincoln P. T. A. Boy Scout Troop were the first Scouts to enroll in the Wolverine Council Scout Camp for 1942. Camp Kanesatake on Washington Lake in Lenawee County opens June 21st and will operate for four periods of one week each.

Camp Kanesatake owned and operated by the Wolverine Council is located in the northwest corner of Lenawee County. Scouts from Monroe and Lenawee Counties have been enjoying their camping experience at this spot for the past 15 years.

Scout Executive, Stanley E. Grimm, states that in accordance with the physical fitness program and the present war emergency the Boy Scout Program is being greatly intensified. Every Scout is being urged to do his best to take advantage of the opportunity of getting this outdoor experience and training. It is anticipated that there will be more Scouts getting camp experience this year than has been the case in the past five years.

There is nothing that the boy or girl needs more at graduation time than clothing. We have everything to equip them for all occasions.

Gifts FOR THE GRADUATE

DRESSES and SUITS
A pretty graduation dress, a formal, perhaps, for her; a smartly tailored, youthful suits that he'll be proud to wear—could anyone suggest more appropriate gifts for members of the 1942 Class?
To parents, we say that our stock is complete in every detail—whether the graduate be boy or girl. We can outfit him or her from head to toe—and at prices that you'll find far below war levels.
We've been in the business of outfitting graduates for years—that is why we bought our graduation clothes early—before prices skyrocketed.
And now a word to the gift-buyer. If you have several graduates on your list this spring, you'll find it economical to shop at Palman's.

Come in and let us show you our beautiful dresses and suits for the girl grad. They'll appeal—they are filled with style.
The boy on your list will be happy with one of our suits, jackets, slacks or shoes. We'll be happy to help you.

Modern Betsy Ross, Artist in Needlecraft, Makes All Army Flags

Betsy Ross, 1942

—U. S. Signal Corps Photos.

Embroidering Quartermaster's Banner

The year 1942 marks the 165th anniversary of the adoption of the Stars and Stripes, today a battle-flag proudly carried by American armed forces in every continent on the globe.

In January, 1777, the American people, elated by General Washington's recent victories at Trenton and Princeton, were seeking an emblem for the new nation. The Congress on June 14 following adopted a resolution providing for a flag of 13 alternate red and white stripes with 13 white stars on a blue field. And then the inspiring story of Betsy Ross who made the first Star-Spangled Banner in her little upholstery shop in Arch Street, Philadelphia.

Today the modern Betsy Ross still sews in Philadelphia—any one of hundreds of women skilled in needlecraft. She plies her art in the Philadelphia Quartermaster Depot where all the flags used by the United States Army are made.

Story of Betsy Ross

Betsy Ross was born January 1, 1752, and died January 30, 1836, but it was not until a third of a century after her death that the legend of her handiwork in the making of the first flag became generally known. One of her descendants, W. J. Canby, related the incident before the Historical Society of Pennsylvania in 1870 and since then she has been extolled as a national heroine.

The modern Betsys take keen pride in their work. Many have reached the highest perfection in the art of embroidery, in designing and the blending of colors. Nameless though they are to millions of people who are thrilled by the sight of glorious banners fashioned from their delicate stitches, they are rewarded by the knowledge that the flags they have wrought are today the signals of liberty and freedom afar amid the fogs of Iceland and in the battlesmoke of the Philippines.

The most stirring sight at the Quartermaster Depot is the making of the flag. After thorough inspection of the cloth to insure that it comes up to rigid specifications, the bunting is marked and cut with an electrically driven cutting machine into strips of two lengths for making the flag. One hundred strips are cut in a single operation. The blue field for the stars is cut in the same manner. The material for stars is stamped out with a steel-cutting die on an electric-driven stamping machine. The alternate red and white stripes are joined together on a double-needle sewing machine.

Each blue bunting field is carefully marked for its stars, and the stars are stitched on with a special machine that produces a zig zag stitch. Other operations complete the making of the flag of the United States.

The manufacture of silk colors and standards is a specialized art at the Philadelphia Quartermaster Depot. The stripes and field are cut by hand but the stars are made of solid embroidered silk on a Swiss hand embroidering machine. The blue fields are placed in frames on a machine provided with many needles and these turn out a stitch resembling hand embroidery, both sides alike.

Regimental Standards

Regimental colors and standards, with their coats-of-arms and mottoes, each distinctive unto its own military unit, are embroidered by hand. As many as 30 different shades of silk thread are used in embroidering each flag. This calls for exceptional skill and care to produce the predetermined designs in their exact blending of shades. All designs are passed upon by technical experts in the office of the Quartermaster General.

Proudest moment of the Philadelphia flag makers is when they receive an order for the colors carried as a symbol representing the Commander-in-Chief of the Army and Navy of the United States—the President. This color has a blue background in the center of which is embroidered the seal of the President. There is one white star in each corner of the flag, representing his grade as Commander-in-Chief of the Army and Navy. This color has gold and silver fringe on three sides, and also has a cord and tassel secured immediately below the flagstaff headpiece, consisting of a gold-hued, spread eagle. The design of this flag was established by Executive Order of President Woodrow Wilson on May 29, 1916

Funeral Services Held For Former Tipton Man

Funeral services were held in Blissfield Friday for Grant Slater, a native of Tipton, who died suddenly last Tuesday at his farm home six miles south of Blissfield. Mr. Slater observed his 77th birthday the day previous to his death. He had been working in the fields Tuesday morning and returned to the house only a short time before his death.

Mr. Slater was born in Tipton, but had lived in the vicinity of Blissfield for 46 years.

Survivors are the widow, Rose, two daughters, Mrs. Howard Evans of Tipton and Mrs. Harold Dings of Berkey, O., also two grandaughters.

Rev. W. C. Jones officiated at the funeral service and hymns were sung by Mrs. C. E. Newcomb and Mrs. Olin Pifer. Bearers were Harley Anderson of Tipton, Lonnie Dibble and Llewellyn Treat of Adrian, John Fatchett, Roy Fatchett and Dewey Ries of Blissfield and burial was in the Tipton cemetery.

Relatives and friends from South Bend, Ind., Byron, Battle Creek, Ithaca, Parma, Homer, Adrian, Sand Creek, Tipton, Erie, Frazier, Toledo, Clinton and Onsted attended.

FORD OWNERS!

READ IT CAREFULLY

Dear Customer:

From your radio and your newspapers you have been made familiar with the restrictions placed on Automobile Dealers and the difficulties we have ahead of us for the duration of the War.

During the past 12 years we have been your Ford Dealer and it is our intention to carry on in the same capacity until such time as restrictions or lack of business prohibit our operation.

RESTRICTION IS a government matter but LACK OF BUSINESS is a matter concerning you and your car and us.

We carry thousands of dollars worth of Repair Parts and Accessories for your car in addition to special Machinery and Experienced Mechanics to do the work on it. In order to make all of this practical and worthwhile, we of course must have your cooperation. In other words, we need you to make our future existence possible and you need us to keep your car running. You may feel that it is easier for you to run in to the corner gas station for your OIL CHANGES, LUBRICATIONS, WASHES, POLISHES and MINOR REPAIR WORK even though it costs you the same as we charge you but when you do this, you are lessening our chances of staying open. You may say to yourself, why should I be concerned as to whether he stays open or not? Here is the answer:

If we go out of business, it would be impossible for the factory to secure another dealer in our place until the War is over because no individual in his right mind would think of making an investment in a dealership with the LOSSES that's ahead for our kind of a business. This means if something happened to your car, you would be unable to secure REPAIR PARTS without experiencing delays of weeks and possibly months as gas stations and small repair shops do not carry these items and cannot buy any from the manufacturer. When you bought your car one of the main things you were interested in was that the Dealer was equipped to give you the kind of SERVICE you wanted when you needed it. From now on you are going to need us more than ever as your present car must be kept going. A new one will not be possible until all of this is over with.

Our place is as close to you as your phone. CALL AND WE WILL DO THE REST.

So bring your Ford home for Service.

Hospital Auxiliary Holds Busy Meeting

The Tecumseh Hospital Auxiliary held its May meeting Tuesday evening in the Red Cross room in the Ford building. Mrs. Edith C. Smith, presided and reports of standing committees were given. Mrs. J. R. Nyland reported for the hospital library committee that a book cart for carrying books and magazines to the patients, has been made by boys of the manual training classes at the high school with the cost of material the only expense. The president appointed as a committee for furnishing reading material to the patients, Mrs. Donald F. Wright, Mrs. C. F. Sage, Mrs. Glenn Driscoll and Mrs. Ernest Taylor with Mrs. Gertrude Spaulding as advisory member of the committee and it was decided that each member bring a suitable book or late magazine to the June meeting to be given to this committee, children's books and magazines to be included.

Mrs. H. H. Hanna read a communication from Miss Spaulding concerning the finishing of a basement room in the hospital for use of re-fresher classes or other classes in nursing, as the need may arise and it was decided to make this a club project. Mrs. L. B. Lindbert reported that a chain of bridge and social parties has been inaugurated to raise funds necessary to the hospital work. A discussion was held concerning the sewing necessary to the local defense committee of the Emergency Medical division and the president appointed as a committee to plan for this work, Mrs. A. Helzerman, Mrs. E. F. Hess and Mrs. M. R. Blanden with Mrs. E. C. Hellman to assist with deliveries of material. Preceding this business session, Dr. Arthur H. Brown gave a paper on the history of anesthesia and answered several questions concerning its usess. The next meeting will be a social meeting.

SCOUTS TO COLLECT RED CROSS CLOTHING

All those donating used clothing in the drive sponsored by the Red Cross are asked to leave the articles on their porches, Saturday morning. Boy Scouts in charge of the waste paper pick-up will collect the clothing between 10 a. m. and noon. Articles of clothing, bedding and shoes are needed also pieces of materials for quilts or childrens clothing.

Miss Agnes McIntyre is clothing chairman and Miss Minnie Russell is chairman of the disaster relief committee.

WELCOME CLASS

The Welcome Class of the Presbyterian church met Tuesday afternoon at the home of Miss Rebecca Preston. Miss Mary Whitelock presided and conducted devotionals.

Mrs. Al Helzerman introduced the Spring program with Mrs. E. E. Davis playing Mendelsohnn's "Spring Song." Appropriate poems were read by Miss Preston, Mrs. Charles Kemp and Mrs. Helzerman; Mrs. E. E. Davis read a story and Miss Ruby Preston sang "The Open Road."

The June meeting will be held at the home of Mrs. Kemp on South Maumee street.

HAPPY CIRCLE P. T. A.

The Happy Circle P. T. A. will meet Friday evening at the Centenial school, with Mr. and Mrs. E. H. McConnell and Mr. and Mrs. Clarence Kopka in charge of entertainment and Mr. and Mrs Walter Stoessman, Mr. and Mrs. Ralph Comfort and Mrs. Lucille Cover on the refreshment committee.

JOINS NAVY

Keith Carpenter has enlistde in the U. S. Navy and left Tuesday for Great Lakes Training Station at Great Lakes, Ill.

Thomas Henry Kelley, son of Mr. and Mrs. Henry L. Kelley of West Kilbuck street, has enlisted in the U. S. Navy and is at the Naval Training Station at Great Lakes, Ill.

MEETINGS DRAW CROWDS

The series of special meetings now being held at the Tecumseh Friends Church are attending wide-spread attention. On Saturday evening the congregation was made up of people from Macon, Britton, Cone, Dundee, Blissfield, Bridgewater Dearborn and Milan. Besides special music by the Joybringers - Miss Herrman and Miss Bray, Lyle Moore choir master of the VanBorn Methodist Church of Dearborn sang a tenor solo. with his wife as piano accompanist.

On Saturday evening Miss Herrman is showing some moving pictures which she took in Mexico two years ago. The pictures are in natural photography. The public is invited to all of these special meetings which are held at 8 p. m. each week-day evening excepting Monday, and on Sunday evening at 7:30 p. m.

INDIANS DEFEAT ADDISON

The Tecumseh high school team won for the first time this season when they played the Addison nine of the diamond in that village last Thursday afternoon.

They had previously defeated Blissfield and Clinton in the 1942 season.

The scores with Addison were: for Tecumseh 4 runs 6 hits and 4 errors. For Addison 1 run, 2 hits and 4 errors.

The team will meet the Manchester nine on the local diamond tororrow afternoon in the fourth contest of the seasoon.

Manchester has a very good team, having won all their games so far this year.

Scouts Elect

CARPENTER SUCCEEDS NAVARRE AS PRESIDENT OF WOLVERINE COUNCIL

Joseph T. Carpenter was elected to succeed Joseph A. Navarre, Jr., as president of the Wolverine Boy Scout Council at the annual council meeting held at the Irish Hills, Wednesday, May 13. Mr. Carpenter has been active in Scout work for a number of years, serving first as Troop Committeeman for the Blissfield Scout troop. During the past two years he has been council vice-president.

Other officers elected at the Wednesday meeting include C. R. Kellogg of Morenci, first vice-president; Arthur Lesow of Monroe, second vice-president; Joseph Libs of Adrian, treasurer; Glenn McCoughey also of Adrian, scout commissioner.

The election of officers was part of the program of the annual council meeting and Scoutmasters' Appreciation banquet which featured Lieutenant H. T. Gratz, Educational officer of the United States Navy Serice School of Dearborn, Michigan, as principle speaker. Lieutenant Gratz stressed the importance of the work the Scout leaders were doing, urging each of the one hundred and seventy persons present to continue doing their best to inspire our Youth with American Ideals. He stated that there was nothing more important in America to be done today than the job of helping our Youth to be physically strong, mentally awake and morally straight.

Words of appreciation were expressed to the Scout Masters and their ladies by vice-president Arthur Lesow.

A. O. HOWARD DIES, FUNERAL SATURDAY

Albert O. Howard, Tecumseh township supervisor and chairman of the Lenawee County board of supervisors, died this morning at 3 o'clock at his home on North Maiden Lane. Mr. Howard, who was 72 years of age, had been in failing health for some time, but was confined to his bed only since May 9. He was born in Cambridge township and had spent his whole life in this community.

Survivors the the widow, Helen, a daughter, Mrs. Lillis McLain and two grandchildren, Howard and Marjorie McLain of Lambertville, also a step-daughter, Miss Ella McNeil of Ann Arbor and three step-sons, Allan McNeil of Detroit, Earl McNeil of Jackson and Russell McNeil of Tulsa, Okla.

The funeral is to be held Saturday afternoon at the Baptist church. Rev. O. V. Robison will officiate and burial will be in Brookside cemetery.

Name Contest Closes Monday

PAGEANT COMMITTEE OFFERS $25 TO PERSON SUBMITTING BEST TITLE FOR SHOW

Somebody in Tecumseh or its vicinity is going to win a $25 United States Defense Bond—and all for a few minutes thought—for submitting the best title, in the opinion of the judges, for the gigantic pageant to be staged here the last three days in July and the first day of August, under the auspices of the Tecumseh Recreation Center.

"The name contest closes on Monday, May 25, at midnight," Charles O. Butler, general chairman of the pageant committee pointed out today. "That leaves only four more days in which entries may be submitted. Thus far," he declared, "comparatively few persons have submitted titles, and the contest is 'wide open' for a winner. All suggested names should be mailed to the Contest Editor, in care of The Herald, and all suggestions postmarked not later than next Monday at midnight will be considered."

While the pageant will be under the auspices of the Recreation Center committee, it will be directed by the John B. Rogers Production Company, and the cast will include nearly 1,000 people. It will be staged at Recreation Center, and is expected to attract 10,000 to 15,000 people during the three days.

"The pageant will depict the early life of Michigan with special emphasis on Tecumseh and the River Raisin valley area, one of the most historic spots in all the state. It will end with a patriotic finale," Mr. Butler said.

"We plan to make the pageant an annual affair, the same as Holland does with its tulip festival, and Lowell with its Show Boat. We believe that each year the pageant will grow larger, and will attract added thousands of visitors to Tecumseh."

The money derived from the pageant will be used to improve the recreation park.

Tire Rationing Halts Local Laundry Truck

The rationing of automobile tires struck another blow at Tecumseh's delivery service today when Lester Rogers, owner of the Tecumseh Laundry, announced that effective next Monday he would remove his truck from service, and that the laundry would then discontinue its pick-up and delivery service. The truck, he said, will be used only for service at the Tecumseh Hospital.

"The rubber shortage and the shortage of labor has forced us to make this decision," Mr. Rogers said. "It is apparent that we cannot get replacement tires, and there also is a distinct shortage of labor. We will, in the future, use our truck only to give service to the hospital."

The laundry starting next week will operate entirely on a "carry your own laundry" service. Bundles in the plant before 10 a. m., Monday, will be ready on Thursday. Those in before 10 a. m., Thursday, will be ready on Saturday. Monday and Thursday will be wash days.

Several weeks ago the laundry announced the discontinuance of its Clinton pick-up and delivery service.

1 Killed, 1 Hurt In Auto Mishap

MRS. FLOYD RUSSELL FATALLY INJURED; MRS. C. R. TAYLOR CRITICALLY HURT

Mrs. Floyd Russell, aged 47 years, was fatally injured, and Mrs. Chris R. Taylor is in a critical condition at Bixby hospital, Adrian, the result of an automobile accident last Thursday evening on M-52 just south of the church at Birdsall.

Mrs. Taylor and Mrs. Russell were returning from Adrian when Mrs. Taylor, who was driving, lost control of the car, which crashed head on into a tree at the road side. The car struck with such force that the motor was pushed back into the front seat. Both women were unconscious when picked up and taken to Bixby hospital where Mrs. Russell died at 8 o'clock, about two hours after the accident. Mrs. Taylor has not yet regained consciousness. Both of her legs are badly injured in addition to the skull fracture.

Mrs. Russell was formerly Hessie Orr, oldest daughter of the late Mr. and Mrs. Robert Orr, and had lived all of her life in Tecumseh. She was a member of the Presbyterian church.

Besides her husband she leaves a sister, Mrs. H. L. Brown of Midland, two brothers Gladwin Orr of Dearborn and Pvt. John B. Orr of Camp Cook, Calif. Her parents and a brother Wilford preceded her in death, the latter during the World War in France.

Funeral services were held Sunday afternoon at the Belding Funeral Home. Rev. James C. Murdoch officiated and bearers were Lawrence Miller of Blissfield, Adam Lowry, George and James Brady, Raynor Kerr and Raymond Mills. Burial was in Brookside cemetery.

Among those from away who attended the funeral were Mr. and Mrs. H. L. Brown and daughters of Midland, Mr. and Mrs. Gladwin Orr of Dearborn, Mr. and Mrs. Millard Russell of Portland, Mr. and Mrs. Howard Moffat and Mr. and Mrs. Russell Feight of Detroit, Mr. and Mrs. William Feight of Hillsdale, Mr. and Mrs. Percy Whitlock and Mrs. Alberta Butler of Ann Arbor, Mr. and Mrs. Gordon Smith of Battle Creek, Mr. and Mrs. Walter Paselk and son of Toledo.

Dr. M. J. Lake Dies; Former Druggist Here

Dr. M. J. Lake, former druggist in Tecumseh, died suddenly Tuesday at his home in Addison where he had owned and operated a drug store since 1936.

Dr. Lake was born in Atlanta, Georgia. He graduated from the Louisville College of Pharmacy in Kentucky in 1923 locating in Toledo. In 1924 he opened a drug store in Tecumseh which he operated until his health failed in 1938. He returned to Lexington, Ky., for five years and in 1936 came to Addison. He was a member of Rubicon Lodge, F. & A. M., of Toledo, and also a World War veteran.

Survivors are the widow, Susan of Addison; four brothers Harry, Arthur and Archie of Atlanta, Ga., and Charles of Alpena; and two sisters Mrs. D. Hamby and Mrs. Maude Lake of Birmingham, Ala.

Funeral services will be held Friday afternoon at 3 o'clock at the Charles Brown Funeral Home in Addison. The body will be brought to Tecumseh for burial in Brookside cemetery.

YPSI PASTOR TALKS TO ROTARIANS HERE

The Rev. Hugho Fenker, pastor of the Lutheran church at Ypsilanti, was the guest speaker at the regular noon-day luncheon meeting of the Rotary club here Tuesday, at Brees House. He was the guest of Clarence Gilman.

The Rev. Mr. Fenker discussed international conditions today and declared that Christianity must play an important part in the peace terms that are dictated at the close of the war.

"Unless Christianity is permitted to sit at the peace conference table," he said, "I predict that the terms dictated will not be of a lasting nature."

P.E.O. TO MEET

Chapter AJ, P.E.O., will meet Tuesday, May 26, for 12:30 luncheon meeting at the home of Mrs. John Kenney in Tipton.

Rural Commencement In Adrian Friday

The rural commencement exercises for eighth grade students will be held tomorrow afternoon at the Baptist Church in Adrian. The students will meet at one o'clock on the court house lawn and march to the church. In case of rain they will go direct to the church.

WPB Analyst To Clarify Rules

DEFENSE HOUSING CONTRACTORS, PLUMBERS, ELECTRICIANS TO MEET IN ADRIAN

First-hand information regarding priorities under the recently declared defense housing areas in Tecumseh and Adrian will be explained to builders, contractors, plumbers, electricians and others by Earl W. Allen, consulting analyst of the Priorities Field Service, War Production Board, when he visits Adrian, Friday.

"This will be a very important meeting," Wade L. Jones, local Chamber of Commerce secretary said today, "and local builders and contractors should plan to attend the meeting. Mr. Allen will explain the priorities system to the various groups under a schedule arranged by the Adrian Chamber, and all meetings will be held at the C. of C. building in Adrian."

At 9:30 a. m., all furnishers of building materials will meet with Mr. Allen. At 10:30, contractors will have their meeting, and hardware dealers will meet at 11:30. At 1:30, plumbers are scheduled, and electrical dealers will meet at 2:30. From 3 o'clock until 5, the general public will be welcome to ask questions.

"We have a priorities order in Tecumseh for the immediate building of 15 and possibly 30 homes," Mr. Jones pointed out. "Last week we were led to believe that the priority had been frozen. Now it appears that we may go ahead with the building. In all probability Mr. Allen will clear up the misunderstanding, and we will be able to proceed with our building program in Tecumseh.

"We need 50 to 100 homes at once in Tecumseh," Mr. Jones pointed out, and he urged that local builders, plumbers, electricians and other allied groups attend the Adrian sessions.

"If we receive the authority to proceed with the building," he concluded, "we want to be in a position to start work at once."

Street Closed

COUNCIL ACTS IN COOPERATION WITH FORD IN OPENING OF DEFENSE FACTORY

The village council, in regular session Monday evening, voted to close the eastern end of Logan street, beginning at Division street, continuing past the old Hayden Mill and ending at Chicago boulevard, for the duration of the war. The action was at the request of the Ford Motor Company, owners of the mill, which soon will be used as a defense plant, employing some 300 people.

An ordinance relating to air raid blackouts, and other precautionary measures in the event of air attacks during the war, was passed by the council and given immediate effect. The ordinance, in its legal form, and with which residents should familiarize themselves, will be found in another page of this newspaper.

Florence Howe and Clyde Barber were named as members of the board of review.

Current bills were audited and ordered paid, and reports of department heads and committee members were read and placed on file.

DIES IN HOSPITAL

Miss Edith Radant, sister of Mrs. Amiel Teske and Kinehart Radant, all of Tecumseh, died at 5 o'clock this morning in Tecumseh Hospital. She had been ill for several weeks.

The body was removed to the Belding Funeral Home. Funeral arrangements have not been completed.

TAKING CENSUS

Miss Lavie Smedecor has been engaged to take the school census in Distrjct No. 7, and began work this week.

Poppy Dimes To Aid In Defense

VICTIMS OF PRESENT WAR AS WELL AS ONE 24 YEARS AGO TO BENEFIT

Dimes, quarters and dollars dropped into the coin boxes of the "Poppy Girls" this year will aid the victims of the present war, as well as those of the first World War, according to Mrs. Dorothy Winter, Poppy Day chairman of the Underwood-Orr Unit of the American Legion Auxiliary.

The Auxiliary is rapidly completing arrangements for the annual observance of Poppy Day on May 23, when memorial poppies will be distributed throughout the city by Auxiliary members. A large corps of volunteers is being formed under Mrs. Winter's leadership to work the entire day bringing the flowers of patriotic remembrance to everyone in the city.

"This year", said Mrs. Winter, "the poppy not only honors and aids the men who defended America twenty-four years ago and their families, but also those defending America today and their families. Funds collected on Poppy Day will be used in the work the Legion and Auxiliary are doing for the disabled of both wars, and for needy families of men in the service as well as those of veterans.

"Victims of the present war are naturally turning to the Legion and Auxiliary for aid, and we want to give them the benefit of our service. The increased burden calls for increased funds. We hope that the public will be generous on Poppy Day this year because from the contributions made for the poppies comes the principal means of support for our work during the entire year ahead."

Members of the Auxiliary will be assisted by their daughters on the sale and the headquarters for the day will be at the office of Wade L. Jones, village clerk, in the former Lilley Bank Building.

O. D. Frayer, 65, Dies at Home in Ridgeway

O. D. Frayer, aged 65 years, a life long resident of Ridgeway and vicinity, died Tuesday morning at his home after a long illness. Mr. Frayer was born in Ridgeway. He had been in failing health for several years and confined to his bed for a year.

Besides his widow, who was formerly Elizabeth Hohmann, he leaves a daughter, Julia, at home, a sister, Mrs. Frank Gilmore, of Parma, a half-brother George Russell of Montana and a step-brother Edward Russell of Onsted.

45 Air Wardens Given Diplomas

LOCAL GROUP FIRST IN COUNTY TO RECEIVE OFFICIAL ARM BANDS FROM STATE

Graduation exercises for 45 Tecumseh air raid wardens, held at the high school here last evening, officially brought to a close the school which has offered the official American Legion twenty-eight hour course of study, approved by the Michigan Office of Civilian Defense. These men are the first in Lenawee county to qualify for the air raid wardens certificates, which they will receive from the state council, and they are the only men entitled to wear the official arm bands, copyrighted by the Office of Civilian Defense, Washington.

"The fine spirit and sincerity of these graduates reflects the general attitude of all the people active in organizing the local Civilian Defense Corps, including auxiliary firemen, policemen, the emergency medical division, and the many other departments," a spokesman for the local council said today. "These men have set an example that every citizen should feel duty bound to follow. Dollars will help win this war, but there must be personal effort and sacrifices as well.

"The Civilian Defense organization must be prepared before danger hour arrives, not after, and these geaduates have an important job to perform in instructing and advising each householder in the protection of property and loved ones. They deserve wholehearted and complete public cooperation."

The program at the graduation included short talks by Mayor J. Floyd Elliott, president of the Tecumseh Defense Council; E. C. Heilman, commander of local civilian defense in the village and township; Lyman Curtiss, commander of the Underwood-Orr Post, American Legion. The main address was given by W. A. Bertin state deputy chief air raid warden of the Civilian Defense Corps, Lansing.

Members of the school staff present were Paul Johnson, director; Chas. Butler, assistant director; E. A. Campbell, first aid instructor, and L. W. Larsen, gas defense instructor. Guests included besides the common council members of the village, Burnell Moon, chief of the fire department and head of the auxiliary firemen; William Hanna, chief of the auxiliary police department; Dr. F. B. Hardy, head of the emergency medical division; and S. Henry Smith, head of the emergency utilities service.

"We are very proud of the work that has been done by Mr. Johnson and Mr. Campbell," C. O. But-

CEILING PRICES CAUSE LITTLE STIR

The government's "ceiling price" order, which became effective in all stores here on Monday morning—as it did in 2,000,000 other stores throughout the nation, caused little stir. All local stores cooperated with the order, but merchants declared that customers paid little if any attention to the federal ruling.

JON YOUNG SAFE

Relatives of Jon Young who is in army service, have received word of his safe arrival, presumably in a foreign port but the message did not state where.

A Ford Airplane Parts defense factory—employing approximately 300 people and located in the old Hayden Mills on East Chicago Boulevard—will be in operation here early in September. The necessary repairs and alterations are being made by Ford Farms employees.

Announcement of the new plant, which will manufacture parts for a defense airplane motor, was made today by one of Henry Ford's officials. He said that work of remodeling the property already is underway, and that he believed that it could be completed and the plant in operation by early Fall. All three floors of the mill will be used and in addition a small power house will be constructed adjoining the present building. The mill has some 15,000 square feet of floor space. It is likely that the plant will operate on two and possibly three shifts.

The Ford official pointed out that the Tecumseh plant will afford employment for many men now employed in other Ford plants in Detroit, Dearborn or River Rouge at a time when "the tire and gas situation becomes very critical" and defense workers find themselves unable to drive 50 to 60 miles each day to their work. He declared that many men from Tecumseh, Adrian, Britton, Ridgeway, Holloway and other rural areas now are driving to a Ford plant some 40 to 60 miles distant each day. The time is not far off, he pointed out, when tires are going to wear out and workers will find it impossible to drive such a distance. It then will be necessary to furnish employment nearby, and it is expected that the Tecumseh plant will offer jobs to workers in the "tire-less" class.

"Many people are not taking the tire rationing seriously, but we know that tires will not be available, because rubber is not available. That is why we are opening the Tecumseh plant, to bring the work nearer the homes of our present employees," the spokesman said.

The Ford mill here has been the property of Henry Ford for several years, and has been completely rehabilitated and is in an excellent state of repair. Some years ago, after Mr. Ford took the property over from the Hayden Mills, he constructed a water wheel at the west end of the mill and made other extensive repairs. The building for several years has been used for storage purposes, at some periods of the year housing thousands of bushels of soy beans, raised on some of the 10,000 acres of land owned in this vicinity by the motor manufacturer. The property long has been a show place for visitors and tourists, because of its unusual construction—it was built in 1833 later destroyed by fire and then rehabiletated. built in 1833.

HURT IN ACCIDENT

Glenn Harrison of Clinton, who is employed in Adrian, is a patient at Tecumseh hospital for injuries received when his car left the road and struck a tree west of Clinton, last Wednesday. He suffered a broken right leg, a broken toe and severe cuts and bruises on his head and face. Mr. Harrison, who was alone, was returning home from work and thinks he must have fallen asleep.

DAUGHTERS MEET

The Daughters of St. Peter met Tuesday evening in the parish house. Following the business session a social hour was held honoring Mrs. E. T. Rodda and prizes won at games were presented to Mrs. Rodda, who also received a gift from the group. Refreshments were served by Mrs. C. F. Jones, hostess. Mrs. Harold Anderson was program chairman.

The next meeting will be held jointly with St. Peters Guild on the afternoon of June 3.

MEETING POSTPONED

The meeting of the Methodist Woman's Society of Christian Service announced for June 4 at the home of Mrs. W. G. Waldron has been postponed until June 11.

WHAT IS AN AMERICAN?

Last Sunday, May 17, the nation observed "I am an American Day." It was the fourth time that the country has observed such a celebration.

As always in a time of national crisis, the country is waking up to a realization of its "oneness". The same people who, when asked what they were a few months ago, proudly said—"I am an New Yorker, a Californian, a Kentuckian"—Now with one voice proclaim, "I am an American."

But, what is an American? If it were dependent upon birthplace alone, America would collapse as an over-heavy structure. It is were a mere matter of nationality, America would soon be one with Tyre and Sidon. Were it conditioned upon race, America would fall as did the Mongol Empire and all other countries founded upon racism.

Anyone, no matter of what race, nationality or color, can be an American. Accident of birth does not make an American. And an American-by-choice (wrongly called foreign-born) is often times a better citizen than the native born or American by birth and frequently more conscious of the importance and value of that citizenship.

To be an American is not just a matter of declaration, it is a challenge to act. Like most all things worth while, being an American is not always easy. It means putting aside prejudice and intolerance. It means living so that not only has each individual an opportunity for life, liberty and the pursuit of happiness, but that the concedes freely to every other individual the same privilege. It means fighting not for one's own child alone but for all children; being willing to give up for the good of others; pioneering for progress and prosperity for the people as a whole.

If this yardstick were strictly used, we would perhaps find few individuals able to prove their Americanism—but it would find the great mass of people working to that end.

To be an American is a thing of spirit. It has nothing to do with birthplace, race, color or religion beliefs. It is a creed in which to believe—a standard by which to live, an ideal toward which to strive, a faith for which to die.

And it is that spirit animating its citizens which will make America endure.

RANKS ARE THINNING

The war, although we have been in it officially only since Pe... Harbor in December, is rapidly thinning the ranks of the medical profession the nation over. Already, a survey shows, some 10,000 physicians have donned army uniforms and the army wants 16,000 more by December 31.

The American Medical Association believes, Dr. Morris Fishbein, editor of the Medical Journal says, that there is no reason why any civilian should suffer as the result of the shortage of doctors. He does, however, ask the public to "please try" to curtail its aches and pains for the duration.

It is not that the doctors do not want your business, but it is a fact that with the profession thinning its ranks because of the war, one doctor must now see many more patients in a day that was necessary even three months ago. By fall, the doctor's load will be further increased, because the army must have more physicians. It is, therefore, up to civilians to cooperate with the doctors—to make it possible for the doctor to see as many patients in a day as he can.

Dr. Fishbein makes these suggestions to the public:

Go to the doctor's office instead of calling him to your home whenever possible.

Utilize the nation's hospitals, where a doctor can see more patients in less time than by home calls.

Take the training courses in first aid offered by the American Red Cross.

Do everything you can to follow the rules of hygiene to maintain good health; a good diet is essential; get plenty of rest.

Price Control Is Explained

LACK OF PRICE UNIFORMITY DOES NOT MEAN THAT SOMEONE IS PROFITEERING

Lansing, May 21.—Mrs. Housewife, when you go to your favorite stores this week and find that prices vary for the same commodity, don't jump to a conclusion that someone is profiteering.

Price control, which became effective Monday (May 18), does not impose uniform prices.

Ceilings will vary from store to store, according to the highest prices charged in each store for commodities during March, 1942.

Likewise, you must take into consideration the element of quality as well as price. And you should know the exempted articles and services, too, before you talk disparagingly over the back fence.

Apprehensive that misinformed consumers might flood the local rationing boards with complaints of price violations, the Michigan Council of Defense thruout its committee of public information is taking steps this week to acquaint retailers and consumers with provisions of our revolutionary war system—federal price control.

It isn't as simple as you may think.

Retailers merit your sympathy and full cooperation, for they are going to be penalized severely—many of them, at least—under arbitary freezing of wholesale and retail prices for the same base period of March, 1942.

The bookkeeping load alone will be tremendous at a time when many stores are wondering how they can retain trained clerks in competition with nearby war plants and the selective service act.

Yet, interesting enough, leaders of Michigan retail trade associations say the average retailer is accepting the new order as part of numerous sacrifices to be expected from the home front.

It is all-out war, this time, and no mistake.

Consumers, likewise, realize that the soaring cost of living, unless checked in some effective manner, would continue upward endlessly.

As Price Administrator Leon Henderson explained on April 28, "a staggering excess of money over the supplies of goods available threatens disaster to the civilian economy and to the war effort."

Who is caught usually in inflation's squeeze? The little man with a fixed income; the small merchant whose margin of operation is small.

Posting prices of cost-of-living commodities was required of every retailer this week, starting Monday.

Every merchant must send a statement of these ceiling prices—highest prices which he charged during March—to the Office of Price Administration in Detroit not later than Monday, June 1.

Furthermore, he is given until July 1 to prepare a statement of the ceiling prices of all commodities or services which he supplied during March. Another reason why consumers should be patient during the next few weeks.

Price control will be administered in Michigan by Arthur F. Sarvis, Flint banker who has been rationing director of The Michigan Council of Defense. Seven regional district offices are to be established with executive staffs.

Because such organizations cannot be completed over night and because retailers have been given a big pill to swallow, it has been suggested that consumer complaints on ceiling prices—except in cases of flagrant violations—should await July 1.

Sarvis is convinced retailers can be relied upon to cooperate with the government wholeheartedly in an honest and equitable compliance of the act. It is no secret that many retailers are going to be penalized for not taking price markups in March on merchandise which they purchased months before at lower wholesale prices. And as their stocks must be replenished at higher prices and as war priorities will gradually curtail wholesale deliveries, Michigan retailers are confronted with dark days, indeed.

To these people, economic victims of the war, consumer tolerance would be most helpful.

You can't keep politics out of 1942 headlines.

And you can't keep Elton R. Eaton out of a good fight.

That's why the entry of this militant anti-boss newspaper editor of Plymouth into the race for Republican nomination for United States senator is certain to afford additional reader relief from war communiques.

Eaton will be opposed by Gerald K. Smith, social justice crusader of Detroit who received his reform baptism in Louisiana with the late Huey "Kingfish" Long. Both men are mean slingers of words, and colorful accusations are assured.

Judge Homer Ferguson, Wayne county circuit court, was reported a few months ago to be on the edge of candidacy.

The latest reports are he may not declare.

Section nine of the Michigan state constitution says: "They (circuit judges) shall be ineligible to any other office than a judicial office during the term for which they are elected and for one year thereafter." Judge Ferguson, if elected, would risk a possible contest in the United States senate, and being a Republican he could not expect joyous seating by the Democratic majority.

Civil service, plus the federal Hatch act, will restrict activity of government employees in politics this year.

James Greenfield of Norway, associated with Auditor General Vernon J. Brown at Lansing, has been granted a leave of absence by the Michigan civil service commission to become a candidate for the Republican seat at Congress held by Frank Hook of Ironwood.

The Hatch act forbids anyone in the military service from running for public office. It is going to nip many budding candidacies.

DETROIT COLUMNIST GARDEN CLUB SPEAKER

The Tecumseh Garden Club was entertained Friday afternoon by Mrs. C. C. Ruppel. Mrs. R. S. Moore, Mrs. Lester Rogers, Mrs. Lewis Lent and Mrs. A. Wray in the home of Mrs. Ruppel on West Brown street. The president, Mrs. Neil Pearson, presided and the club voted to have a spring flower exhibit but not to exhibit at the county fair this fall. Instead the club will participate in the fall exhibit of the Victory Gardens committee. Mrs. Wray was elected delegate to the state federation of garden clubs convention to be held June 10 and 11 in Lansing. In the May basket contest for members, Mrs. F. C. Hanna and Mrs. R. S. Moore tied for first place.

Mrs. Grace Sherritt, who has the "Outside my Kitchen Door" column in a Detroit newspaper, was introduced and gave an interesting talk on native birds; and in conclusion tea was served.

Guests at the meeting included Mrs. Lucy Terry, Mrs. Norman Higgins, Mrs. Elmer Chapman, Mrs. Jens K. Touberg, Mrs. C. F. Sage and Mrs. C. M. Brown.

HOLD REGULAR MEET

The Ladies Aid Society of the Presbyterian Church met yesterday afternoon at the home of Mrs. B. J. Pulver for regular business meeting, program and refreshments.

ANNUAL VILLAGE REPORT

April 29, 1942

The Honorable President and Trustees,
Village of Tecumseh,
Tecumseh, Michigan
Dear Sirs,

Pursuant to engagement, we have made an audit of the books of account and records of the VILLAGE OF TECUMSEH AND THE TECUMSEH CEMETERY ASSOCIATION for the period February 21, 1941 to February 20, 1942.

In connection therewith, we have reviewed the system of internal control and the accounting procedures of the Village of Tecumseh and Cemetery Association, and without making a detailed audit of the transaction, have examined or tested accounting records and other supporting evidence, by methods and to the extent we deemed appropriate.

Verification of the Securities, in the Perpetual Care Fund of the Cemetery Association, was made at March 24, 1942. Securities are shown in the Inventories at face value or nominal value, without present appraisal.

We certify that, in our opinion, the attached Condensed Statement of Receipts and Disbursements of the Village of Tecumseh and the Tecumseh Cemetery Association, present the result of the transactions for the period under review, as further explained in our Audit Report dated March 30, 1942, which forms a part hereof and is on file at the Clerk's office.

Respectfully Submitted,
ROBERT G. FULLER COMPANY

AN IMPORTANT NOTICE

TO TECUMSEH REGARDING

FURNACE REPAIRS

This is an important notice to all of our customers—in fact to everyone in Tecumseh—regarding furnace repairs.

Because of the War, and the shortage of materials and labor, we cannot urge too strongly that you take care of any furnace repairs you may need to make your heating plant efficient during the winter of 1942-43 AT ONCE. If these repairs are neglected until Fall or Winter, we cannot be certain that materials and labor will be available to do the necessary work.

HAVE YOUR FURNACE CLEANED AND INSPECTED

Our advice to residents is to immediately have their furnaces and heating plants cleaned and inspected, to learn if repairs are necessary. Grates, smoke pipes, hot water coils, etc., that might give trouble next Fall or Winter should be replaced at once—otherwise difficulty might be encountered in obtaining materials.

We issue this warning in all sinceity. The wise operator of a heating plant will act during the next few weeks.

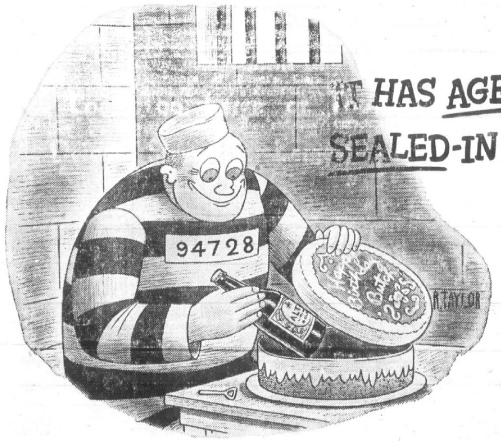
ONE SHORT SENTENCE TELLS THE STORY:



When troubles have you penned in, and you need to relax — pull out a bottle of Altes! It's a clean, fresh beer with all the flavor in the world crammed into it — thanks to those great closed vats in the Altes brewery. Nowhere else can you find beer ripening in hermetically-sealed vats where the goodness cannot escape, nor impurities get in. Get some Altes today and try its golden smoothness, foaming with flavor. Popular taverns sell it. So do the better stores. Just be sure to ask for Altes *by name!* You're in for a taste-treat!

NO OTHER BEER CAN OFFER YOU SO MUCH!

The Finance Committee reported favorably on bills as read.

Moved and supported that report of Finance Committee be accepted and orders be drawn for several amounts. Ayes: VanVleet, Truesdale, Winter, Smith. Nays: None. Motion carried.

A petition was presented from Henry Ford and Ford Motor Company and their successors, requesting that Eastern Street be closed one block North from Chicago Boulevard as long as the plant continues to operate as Manufacturing Plant.

The following resolution was offered by Trustee Smith and supported by Trustee VanVleet:

It being deemd advisable in the interest of national defense and public safety that Eastern Street in the Village of Tecumseh, Michigan, be closed temporarily;

Therefore, Be It Resolved, that Eastern Street, in the Village of Tecumseh, Michigan, be closed until the further order or determination of this Council. Provided, however, that such closing shall not interfere with the right of ingress and egress by the present or future owners of the electric power plant and water rights in connection with the mill pond known as Globe Mill Pond, and owners of other property adjacent thereto.

Moved and supported that above resolution be adopted. Ayes: Van Vleet, Turnbull, Winter, Truesdale, Marshall Smith. Nayes: None. Motion carried.

Moved and supported that request of Gospel Tabernacle to hold meetings on street be granted. Motion carried.

The following Ordinance was offered by Turnbull, supported by Winter.

An Ordinance Relating to Air Raid Blackouts and Other Precautionary Measures, Prescribing Orders, Rules and Regulations necessary to carry out the same and prescribing Penalties for the Violation of this Ordinance.

The Village of Tecumseh ordains:

Section 1. In order to protect life and property in the Village of Tecumseh ,Michigan, from enemy action, the Village President is hereby authorized and directed to carry out blackouts and air raid protection measures at such times and for such periods as are authorized or ordered by the Army or Navy. Practice blackouts and air raid drills may be carried out at such times and for such periods as the Village President shall deem appropriate or necessary, subject to the orders and directions of the Army or Navy.

Section 2. The following orders, rules and regulations are deemed necesary to carry out the provisions of this ordinance;

1. Official blackout and air raid signals shall be given by sounding one long blast of the fire alarm siren, and the all clear signal shall be given in the same mannner.

2. From the time the official blackout or air raid signal is given, continuously until the official all clear signal is given, thereafter, only the following types of traffic shall be permitted to move:

(a) Vehicles of the armed forces of the United States of America.

(b) Ambulances, vehicles being used by physicians in the performance of their professional duties, municipal, county, and state, federal police agencies and fire vehicles, and vehicles being then officially used by the several branches of the civilian defense organization.

(c) Vehicles actually in emergency service for the repair or control of public utility equipment, whether privately or publicly owned.

(d) Vehicles of the Michigan state troops under actual control of officers or enlisted men of the Michigan State Troops and actually in emergency service.

(e) Such other vehicles as may be permitted to move on special order of the commissioner of the Michigan State Police or his duly authorized representative, chief of police, civil defense authorities or other military authorities.

3. Vehicles described in subsection (a) and (b) of the preceding subdivisions hereof shall be deemed emergency vehicles and as such shall have general right-of-way over all other traffic except that of ambulances, municipal, county, state and federal police agencies and fire vehicles shall have the right-of-way over other emergency vehicles.

4. All vehicles in emergency use not already visibly marked as such shall be lettered on the front, sides and back with the letter "E" painted in white, said letters to be of a size of not less than one foot. No person shall own or operate a motor vehicle with such emergency markings unless authorized in accordance with the provisions of subdivision 2 hereof.

5. Operators of all vehicular traffic shall:

(a) Immediately draw to the side of the highway or street and stop in such a manner and in such a place so as not to obstruct the reasonable use of the highway or street, or any intersecting highway or street, fire hydrant, or police or fire station driveway or other emergency driveway.

(b) Extinguish all lights.

(c) Lock the ignition of such vehicle, and shall not in any case lock the doors of such vehicle if left unattended.

(d) Set the hand brake of such vehicle and go to the nearest shelter.

(e) In the case of horse drawn vehicles, immediately halter the horse or horses thereof firmly and securely to a fixed object if one is available, and if none is available, mail can be removed and locked up.

6. Any police officer, air raid warden, or other duly authorized officer shall have authority to prescribe the place and manner of the parking or storing of any vehicle or vehicles, in which event operators of vehicles shall immediately comply with the directions of such officer and officers.

7. Lights in all buildings in the village shall be extinguished unless doors and windows are sufficiently covered to prevent a reflection of light from such buildings and said buildings shall remain darkened until the all clear signal is given. Also, all street lights and other lights upon the street, including advertising signs, night lights and similar lights, shall be extinguished and so remain until the all clear signal is given. The owner, occupant or custodian of the premises herein mentioned shall be changed with the responsibility of carrying out the provisions hereof.

8. When deemed necessary by the Village President, or his duly authorized representative, residents of any portion of the village shall be evacuated to such place or places as the president or his authorized representatives may direct.

9. There shall be no congregation of persons on public streets, highways, sidewalks or in public places or buildings during the time the blackout or air raid is in effect. Persons already congregated in public places or buildings at the time the blackout or air raid signal is given shall be dispersed or kept together in such places or buildings as may be directed by the commander of the air raid wardens.

10. Duly appointed air raid wardens and their assistants shall be on actual duty during the time of such blackout or air raid, and shall have full authority to enforce these orders, rules and regulations.

Section 3. The village president is hereby authorized to prescribe such further orders, rules and regulations as in his judgment may be necessary.

Section 4. Any person who shall violate the provisions of this ordinance or any order, rule or regulation herein prescribed or which may hereafter be prescribed, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than One Hundred and No/100 ($100.00) Dollars or imprisonment in the county jail for a period not exceding 90 days or by both, such fine and imprisonment in the discretion of the court.

Section 5. This ordinance shall expire upon the termination of the state of war now existing between the United States and each of the various other nations or countries of the world with which this country is now at war, or with which this country may be at war prior to the cesssation of the present hostilities.

Section 6. This ordinance being deemed necessary for the public safety, it is given immediate effect.

Moved and supported that the Ordinance as read be approved and adopted. Ayes: VanVleet, Turnbull, Winter, Truesdale, Marshall, Smith. Nays: None. Motion carried.

President Elliott appointed Clyde A. Barber and Florence Howe as Member Board of Review. Moved and supported that appointement be confirmed. Motion carried.

The choir of the Van Born Methodist Church of Dearborn will present special selections at the evangelistic meeting at the Tecumseh Friends Church on Friday evening at eight o'clock. On Saturday evening, Miss Herrman will show motion pictures in technicolor of the southwest, in connection with the gospel meeting. On Sunday evening, which marks the conclusion of the series of special meetings, members of other Tecumseh churches will unite in the service, as the ministers who have been in charge of the Sunday evening union service have voted to join with the Friends Church in their closing evangelistic meeting. This evening—Thursday—there will be special music by the Joybringers, Miss Herrman and Miss Bray. The public is invited to all of these meetings.

KELLER-EGLEY

Mrs. Lillian Egley, formerly of Tecumseh, and Harry B. Keller, both of Fort Wayne, Ind., were married April 2, at the Methodist church in that city by the Rev. Harley T. Shady, son-in-law of the groom. They will make their home in Fort Wayne.

Mr. and Mrs. Paul Hunt of Muskegon, and Mr. and Mrs. Ralph Hunt and family of Ypsilanti, were present for their mother's wedding.

Pageant Plans Wait CD Ruling

COMMITTEE MARKING TIME PENDING RULING ON GAS AND OTHER RATIONING

The executive committee of the Tecumseh Recreation Center Pageant through its chairman, Chas. O. Butler, announced this morning that it was holding in abeyance, pending approval of the Michigan Civilian Defense Committee, further announcements regarding the proposed pageant here the last three days in July and August 1. The delay, it was explained, is due to the threat of gasoline rationing in the matter, in which event, it was believed, pageant crowds would be unable to travel by motor car, threatening the success of the local show.

"I want it definitely understood," Mr. Butler said, "that we are not calling off the pageant at this time. We are however, delaying at this time the announcement of committees, the winner of the pageant title contest and other pertinent facts, awaiting word from Lansing. If the Civilian Defense chief believes that we will be able to go ahead with the pageant and that there will not be gas rationing in Michigan, that there will not be an advertising paper shortage and other factors, then the announcement of committees will be made. However, we do not care to make a definite statement at this time and then find that the state frowns upon our enterprise.

"There is no doubt in my mind," Mr. Butler continued, "but that the pageant, even this year and with a war in progress, would be a huge success. Already we have had letters and telegrams from many p arts of the country urging us to stage the spectacle. People are interested. Amusements in other areas have been reduced and it seems to me that we would attract tremendous crowd to our show. However, if restrictions on gasoline are to be made about the first of July and people are unable to travel, that puts a different light on the picture. It is our considered judgment that we wait until we have definite word from Lansing before we proceed further. We are all set, ready to go, just the minute the state gives its approval."

Music Club Closes Year With Guest Night

Tecumseh Music Club closed the season with a meeting Tuesday evening at the home of Mrs. Sam Sisson. It was also guest night.

The program on "American Music in Radio and Movies" included the following numbers: A radio skit by Frances Yerger and Agnes McIntyre; songs by Irving Berlin—"Blue Skies," "Alexander's Ragtime Band," "A Lovely Day Tomorrow" and "When You Wish Upon a Star," by the Triad composed of Mrs. Thomas Gallant, Mrs. Sam Sisson and Miss Virginia Retter, accompanied by Mrs. Kenton Hunt; vocal solos, "Summer Time" (Gershwin), Mrs. Harley McConnell; "Morning Wind" (Bransconde), Mrs. Wm. Barnes; piano solos by Evangeline Lehman—"Jolly Minstrels," Mrs. N. Hart, and "Autumn Reverie," Mrs. Geo. Parsons; vocal solos—"Bless This House" (Brahe), "Love Is" (Spencer), "God Bless Our Land" (Kountz), and "Just for Today" (Riddle), Mrs. Otis Smith of Adrian. The sextette composed of Mesdames Mulvany, Gallant, Hayden, Heath, Parsons and McConnell sang "The American's Creed" (Frey) and in closing the entire club sang the national anthem.

Meetings will be resumed in September.

Successful Poppy Day Sales Reported Here

The American Legion Auxiliary reports a very successful "Poppy Day" last Saturday, the proceeds from the sale amounting to $172.32. The Auxiliary purchased 1,500 poppies which were all sold besides another hundred secured later. The ladies were assisted in the sale by the local Girl Scouts.

R. N. A. MEMORIAL

The Royal Neighbors will hold their Memorial Friday afternoon, May 29, and members are to meet at their hall at 3 o'clock and go to decorate the graves of deceased members at Clinton, Ridgeway, Ousted, Palmyra and Tecumseh.

NOTICE

The Athletic Mothers at their recent meeting voted $35 for the purchase of basketball suits. They made plans for a picnic in June and also to operate a refreshment stand at the pageant later.

Patrol Boys Guests Of P.-T. A. Mothers

The P.-T. A. mothers of the East and West Branch schools and of the Central sixth and seventh grades entertained the Patrol Boys who have been stationed on the corners during the school year at the school Thursday afternoon. Refreshments were served. The committee in charge consisted of Mrs. Paul Breitenwischer, Mrs. Elmer Burleson, Mrs. Walter Pfaus, Mrs. Leo Alderdyce, Miss Glodys Starr and Miss Bernice Parker.

Blackout Here Sunday, June 7

DETAILS WILL BE ANNOUNCED NEXT WEEK BY E. C. HEILMAN, COMMANDER

Tecumseh will have its first 15-minute blackout of the war on Sunday, June 7, probably about 10 p. m., E. C. Heilman, commander of the Civilian Defense Unit in Tecumseh township, said today.

"All of the plans for the blackout have not yet been formulated," Mr. Heilman said, "but we will have the details worked out within a week. Next Thursday, The Herald will carry the program in detail."

A demonstration in extinguishing incendiary bombs was staged at Britton on Tuesday evening under the auspices of Mrs. Laveta Armentrout, chairman of the Red Cross unit in that village. The exhibition was staged by Mr. Heilman, assisted by B. B. Moon and Cecil Alderdyce, chief and assistant of the fire department here. Over 125 persons attended the meeting, held at the high school.

The demonstration was made possible, Mr. Heilman said, with the aid of magnesium, obtained from an Adrian factory. Later Mr. Heilman addressed the group in the school auditorium.

Tecumseh's civilian defense program is moving along smoothly, the commander declared, and all wardens, firemen and policemen are taking a keen interest in their work. This evening another drill program will be held at the high school, with wardens, policemen and firemen participating.

Miss Spaulding Named County Nurses' Head

Miss Gertrude Spaulding, superintendent of Tecumseh hospital, was elected president of the Lenawee District Nurses Association at the regular meeting held last Wednesday evening at her home here. Other officers are Mrs. Ruth Pierce, vice-president; Mrs. Ann Meeker, secretary, and Miss Jennie Gillespie, treasurer. Miss Spaulding gave a report of the recent meeting of the State Nurses Association in Flint, which she attended.

Mrs. John McColl sang two numbers accompanied by Mrs. Wilfred Waldron, Assembly singing completed the program.

The annual formal dance of the association is to be held at the Civic Auditorium in Adrian Wednesday evening, June 3, the proceeds to go for Civilian Defense. Mrs. Winifred Muldary of Adrian is general chairman, and Mrs. Florence Shoushock of Tecumseh, ticket chairman.

FUNERAL ON SATURDAY

Funeral services for Leroy McCollum were held Saturday afternoon at the home in Macon. Rev R. E. Simons officiated and bearers were Wilfred McCollum, Sumner McCollum, Jr., Russell McCollum, Clyde Way, Herman Steuwe and Raynor Steuwe. Relatives and friends from Caro, Jackson, Ypsilanti, Toledo, Saline, Brooklyn, Clinton, Britton, Ridgeway and Tecumseh attended the services.

Mr. McCollum, aged 67 years, had suffered with a heart ailment for the last five years but his condition was not considered critical until a few days before his death which occurred in the Tecumseh hospital last Wednesday afternoon. He is survived by the widow, who before her marriage was Miss Gertrude Smauble; one sister, Mrs. Luzetta Way of Clinton; two brothers, Sumner McCollum of northwest of Macon and Ray McCollum of Britton, and several nieces and nephews.

RELIABLE CLASS

The Reliable class of the Methodist church will meet Tuesday, June 2, at 2:30 at the home of Mrs. W. G. Waldron. The meeting will be followed by a weiner roast, each member furnishing her own weiners.

Decoration Day To Be Observed

VILLAGE TO PAY TRIBUTE TO WAR DEAD WITH PROGRAM AT BROOKSIDE

Tecumseh will pay a fitting tribute to its war dead on Saturday, May 30, Memorial Day, with a parade through the business district and a service at Brookside cemetery. Louis S. Schneider, World War veteran of Underwood-Orr Post, American Legion, and who will act as marshal of the day, announced the program.

The parade will form at 9:30 Saturday morning on North Ottawa street. It will move promptly at 10 o'clock westward on Chicago boulevard to Union street, and the first stop will be made at the bridge over Evans Creek, where a prayer will be offered for the sailors who gave their lives in the nation's wars. A wreath also will be placed upon the water.

The parade then will move to the cemetery, first halting at the lot of the Civil War Veterans, then Spanish War and last the World War lot. In each lot a prayer will be offered, a volley fired and taps sounded. Ministers participating in the service will include the Rev. Edward Escolme, the Rev. Thomas Hodda and the Rev. James Cameron Murdoch.

Mr. Schneider said that he would have the order of parade in the hands of the several department commanders on Friday. It is expected to include all veterans' organizations, patriotic groups and auxiliaries, Boy and Girl Scouts, school children and citizens. John Dunn, Civil War Veteran of Tecumseh, is expected to ride in the parade. Mr. Dunn is one of 45 Civil War veterans in Michigan.

The committee in charge of the program is in need of several riding horses, to be used in the parade. Anyone having a riding horse and saddle is urged to communicate at once with Mr. Schneider.

Charles T. McDermott Is Buried In Adrian

Charles T. McDermott, aged 73 years, died Tuesday at his home in Adrian after a long illness. Mr. McDermott was born in Clinton and on March 4, 1891, was married to Grace Jordan, a daughter of the late William Jordan and wife of Tecumseh, who survives. He was a member of the Maccabee and Masonic lodges.

Besides the widow he leaves two grandchildren, five brothers, Clyde, Frank, George and James, all of Clinton, and Howard of LaPorte, Ind.; four sisters, Mrs. Myrtle Jones of Tecumseh, Mrs. Addie Kilby of Clinton, Mrs. Fanny Ketchem of Dixon, Ill., and Mrs. Catherine Williams of Polo, Ill.

Funeral services will be held on Friday afternoon at 3:30 at the Vogt & Schwartz Funeral Home in Adrian, with burial in Oakwood cemetery.

Happy Circle P.-T. A. Holds Final Meeting

The final meeting of the Happy Circle P. T. A. for this season was held Friday evening at the Centenial school. Mrs. Harvey Lewis presided and the program included vocal solos by Mrs. Lucille Coover, accompanied by Mrs. E. H. McConnell; patriotic vocal and instrumental music by Frederick Dickinson, violin, Floyd Bryan, drums, Mrs. McConnell, piano, and Mrs. Coover, song leader. A play "Thursday at Home" by the Macon Woman's Club, completed the program after which refreshments were served.

Meetings will be resumed in September with Mr. and Mrs. William Feldman and Mr. and Mrs. Glenn Van Vleet in charge of the program and Mr. and Mrs. Donald Prichard Mrs. George Cox and Charles Cox in charge of refreshments.

Andrew Cheever Dies; Burial In Ridgeway

Andrew Cheever, aged 84 years, a life long resident of Britton and vicinity, died early Sunday at his home after a two weeks' illness, although he had been in failing health for two months. He was a member of the Goodfellow class of the Christian church.

Survivors are three sons, Millard of Britton, Clarence of Detroit and Clyde of Mason; a brother, Eugene Cheever of Tecumseh; four grandchildren and two great-grandchildren. Mrs. Cheever died in January, 1938.

Funeral services were held Tuesday at the Niblack Funeral Home in Britton. Rev. O. E. Priest officiated and burial was in Ridgeway cemetery.

STORES TO CLOSE HERE ON SATURDAY

In keeping with an established policy, stores, offices and in some instances manufacturing concerns in Tecumseh will close their doors all day Saturday, Decoration Day.

Stores will be open on Friday evening, it was said by Wade L. Jones, secretary of the Chamber of Commerce, to permit shoppers to do their buying for the two-day week-end holiday.

Tecumseh Wins County Meet

INDIANS WALK OFF WITH HONORS AT CONTEST HELD IN ADRIAN

The Tecumseh high school track team, under the direction of Coach Aden Mead, won the Lenawee County track and field meet held on the Island park track Thursday. Three schools, Tecumseh, Morenci and Hillsfield, were entered in the meet and Tecumseh won over Morenci by a scant one point, 51-50.

Tecumseh won only three of the 12 events but made up for the lack of blue ribbons with plenty of points from second, third and fourth positions. Coffey scored 10 of the Indians' points with a first in the 200-yard low hurdles, a second in the 220-yard dash and a third in the 100-yard dash.

Max Green, who starred in both football and basketball for the Indians, copped the shot put when he registered 40 feet 4 inches with the 12-pound ball, one of the best marks of the day. Bagshaw took Tecumseh's other blue ribbon when he won the broad jump with a leap of 18 feet 6½ inches.

While the Indians failed to win many of the first place honors, they won by every boy coming through with a place, which piled up the Indian points.

Tecumseh had previously defeated Morenci in a dual meet last April. This makes the fourth time in two years that the Indians have beaten Morenci in track and field meets.

Tecumseh high school has already won the County Athletic Association football and basketball crowns.

LOCAL MEDICS ENLIST IN ARMY AIR CORPS

Thirteen Lenawee county physicians, including two from Tecumseh, under the age of 45 years, have enlisted for service with the U. S. Army Air Corps, it was announced at Jackson by Lt. Col. John Stevens, of the Army Medical Air Corps. Tecumseh doctors enlisting are Dr. M. R. Blanden and Dr. Ralph Helzerman and from Clinton, Dr. H. D. Iler. The other ten are from Adrian and other towns in the county.

It was understood today that several of the doctors already have had their physical examinations or will receive them within a day or two. They expect to hear within a week as to their standings and advised as to when they may expect to be called for active service.

MISCELLANEOUS SHOWER

Miss Gladys Starr was guest of honor at a miscellaneous shower held last Wednesday evening at the home of Mrs. W. L. Berkhof in honor of her approaching marriage to Lawrence Barera of Detroit, which will take place in August. Miss Starr has taught in the grades at the Central building for several years. The assistant hostesses were Miss Sarah Humphrey, Miss Jane Elliott, Miss Beth Cole and Mrs. Helen Sager.

PAST CHIEFS CLUB

Mrs. Grant Schreder and Mrs. I. W. Brollier entertained the Past Chiefs Club of the Pythian Sisters Tuesday evening at the home of Mrs. Schreder. The business meeting was followed by a social hour with games and refreshments. Prizes at games were won by Mrs. C. H. Kemp, Mrs. Clarence Allison and Mrs. Frank Hoekstra.

The meeting place for June was not decided on.

REJECTED IN DRAFT

Robert Sage, Wilton Staulter James Marsh, Russell Reed, Ralph Randolph, Parke Nye and Robert Rogers were rejected for army service at Detroit Thursday and returned to their homes here. Those accepted from Tecumseh were George Derby, Louis Vageskos and George McMullen.

Titley Chosen As Supervisor

TO FILL UNEXPIRED TERM OF A. O. HOWARD; IS ALSO VILLAGE TREASURER

LeRoy H. Titley, village treasurer, yesterday was appointed as supervisor of Tecumseh township, to fill the vacancy caused by the death of Albert O. Howard, who had held the post since 1932. Mr. Titley enters upon his new duties immediately, and will fill the unexpired term, which ends next April.

H. H. Hanna, clerk of the township board, in making the announcement, said that Mr. Titley had assisted Mr. Howard in preparing his assessment roll this year, due to the late supervisor's illness, and that he was familiar with the procedure of the office.

Mr. Howard, who died last week Thursday, had served the township as its supervisor since 1932, when Mr. Hanna resigned to become postmaster of Tecumseh. In the past 37 years this township has had only three supervisors. John Schreder held the office from 1905 to 1922, when Mr. Hanna was named following Mr. Schreder's death. Mr. Hanna held the post until he resigned in 1932.

Mr. Howard was chairman of the township board of supervisors, but it was said today that it was unlikely that Mr. Titley would succeed him to that office. It was expected that the board would elevate the vice-chairman of the board to the chairmanship, and permit Mr. Titley to serve on the committees of which the vice-chairman is now a member.

Friendship Meeting Is Attended By 107

The Lenawee County Friendship Association meeting was held in Tecumseh last Wednesday evening with the local Pythian Temple as hosts. One hundred and seven members from Adrian, Hillsdale, Milan, Tipton, Tecumseh and Waldron attended and a potluck supper was held in the Pythian hall preceding the meeting.

The program opened with assembly singing of 'America', prayer by Mrs. Maude Steidle of Milan and presentation of the flag, Mrs. Jane Baker of Tipton reciting "Your Flag and My Flag." The address of welcome was given by Mrs. Lynn Harris and response by Mrs. Elmer Shaffer of Adrian. Mrs. Steidle of Milan and Mrs Claude Lewis of Hillsdale, grand officers were introduced by Mrs. Alfred Beckman. Corsages were presented to Mrs. John McIntyre of Tecumseh, the oldest mother present, and Mrs. James Oller of Adrian, the youngest mother present. A humorous skit was presented by the Tecumseh temple and a fancy drill was put on by the staff of Rose temple of Milan. Assembly singing of the "Star Spangled banner" closed the program.

The Lenawee County Friendship Association was organized this year and officers are: President, Mrs. Annis Burnor of Adrian; vice president, Mrs. Earl Betser of Tecumseh; secretary and treasurer, Mrs. Elmer Shaffer of Adrian.

The next meeting will be held in Tipton in September.

BURIED AT TIPTON

Funeral services for Miss Edith Radant were held Saturday afternoon. Miss Radant died Thursday morning at Tecumseh hospital after a long illness. Rev. Edward Escolme officiated and bearers were Albert Radant of Sturgis, Herman Radant of Onsted, Harold and Rinehart Radant of Tecumseh, all brothers, and Amiel Teske and Floyd Bracey, also of Tecumseh. Burial was made in Tipton cemetery. Relatives and friends from Battle Creek, Ann Arbor, Sturgis, Onsted, Tipton and Tecumseh attended.

The Auxiliary of the American Legion will hold their regular meeting Monday evening, June 1, in the Legion hall.

SUGAR FOR CANNING

Tecumseh housewives will get sugar for canning—one pound for every four quarts of fruit—and the rationing will begin in Tecumseh next week, it was announced this morning at the County Rationing Board offices in Adrian.

"All of the machinery for rationing had not yet been completed," the county office said, "but it will be in operation next week. Tecumseh folk will not need to come to Adrian to get their sugar cards, they will be issued in Tecumseh.

"Tell Tecumseh housewives to watch The Herald next week for an announcement of local canning sugar rationing," the spokesman said. "I am certain that canning sugar will be available by the end of next week."

It was indicated that registration for canning sugar will be permitted on two, possibly three days.

40 Tons of Junk

FARMERS MAY BRING IN OLD SCRAP METAL FOR $10 A TON ALL THIS WEEK

If you have some old scrap metal on your farm, bring it to Tecumseh and get $10 a ton for it. You may bring it in either today or tomorrow.

The scrap metal campaign, launched last week by local implement men, was a complete success, Leo W. Robinson said today. Thus far, over 45 tons of metal have been brought in, and to accommodate farmers who were too busy last week to bring the iron, the time has been extended until Friday night. Metal will be weighed free of charge at the Hotrum, Moore or Hayden scales, and metal can be dumped at the parking lot, south of Dr. H. H. Hammel's office. Weight slips will be "cashed" at the Robison Implement Store.

The local implement men are furnishing the cash to buy the metal, and in turn they are selling it to the scrap dealers, who will turn it over to the metal mills to make munitions for the army and navy.

Beecher Lighthall, 82, Former Resident, Dies

Beecher Lighthall, aged 82 years, a former resident of Macon, died Monday at his home in Detroit after several months' illness. He had lived in that city for 20 years.

Survivors are the widow, formerly Olive E. Oliver of Britton; one daughter, Mrs. Ruby Baldwin, at home; five sons, Lloyd of Dearborn, Ray of Toledo, George of Onsted, Eber and Robert of Detroit; 14 grandchildren and 12 great-grandchildren. E. H. Oliver of Britton is a brother-in-law and Mrs. Cora Allen of Britton a sister-in-law of the deceased.

Funeral services were held on Wednesday at the home in Detroit and the body was brought for burial in Ridgeway cemetery.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. James Marsh are announcing the engagement and approaching marriage of their daughter, Nadine, to Ralph Mobley, son of Mr. and Mrs. T. W. Mobley of Salem, Ind. The wedding is to take place Saturday evening, June 6, at the Martha-Mary chapel in Macon. Rev. William Spencer of Toledo will perform the ceremony.

KNOW YOUR STATE

The Michigan Department of Agriculture issued a handbook recently which should be made a part of the "work kit" of every school child in the state, and studied by not only the children but the older folk, too. It contains some mighty interesting facts—facts that every Michigander should know about his state; facts, we'll bet that few native-born Michigan folk know about.

For instance, Michigan has the longest shore line of any state in the United States. It is the second largest state east of the Mississippi. The Upper and Lower Peninsulas are equal in size of both England and Wales. Its landed area amounts to 57,980 square miles, exclusive of 40,000 sqhare miles of water surface.

Michigan in 1940 had a total population of 5,256,106, of which number 96.5 per cent were white. In the state are 1,180,554 families, of which number 58.1 per cent own their own homes. Of 563,924 rural homes, 71.1 per cent are owned by occupants. The average farm value in 1940 amounted to $4,865, with a per acre value of $50.59. In the number of farms, Michigan ranked 14th in 1940, 27th in land farms and 13th in the value of farm lands.

The book also points out that the greatest maritime thoroughfare in the world is the Detroit River, and the world's largest waterway gate is the Soo Canal. Both have more traffic in freight tonnage than any other similar places in the world.

Michigan has water communication with seven other states, and within the state there are 21 government improved harbors. Railroads, however, play an important part in the state's transportation system, as well as on its tax roll. The railroads' annual tax bill, most of which goes into the primary school fund, amounts to about $7,000,000.

Few people know that at one time Detroit was the capital of Michigan and that the first capitol building was built there in 1823-28. It was not until 1847 that Lansing was chosen as the capital city and the State House was built a few blocks from where the capitol now stands. The present capitol building was dedicated in 1879, and cost $1,510,130.

These are only a few of the facts contained in the Department of Agriculture's handbook entitled "Michigan, the Peninsula State." Should you be interested sufficiently to want one of the books it is likely that one might be had by writeng to Commissioner Card at Lansing.

MORE MONEY—LESS LIVING

With money going into our pockets at the highest rate in the history of the nation, the people of the United States face a drastic reduction in their standard of living.

In March, according to the Department of Commerce, income payments to individuals, including wages, dividends and other expenditures, were running at the rate of $106,000,000,000. This compares with $92,990,000,000 in 1941 and more than doubles the low of the depression.

Despite this increase in income, which means more spending money, the exigencies of the war require that metals, labor and materials be used for bombers, tanks and weapons necessary for offensive action. Consequently, there will not be materials or productive facilities to turn out the goods necessary to support our present standard of living.

Leon Henderson, price administrator, predicts that the national level will be forced down in the next twelve months to the low standard of 1932, which was the low of all lows in the depression. Rationing will effectively regulate the consumption of certain commodities but the conversion of industrial plants to war production, eliminating the manufacture of civilian goods, will have a more drastic effect.

It is interesting to observe that this prospective decline in the standard of living meets with the thorough approval of the people of this country. Realizing the nature of the war forced upon them and the evil consequences that would follow defeat, the American people are willing to put up with any inconveniences necessary to defeat their enemies.

This sentiment is apparent in Lenawee county where various volunteers have responded to the calls for service and where many homes have been affected by the absence of male members in military and naval service. There can be no doubt of the willingness of our people to accept the Axis challenge and to meet whatever the war develops.

A Message to Our Customers

Complying with the orders of the office of defense transportation to conserve trucks, tires, gasoline and other materials; we are discontinuing our home delivery service. Effective June 1, 1942.

(Office of Defense Transportation Orders No. 5 & 6.)

By combining our routes we are pleased to announce that we will be able to serve Tecumseh every day excepting Thursday.

In so far as material and war restrictions permit, we shall provide the best possible service, and we look foward to the day when we again can give the kind of service wanted, "when and where wanted". But now, and for the duration, WAR NEEDS COME FIRST.

This is part of the price of protecting liberty. We do want to acknowledge, with thanks, our appreciation of your valued patronage.

Obituary

ALBERT O. HOWARD

Albert Orlando Howard, son of Orlando and Eliza Howard, was born April 4, 1870, in Cambridge township, and died May 21, 1942, at his home in Tecumseh after two weeks' illness following a long period of failing health. Due to the death of his father he spent his boyhood in the home of his grandfather, Marvin Howard, with whom he moved to Tecumseh at the age of 12. He graduated from Tecumseh high school in 1890 and was married in 1897 to Mabel Wiley, who preceded him in death in 1927, leaving a daughter, Lillis. In 1929 Mr. Howard was married to Helen Sheldon McNeil, who survives. He was a member of the Tecumseh Baptist church since 1885; also of the Tecumseh Grange and the Wit and Wisdom Club.

In July, 1932, Mr. Howard was appointed supervisor of Tecumseh township and held that office until his death. In April of this year he was elected chairman of the board. He also served on the township board of review.

Besides the widow he leaves the daughter, Mrs. Lillis McLain, and two grandchildren, Howard and Marjorie McLain; a step-daughter, Ella McNeil, and three stepsons, Allan, Earl and Russell McNeil.

Funeral services were held May 23 at the Baptist church. Rev. O. V. Robinson officiated and bearers were Messrs. W. G. Waldron, H. H. Hanna, Ernest Harris, R. S. Moore, George Cole and I. W. Boltz. Burial was in Brookside cemetery. Relatives and friends from Granville, O., Onsted, Toledo, Lambertville, Jackson, Detroit and Adrian attended.

ORAL D. FREER

Oral Dean Freer, son of Alva and Julia Pocklington Freer, was born February 19, 1877, in Ridgeway township. After the death of his father two years later he made his home with his maternal grandparents, Mr. and Mrs. George Pocklington, west of Ridgeway, where he lived until his death. He attended the Ridgeway school and graduated with the class of 1897. On April 7, 1914, he was married to Miss Elizabeth Homann. After an extended illness and a year's confinement in bed he passed away May 19, 1942.

He is survived by the widow, a daughter, Julia; a sister, Mrs. Della Gilmore of Parma; a half-brother, George Russell of Ramsay, Mont., and a step-brother, Edward Russell of Onsted. A sister, Mrs. Nellie McRoberts, preceded him in death.

The funeral was held Friday, May 22, at the Niblack Funeral Home in Britton, The Rev. Norman MacNaughton officiated. The bearers were Frank Gilmore of Parma, John McRoberts of Laingsburg, Clarence Freer of Mason, Elmer Pocklington of Highland Park, Bert Pocklington of Adrian and Guy Pocklington of Britton. The burial was in the family lot in the Ridgeway cemetery.

Relatives and friends from Parma, Laingsburg, Mason, Highland Park, Adrian, Onsted, Milan and Tecumseh attended the services.

RESOLUTIONS

BE IT RESOLVED:

That in as much as it has pleased the Supreme Ruler of the Universe to call our Chairman, Albert O. Howard, to receive the reward for a just and upright life; we, the members of the Township Board of Tecumseh deeply feel our loss and fully realize that Tecumseh and Lenawee County have lost an exemplar citizen and public official, and we, a true friend and co-worker.

BE IT FURTHER RESOLVED:

That a copy of this resolution be spread on the records of our meeting, and copies be sent to Mrs. A. O. Howard and Mrs. Leigh McLain.

And a copy be printed in the Tecumseh Herald.

We've Built Our Business With Satisfied Customers--
Yes, more than a half century ago we learned that to be successful in business you must see the same customer many times during the week. And to bring customers into your store day after day, they must be satisfied.
We adopted a policy of quality merchandise plus the best service we know how to give, and made our prices as low as markets would permit. We found that this policy brought satisfaction.
That's why we say that our business was built with satisfied customers. We've served four generations in Tecumseh and its trading area.

DECORATION DAY PLANS

Plans for the observance of Decoration Day next Saturday were completed at the meeting of the American Legion post held Saturday evening.

The parade will form at 10 o'clock at the schoolhouse with Boy Scouts, Girl Scouts, American Legion Post and Auxiliary and United Spanish War Veterans marching to Riverside cemetery, where a short program will be presented. The Rev. R. E. Simons will deliver a short address.

BLACKOUT IS SUCCESSFUL

Dr. J. R. Foreman, village president and chairman of the local civilian defense council, announces that complete co-operation marked the second voluntary blackout in the village Sunday night.

The fire siren sounded the alert at 9:57 and the all clear at 10:30 o'clock. The fire department, state police and auxiliary police, the first aid class and Boy Scouts were at their stations. Most motorists on Route 112 stopped their cars but a few proceeded through the village at ten miles an hour with headlights dimmed.

HOLD PATRIOTIC MEETING

A patriotic meeting was held on Thursday evening in the school auditorium under the auspices of the Civilian Defense Council where final preparations were made for Sunday's "blackout."

The following program was presented: Singing of Star Spangled Banner; music by the Clinton high school band; presentation of the Red Cross first aid certificates; reports by the chairmen of the various civilian defense committees; address by Reardon Piersol of Flint, a representative of the U. S. Treasury Department; motion pictures on fire prevention by state police; singing of "America."

COMMENCEMENT ACTIVITIES

Graduation activities of the Clinton high school will begin Sunday evening, May 31, when Rev. R. E. Simons will deliver the baccalaureate address to the 23 seniors.

Class night will be participated in by each senior and the program will take the form of a draft board examination. The class will, prophecy and giftatory will be presented presented at this time.

Dr. Norman Hidden of Adrian College is to deliver the commencement address Thursday evening, June 4, when diplomas will be presented to the following seniors: Bob Aten, Don Allen, Margaret Baird, James Baker, James Beach, Annabelle Bowman, Eleanor Ann Campbell, Arthur Frolich, Roberta Hornsby, Charles Greenfield, Eula Belle Jeffrey, Betty Johnson, John Jones, Juanita McCombs, Ann O'Reilly, Norman Papsdorf, Elizabeth Pieper, Leo Pokryfke, Winona Richardson, Bob Robison and Geraldine Patterson.

The members of the class will enjoy a boat trip to Mackinac Island leaving today and returning Sunday.

MUSIC FESTIVAL

The second annual grade music festival was presented last evening in the school auditorium under the direction of Mrs. John D. McColl, assisted by the grade teachers. All pupils from the kindergarten through the eighth grade participated and the program included the minuet; a flag drill; various songs and dances; the winding of the May Pole and the grand finale by a massed chorus.

S. S. CLASS ELECTS

The May meeting of the Methodist Semper Fidelis class was held Thursday evening with Mrs. Kenneth Lemm northwest of Clinton. Mrs. Edward Judge conducted the business session and the members voted, in absence of a janitor this summer, to make the care of the church and the lawn their project.

The class also voted an appreciation to Mr. and Mrs. Walter Schroeder, who are moving to Fremont, for their church activities.

The nominating committee's report was read and these officers were elected: Mrs. Arthur Rudel, president; Mrs. Lester Handy, treasurer; Mrs. F. R. Peters, secretary. Mrs. E. H. Meyers, teacher, conducted the devotions and Mrs. Howard Schmidt gave a chapter from the study book, "How the Bible Came to Us." The rest of the evening was spent sewing on layettes. Refreshments were served by Mrs. Lemm and Mrs. Maurice Martin. The June meeting is to be held with Mrs. Edward Julge.

WOMAN'S UNION MEETS

The Congregational Woman's Union met Friday at the church and Miss Eleanor Wellwood and her circle served a 1 o'clock luncheon. Mrs. J. R. Foreman presided over the business session and the devotions were led by Mrs. W. H. Skentelbury. The program consisted of reports by the women who attended the state conference in Jackson last week, Mrs. J. D. Hause, Mrs. L. C. Weaver, Mrs. E. E. Hoyt and Mrs. Skentelbury.

GIRBACH-MAIN

Miss Jennie Main, daughter of Mr. and Mrs. Perry J. Main of Osseo, became the bride of Walter Girbach, son of Mr. and Mrs. George Girbach of north of Clinton, at 2 o'clock Saturday afternoon in the Osseo Methodist Church. The Rev. Howard Paul Spitnall read the service. They were attended by the bride's sister and husband, Mr. and Mrs. Maynard Ingraham of near Wamplers Lake. Mrs. William O'Halloran sang, "O Promise Me" and "I Love You Truly."

The bride wore pink net over satin and her flowers were American Beauty Roses. Mrs. Ingraham wore tan crepe and her flowers were roses.

After the ceremony the guests gathered in the church social rooms where refreshments were served by the women of the church.

Mr. and Mrs. Girbach will live north of Clinton after May 27. Both are employed at the Clinton Woolen Mills.

CLINTON NOTES

Mrs. F. K. Allen presented one division of her piano pupils in a recital at the Methodist church on Sunday afternoon, with the high school and part of the junior pupils taking part. A MESSAGE TO FURNACE OPERATORS

These are war-times. Days of shortages, priorities. No longer can we order parts and repairs one day and get them the next. Our government comes first, and rightfully.

And that is why we say to you in all sincerity, "repair your furnace now for next winter." Don't wait, you can't afford it.

Our advice, therefore, to furnace operators in Tecumseh is briefly this. If you believe that your furnace needs any repair, have it inspected NOW. Furnaces should be cleaned to give the best service. We'll tell you what parts are needed, if any.

Please Do Not Delay

We cannot urge you too forcefully not to delay this inspection and repairs. It may mean that your house will be warm instead of cold next winter.

COUNCIL PROCEEDINGS

VILLAGE OF TECUMSEH
COUNCIL BUILDING
May 18, 1942

Present: President Elliott, Trustees Winter, Truesdale, Smith, Marshall, Turnbull, VanVleet.

The following Ordinance was offered by Turnbull, supported by Winter.

An Ordinance Relating to Air Raid Blackouts and Other Precautionary Measures, Prescribing Orders, Rules and Regulations necessary to carry out the same and prescribing Penalties for the Violation of this Ordinance.

The Village of Tecumseh ordains:

Section 1. In order to protect life and property in the Village of Tecumseh ,Michigan, from enemy action, the Village President is hereby authorized and directed to carry out blackouts and air raid protection measures at such times and for such periods as are authorized or ordered by the Army or Navy. Practice blackouts and air raid drills may be carried out at such times and for such periods as the Village President shall deem appropriate or necessary, subject to the orders and directions of the Army or Navy.

Section 2. The following orders, rules and regulations are deemed necessary to carry out the provisions of this ordinance;

1. Official blackout and air raid signals shall be given by sounding one long blast of the fire alarm siren, and the all clear signal shall be given in the same manner.

2. From the time the official blackout or air raid signal is given, continously until the official all clear signal is given, thereafter, only the following types of traffic shall be permitted to move:

(a) Vehicles of the armed forces of the United States of America.

(b) Ambulances, vehicles being used by physicians in the performance of their professional duties, municipal, county, and state, federal police agencies and fire vehicles, and vehicles being then officially used by the several branches of the civilian defense organization.

(c) Vehicles actually in emergency service for the repair or control of public utility equipment, whether privately or publicly owned.

(d) Vehicles of the Michigan state troops under actual control of officers or enlisted men of the Michigan State Troops and actually in emergency service.

(e) Such other vehicles as may be permitted to move on special order of the commissioner of the Michigan State Police or his duly authorized representative, chief of police, civil defense authorities or other military authorities.

3. Vehicles described in subsection (a) and (b) of the preceding subdivisions hereof shall be deemed emergency vehicles and as such shall have general right-of-way over all other traffic except that of ambulances, municipal, county, state and federal police agencies and fire vehicles shall have the right-of-way over other emergency vehicles.

4. All vehicles in emergency use not already visibly marked as such shall be lettered on the front, sides and back with the letter "E" painted in white, said letters to be of a size of not less than one foot. No person shall own or operate a motor vehicle with such emergency markings unless authorized in accordance with the provisions of subdivision 2 hereof.

5. Operators of all vehicular traffic shall:

(a) Immediately draw to the side of the highway or street and stop in such a manner and in such a place so as not to obstruct the reasonable use of the highway or street, or any intersecting highway or street, fire hydrant, or police or fire station driveway or other emergency driveway.

(b) Extinguish all lights.

(c) Lock the ignition of such vehicle, and shall not in any case lock the doors of such vehicle if left unattended.

(d) Set the hand brake of such vehicle and go to the nearest shelter.

(e) In the case of horse drawn vehicles, immediately halter the horse or horses thereof firmly and securely to a fixed object if one is available, and if none is available, to the vehicle itself after unhitching said horses.

(f) Postal vehicles shall not be governed by the provisions of subsection (c) or this paragraph, but shall be locked to conform with United States post office regulations, in which event operators of vehicles shall immediately comply with the directions of such officer and officers.

7. Lights in all buildings in the village shall be extinguished unless doors and windows are sufficiently covered to prevent a reflection of light from such buildings and said buildings shall remain darkened until the all clear signal is given. Also, all street lights and other lights upon the street, including advertising signs, night lights and similar lights, shall be extinguished and so remain until the all clear signal is given. The owner, occupant or custodian of the premises herein mentioned shall be charged with the responsibility of carrying out the provisions hereof.

8. When deemed necessary by the Village President, or his duly authorized representative, residents of any portion of the village shall be evacuated to such place or places as the president or his authorized representatives may direct.

9. There shall be no congregation of persons on public streets, highways, sidewalks or in public places or buildings during the time the blackout or air raid is in effect. Persons already congregated in public places or buildings at the time the blackout or air raid signal is given shall be dispersed or kept together in such places or buildings as may be directed by the commander of the air raid wardens.

10. Duly appointed air raid wardens and their assistants shall be on actual duty during the time of such blackout or air raid, and shall have full authority to enforce these orders, rules and regulations.

Section 3. The vilage president is hereby authorized to prescribe such further orders, rules and regulations as in his judgment may be necessary.

Section 4. Any person who shall violate the provisions of this ordinance or any order, rule or regulation herein prescribed or which may hereafter be prescribed, shall be guilty of a misdemeanor, and upon conviction , thereof shall be punished by a fine of not more than One Hundred and No/100 ($100.00) Dollars or imprisonment in the county jail for a period not exceeding 90 days or by both, such fine and imprisonment in the discretion of the court.

Section 5. This ordinance shall expire upon the termination of the state of war now existing between the United States and each of the various other nations or countries of the world with which this country is now at war, or with which this country may be at war prior to the cesssation of the present hostilities.

Section 6. This ordinance being deemed necessary for the public safety, it is given immediate effect.

Moved and supported that the Ordinance as read be approved and adopted. Ayes: VanVleet, Turnbull, Winter, Truesdale, Marshall, Smith. Nays: None. Motion carried.

J. FLOYD ELLIOTT,
President.
WADE L. JONES,
Village Clerk.

THE TECUMSEH HERALD

NINETY-SECOND YEAR—NUMBER THIRTY-SIX | TECUMSEH, MICHIGAN, THURSDAY, JUNE 4, 1942 | FIVE CENTS PER COPY

To Get Canning Sugar Friday

MUST APPLY TO RATIONING BOARD, WHICH WILL HAVE OFFICES IN M. E. CHURCH

Sugar for canning—one pound for every four quarts of fruit you propose to can between now and the 15th of July—will be made available by a local rationing board in Tecumseh, beginning on Friday, it was announced today by the Lenawee Rationing Board at Adrian. Similar boards will be set up in Addison, Blissfield, Britton, Clayton, Clinton, Deerfield, Hudsos, Jasper, Morenci and Onsted.

While Friday will be the first day that the rationing board will function—the dates will be the same in all communities—it was said that the registration will continue on June 6, 8, 9, 10, 15 and 16. The board offices will be open in each village from 9 a. m. to 4:30 p. m.

In Tecumseh, Miss Fern DePuy will act as chairman of the board. In Britton, the chairman is Mrs. George Brablec; in Clinton, Mrs. L. C. Warner, and in Onsted, Mrs. H. Reynolds. In Onsted the board will have its office in the Baptist church and in Britton and Clinton at the high school.

Persons desiring sugar for canning must submit to the board all war rationing books held by their immediate families at the time of making the request for the added sugar supply. They also must make a written statement, showing the number of quarts of fruit they canned in 1941. Another statement, also written, must show the number of quarts of canned fruits now on hand, and a third statementmust show the number of quarts they propose to can between now and July 15.

It was pointed out that this registration for rationing is intended for the release of sugar needed to can fruits ripening at this particular season only. Provisions will be made later for a second registration, making possible the canning of fruits ripening after the 15th of July.

Memorial Services Are Held by Grange

Lenawee County Pomona Grange is meeting today at the Tecumseh Grange hall for their annual memorial services. Rev. J. W. Greenwood of Adrian will deliver the address on "Memorial Day with Lincoln," and flowers will be placed on the altar for deceased members as the names are read.

The regular program will be presented this afternoon and will include talks by Mrs. John Gordon and Mrs. William Gordon of Hillsdale county grange. Juvenile members will also take part in the program.

Twenty-one members of Tecumseh Grange were in Cement City Friday evening where they were guests at a dinner given by the Woodstock Grange, the result of a recent membership contest.

At the regular meeting of Tecumseh Grange held Thursday evening the third and fourth degrees were conferred on Mr. and Mrs. Herbert Long, Mr. and Mrs. Owen Partridge, Mr. and Mrs. W. J. Frayer and Richard Cadmus. Refreshments were served by the home economics committee.

RED CROSS IN NEED OF USED CLOTHING

The Red Cross is in need of used clothing and is requesting all who have any clothing, bedding or supplies which are outgrown or not needed to leave them on their porch Saturday morning, June 6, when they will be picked up by Boy Scouts along with the paper collection.

Most of the articles received in May have been repaired and many are being remodeled and will be a real asset in time of fire, flood or bombing disaster. Anyone wishing to contribute time or household equipment is asked to notify Misses Minnie Russell or Agnes McIntyre.

FLOWER EXHIBIT

The Tecumseh Garden Club will hold its spring flower exhibit Saturday afternoon and evening in the building recently occupied by the Gillespie Hat Shop on East Chicago Boulevard. ANDERSON RENAMED TO HOSPITAL BOARD

R. K. Anderson was re-appointed as a member of the board of trustees of Tecumseh hospital for a five-year term when the village council met in regular session, Monday evening. Robert Quackenbush was named as a member of the board of review to succeed Clyde A. Barber.

The council meeting was a brief one, there being little business to come before the trustees. Current bills were audited and ordered paid and reports of committee and department heads were read and placed on file.

Delay Blackout

The proposed blackout for Tecumseh next Sunday evening has been indefinitely postponed, Charles O. Butler, assistant Civilian Defense director here, said today. Just when the blackout will be held, Mr. Butler said, is not now known, but the time will await an order from the state director at Lansing.

Auxiliary policemen, firemen and air raid wardens will not hold their weekly drill at the high school at 8 o'clock this evening because of the school's commencement week activities. It will be resumed next week at the usual time.

Former Local Resident Dies at Home of Son

George F. Routson, a former resident of Tecumseh, died last Wednesday afternoon at the home of his son, William Routson, at Ogden Center, where he had made his home the past 13 years. Mr. Routson, who was 78 years of age, had been confined to his bed for three months.

He was born in Wellington, O., and moved when a child to Ravenna, Mich., where he lived until he moved to Tecumseh in 1916. He was a graduate of Teachers College at Danville, Ind., and taught in the Muskegon and Ravenna schools before taking up farming as his occupation. He operated a milk route for several years in Tecumseh.

Survivors are two daughters, Mrs. Ella Braun of Adrian and Mrs. Marguerite Birdsall, who cared for her father during his illness; three sons, William of Ogden Center, Kenneth of Kalamazoo and Wilbur of Farmington; also ten grandchildren and three great-grandchildren. Mrs. Routson died in 1929.

Funeral services were held Sunday afternoon at the Braun Funeral Home in Adrian. Rev. Harold Blakeley of Ogden Center officiated and the body was brought to Tecumseh for burial in Brookside cemetery. Relatives from Chicago, South Bend, Farmington, Ann Arbor, Kalamazoo, Lyons, Sand Lake, Tecumseh and Lorain, Ohio, attended the funeral.

Pageant Plans Delayed By Rationing of Fuel

The committee in charge of the proposed Recreational Center Pageant here on the last three days of July and the first of August continued to mark time today, pending the receipt of some concrete information from Washington or Lansing regarding the threatened rationing of gasoline on July 1.

"All of the pageant plans are being held up pending the receipt of some further information from the rationing boards," Charles O. Butler, chairman of the committee, said. "We do not want to go ahead with the pageant and then find that our crowds will be limited due to the rationing of motor fuel. However, we have not as yet called the pageant off and we will not do so until we are reasonably certain that rationing is on the way before the date of the show."

Mr. Butler said that he could make no further announcement regarding the pageant plans today. He said that he expected that his committee would meet the end of this week or the first of next to decide definitely what course to pursue.

TO HOLD OPEN HOUSE

The alumni banquet and reception of 1942 seniors will be held on Friday evening in the gymnasium of the school.

To Make Survey Of Service Men

RED CROSS HOME SERVICE DEPARTMENT LAUNCHES A COUNTY-WIDE PROGRAM

The new Home Service department of the Lenawee county Red Cross has started a survey in Lenawee county to obtain information on all men in service from the county.

The survey will include the name, address and telephone number, if any, of the parents or wives of every Lenawee man in service. It will also include the name of the service man, his identification number which he wears around his neck, his company and regiment. Other items of his history will also be listed, whether he enlisted, was drafted, or a member of the National Guard.

In case of notifying service men of illness at home and requesting them to return, relatives are also asked to report such to the home service department. Cases will be investigated and much time saved in getting the soldier or sailor home.

Miss Clara Waldron and Mrs. George Parsons are the county home service workers for Tecumseh and south Franklin township. Others in this vicinity are Mrs. Merle Quigley, Clinton and north Franklin; Rev. D. S. Carmichael, Raisin and East Adrian township; Mrs. L. F. Armentrout, Ridgeway township; Mrs. Walter Morden, Macon township; Mrs. Harley Roberts and Mrs. Luella Reynolds, Cambridge township.

Mrs. W. S. Mackenzie of Adrian is county chairman of the department, which consists of 43 women who have completed their course of study and passed their examination. A formal graduation program for the class will be held in September.

TO STUDY MEDICINE

Robert D. Mackenzie, brother of Mrs. R. F. Helzerman, will graduate next Monday from Denison University at Granville, O., and will enter the University of Michigan medical school July 6.

Married Men to Get Army's Call

MID-SUMMER CALL FOR DRAFTEES TO EXHAUST COUNTY'S 1-A SUPPLY OF MEN

The Lenawee county draft board will be calling married men to army service by late summer or early fall if the local quotas continue to increase in the next few months as they have in the past, the Rev. George Prentice, a member of the Lenawee Draft Board, told members of the Rotary Club here on Tuesday. The Rev. Mr. Prentice addressed the group following noonday luncheon at Breese House. He was accompanied by Ralph Tew, also a member of the board.

The county's quota of eligible 1-A men will be nearly exhausted in July, Mr. Prentice declared, when one of the largest groups yet to leave the county reports for induction in Detroit. Up to the present time, he declared, the board has not been calling married men for induction, but is marking time awaiting the enactment of a law which will furnish dependents with financial aid when the breadwinner is mustered into the service. He said hat he believed such a law would be passed not later than the first of the year. The local board also is busy with a reclassification program and deferments issued a few months ago will begin to expire during July and August.

The speaker told the Rotarians that thus far the board's job had been an easy one, that the men and women of Lenawee are answering the country's call for soldiers with a high degree of patriotism and that the requests for deferments had been few. He said that in instances where deferments and reclassification had been denied the men and their families had, for the most part, taken the ruling with a smile.

Men who desire deferment or reclassification should make known their wishes not later than 10 days after they receive their classification cards, the speaker said. Men who wait until they are ordered to report for induction and then seek deferment or reclassification are "out of luck" he declared.

Many people in Lenawee county are wondering why so many of the county's draftees are rejected by the physicians in Detroit, after they have been passed upon by the Adrian board.

"The Adrian examination is just a 'screen test,'" he explained, "and, believe me, the holes in the screen are rather large. Any man who has two arms and two legs is pretty certain to go to Detroit. We are following out the Army's orders in this matter, and the Detroit board makes the real examination."

The draft board member declared that the percentage of rejection of Lenawee men because of venereal disease is extremely small. Most of the local rejections have been because of hernia, he said.

Ridgeway and Britton Girls Get Diplomas

Ruth Daykin, Wilma Filter and Anita Priest of Britton and Elsie Jones of Ridgeway were among the 17 graduates at Lewanee County Normal school in Blissfield Tuesday evening and all have signed contracts to teach the coming year.

Miss Daykin will teach in Ridgeway 9 fractional; Miss Filter in Ogden 8; Miss Priest in Clinton 4 fractional and Miss Jones in Ida 4, Monroe county.

GRADUATES WITH HONORS

Jack Larsen, son of Mr. and Mrs. John Larsen of Tecumseh, will graduate on June 16 from Princenton University. Mr. Larsen majored in physics and physical chemistry and he will receive his degree "magna cum laude"—with high honors. Mr. Larsen already has accepted a position with the Curtiss-Wright Aviation Corporation of Cincinnati in the technical engineering department and he will enter upon his new duties immediately following the Princeton commencement. Mr. and Mrs. Larsen and family will go to Princeton for the graduation.

WINS COLLEGE HONOR

Robert Bailey, who is a member of the Spanish class at Adrian College, was awarded the highest honors of his class at the completion ceremonies held in Adrian on Monday evening. Robert, who is a local high school student, has been attending evening classes in Spanish at the college.

AFTER THE WAR—WHAT?

Even thought we are in the midst of war, even though we are fighting with every ounce of energy and every atom of strength for its successful conclusion, we are all thinking ahead. There is a dread of the aftermath of war.

There are those who still paint rosy pictures of the time when the trumpets shall cease and the lion and the lamb lie down together; there are those who talk of revengeand the utter annihilation of the enemy for all time; there are those who anticipate a socialistic regimented life with enthusiahm and those who look forward to it with horror; there are those, too, who say that no matter who wins, the result will be chaos.

Will there be chaos? Not unless we, as a people and as individuals, are chaotic.

If we as individuals shirk our responsibilities, lay down on our jobs, neglect our part in community life, join in the groups to demand special privileges for ourselves, start or fan bonfires of hate to work for our interests under the camouflage of smoke screens, ignore our duty as voters or back our candidates because of what they might do for us rather than for the nations as a whole—In short, if we work for ourselves alone, the end will be chaos, for the power will pass into the hands of those who are most fanatic and selfless in their zeal.

Now is the time to prove the worth of the democratic way of life. Now is the time to fight for the present and prepare for the future—not in exhaustive blueprints of what we will get, but in practical every-day demonstration that we CAN put aside self, and work together.

This nation after the war, this world after the war, will be just what we make it. We will get out of it just what we put into it. Each day we are learning how great is the stature of the average man, and how much he will sacrifice for the right. It is because of this high standard among us that the examples of selfishness stand out glaringly. As we, the people, have answered the challenge of war, so must we answer the challenge of peace.

If we, the ordinary men and women of this country, do our job and take our share of the burden of citizenship, there will be no chaos when the war is won—for we will be in the majority, the rulers of democracy. What the future holds is up to US.

LITTLE BOYS BECOME MEN

Millions of American parents have realized, as their sons have joined the fighting forces of the nation, that their little boys have become men.

Bravely these boys of ours answer the call of their country in her emergency, offering the only service that really counts when a nation faces ruthless and brutal foes.

That our soldiers, sailors, marines and aviators faced foes better equipped and trained is the fault of every adult of voting age during the past ten years.

It was the mistake of grown-ups to believe that the age of peace had wrapped its mantle upon the world. It was grown-up folly to swallow the sickening hypocrisy of Berlin, Rome and Tokyo and to believe that these nations were not arming to attack the rest of the world.

The young men, who answer the call to the colors, had little to do with the making of their world but, believe us, they will have something to do with shaping it in the future.

"ELM" FAKE

Raleigh, N. C.—Several years ago the Daughters of the American Revolution planted a little tree, purported to be an offspring of the "Continental Elm" at Cambridge, Mass., under which General Washington was reported to have taken charge of the Continental Army. The "elm," now grown up, bloomed recently and was found to be, not an "elm", but a cherry tree.

There's Transportation Involved In Your Heating

This year, as in no other year in history, transportation is the most important part of your heating job. The coal you burn must be brought from the mines to the dealer, and to accomplish this the railroads play an important part. We cannot, therefore, urge you too strongly to place your coal order now for next fall and winter. It gives us an opportunity to estimate your needs NOW—not next fall and winter when the railroads will be jammed with military traffic.

DON'T DELAY — IT MAY MEAN COLD ROOMS

Your delay in ordering your fuel supply now may mean chilly rooms in your home next winter. We cannot sell coal that we cannot get—and the government comes first in the transportation picture.

Call us today—give us your order—we'll deliver it as quickly as the fuel arrives on our track.

TOMBSTONE CLEANING FATAL

Arlington, Neb.—While cleaning the tombstones of relatives with gasoline, the clothing of Miss Anna Habenbuck, 52, in some way became ignited and she was burned to death.

EVERYBODY SUFFERS

Kiskpaw—The way of the transgressor is hard.

Cutlip—Yes, but the trouble is that it is generally hard on somebody else.

LUCKY

Rufus—Did you hear about the man who was murdered last night for his money?

Goofus—Yes. Wasn't it lucky that he didn't have a cent on him at the time?

NOT SO OLD

Customer—Ten years ago I only had to pay 10 cents a pound for these prunes.

Grocer—Not these prunes. These are less than seven years old.

YES---WE CAN
SELL YOU A STOKER

and What Is More, We Can Install It!

Contrary to current rumors, we have not as yet received a "freezing" order on Link-Belt Stokers—we have some of them in stock, and we can install them.

THAT IS THE RULING TODAY

That is the ruling of the government today, but we cannot guarantee how long it will be in effect. Next week, perhaps the "freezing" order will arrive, and we will be forced to discontinue the sale.

If you are thinking of installing a stoker, ACT PROMPTLY. We have a few stokers in stock, and we will be glad to install one for you during the summer months.

Make Furnace Repairs Now!

And remember, now is the time to make needed furnace repairs—not next fall or winter, when both parts and labor will be difficult to obtain. Let us inspect your furnace NOW and determine what is needed to make it give complete satisfaction during next winter's cold months.

A. & P. LOWERS EARNING RATE WHILE SALES GAIN

Net earnings of the Great Atlantic & Pacific Tea Company for the fiscal year ended February 28, 1942, were $16,744,222 after charges, including federal income tax of $11,900,000, John A. Hartford, president, reported to stockholders. These earnings were 8.68 per cent lower than the net of $7,100,000 reported last year.

While gross sales increased to $1,115,774,058 for the preceding year, the net earnings rate declined for the third successive year to 1.21 per cent, as compared with 1.64 per cent last year and 1.88 per cent in 1940.

"The further decline in the net earnings rate is directly attributable to the company policy of using savings achieved through greater operating efficiency to lower prices to consumers, raise wages of employees and increase returns to farmers and other suppliers," Mr. Hartford said. "In spite of increased taxes, wages and returns to growers, the company was able to effect several reductions in its gross profit rate during the year to the point where our customers are continuing to enjoy the lowest retail prices in relation to our costs in the history of the grocery industry."

During the year employees received wage increases and added compensation totaling $10,600,000 annually, Hartford reported, making a total of $24,900,000 in annual wage increases that employees have received since 1933. Company benefits to employees totaled approximately $17,000,000 last year including wage increases, payment of $700,000 to former employees now in armed services, as well as company expenditures for vacations, free insurance, severance pay, sickness allowances, etc.

Hartford further pointed out that during the fiscal year the company had extended to all retail employees the first five-day week in the history of the food business. "As a result, our employees continue to enjoy the best average wages and shortest general working hours in the industry," he said.

METERS WILL BE READ EVERY 2 MONTHS

BILLS WILL BE RENDERED EVERY MONTH

Conservation of materials and manpower make it necessary to change certain operating methods, including meter reading. Beginning in June, meters will be read every two months, instead of monthly.

This applies to residential meters and certain commercial meters. It does not apply generally to industrial customers.

The plan will be started on June 1, 1942, and the new scheduling of meter reading provides for one-half of the meters to be read in June, and the balance in July, and thereafter bimonthly.

BILL EACH MONTH

1 If your meter is read in June, your bill will cover one month's metered consumption as heretofore.

2 If your meter is not read during the month of June, your bill will, under ordinary conditions, be one-half the bill computed for the previous two months.

3 Starting with July, in those months during which meters are read (which reading will be for a two months' period) the several blocks of the rate schedule will be applied on a two months' basis. To arrive at the amount of the bill for this one month, the amount billed for the previous month is deducted. The balance is then the bill for the month. (This will all be shown on your bill.) Thus the bill will be automatically adjusted every other month.

Do Everything to Win This War!

We are all in the same boat. You know the order of the day—no more tires, no more cars, save gas, save everything. Not to mention a growing shortage of manpower in our business. That's why you will understand what we, too, are up against—and why we must conserve in all possible ways to maintain and protect service for war production and vital home necessities.

Your co-operation will be one more help in the biggest and most critical job ever faced: winning this war.

Government Controls Charge Accounts!

By Order of the Federal Reserve Board

May 5, 1942

All charge accounts must be paid by the 10th of the second month following date of purchase or be transferred at that time to contract, and full payment be made within six months.

The new GOVERNMENT CREDIT REGULATIONS makes it necessary that future monthly statements include all charges and credits for the entire calendar month.

There has been no change in credit terms on monthly charge accounts. Bills are due and payable in full by the 10th of each month.

However, if any portion of the account remains unpaid 30 days beyond the due date, merchants are not permitted to extend additional credit accommodations.

The Retail Merchants of Tecumseh wish to continue credit service to all their charge customers as usual; co-operation in paying bills as required by law will enable them to do this.

You can protect your credit by paying IN FULL each month. And we feel sure that the public will cheerfully and patriotically co-operate in these new governmental regulations.

COUNCIL PROCEEDINGS

VILLAGE OF TECUMSEH
COUNCIL BUILDING
May 18, 1942

Present: President Elliott, Trustees Winter, Truesdale, Smith, Marshall, Turnbull, VanVleet.

The following Ordinance was offered by Turnbull, supported by Winter.

An Ordinance Relating to Air Raid Blackouts and Other Precautionary Measures, Prescribing Orders, Rules and Regulations necessary to carry out the same and prescribing Penalties for the Violation of this Ordinance.

The Village of Tecumseh ordains:

Section 1. In order to protect life and property in the Village of Tecumseh ,Michigan, from enemy action, the Village President is hereby authorized and directed to carry out blackouts and air raid protection measures at such times and for such periods as are authorized or ordered by the Army or Navy. Practice blackouts and air raid drills may be carried out at such times and for such periods as the Village President shall deem appropriate or necessary, subject to the orders and directions of the Army or Navy.

Section 2. The following orders, rules and regulations are deemed necessary to carry out the provisions of this ordinance;

1. Official blackout and air raid signals shall be given by sounding one long blast of the fire alarm siren, and the all clear signal shall be given in the same manner.

2. From the time the official blackout or air raid signal is given, continuously until the official all clear signal is given, thereafter, only the following types of traffic shall be permitted to move:

(a) Vehicles of the armed forces of the United States of America.

(b) Ambulances, vehicles being used by physicians in the performance of their professional duties, municipal, county, and state, federal police agencies and fire vehicles, and vehicles being then officially used by the several branches of the civilian defense organization.

(c) Vehicles actually in emergency service for the repair or control of public utility equipment, whether privately or publicly owned.

(d) Vehicles of the Michigan state troops under actual control of officers or enlisted men of the Michigan State Troops and actually in emergency service.

(e) Such other vehicles as may be permitted to move on special order of the commissioner of the Michigan State Police or his duly authorized representative, chief of police, civil defense authorities or other military authorities.

3. Vehicles described in subsection (a) and (b) of the preceding subdivisions hereof shall be deemed emergency vehicles and as such shall have general right-of-way over all other traffic except that of ambulances, municipal, county, state and federal police agencies and fire vehicles shall have the right-of-way over other emergency vehicles.

4. All vehicles in emergency use not already visibly marked as such shall be lettered on the front, sides and back with the letter "E" painted in white, said letters to be of a size of not less than one foot. No person shall own or operate a motor vehicle with such emergency markings unless authorized in accordance with the provisions of subdivision 2 hereof.

5. Operators of all vehicular traffic shall:

(a) Immediately draw to the side of the highway or street and stop in such a manner and in such a place so as not to obstruct the reasonable use of the highway or street, or any intersecting highway or street, fire hydrant, or police or fire station driveway or other emergency driveway.

(b) Extinguish all lights.

(c) Lock the ignition of such vehicle, and shall not in any case lock the doors of such vehicle if left unattended.

(d) Set the hand brake of such vehicle and go to the nearest shelter.

(e) In the case of horse drawn vehicles, immediately halter the horses or horses ,thereof firmly and securely to a fixed object if one is available, and if none is available, to the vehicle itself after unhitching said horses.

(f) Postal vehicles shall not be governed by the provisions of subsection (c) or this paragraph, but shall be locked to conform with United States post office regulations, or shall be allowed to drive to the nearest post office where mail can be removed and locked up.

6. Any police officer, air raid warden, or other duly authorized officer shall have authority to prescribe the place and manner of the parking or storing of any vehicle or vehicles, in which event operators of vehicles shall immediately comply with the directions of such officer and officers.

7. Lights in all buildings in the village shall be extinguished unless doors and windows are sufficiently covered to prevent a reflection of light from such buildings and said buildings shall remain darkened until the all clear signal is given. Also, all street lights and other lights upon the street, including advertising signs, night lights and similar lights, shall be extinguished and so remain until the all clear signal is given. The owner, occupant or custodian of the premises herein mentioned shall be charged with the responsibility of carrying out the provisions hereof.

8. When deemed necessary by the Village President, or his duly authorized representative, residents of any portion of the village shall be evacuated to such place or places as the president or his authorized representatives may direct.

9. There shall be no congregation of persons on public streets, highways, sidewalks or in public places or buildings during the time the blackout or air raid is in effect. Persons already congregated in public places or buildings at the time the blackout or air raid signal is given shall be dispersed or kept and for such periods as are authorized in such places or buildings as may be directed by the commander of the air raid wardens.

10. Duly appointed air raid wardens and their assistants shall be on actual duty during the time of such blackout or air raid, and shall have full authority to enforce these orders, rules and regulations.

Section 3. The vilage president is hereby authorized to prescribe such further orders, rules and regulations as in his judgment may be necessary.

Section 4. Any person who shall violate the provisions of this ordinance or any order, rule or regulation herein prescribed or which may hereafter be prescribed, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than One Hundred and No/100 ($100.00) Dollars or imprisonment in the county jail for a period not exceeding 90 days or by both, such fine and imprisonment in the discretion of the court.

Section 5. This ordinance shall expire upon the termination of the state of war now existing between the United States and each of the various other nations or countries of the world with which this country is now at war, or with which this country may be at war prior to the cessation of the present hostilities.

Section 6. This ordinance being deemed necessary for the public safety, it is given immediate effect.

Moved and supported that the Ordinance as read be approved and adopted. Ayes: VanVleet, Turnbull, Winter, Truesdale, Marshall, Smith. Nays: None. Motion carried.

J. FLOYD ELLIOTT,
President.
WADE L. JONES,
Village Clerk.

Two New 4-H Clubs Are Organized Here

Two new canning and gardening 4-H clubs have been organized in the vicinity, one at Macon under the leadership of Mrs. Myrtlene Craig, the other at Britton with Mrs. Forrest Barrett as leader.

The Macon group has chosen the club name "Variety for Victory" and the officers are Beulah Camburn, president; Rena Mae Downing, vice-president; Wylma McCarbery, secretary and treasurer.

The other will be known as the "Britton Victory Club" and the officers are Clifford Brown, president; Ronald Barrett, vice-president, and Betty Smith, secretary and treasurer.

A new garden and dairy 4-H club has been organized at Macon with Arland Lidster as leader. At a recent meeting at the home of Julia Bortel, the following officers were elected: DeWitt Kimerer, president; Robert Croll, vice-president; Florine Lidster, secretary; Geneva Kimerer, reporter. Meetings are to be held the last Thursday of each month.

The next meeting will be held June 25 with a weiner roast at Britton Park.

Gas Rationing Stirs Michigan

TOURIST INDUSTRY THREATENED; CONFLICTING STATEMENTS KEEP PUBLIC JITTERY

Lansing, June 4—Back of the transportation tempest on the Michigan home front, centering on the prospect of a July 1 restriction on automobiles, looms this question:

When will the war end?

If we could peer into history and foresee the outcome of the Russian-German struggle on the Leningrad-Moscow-Kharkov fronts, we might find the answer.

As it is, Michigan citizens are apprehensive that drastic restrictions on automobile transportation, if instituted July 1, will deprive our tourist industry of $200,000,000 to $300,000,000 income. To us, that is very important.

A high official at Washington remarked the other day that the proposed plan for national gasoline rationing to conserve rubber had been unduly agitated. He termed the general alarm "a lot of newspaper talk."

Newspapers print the news, whether it is good or bad.

And the truth is that newspapers recorded factually the utterances of government officials, some of whom sincerely believe that at the present rate of tire use there will be only 10,000,000 out of 30,000,000 automobiles on road by the end of 1943—next year! If rubber conservation is achieved, either by volunteer methods such as the "Pontiac Plan" or by coupon rationing of gasoline, together with requisitioning of tires on old cars and with salvage of other rubber stocks, it would be possible—so the press has been told—to keep more automobiles going by December, 1943.

You probably remember the headlines in late April that Eastern motorists would be given a basic ration of two and one-half to five gallons a week. An OPA official made this announcement, and the press recorded it as news.

Harold Ickes, petroleum administrator, promptly said this amount was too low. Leon Henderson, OPA chief, was quoted as agreeing with Ickes. It was all a bit confusing.

When rationing did come and motorists were given three gallons a week for "pleasure driving," Congress was besieged with protests. The X-ration cards didn't help any either.

Ten Michigan congressmen requested Henderson to forego proposed nation-wide rationing starting July 1, terming the plan "unjustified, unwarranted, and unwise."

A quotation: "There is no shortage of gasoline or gasoline delivery equipment in Michigan which is a large producer . . . For the purpose of conservation of rubber we suggest rational and consistent request for lower speed limits with, if necessary, an overall mileage limitation for the use of automotive transportation consistent with geographical conditions and public transportation facilities available in each section."

In other words, volunteer conservation of rubber tires and local mileage limitation rather than enforced coupon rationing of the OPA.

Does volunteer conservation really work?

Use of gasoline in the midwest for civilian purposes during April indicated a 20 per cent reduction of automobile mileage compared with April, 1941. May mileage is expected to decline 25 per cent.

The Pontiac plan for staggering work-shopping hours and sharing transportation reduced Pontiac traffic 10 per cent and increased the load of private automobiles from 1.3 to between 1.8 and 1.9 persons, as compared with a goal of 3.5 persons.

The OPA viewpoint apparently is that voluntary methods cannot accomplish the objective; that enforced rationing of gasoline is the only practical method for effective immediate rubber conservation. President Roosevelt hopes that synthetic tires may be produced in sufficient quantity to save us from transportation paralysis—but it is only a hope.

Since transportation rationing is linked inexorably to the European and Far East military fronts, what are the prospects for an early victory?

Well, what do you mean by "victory"?

If the Russians can defeat the Reich in 1942 with the aid of supplies from the Allied Nations and perhaps a second military front either in the air or land, a German collapse is remotely possible next winter or next spring.

Military authorities seem to agree that the war outcome will hinge on what happens in 1942, that Germans are staking everything this year, that we (Americans) must gamble also on an immediate all-out effort to "win" the war, despite our relative unpreparedness at this moment to do it.

In the Far East we have lost Manila, Singapore and Burma. China and Australia are pleading for planes which they probably will not get.

Even if Hitler can be defeated in eight months, the Pacific front is 5,000 to 10,000 miles away. That means three or five round-trips a year for transporting men, equipment and supplies from the United States, even after the European war is all over.

American war production will not be felt in tremendous force until 1943. We in Michigan are not blind. Our armed manpower will approximate 4,200,000 by December, 1942.

These ABC factors prompted Charles F. Kettering, chief of research of the General Motors corporation, to forecast Allied victory by 1944 through an invasion of Europe. Defeat of Japan would be the next objective. And then, with the war won on all fronts, the Allied Nations would police the world during the amistrice or "cooling off" period prior to the treaty, and then during the peace itself.

Does it not seem logical to conclude that many Michigan boys will not return home for many months to come, that conservation of rubber tires will be, long before final victory is achieved, an accomplished aim on our home front?

If the Germans triumph in Russia, seize the Suez or take over the French fleet, the Michigan transportation problem would be very insignificant, wouldn't it? And so would everything else, for that matter. Never in history has the fate of free peoples hinged on the outcome of events so worldwide in their cataclysmic effect.

WELCOME CLASS

Mrs. C. H. Kemp entertained the Welcome class of the Presbyterian church Tuesday at her home on South Maumee street. Mrs. S. W. Boyce was leader of the program which consisted of two piano solos by Marilyn Jean Westlow; vocal duet by Mrs. Al Helzerman and Miss Ruby Preston, accompanied by Mrs. E. E. Davis; a humorous reading by Mrs. Helzerman; group singing and a Bible quiz conducted by Mrs. C. A. Slayton. Mrs. F. N. Griffith led devotions and in conclusion refreshments were served.

The annual pot-luck dinner closing the year will be held in July at the home of Miss Mary Whitelock.

HONORS MOTHER

Mr. and Mrs. Wade Hendershot entertained at dinner Thursday, honoring the 80th birthday of his mother, Mrs. R. R. Hendershot. The guests were Mrs. Elton Osborn of Saline, Mrs. Clayton Downing and children of Dundee, Mrs. Frank Hoagland, Mrs. Lawrence Hoagland, Mrs. Sam Patterson, Mrs. Charles Patterson and children of Britton.

THE TECUMSEH HERALD

NINETY-SECOND YEAR—NUMBER THIRTY-SEVEN TECUMSEH, MICHIGAN, THURSDAY, JUNE 11, 1942 FIVE CENTS PER COPY

Will Call 200 In July Draft

132 LEFT ADRIAN THIS WEEK FOR ARMY SERVICE; 35 MORE TO GO

One of the largest contingents yet to leave Lenawee county for induction into the army left Adrian on Monday evening for Detroit, 132 men making the trip.

Those going from Tecumseh and vicinity were Kalman Vincze, Gerald Driscoll, Orville Wooster, John Forgacs, Gale Brown, Jay Campbell, Austin Drake, Owen Curtiss, Duane Berry, Robert Grigg, Gordon Miller, Robert Smith, Roger Linger, William Wight and Willard Dermyer of Tecumseh; Douglas Baker of Ridgeway; Homer Wheeler and George Issen of Britton; Rolland Curtis and Robert McCord of Onsted; Thomas Gee, Charles Stewart and Robert Johnson of Clinton; Herman Radant and Lloyd Tripp of Tipton, and Clarence Speller of Holloway.

Robert Grigg was rejected and returned home.

The second draft call has also been made for June and a quota of 35 men are to report in Detroit June 24. The group will leave Adrian the evening of June 23 and includes Roger A. Gillespie, G. W. Raymond, Harold Daisher, George V. Brady and Harold F. Creger of Tecumseh; Ronald G. Cheever and Forrest P. Weichner of Britton; Robert E. Decker of Clinton; Archie J. Cutler of Holloway and Elwyn B. Shea of Tipton.

The county draft board has been notified that 200 men will be called from Lenawee in July.

791 Get Sugar

BOARD WILL ISSUE MORE NEXT MONDAY AND TUESDAY FOR CANNING USE

The Tecumseh sugar rationing board—in session daily at the Methodist church here—closed its books for the week last night and said that 791 persons had received certificates for the purchase of canning sugar. Some persons requested only one pound, others as high as 46 pounds, it was said. The board was unable to estimate the total pounds authorized.

Twice during the past week the local board has run out of rationing orders and has been forced to "close shop" early. Such was the case yesterday.

The board will reconvene on Monday and Tuesday of next week to issue rationing certificates to those who have not already received them. After Tuesday, rationing cards must be obtained in Adrian.

Miss Maxine Leighton Weds Ensign C. W. Wilson

Miss Maxine E. Leighton, daughter of Mr. and Mrs. Ed Leighton of Tecumseh, and Ensign Charles W. Wilson, son of Mr. and Mrs. Leon Wilson of Gaylord, were united in marriage by Rev. Alvin C. Brazee in the Martha Mary Chapel at Macon at 10 o'clock Tuesday morning, June 9. They left immediately after the ceremony for Corpus Christi, Texas.

Mrs. Wilson is a graduate of the Tecumseh High School and was graduated from the Mercy College of Nursing at Detroit in August, 1941. Since that time she has been surgical nurse in the South Haven City Hospital. Mr. Wilson was graduated from Tecumseh High School in 1933 and from Michigan State College in 1941, and later received an appointment as a Navy Flying Cadet. He has recently received his wings and is now a flying instructor at Corpus Christi, Texas, where they will make their home for the present.

RED CROSS NEEDS MORE WORKERS HERE

The local Red Cross is now supplied with plenty of materials and is asking for more workers. Anyone interested may call at the Red Cross rooms afternoons when a member of the committee is in charge.

DIES IN HOSPITAL

Russell Moffatt, 14-year-old son of Mr. and Mrs. Howard Moffatt of Detroit, died Friday at University Hospital in Ann Arbor where he had been operated on the day previous. He was the grandson of Mrs. Thomas Russell. He is survived by his parents and grandparents. Mrs. Moffatt was formerly Ethel Russell of Tecumseh.

The funeral and burial were held Monday afternoon in Detroit. Mrs. Thomas Russell, Mrs. Charles Saul and Floyd Russell attended from here.

Hildebrand to Preach Farewell on Sunday

Rev. E. T. Hildebrand, pastor of the Methodist church the past four years, will preach his farewell sermon Sunday morning, having retired from the ministry. Rev. Hildebrand gave notice of his retirement at the April conference and in the meantime has purchased a home in Saginaw. They will move there the last of June.

"Rec" Schedule To Be Organized

GAMES FOR BOTH YOUNG AND OLD TO BE SUPERVISED HERE THIS SUMMER

A complete recreation schedule for the adults as well as the youngsters, and capably supervised, will be formulated within the next few days at the Tecumseh Recreation Center under the direction of Fred Raizk, athletic coach at the high school. The schedule will call for activities at the Center each day except Saturday and Sunday, with the youngsters taking part in the games during the morning hours and until 3 p. m., when the park will be given over to the adult groups.

"The officers of the Recreation Center are of the opinion that the park will be greatly appreciated this year by Tecumseh folk who will find it inconvenient, due to tire and possibly gas rationing, to go in their cars to some other point," Mr. Raizk said. "It is for this reason that we are planning a very complete schedule locally, one that will be sure to offer interesting recreation for both young and old."

The adult schedule, Mr. Raizk said, will include tennis, aerial tennis, softball, archery, badminton, volley ball and horseshoe pitching. Teams will be organized in these sports and there will be contests between teams (probably in league form) and awards will be made to winners.

The officers of Recreation Center plan to purchase all needed equipment, including archery, badminton and horseshoe sets, the needed equipment for tennis and volley ball, and to permit the use of the equipment on an "entrance fee" basis. The sum will be very small, just sufficient to care for the purchase price.

Mr. Raizk urges individuals, groups and organizations interested in using the center this summer for recreation purposes to meet him any afternoon at the park to discuss plans for the vacation months. He also pointed out that the park will be available on Saturdays and Sundays for picnics—either small groups or large ones. Picnic facilities are to be installed at the Center within the next few days.

Local Girl Is Married In Martha-Mary Chapel

Miss Nadine Marsh, daughter of Mr. and Mrs. James Marsh of Tecumseh, and Ralph Mobley, son of Mr. and Mrs. T. W. Mobley of Salem, Ill., were married Saturday evening, June 6, at the Martha-Mary Chapel in Macon. The Rev. William Spencer of Toledo read the marriage service. The attendants were Mrs. Carole Hammack as maid of honor and Clarence Marsh, brother of the bride, the best man. Herman Spencer and Darwin Creger were ushers and Joan Mobley, a cousin of the groom, was the flower girl.

The bride wore a gown of lace over satin with a veil and carried white peonies and snapdragons. Mrs. Hammack wore blue with a shoulder veil and carried a bouquet of pink peonies and snapdragons. The bride's mother wore light blue and the groom's mother was in navy blue, both with white accessories.

Following the ceremony a reception was held at the home of the bride's parents.

Mr. Mobley is employed by R. S. Moore & Son Co., here, and they will make their home with her parents for the present.

PUPILS ENTERTAIN

The sixth grade pupils entertained their parents and friends last Wednesday afternoon in the high school gymnasium. They presented "Hansel and Grettel" in a setting of scenery planned and made by the pupils. All took part in the choruses and the cast of characters was composed of Irene Hammel, Patricia Wilson, Richard Purkey, Harold Anderson and Billy Brown.

MISSIONARY MEETING

The Friends Missionary Society is holding an all-day meeting today at the home of J. N. Satterthwaite and daughter, Miss Beth Satterthwaite, on North Union street.

Flower Exhibit Held Saturday

WINNERS ARE NAMED BY GARDEN CLUB COMMITTEE FOLLOWING SHOW HERE

Tecumseh Garden Club held its annual spring flower exhibit Saturday in the Gillespie building on East Chicago Boulevard, where vases and baskets of garden flowers grown by club members were displayed. The showing included peonies, iris, roses, poppies, daisies, foxglove, larkspur, baby breath and several others, among them 20 miniature bouquets and three tables.

Mrs. Neil Pearson had arranged an antique table with a mixed bouquet in an antique glass pitcher, unfinished knitting on a majolica plate and a pair of spectacles on an old Bible. A hooked rug was laid beneath the table. A Mexican fiesta table arranged by Mrs. R. S. Moore held interesting Mexican pottery pieces and blue glass dishes. The table was centered with a miniature donkey cart in pottery piled with bright colored vegetables; a Mexican wall rug furnished the background, a large Mexican basket on the floor completing the picture. The third was a modern tea table with lace cloth, crystal candlesticks and baskets of flowers and a bowl of roses, arranged by Mrs. E. G. Palmer.

Displays were judged by Mrs. Bert Ousterhout and Miss Clara Waldron and prizes were awarded as follows: Miniatures, arranged by Irene Hammel and Carolyn Anderson, Mrs. H. H. Hammel, first, and Mrs. R. K. Anderson, second; vases of roses, Mrs. Lester Rogers, first, Mrs. R. F. Helzerman, second; bowls of iris, Mrs. Pearson, first, Mrs. F. C. Hanna, second; vases of flowers, Mrs. E. E. Berry, first, Mrs. R. S. Moore, second; baskets of blooms, Mrs. Palmer, first. Special mention: Mrs. D. C. Heesen and Mrs. B. J. Pulver for color effect; Mrs. Helzerman and Mrs. Palmer for culture; Mrs. Berry for a novelty miniature consisting of three thimbles on a mirror square with tiny flowers in each.

The committee in charge of the exhibit was composed of Mrs. Heesen, Mrs. Palmer, Mrs. Addie Lindbert, Mrs. Hanna and Mrs. Arthur Eaton.

Funeral Held Wednesday For Mrs. A. B. Harding

Mrs. Lena Harding, wife of Arthur B. Harding, died Monday afternoon of pneumonia following a long illness. Mrs. Harding would have been 75 years of age tomorrow. She was formerly Lena May Sizer, daughter of Charles F. and Samantha Jane Bowker-Sizer of Adrian and was born June 12, 1867. On March 19, 1891, she was married to Arthur Harding. Most of her life was spent in Tecumseh. She was a faithful member of the Methodist church, also a life member of the Pythian Sisters and a charter member of Abi Evans chapter, Daughters of the American Revolution.

Besides the husband she leaves one niece, Miss Ruth Harding, in Puerto Rico, and several nephews.

Funeral services were held on Wednesday afternoon at the Collins Funeral Home with Rev. A. T. Camburn of Homer, assisted by Rev. E. F. Hildebrand, officiating. The nephews acted as bearers and interment was in Brookside cemetery.

Mrs. Orrin Middlebrook Is Buried at Clinton

Mrs. Orrin Middlebrook, aged 59 years, died Thursday at her home in Clinton after a long illness.

She leaves her husband, two sons, Orrin, Jr., and Hallan, of Clinton; three daughters, Mrs. Ethelyn Oliver of Tecumseh, Mrs. Dorothy Holley of Manchester and Barbara of Clinton; also three sisters, Mrs. Mazie Egan and Mrs. T. W. Donahue of Brooklyn and Mrs. Wm. Walker of Clinton.

The funeral was held Saturday afternoon at the Hause Funeral Home in Clinton. Rev. Fred Ambler of Brooklyn officiated and burial was made in Riverside cemetery at Clinton.

School Children Buy $6,148 in War Stamps

Since the weekly sale of War Stamps in the schools began September 15, a total of $6,148.90 in stamps has been sold. Since January 7, the sale has amounted to $5,403.65, graded as follows: Kindergarten, through third grade, $796.30; Miss Cole's room, $115.45; Mrs. Pfaus' room, $263.70; Miss Starr's, $121.20; Miss Parker's, $335.40; seventh grade, $340.95; eighth, $405.80; ninth, $1,229.10; tenth, $987.70; eleventh, $516.15; twelfth, $292.90.

BIBLE SPEAKER

Rev. C. W. Butler

The Church of the Nazarene at Ridgeway will conduct an intensive, four-day Bible Conference from Thursday, June 18, through Sunday, June 21. Rev. C. W. Butler, D.D., of University Park, Iowa, will be the special speaker, and will speak twice daily at 2:45 and 8. Three preaching services will be held on Sunday at 11:30, 2:45 and 8 o'clock.

Rev. Butler is now president of John Fletcher College and is nationally known as a Bible expositor and teacher. Rev. W.E. Weaver is pastor of the church.

Alumni Elects; Holds Banquet

ABOUT 200 AT ANNUAL SCHOOL REUNION HERE, FRIDAY EVENING; SENIORS ARE GUESTS

About 200 attended the annual alumni banquet held Friday evening in the high school gymnasium. The group gathered for a reception in the assembly room and marched to their places in the gym.

Following the dinner a short business session was held and the following officers elected: William A. Wright, president; Arlene Ousterhout, vice-president; Marjorie Moon, recording secretary; Marian Whelan, corresponding secretary; Betty Heldebreich, assistant secretary; Dwight Hodges, treasurer.

A roll of the classes was called by Perry Hayden, who also read a list of the members who have died during the past year. They are A. O. Howard, Grace Gillespie, Mary Wood Baird, Frane Gillespie, Hessie Russell, Karl Schneider and Jennie Scott.

Mr. Hayden was toastmaster for the program which included a welcome by Mrs. Harold Wilson; response by her son, George C. Wilson; violin solo by Herbert Fisher; vocal trio selections by Agnes McIntyre, Florence Wilson, Gallant and Alma Hoag Dannells; address by Supt. W. L. Berkhof, and assembly singing led by Lillian Tingley.

The remainder of the evening was spent dancing.

Mrs. Elza Dickinson Buried Here, Sunday

Mrs. Elza M. Dickinson, widow of the late W. S. Dickinson, died suddenly Friday afternoon at her home on South Oneida street. Mrs. Dickinson, who was 79 years of age, was formerly Elza M. Duncan and spent her early life in Indiana. She had made her home in Tecumseh for over 40 years and was a member of the Presbyterian church and the Order of the Eastern Star.

Survivors are a son, Fred C. Dickinson; two grandchildren, Frederick and Janet Dickinson, of Tecumseh; a brother, George J. Duncan of Lansing; two nephews, Harry Duncan of Tecumseh and James Duncan of Lansing and a niece, Mrs. Eugene Wells of Detroit. Mr. Dickinson died several years ago.

Funeral services were held Sunday afternoon in the Presbyterian church. Rev. James C. Murdoch officiated and burial was in Brookside cemetery. Relatives from Lansing, Detroit, Waterloo and Fort Wayne, Ind., attended the service.

TALKS TO ROTARY

Don Mackie of Jackson, advertising manager of the Commonwealth-Southern Power Company, was the guest speaker at the regular noonday luncheon meeting of the Rotary club, Tuesday at Brees House. He was accompanied by H. H. Koelbel and Frank Adams, manager and assistant manager of the Jackson division of the Consumers Power Company. All were guests of S. Henry Smith.

Mr. Mackie told of the utility company's part in the war emergency program. His talk was both interesting and educational.

Pageant Committee Gets "Go" Sign: "Tecumseh Echoes" Name of Spectacle

Here's Pageant Name That Won $25 Bond

"Tecumseh Echoes."

That's the name of the pageant to be staged here the last three days of July and the first of August by the John B. Roger Production Company, under the auspices of the Tecumseh Recreation Center.

Miss Clara E. Gillespie, local high school student, will receive the $25 Defense Savings Bond awarded by the committee in the name contest. Miss Gillespie's title was the nearest to the judge's choice. The defense bond will be awarded at a ceremony at some future time.

The pageant name contest brought scores of answers, some from distant points. A Minneapolis man submitted a name and assured the committee he would attend the show. A Jackson resident made a pennant to show how the name he submitted would appear on advertising banners.

The committee chose between the names "Indian Echoes" and "Tecumseh Echoes," and because Tecumseh is an Indian name the latter was considered the best.

The executive committee of the Tecumseh pageant, who because of the fear of gas rationing has been holding in abeyance the plans for a huge historical and patriotic pageant to be staged on the new Recreational Center Field, July 29 through August 1, voted today to go ahead with the spectacle.

The committee held up its plans for two weeks because there was fear on the part of many that the attendance would be greatly curtailed because of either gasoline rationing or that civilian defense authorities would not permit large gatherings. However, recent developments concerning this rationing indicate that such action by the government will be delayed in this territory and may not even come about.

John B. Rogers, president of the John B. Rogers Company, has been in Washington in close contact with the situation for some time and in a letter to Charles O. Butler, executive chairman, has this to say: "This is the logical time for such an event . . . I can positively assure you that all such programs staged to date have definitely proven that the time apparently was never so appropriate. . . From very authentic sources in Washington it is reasonably certain that gasoline rationing will not be in effect in this territory before September 1, at the earliest if it is put through then . . . circuses, baseball games and all worthwhile outdoor attractions have been experiencing the greatest attendance in history, even in the coastal states where gasoline rationing has been in effect for a number of weeks."

"We do not fear in any way the rationing of gasoline before the pageant dates, if at all," was Mr. Butler's comment when he announced the "go" sign for the pageant. "We know that people are busy, and the greatest element we have to battle is time; time for our workers to whip the spectacle into shape; time for the construction of the needed equipment; time for supervision. However, knowing Tecumseh as I do, I know that the people here will give the pageant 100 per cent co-operation. There is a distinct need for such an event at this time, our government is urging such spectacles to permit greater and much needed recreational entertainment. I am predicting that the pageant this year will draw far greater crowds than the one in 1924 when the village celebrated its centennial."

Complete committees for the direction of the pageant will be announced next Thursday. In the coming week Mr. Butler plans to whip the organization into shape, preparatory to the arrival of a representative of the Rogers company who will take over the active supervision of the production.

SCHOOL DISTRICT ASKED TO ADD TWO MILLS TO CARE FOR EXPENSES

The Tecumseh board of education, in session Tuesday evening, decided to submit a proposal to electors, in annual session next July, authorizing a two-mill increase in the school tax rate in the district. The two mill advance would raise an added $4,000.

Mi-hal of the money raised under the proposed increase would go to pay for the cost of installing new boilers in the heating system at the central school. The boilers have arrived and are being installed. The board has met one-half of the $4,500 cost out of funds raised a year ago.

The other $2,000 would be used to defray the cost of operating the public library. Heretofore, the cost of operating the library has come from the school's regular funds.

The only other matters before the board were the auditing of current bills and the monthly report of the superintendent.

Former Clinton Woman, Detroit Resident, Dies

Mrs. Frank McGuire, aged 69 years, a former resident of Clinton, died Thursday at her home in Detroit. Mrs. McGuire was formerly Anna Staib and lived in Clinton and vicinity most of her life.

Besides her husband she leaves three daughters, Mrs. Ellen Brady of Williamsport, O., Mrs. Mildred Burnham and Loretta, both of Detroit; two brothers, A. H. Staib of Clinton and Bernard Staib of Detroit; three sisters, Mrs. Ida Dettling of Mt. Pleasant, Mrs. Grace Kilby of Adrian and Mrs. Minnie Clegg of Chicago. A son, Albert, died a few weeks ago.

Funeral services were held Saturday morning at St. Dominic's Catholic church in Clinton with burial in the parish cemetery.

War Bond Pledges Reported by Auxiliary

In the recent war bond drive made by members of the American Legion Auxiliary a total of 581 pledges were made. Pledges by the week totaled $231.46; by the month, $10,836.72; by the year, $8,809.80 and by eight-week periods, about $1,000. Of the total number of pledges, 348 are made by the payroll plan, 233 by other methods.

The Auxiliary under the direction of Mrs. Paul Keyser was assisted in the drive by 40 ladies from the community.

MRS. JULIA CARVEN DIES IN SALINE HOSPITAL

Mrs. Julia Carven, over 90 years of age, died Wednesday afternoon at Saline Hospital, where she had been a patient for several weeks after a fall in which she suffered a broken hip.

She leaves one daughter, Mrs. Bessie Collins, and two grandsons, all of Saline, and many relatives in Macon and vicinity.

The body was brought to the Collins Funeral Home here. Funeral arrangements are not yet completed.

Miss Janet Coleegrove Bride of John B. Britt

Janet Ann Colegrove, daughter of Mr. and Mrs. Bertram Updyke of Tecumseh, and John B. Britt, son of Mr. and Mrs. J. H. Britt of Aurora, N. Y., were married on Saturday afternoon at St. John's rectory in Ypsilanti. Only the immediate families were present.

The bride wore a street length dress of white eyelet pique and carried an old-fashioned bouquet of roses, violets and lilies. Miss Barbara Sweeney of Iron Mountain was bridesmaid and Clair Britt attended his brother as best man.

Following the ceremony a reception was held in the formal lounge of the Charles McKenney Hall which was beautifully decorated with spring flowers.

Mr. and Mrs. Britt are both graduates of Michigan State Normal College and Mrs. Britt has taught in Lansing the past year. Mr. Britt is a cadet in the Air Corps on furlough and they will make their home in Ypsilanti until he is called to service.

Guests from New York, Port Huron, Detroit, Jackson, Flint, Lansing and Tecumseh attended the wedding.

Pilot Missing After Air Raid

WILSON A. REASON, R.A.F. OFFICER, UNACCOUNTED FOR FOLLOWING COLOGNE RAID

Friends here have been notified that Pilot Officer Wilson A. Reason, son of Major and Mrs. Albert E. Reason of Toronto, Ont., is reported missing after the recent Cologne raids. Mrs. A. E. Reason was formerly Miss Floy Freeman, daughter of the late John J. Freeman and wife of Tecumseh.

The missing man was born in London, Ont., and attended Ryerson school where he won his first award for public speaking. He graduated from London's Central collegiate and University of Western Ontario, specializing in economics. He was a member of the debating and dramatic societies and, with the C. O. T. C. he qualified for his lieutenancy at Niagara-on-the-Lake. He later was a law student at Osgoode Hall for a year and was associated with the Ontario Hydro and the legal department of the city of Toronto.

In the R. C. A. F. he trained at Brandon, Patricia Bay, Regina and Mossbank, Sask. He proceeded overseas in September, 1941, and was in charge of air force personnel on the troopship. In England he was attached to the R. A. F.

A sister, Mrs. J. L. Boyes, resides in Toronto, and a brother, Capt. J. Freeman Reason of the Governor-General's Horse Guards, is overseas. He is a nephew of Dr. H. T. Reason and Lieut.-Col. Clifford H. Reason of London.

Scout Camp Season To Open on Sunday

Lenawee county Boy Scouts will open the 1942 summer camping season with a week-end camporee at Camp Kanesatake Saturday and Sunday, June 13th and 14th. The scouts from various communities in the county will start assembling on the camp site shortly after noon on Saturday and will proceed to set up their troop camps and to demonstrate their camping skill.

Saturday evening, as part of a county-wide Camp Fire Program, scouts who have advanced in rank during the past three months will be given recognition at a court of honor. The court is to be in charge of the scout advancement committee consisting of Rex Forrister, Lavon Kuney and Judge Maurice Tripp.

The Sunday program will consist of religious services and various contests centered around various scout drills. Approximately 150 scouts are expected to participate in this event which is being managed by the county camping committee which is headed by Holg Gay.

Monroe and Clinton Chapters Entertained

Tecumseh Chapter, Order of the Eastern Star, met in regular session Thursday evening and at that time entertained a group from the Monroe and Clinton chapters.

During the business session Mrs. Louis Schneider was elected treasurer to succeed Mrs. Lynn Harris, who was made secretary to fill the vacancy caused by the death of Miss Grace Gillespie. The iniatory degree was conferred by a team from the Monroe Chapter. The candidates were Mrs. Ralph Oliver and Mr. and Mrs. Bertram Kliapich. In observance of Father's Day, Mrs. Thomas Hamilton, worthy matron, presented each father present with a rose. In conclusion refreshments were served by Mrs. Edward Leighton and committee.

The chapter will not meet in July and August, but will be resumed in September.

RETAILERS TO AID SALE

For fifteen minutes on July 1st, retail merchants in every city and hamlet throughout the United States will sell no articles but war bonds and stamps. The retailers will institute a selling period, heralded by speeches on the radio, by the governors of every state, and preceded by rallies of business men and women and civic and social organizations.

This will be part of the Treasury's effort to attain a goal of one billion dollars in the sale of war securities. It will bring home to every American the necessity of giving financial support to the war effort.

Wade L. Jones, secretary of the Tecumseh Chamber of Commerce, already has pledged the 100 per cent cooperation of the retailers in this village. Similar pledges will go forth to Washington from other towns and cities in Lenawee county.

Such an instance illustrates what a free people can do when they unite in defense of their country. No pressure is to be exerted upon any retailer to sell or upon any American to buy, but the probability is that almost every American, on July 1, will purchase at least one war stamp or bond.

SCRAP METAL IMPORTANT

Half of the weapons of the war, scheduled for production this year, will have to come from scrap, declares George T. Weymouth, chief of the Industrial Salvage Section of the War Production Board.

Mr. Weymouth is stimulating drives throngrout the country and stressing the importance of scrap as a factor in steel production. He says that the operation of steel mills at maximum capacity may be impossible because of a shortage of metal and urges the people of this country to dig out critical scrap material, to prevent waste and to move scrap as quickly as possible into regularly established waste collection channels.

The situation as to steel is explained by Rolland A. Hamilton, an official of the American Radiator and Standard Sanitary Corporation, who says that the steel mills, operating at capacity, require more than twice as much scrap as they normally use. Last year they consumed 59,500,000 tons of steel scrap, of which 27,500,000 tons came in through dealers.

The scrap collection campaign, recently sponsored by implement dealers in Tecumseh, brought in some 50 tons of old iron from the farmers in this area. It was a mighty fine contribution to our national emergency program. The dealers and the farmers are to be congratulated. But the campaign should not end with the 50-ton collection. It should continue; a few more tons of scrap metal should be added to the total each week. It is one way that we can help to win the war.

Sgt. Paul J. Siler of Camp Barkley, Texas, has been spending 10 days with his sister and husband, Mr. and Mrs. Eugene Carpenter.

Mr. and Mrs. Gordon Bachman of Jackson spent Sunday with his parents, Mr. and Mrs. M. E. Bachman.

The Ridgeway Garden Club met Tuesday afternoon in the Methodist church, with members of the Holloway Garden Club as guests. Miss Lillian Dibble was leader of the program and Miss Clara Waldron of Tecumseh gave an interesting talk on "Flower Arrangement."

War Bond Contest Open to Farmers to Pay Fine "Dividends"

With Uncle Sam's flying fortresses darkening the sky, Hitler's mark and the Japanese yen are wavering on the stock markets of the world. American farmers, in contrast, are about to let go a smashing broadside of dollars in the purchase of War Bonds.

The power of the farm dollar in putting weapons of victory into the capable hands of American soldiers is spotlighted in a "Win-the-War Bond Contest" sponsored by Allis-Chalmers in cooperation with the United States Treasury Department. Seeking reasons from farmers themselves on "Why Farmers Should Buy War Bonds," the contest offers 125 prizes for winning letters of 100 words or less on that subject.

First prize is a $1,000 War Bond, plus a tour with all expenses paid, for the winner and one other member of the family, to the Allis-Chalmers factory at Milwaukee to see weapons of victory in the making. The tour will include a trip to the Great Lakes Naval Training Station and, war conditions permitting, a cruise on a U. S. navy boat.

Second prize is a $1,000 War Bond, third is $500 in War Stamps and 122 other prizes range from $400 down to $10 in bonds and stamps.

Anyone living on a farm can enter by listing with his letter the serial number of a War Bond registered in his name. Each bond denomination of $25 permits one entry. Complete rules and entry blanks may be obtained from Allis-Chalmers dealers or by writing to the factory. Entry blanks, however, are not required to win. All letters should be submitted to Allis-Chalmers, Tractor Division, Milwaukee, Wis., before midnight, September 15, 1942.

Banking authorities agree that War Bonds are the safest investment known. They are demand notes—you can get your money back if you need it. They pay good interest, and offer as collateral the land and resources of the United States. America has the highest credit rating of any nation in the world.

The grim spectacle of "scorched earth" laying waste the farms of Europe and the Orient is convincing American farmers of their stake in this war. The blackened wheat stubble of the Ukraine and the slaughtered herds of Denmark are vivid examples of "too little, too late"—tragic proof that it is the farmer who pays.

"Victory would be cheap if War Bonds were a gift to America, But," points out the U. S. Treasury Department, "they are only a loan, with a money-back guarantee." With our boys on the firing line risking their lives, it is the least we can do to give them weapons worthy of the great cause for which they are fighting.

The forecast of farm income for 1942 is 14 billion dollars. If only 1½ billion dollars of this total were salted away in War Bonds, it would be enough to finance 30,000 fighter planes. Food-for-Freedom, plus War Bonds bought regularly every market day—fighting dollars from the farms of America—that's our answer to those who would come into our fields and force us at the point of a gun to grow crops for the "master race."

STRAIGHT FROM NEW YORK

PRINTS ARE PRETTIER

Prints are everywhere on the fashion horizon, prettier and softer-looking than ever before. The New York creation shown is one of the new blossom prints, with silhouette stripes of dogwood flowers in beige tone, on a moss green ground, the many-gored skirt having flat box pleats inlaid at the seams. Some of the other new color combinations are lime green with raspberry, pale blue with Parma violet, pink with dark green, "tortoise tan" with a deeper brown shade.

Part III—Games: Sally Saucer, Lazy Mary, the Muffin Man, Indian Game, Itisket Itasket, Farmer in the Dell.

Part IV—Rhythm Band led by Judy Sisson; "America the Beautiful," Max Morden; Toreador Song, Habanera, March, Andante, Marine Hymn and "America."

Edna Sanko, Dean Leonard, Raymond Pate, Phillip Daisler and Philip Stutesman were unable to participate in the program because of illness.

100 Couples Attend District Nurses' Dance

More than 100 couples enjoyed the annual dance given by the Lenawee District Nurses Association last Wednesday evening in the Civic Auditorium in Adrian. The large auditorium was transformed into a garden scene with appropriate furniture and a profusion of flowers in large hampers and baskets. The Adrian and Tecumseh Garden Clubs furnished the flowers. George Gordon's orchestra furnished the music for the party and the grand march was led by Mr. and Mrs. Budd Goodwin.

It was estimated by the nurses that $150 was cleared and will be contributed by the association for some civilian defense organization.

Mrs. Charles Muldary was general chairman of the dance. Mrs. Oscar Shonsheck, Misses Lucille Glanz and Juanita Stetten were in charge of the ticket sale; Misses Lalla Payne and Kathryn Underwood the decorations, and Mrs. Allen Purvis, publicity.

Sowing and Reaping

It is a well-known fact that in the cultivation of a garden, we reap what we sow, that like produces like. For instance, we know that if we plant vegetable seeds, we cannot pick flowers after the seeds have germinated and the plants matured. If we want flowers, we must plant flower seeds. In our mental gardening we do not always see this fact so readily. Have not many people who bewail the lack of good in their lives, failed to sow the seed from which good could grow?

A much-loved teacher used to give the school children "memory gems" to learn. One of the stanzas reads:

"The garden of life it beareth well,
It will repay our care;
But the blossoms must always and ever be
Like the seed we're planting there."

. . . If we sow thoughts of fear, discouragement, resentment, ingratitude, and selfishness, can we expect a harvest of good from such sowing? Jesus said (Matthew 7:16), "Do men gather grapes of thorns, or figs of thistles?" No more can we gather a harvest of abundance, health, love, success, or joy from wrong mental sowing, or expect a bountiful crop when we have sown sparingly.

Mary Baker Eddy, the Discoverer and Founder of Christian Science, in "Miscellaneous Writings" (p. 331) makes it plain that when thought is "abiding in Truth, the warmth and sunlight of prayer and praise and understanding will ripen the fruits of Spirit, and goodness will have its springtide of freedom and greatness." Holding thought to the truth that man is the reflection of God, infinite Love, heals and delivers us from belief in evil or error. When we reflect Love by sowing the seeds of kindness, faith, patience, purity, and joy, we gather a rich harvest of good in sickness healed, discord vanquished, and sin and death overcome.

Does one need health, supply, harmony, and protection? Does the harvest of good seem scanty to eyes blinded by materiality? In reality the harvest of good is always abundant. Jesus said (John 4:35), "Lift up your eyes, and look on the fields; for they are white already to harvest." Let us stop looking at error as real, and lift our thought to God, good. Fear blinds our eyes to the good by which we are surrounded. God is omnipotent and omnipresent. In the infinitude of good, where is there any room for evil? When we realize the fact of God's allness we are no longer afraid, for we know there is nothing to fear. Fear is an illusion. We must realize that man, God's reflection, expresses His perfection, even as the sun is expressed in the sunshine. And as there is no darkness in the sunshine, so there is no evil in the man of God's creating, who ever reflects Him in health, abundance, all good.

One verse of a beautiful hymn declares (Christian Science Hymnal, No. 3):

"A grateful heart a garden is,
Where there is always room
For every lovely, Godlike grace
To come to perfect bloom."

Gratitude makes us receptive to the abundance of good which God constantly gives to His children. We seem to lack good only because we are not ready to receive all He gives. When we are receptive to Truth, we shall realize that God never withholds good.

Sometimes when we think we have sown good seed, but see no evidence of having accomplished good, we may well remember Paul's words (I Corinthians 3:6), "I have planted, . . . but God gave the increase." Our work is to sow the seed, leaving the results to God's care. Even though we may never see the results of some of our own spiritual sowing, we may be sure that somewhere good has resulted. . . . And God is constantly preparing the soil. Our own responsibility is to reflect God in every thought, word, and deed. . . .

Let us not be too concerned over the reaping. Our sowing prepares for that. Sometimes our human plans would limit us. Jesus declared (Matthew 13:39), "The reapers are the angels." . . . Knowing that angels do the reaping and that God, good, is infinite, can we not leave the results of our sowing of good seed, and the thought of how soon or how great the harvest shall be, in our heavenly Father's hands?—*The Christian Science Monitor.*

SUNDAY SCHOOL PICNIC

The newly organized class of the Presbyterian Sunday school, taught by Mrs. John Thompson, will hold a picnic at Adams Park, Friday evening, June 12, at 6:30. Members of the Presbyterian League, the Westminster Junior League and the young married people of the Sunday school with their husbands are invited to the picnic. Those attending are to bring table service, sandwiches, drinks and one dish to pass.

GARDEN PICNIC

The Lenawee District Nurses picnic will be held in the form of a garden party at the home of Miss Beth Satterthwaite on North Union street, Monday, June 15, at 7:30 p. m. Each member is to bring plate, cup, fork and spoon.

HOSPITAL AUXILIARY TO FINISH CLASS ROOM

The Tecumseh Hospital Auxiliary met Tuesday evening in the Methodist church parlors. Mrs. Edith C. Smith, the president, asked Mrs. E. F. Hildebrand, vice-president, to preside because this would be the last meeting she would attend.

Reports of various committees were given and it was decided to continue the meetings during the summer months, the Methodist church board having generously offered the use of the church parlors for this purpose. Mrs. Jennie Satterlee of Tecumseh and Mrs. Warren Benham of Ridgeway were voted to membership and it was voted to raise the funds to finish a basement room in the hospital for use as a classroom or other purposes, the cost to be about $215. Mrs. H. H. Hanna reported that the May sewing committee had repaired 38 articles and made 97 new ones. Mrs. Guy T. Pocklington gave a talk on the proposed health unit for Lenawee County and the auxiliary voted its approval of the project.

In concluding the meeting, Mrs. Hildebrand resigned her membership and her office, because she will be leaving soon to make her home in Saginaw. The board met afterward and appointed Mrs. Elton Hess to fill the position of vice-president. A social time was then enjoyed with punch and wafers served by Mrs. E. E. Berry, Mrs. Paul Bowen and Mrs. Jack Smith.

32ND DIVISION VETERANS TO MEET IN CHICAGO

World War veterans of the 32nd Division will hold their 1942 national convention in Chicago on September 6-6-7, the first to be ever held outside the states of Wisconsin and Michigan, where the division was formed in 1917. Chicago was selected for this year's meeting because its central location makes it possible for a large attendance despite present war-time transportation limitations.

The Red Arrow Club of Chicago, host to the convention, have planned separate reunions for each regiment, a large memorial service, a banquet in the Terrace Gardens and entertainment throughout the three-day Labor End weekend, all in the Morrison Hotel, which will take on a 1917-1918 atmosphere for the duration.

The 32nd, made up of Wisconsin and Michigan National Guard units, received replacements from every state in the union while on the front in France, where they suffered heavy casualties, and delegations from Red Arrow clubs in Los Angeles and New York have announced their intention to attend the reunion.

JOINT MEETING

The Woman's Society of Christian Service and the Reliable class of the Methodist church held their June meeting jointly at the home of Mrs. W. G. Waldron. Mrs. Bert Warren presided at a business meeting of the Woman's Society which voted to contribute $50 to the church budget. Rev. E. T. Hildebrand gave a report of the national convention of the society held recently in Columbus, O., and Mrs. Harry Abbott, assisted by Mrs. C. C. Ruppel and Mrss. Ida Perkins, presented a program on China.

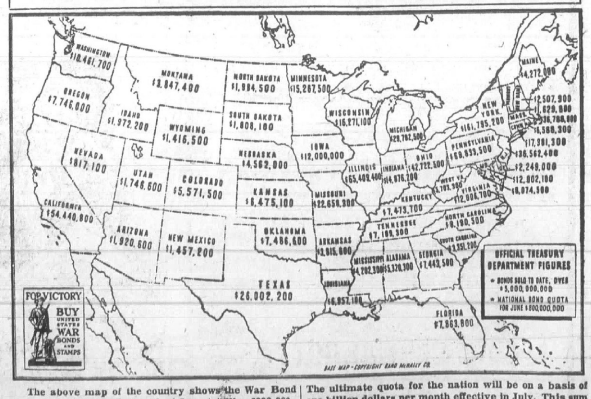
ONE DAY SERVICE

Official U. S. Treasury War Bond Quotas for June



The above map of the country shows the War Bond Quota by states for the month of June totalling $800,000,000. Everybody every pay day is expected to invest at least ten per cent of his income in War Bonds to aid in arming America to "ive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

Local and Personal

Mrs. George Church and son, Ernest, visited friends in Plymouth Friday.

Mr. and Mrs. Gordon Johnson of Adrian were recent guests of Paul Nobles and daughter, Marilyn, in honor of Mr. Noble's birthday.

Born June 2, to Mr. and Mrs. Kenneth Abbott, a son, at Sparrow Hospital in Lansing. Mr. Abbott is the son of Mr. and Mrs. Walter Abbott of Tecumseh, and Mrs. Abbott was formerly Virginia Allen of Tipton.

Miss Dorothy Allen, who graduates this week from Michigan State Normal College in Ypsilanti, has accepted a position to teach in the Lansing schools the coming year.

Don't "Jaw" Your Wife About Her Ironing--

No, don't criticize your wife because your shirts are not ironed "wrinkle-free" because there's a real art in ironing and perhaps she doesn't possess the art.

Modern shirt-ironing requires modern equipment for laundering, and we have it. No longer can you iron the new shirt collars with an ordinary iron and give them that factory-fresh appearance.

Send us your shirts — in fact the entire family laundry. You'll save in both cost and time—and get greater satisfaction.

You Buy "Ceiling" Quality at Anderson's

In the more than 80 years that our store has been in business, we have never sacrificed quality for price. We have never sold a piece of merchandise that we could not unconditionally guarantee.

We have found that such a policy has built for us a business that has lasted through several generations. We do not believe that present conditions warrant any change in our policy.

Therefore, to the food-buying public of Tecumseh we say: "You can buy here with confidence. You get a true value for every penny that you spend with us."

A Message to Furnace Operators Read This Carefully

If you have tried to buy "heavy" materials lately, you know that government priorities have made them very scarce.

Your furnace is made of "heavy" materials and these metals are a part of our Victory program.

Therefore, we say to you seriously—IF YOUR FURNACE NEEDS REPAIR, or you believe it will need repairs during the coming winter, HAVE THEM MADE THIS SUMMER.

Our repair materials are coming through very slowly—sometimes it takes two and four weeks to get them—if at all.

Don't Overlook This Warning

You can't afford to overlook this warning. If you wait until next fall, you may be forced to live in a chilly house for many days until your repair parts arrive.

It is our duty, as your plumber, to tell you these things.

Protect Your Health
Take Care Of Your Refrigerator!

Winning this war is the aim of every American. One of the many sacrifices we make is that most of us will have to do without that new electric refrigerator. Taking care of the one we now have is important. It is but one of the many ways in which we can save and conserve for victory.

Follow These Helpful Hints ★ Make Your Refrigerator SERVE You Through The War

1. Defrost your refrigerator once a week in hot weather and every two weeks in cold weather — to insure proper operation.
2. Never use sharp instruments such as an ice pick or knife, to remove ice trays or chip ice freezer coils.
3. Be sure that you understand how to remove ice cube trays in your refrigerator to avoid breakage or damage to trays.
4. Always keep door seal or gasket clean. Grease or acid on the hands, as well as in foods, causes rubber to deteriorate.
5. The condenser or radiator should be kept free of lint and dirt and should be cleaned at least once a year to avoid accumulation of dirt.
6. Keep all metal parts inside the refrigerator, such as freezer coils and shelves, clean so as to avoid corrosion due to grease and acid of foods.
7. The finish of the cabinet should be washed only with a mild soap or a preparation furnished or recommended by the manufacturer of your refrigerator.
8. In older models of refrigerators, the electric motor should be oiled regularly with a good grade of motor lubricating oil.

Bomber Plant In Production

MICHIGAN EDITORS PAY VISIT; BIG SHIPS CAN FLY TO ANY SPOT ON GLOBE

Willow Run is not two mere words.

It stands for America's growing power in the air.

It is a symbol of our hopes for Victory.

Its four-motored bombers, produced to the extent of "dozens daily," are capable of flying from the new Ford Airport at Dearborn to any military airdrome on the globe. They can leave Willow Run at 6 a. m. in the morning and arrive the next day in Europe! Superman couldn't do much better himself.

While the government prevents publication of vital information, nearly 200 Michigan newspaper editors were given an exclusive tour of the giant aerial hatchery on Friday, May 22, and they learned much about it.

The visit, arranged by the Ford Motor Company with permission of the war department, afforded a new insight into war complexities of the Michigan home front.

For example, where was once rolling meadow land 13 months ago, today stands an industrial engineering triumph in construction. It is the largest one-story industrial structure in the world—another superlative.

When in complete production, the plant will require employment of an army of workers—100,000 at least, of whom one-fourth will be women.

The Housing Problem Is Vast

Ypsilanti, the nearest city, cannot accommodate a fraction of the Willow Run army of workers.

The government is building dormitories for men, huge apartment units, and thousands of single homes—all within a short distance of the plant—in an emergency effort to meet the needs. Because of the transportation problem created by scarcity of rubber tires and shortage of gasoline in the east, officials do not believe it is practical to transport 100,000 persons twice daily at any great distance.

Ypsilanti and Washtenaw county officials fear that Willow Run will become a great "ghost town" when the war is over. But you can't stop for philosophy when there is a war to be won. And so it's all-out for bomber planes. The cost cannot be measured in our freedom.

The rate of production at Willow Run is a highly guarded military secret. But this much can be said: The objective is fantastic, but it will be reached. The mechanical wizardry of Henry Ford is legend to every school child.

President Roosevelt himself has put the nation's goal at 185,000 warplanes by 1944. That is in terms of annual production.

Little wonder that Detroit war officials, while quarreling among themselves over jurisdiction, agree on this: Willow Run is an invitation to an Axis air raid, just as the Sault Ste Marie locks at the "Soo" constitute a challenge.

Rationing of gasoline is now regarded as inevitable.

It may be proclaimed about July 1, a date that traditionally has ushered the summer season of Michigan's well developed tourist industry.

Resort proprietors are not any too happy about the prospect, but they are finding bright linings on the rationing clouds. If railroad and bus transportation facilities are not rationed, as the Office of Defense Transportation recently intimated it might require, resorts served by good transportation will have a good season.

People will come to hotels and cottages and stay "put" for the "duration" of their vacations. The usual gadding around at dancing and night spots, hamburger stands, taverns and other American institutions will not be possible. Roadside cabins will probably take a licking in business this summer, if gasoline rationing is declared.

But the demand for lake cottages is the greatest in many years, so we hear from Cheboygan. Healthful vacations may be rediscovered; families will stay together and get acquainted.

Robert J. Laser Gets State 4-H Job

Robert J. Laser, Lenawee county 4-H Club leader, has been appointed assistant to A. G. Ketchum, state club leader, to succeed Nevels Pearson, a reserve officer who has been called to active duty as a major. The appointment is effective July 1.

Mr. Laser served as district 4-H Club leader in Lenawee, Monroe, Jackson and Hillsdale counties from November 1, 1935, until November 1, 1941, when he was named to lead the clubs in this county which had grown to such proportions that the full time services of a leader were needed. As assistant state club leader his duties will be largely with the livestock program.

At a recent meeting of the state board of agriculture in East Lansing Mr. Laser's appointment was confirmed and the agricultural committee of the county board of supervisors agreed to accept Mr. Laser's release from this county to permit him to accept the promotion, but with the understanding with Mr. Kettenun that in case Major Pearson should be released from the army, Mr. Laser is to be returned to Lenawee county.

Mr. Laser is a graduate of the Waldron high school and Michigan State College. He and Mrs. Laser and their baby daughter will move to East Lansing some time after July 1.

Why Is a Newspaper Like Your Store?

Here's the Answer In a Few Paragraphs--

A newspaper, believe it or not, is for the most part like the biggest store, the best patronized store, the most talked-about store in the community it serves.

Why? Because—

1. That newspaper never yet has been published that reached into EVERY HOME in its trading area.
2. That store never yet has been operated that listed EVERY RESIDENT of its trading area as its customer.
3. That bank—regardless of how strong its vault—never yet has listed EVERY RESIDENT of its area as its depositor.
4. That mill, regardless of how fine its flour, never yet has served EVERY FARMER in its trading radius.
5. That utility company, with its hundreds of miles of wire, never yet has claimed EVERY RESIDENT as a telephone subscriber or user of electric lights.

In many respects, therefore, a newspaper IS like the biggest store, the biggest bank, the biggest business. Nobody serves everybody.

But there IS a difference between stores and newspapers.

1. YOUR NEWSPAPER serves MORE OF YOUR POTENTIAL CUSTOMERS with a single issue than your store could serve in several days.
2. These POTENTIAL CUSTOMERS have PAID YOUR NEWSPAPER to serve them. They are SUBSCRIBERS to YOUR NEWSPAPER. They are interested in the community that YOUR NEWSPAPER serves, in YOUR STORE and its ADVERTISING. Otherwise they would not be PAID subscribers to YOUR NEWSPAPER.
3. YOUR NEWSPAPER is interested in YOUR STORE because it knows that YOUR STORE is NEWS to ITS SUBSCRIBERS. Yes, YOUR NEWSPAPER'S PAID SUBSCRIBERS are YOUR STORE'S potential customers.
4. Your store, your business, your profession and YOUR NEWSPAPER are NECESSARY TO EACH OTHER. That is a fact that cannot be refuted.

In the Village of Tecumseh, THE HERALD is read in approximately 700 homes, by more than 3,000 of YOUR STORE'S POTENTIAL CUSTOMERS.

Based on government averages of 4.7 persons per family, The Herald's total "reader family" approximates 10,000, all of them YOUR POTENTIAL CUSTOMERS.

There is NO BETTER WAY to tell YOUR STORY in news and advertising to YOUR POTENTIAL CUSTOMERS than in the columns of YOUR NEWSPAPER.

Michigan Motorists May Ride on Tires "Mined" in Home State

"Mining" rubber tires in Michigan!

Thanks to ingenuity of Dow Chemical Company scientists at Midland, this accomplishment may be a partial solution to today's war-transportation problem.

An "unofficial" news story, published by the Midland Daily News from sources said to be very reliable, resulted in a hurried visit to Midland by Akron rubber company officials. Willard Dow, president of the big chemical works, was called to Washington. The exclusive news break held promise of being one of the big newspaper stories of 1942 for public interest has been at fever pitch over the prospect of nation-wide rationing and a gradual withdrawal of millions of motor vehicles from roads as rubber tires wore out.

A combination of petroleum, sulphur and salt brine—all obtained from the ground—is employed by the Midland chemists to make a synthetic rubber known to the trade as "Thiokol."

Using a patented process developed by the Thiokol Corporation, the Michigan chemists collaborated in experiments for application of "thiokol" rubber for tire-retreading purposes. Tires were retreaded with the new synthetic rubber, and after 5,000 miles of highway travel they showed little evidence of wear. Furthermore, the new rubber can be applied in a simplified method that reduces cost and time.

Petroleum and salt brine are both produced in Michigan. Sulphur comes chiefly from the southwest.

By utilizing the industrial equipment already available, together with additional facilities, the Dow company believes it would be possible to produce enough of the synthetic rubber by the end of 1942 to retread 1,000,000 automobile tires each month.

It sounds almost too good to be true.

Farm chemurgy, the science of utilizing farm products in industry, has had a national exponent in Dr. William Hale, Dow scientist at Midland.

Dr. Hale has foreseen the day when over-production of the farm will be a historical reference to the pre-World War II era. A few weeks ago Vice-President Wallace made a speech in which he spoke of "the people's revolution" in this reversal of traditional thinking.

Alcohol, distilled from grain, can be utilized for production of butadiene. Petroleum can also be used to make butadiene. And butadiene is the important base for manufacture of the synthetic rubber known as Buna S and Buna N.

Converting grain or petroleum into rubber tires is verily a "revolution" in an economic sense.

Impressed with the potentialities, the RFC has expanded the official production program of synthetic rubber to an even 1,000,000 tons. But here is the "catch" to what would be otherwise a very rosy and optimistic tale. First, it will take 18 months to put the program into operation. Second, all of the 1,000,000 tons of artificial rubber are needed for military and lend-lease requirements, leaving NONE for civilian use such as buses, trucks and automobiles.

That is why the Dow retreading process may help to keep defense workers' automobiles on the roads and otherwise assist in averting serious transportation paralysis by 1943 and 1944.

The senate committee investigating the national defense program, headed by Senator Truman, Democrat of Missouri, recently filed a lengthy report at Washington about the national rubber shortage.

While we stew over the proposed inconvenience of greatly reduced rations for gasoline and fret about what may happen to our 1942 tourist business in Michigan, we read the following from the Truman committee report with no great satisfaction:

"The fact that today—two years after the fall of France—not one of those (synthetic rubber) plants is in operation is inescapable evidence not only of the admittedly difficult technical problems but also of the failure of the part of the officials in government to provide in time for one of the most fundamental needs of this country."

If private industry, such as the Dow company, comes to the rescue of the American people in a situation where government itself has failed miserably to get results, another bright page will be recorded in the war history of the Michigan home front.

General Motors, Ford, Chrysler and Hudson are other Michigan concerns which are performing the "impossible" in production of bombers, tankss, guns and shells.

It is evidence that Yankee ingenuity still exists . . . of the will of the American people to defeat the axis at whatever cost.

Luren Dickinson, 84-year-old ex-governor, has had another "call" to public service, so his friends intimate.

Announcement of his candidacy for the office of lieutenant governor is expected to be made very soon. Dickinson, of course, never runs for office. He is just elected to office.

So far his candidacy has been sponsored chiefly by Dickinson. Because of his advanced age and the war, he has not been encouraged to run by Republican party leaders but it is a 10-to-1 bet that his hat will be in the ring once again. Dickinson has a habit of deciding matters himself, and it is likely that his mind was made up and set months ago. One Dickinson trait, familiar to his friends, is a stubbornness that used to be known as "grit" and sometimes is glorified as "will-power."

Whether it would require more will power not to run than to run at the age of 84 is another matter.

We'll know of his decision soon.

NINETY-SECOND YEAR — NUMBER THIRTY-EIGHT | TECUMSEH, MICHIGAN, THURSDAY, JUNE 18, 1942 | FIVE CENTS PER COPY

Rubber Search is Begun Here

SALVAGING OLD RUBBER MAY DELAY GAS RATION; SERVICE STATIONS CO-OPERATE

Hundreds of pounds of old rubber—everything from girdles to a few feet of garden hose—were being dumped into Tecumseh's scrap rubber pile today as this village joined with the nation in a search for discarded articles of rubber that may stem, for a time at least, the need for the rationing of gasoline. The drive locally, under the direction of the Rev. O. V. Robinson, will continue through June 30.

"This drive is highly patriotic," the Rev. Mr. Robinson pointed out today. "From the scrap rubber can be made tires and other necessities for war machines at the front. Then, too, it may relieve the need for the rationing of gasoline as a rubber conservation effort. It is highly worth while, and every citizen should co-operate completely."

Mr. Robinson said that local gasoline service stations had agreed to handle the rubber collection. They have huge bins at the stations where the rubber is placed. The stations are authorized to pay one cent a pound for old rubber and they in turn dispose of it through a federal corporation. Any profit derived from the sale is turned over to the USO, the Red Cross or some other patriotic organization.

Any article of rubber, particularly old tires, tubes, gloves, hose, rubber shoes, mats, etc., are highly acceptable. Norman Bailey, proprietor of the Quality Shoe Shop, said today that he was turning over some 80 pounds of old rubber heels he had taken from shoes since February. Other merchants were searching basements for additional material.

"Tecumseh is starting this rubber search with a bang," Mr. Robinson said, "and I'm sure that we will surprise the county with our large collection. Attics and garages should be scoured for old bits of rubber, and all scraps should be taken to the convenient service station."

The national campaign is being directed by President Roosevelt, and will continue through the month of June.

Mrs. Edna Pocklington Buried in Brookside

Mrs. Edna Pocklington, aged 65 years, wife of Arthur W. Pocklington, died Sunday morning at their home on the Hotrum farm near Holloway, where they had resided with their daughter and husband, Mr. and Mrs. Perrin Morningstar, for several months. Mrs. Pocklington had been in failing health for some time but was confined to her bed only two days. She was formerly Edna Hendershot, daughter of the late John Hendershot and wife. She was born in Macon and had spent all her life in this community except for a few recent years in Athens. She was a member of the Methodist church.

Besides the husband she leaves two daughters, Mrs. Helen Morningstar of Holloway and Mrs. Hazel Alderman of Detroit; a granddaughter, Clariss Yvonne Morningstar, and a brother, Fred Hendershot, of Saluda, N. C.

Funeral services were held Wednesday afternoon at the Belding Funeral Home. Rev. E. T. Hildebrand officiated and burial was in Brookside cemetery.

THOMAS CRAIG WEDS MISS NYLA PHILLIPS

Miss Nyla Phillips, daughter of Mr and Mrs. George Phillips of Sandusky, and Thomas Craig, son of Mrs. Wilson Craig of Britton, were married Sunday afternoon at the Craig home in Britton by the Rev. William Spencer of Toledo. Preceding the ceremony, Mrs. Ernest Taylor sang, "I Love You Truly" and "O Promise Me" and also played the Wedding March from Lohengrin. Miss Margaret Craig and Audley Craig, sister and brother of the groom, attended the couple and little Joanne Mobley of Tecumseh was the flower girl.

Following the ceremony lunch was served to 35 relatives and friends.

The bride graduated Saturday from Michigan State Normal College in Ypsilanti and will teach in Dundee next year. Mr. Craig is a graduate of Britton High School and is employed by the Ford Motor Company in Dundee, where they will reside.

TO WED SATURDAY

Miss Janet Dickinson, daughter of Mr. and Mrs. Fred C. Dickinson, and Lieut. Walter P. Lang of Fort Knox, Ky., are to be married Saturday afternoon at 3 o'clock in the chapel of the Presbyterian church.

Many of Stores Here To Close Thursday P.M.'s

A majority of the stores in Tecumseh will be closed here this afternoon—Thursday—and on each Thursday afternoon thereafter during the months of June, July and August, Wade L. Jones, secretary of the Chamber of Commerce, said today.

The Thursday afternoon closing, Mr. Jones said, is being carried out in many towns and cities other than Tecumseh, and gives merchants and clerks an opportunity to enjoy a half-day holiday each week during the summer.

Body of Child Found in River

ACCIDENT LAST FRIDAY FATAL TO GERALDINE ANN DIBBLE; BODY RECOVERED SUNDAY

The body of Geraldine Ann Dibble, seven-year-old daughter of Mr. and Mrs. Ralph Dibble of Clinton Route 1, who drowned Friday afternoon near Newburg, was found in the River Raisin Sunday about a mile and a quarter south of the bridge where she was playing when drowned. Two sisters, Florence, 13, and Helen, 9, were with the child when the accident occurred. Helen also came near drowning but caught in the limbs of a low hanging tree and saved herself.

The search began immediately for the body and Saturday afternoon was given up because the water was so muddy. Judd Manley, who has trapped in the vicinity at various times advised the group that an object could not easily pass a mass of tree stumps. On Sunday Myron Dermyer and son, Frederick, and Jay Campbell went to the river. Campbell secured a boat and rowed to the tree stumps where the child's body was found lodged after being in the water for 51 hours.

The body was brought to the Collins Funeral Home here where funeral services were held Tuesday afternoon. Rev. E. T. Hildebrand officiated and bearers were Lavern and Delton Ott, Richard Hertler and Allan Wise, classmates of the deceased. Burial was in Ridgeway cemetery.

The survivors are the parents and grandparents; four sisters, Helen Elizabeth, Florence Eleanor, Frances Arlene, Bertress Elaine, and a brother, Gordon William.

Relatives from Kalamazoo, Ann Arbor, Saginaw, Milford, Saline, Clinton, Macon, Britton and Ridgeway attended the funeral.

Mrs. Adelaide Shurtz Aged Resident, Dies

Mrs. Adelaide Shurtz, widow of the late W. W. Shurtz, and a resident of Tecumseh for 48 years, died Tuesday morning at the home of her daughter, Mrs. Fred Poland, Adrian. Recently she has been visiting the past week. Mrs. Shurtz, who was 82 years of age, had been in failing health for some time. She was a member of the local Presbyterian church and the Pythian Sisters.

Besides the daughter, Mrs. Poland, she leaves a sister, Mrs. Kate Guy of Milan; three grandsons, Donald Brown of Adrian, Virgil Brown of Ann Arbor and Dr. Charles Gray of Echo, Ore.; also three great-grandchildren. Her husband and one daughter preceded her in death.

The body was brought to the Belding Funeral Home where funeral services will be held Friday afternoon at 2 o'clock with burial in Brookside cemetery. Rev. James Cameron Murdoch will conduct the services.

BUSY BEES ELECT

The Lanning Busy Bees met on Thursday at the home of Mrs. W. L. Becker for a pot-luck dinner followed by a business meeting when officers were elected as follows: Mrs. Edna Bugbee, president; Mrss. Becker, secretary-treasurer. The afternoon was spent sewing.

The July 2 meeting will be held at the home of Mrs. Fritz Gygi.

MARRIED HERE

Mrs. Joyce Hollis of Tecumseh and Edward C. Buster of Carbondale, Ill., were married Saturday morning by Rev. James Cameron Murdoch at the Presbyterian church. They were attended by Mr. and Mrs. Alfred J. Pfrommer of Tipton.

LYSTER LEAGUE

The Lyster Junior League held their closing meeting of the season last Wednesday evening at the parish house. An outside steak roast and games were enjoyed.

Meetings will be resumed in September.

Six Are Killed In Car Mishaps

DOCTOR, THREE COMPANIONS DIE NEAR ADDISON; TWO MARINES DEAD IN LOCAL CRASH

A prominent Toledo physician, three women companions and two marines, all of Toledo, were fatally injured in automobile accidents in this vicinity over the week-end. Two girls also are in a serious condition in Tecumseh hospital.

The two Marines, Richard Freeman and John A. Shelton, both aged about 20 years, died in Tecumseh hospital about 8 o'clock Sunday evening from injuries received when their car struck a tree near Waldron's hill on M-52 west of town. Their companions, Mary Lou Barkwell and Jean Henning, both 16, were critically injured in the accident, suffering head injuries and serious cuts. Miss Henning also suffered a leg injury. The girls have since been in a semi-conscious condition and unable to undergo X-ray examination to determine the full extent of their injuries.

Mr. Freeman's home was in Pittsburgh, Pa., and Mr. Shelton's in Independence, Mo. Their bodies were removed to Toledo Monday afternoon.

In the other accident, which happened about 4:30 Sunday afternoon near Devils Lake, Dr. Evan G. Galbrath, Mrs. Selma Thomas, Miss Mary E. Thomas and Miss Mary Thomas Terzopoulos, all of Toledo, were fatally injured when their car was demolished by a locomotive tender of the Cincinnati & Northern Railroad. The first three were killed instantly and Miss Terzopoulos died in Addison Community hospital five hours later.

Dr. Galbrath and his party were on their way from Toledo to Jackson to attend the Rose Festival. The locomotive and tender backed onto the crossing, striking the automobile broadside. The car was carried some distance down the track.

Dr. Galbraith's body was removed to the Garner Mortuary in Toledo, and the bodies of Mrs. Thomas, her daughter and granddaughter were taken to the Brown Funeral Home in Addison where private services were held Tuesday afternoon with burial in Memorial Park, Toledo.

MISS WANDA FRANCIS WEDS CORP. L. V. KAHLE

Mr. and Mrs. Clarence Francis are announcing the marriage of their daughter, Wanda Virginia, to Corporal Loyal V. Kahle of New River, N. C., which took place on May 16 at Conway, S. C., Judge H. E. Bourne performing the ceremony.

The bride is a graduate of Onsted high school and later attended Sienna Heights College in Adrian. Recently she has been employed in the Philco office at Tecumseh Products Co. Corp. Kahle is the son of Mr. and Mrs. F. W. Kahle of Britton. He is also a graduate of Onsted high school and later enlisted in the U. S. Marine Corps.

Mrs. Kahle is with her parents for the present.

LIGHTNING HITS HOUSE

The new home of Mr. and Mrs. Wyman Service on M-52, north of town, was struck by lightning during last Thursday morning's storm. The telephone and a section of plaster torn from the wall were the only damages. Mr. and Mrs. Service moved in the last of the week as planned.

RANGERS TO MEET

The Macon 4-H Rangers will meet this evening at the home of Eleanor and Richard Cadmus. Raymond Easton will give a report on fitting, showing and judging hogs and Russell Henning will report on feeding of beef cattle. Out-of-door games will furnish diversion and refreshments will be served. Virgil Bortel is leader.

CHEAP ENOUGH

Parsons, Kan.—Laying aside her purse while helping with a town rummage sale, a woman helper returned a few minutes later to find that another woman helper had sold it for a nickel.

Local Tax Rate is Set at $14

JUMP IN ASSESSED VALUES KEEP TAX FIGURE SAME AS THAT OF ONE YEAR AGO

A 14 mill Tecumseh village tax rate—$14 per $1,000 assessed valuation—the same as the rate one year ago, was fixed by the council when it met in regular session on Monday evening. The 14-mill rate will raise a total of $32,107.60. Tax bills will go out about July 1.

While Tecumseh lost over $35,000 in personal assessed valuation this year, it was explained that the village's total assessment is $44,700 greater than in 1941. This year's total value is $2,293,400, of which amount $2,031,300 is real estate.

Nine mills of the total tax will go to the general fund; three and a half mills to the highway fund; one mill to the sewer fund, and one-half mill to the hospital sinking fund. A breakdown of the tax plan will be found in the council proceedings in another page of this newspaper.

The council ordered that eight delinquent water bills be assessed against the property, in accordance with a village ordinance. Also, the council ordered that two persons be assessed the charges for cutting noxious weeds.

Floyd E. Woodcox, traffic officer, tendered his resignation, effective as of July 1. He cited in his resignation that it would cost approximately $60 to repair his car, and that he could not afford to continue longer on the payroll at his present wage of $115 monthly. The council accepted the resignation.

Authorization for the purchase of the "Boyd property" lying north of Brookside cemetery, at a price of $2,200 was goven.

The council moved to close Eastern street and abandon it permanently, and set July 20 at 7:30 p. m. as a date for hearing objections. The street is being closed at the request of Henry Ford, who is remodeling the old Globe Mill into a defense plant.

Labor Shortage Faces Farmers

PARSONS REVIEWS AGRICULTURAL SITUATION IN TALK TO ROTARY CLUB

Reviewing the nation's agricultural program with its stepped-up production as the farmer's contribution to the war effort, George Parsons, director of the agricultural department of the high school here, told Rotarians Tuesday that in Lenawee county the greatest threat to the harvesting of bumper crops is the shortage of labor.

Local farmers are playing an important part in the war effort and are increasing their production in accordance with their government's requests, Mr. Parsons declared. He pointed out that there are some 11,000 acres of sugar beets in the county this year as compared to 8,500 the previous high. There also are 18,000 acres of soy beans, compared to 500 acres in 1930. On Lenawee farms there are 2,000 more cattle than there were five years ago. Lenawee county leads the state in the production of hogs, and there are 2,000 more of these animals this year than previously.

Lenawee county also leads the state of Michigan in the production of wool, the speaker said, and despite a drop in the number of sheep on local farms—some 2,500 in all—he declared that the county still is tops in wool production.

"Lenawee is raising bumper crops," Parsons told the Rotarians, "but the farmer must get help in order to harvest them. Where this help is coming from I do not know and neither does the farmer." He then pointed out that on the Ford farms some 60 high school boys are at work daily, and he said that an arrangement would be worked out when school opens to permit the boys to work after school and Saturday.

At a meeting of the board of directors following the luncheon at Brees House, Wade L. Jones, secretary of the club, was named as its representative to the international convention of Rotary in Toronto, Canada, this month. William Bruce, president, was named as alternate.

LEON WILLIAMSON "FINE"

Leon P. Williamson received a cablegram Thursday from his son, Captain Leon Williamson, at Midway Island. The cable contained only two words, "Am fine." On Monday Mr. Williamson received a letter and a group of pictures from his son, the first real news he had received in weeks.

DID WE LEARN OUR LESSON?

There are many individuals and organizations which are greatly concerned today over the nature of the peace that will follow the present war.

It is a bit too early to waste time on the organization details of the world until we make sure how completely the Axis powers will be overthrown. Afterwards, the world will have peace only if the victorious nations have sense enaugh to co-operate in the support of the new order.

It is safe to take it for granted that the world will not be the same kind of a place that existed before Hitler began his march in Europe.

The victory that will be won by the United Nations may mean much, or little, depending upon what the democratic peoples do with their opportunity. The end of the World War offered us, together with the people of the other victorious powers, an opportunity to shape the course of world events for many years. Instead of resolutely attending to the business, we fooled ourselves with the hocuspocus idea of "peace, it's wonderful!"

When we woke up, the opportunity was gone and barbarism was on the march. The United States, in rejecting a policy of close co-operation with its associated powers of the last World War, bears much of the responsibility for the chaos that developed in the world. Our pacifists and isolationists were permitted to unduly influence the foreign policy of the government until it became one of cowardice and futility. As a people, we refused to accept the responsibility of a great nation.

Despite the talk that stirs us today, there is considerable danger that we will repeat the same mistake when the present war is over. Once more, we will have leaders advising us to live alone. They will tell us again that we are strong enough to ignore what happens in the rest of the wrld. The mush-headed pacifists will bloom again, offering us a brightly-colored picture of brotherly love and a world of peace.

It is up to intelligent Americans to make up their mind to permanently co-operate with other peace-loving nations. We must be alert to avoid the snares and pitfalls of the past. There is no use to be overwhelmed by past mistakes unless we are foolish enough to make them again.

POLICE FORCE GROWING

The people of the United States are considered to be law-abiding but figures for 1,008 cities over 10,000 population show that there are 1.72 police employees per 1,000 population. This is a slight increase over the previous year.

Few Americans would suggest that we abolish all police and depend upon individuals to comply with the law. In the international field, strange to say, there is opposition to the creation of a police force to keep the peace of the world.

If law-abiding people require police in order that established law can be enforced in organized municipalities, it appears reasonable to thing that the world at large requires a police force to insure the maintenance of peace and the establishment of justice.

FOOD FOR THOUGHT

Backscratching has been developed to a fine art by boot-licking speakers and writers. . . . Before the war ends you will be doing without more than sugar and gasoline and liking it. . .. Life would be simpler if we did not make people thing we are what we are not. . . . The U-boats have convinced many Americans that war can affect us and our standard of living. . . . Read one book on any subject and it is perfectly clear. Read two and it becomes confused, and after reading five or six, completely unintelligible. . .. Well, we see where one brother says that the war has been caused by sin; we can understand how this applies to the Axis aggressors but it seems rather tough upon relatively incapable sinners, like the American people.

MICHIGAN MADE
PURE SUGAR
An Important Factor in Our War Effort

Each year, the Michigan farmers and wage earners who grow and process this unsurpassed product, make available over 300,000,000 pounds of sugar to add to the nation's total of this vital energy food.

She Did Promise to Love--Honor, and Obey--

When you married your wife she probably said, "yes" to the honor, love and obey question, but we'll bet that nothing was said about the family washing.

Why not give her a "break" from washday blues by sending the family laundry to us. We'll prove to you that we can do the work cheaper than it can be done in your own home—and much better, too.

We specialize in the laundering of summer garments, including sport shirts, slack suits, dresses.

GREAT MONEY-SAVING EVENT

Here's good news for thrifty buyers! Firestone has set its price ceilings far below the Government regulations on many high quality products. Down go the prices on merchandise you want and need for home and car, for farm and garden, for sports and recreation. These Victory Values represent a victory over high prices—a triumph over the threat of inflation. But remember—many of these items are available only in limited quantities. So don't delay—come in NOW while stocks are still complete.

ENTERTAIN AT TEA

Mrs. Walter German and Mrs. Kenneth Kopke, assisted by Miss Sally Humphrey of Tecumseh and Mrs. Frank Palmer of Adrian, entertained 55 ladies Tuesday afternoon at a tea in the home of Mrs. German. The occasion was in the form of a surprise for Mrs. Palmer's mother, Mrs. Carrie Whitmarsh, in honor of her 80th birthday anniversary.

The afternoon was spent socially. Mrs. Whitmarsh also gave two readings and Mrs. Palmer, Mrs. Skentlebury of Clinton, Miss Humphrey, Mrs. Kenneth Kopke and Mrs. German, daughter and four nieces of Mrs. Whitmarsh, sang "Love's Old Sweet Song." Miss Humphrey played a selection on the piano. Tea was served from a lace-covered table centered with a lovely arrangement of garden flowers. Mrs. D. S. Carmichael and Mrs. Frank Hedrick poured. The honored guest received many lovely gifts. Guests were present from Clinton, Tecumseh, Adrian, Palmyra and Holloway.

YOUR FURNACE
Is Your Best Defense
AGAINST WINTER COLD

Yes, next winter, when the thermometer registers a below-zero temperature and the ground is frozen and snow-covered, your furnace is the best "friend" the family has in the home.

But a furnace that is "out of order"—with grate or firepot burned out—is of but little assistance on these cold days.

And right now is the time to determine whether or not your furnace is in condition to give you heat during the coming winter. Don't wait until fall to find this out—it may be too late.

No longer can we order furnace repairs one day and get them the next. Priorities and war needs come first.

To assure heating comfort next winter, let us inspect your furnace NOW, and make the needed repairs this summer—while we still can get parts.

Scrap Rubber

May Prevent Gas Rationing

Bring Us Your Scrap
Let's Whip the Jap.

OUR GOVERNMENT NEEDS RUBBER—Scrap rubber to win the battle against Japan and the Axis—scrap rubber to keep our tanks and planes at the front—scrap rubber to keep your car and ours on the road—on home defense.

You can co-operate in Uncle Sam's latest Home Defense campaign by collecting every scrap of rubber on your farm or in your home—old discarded tires, inner tubes, hose (battery shells are not rubber) and bring them to us before the last day of this month, June 30.

You may give the rubber to your Government or you may sell it, at a price of one cent a pound. We, in turn, will dispose of it to the government, and any profit derived will be turned over to the USO.

HELP YOURSELF BY HELPING YOUR GOVERNMENT

Bring Your Scrap Rubber to Any Gasoline Service Station in Tecumseh. If you want payment for your rubber the station attendant will furnish the necessary cash. ACT NOW. Your Government needs this rubber to win the war and to keep your car and ours on the highways.

SELL YOUR SCRAP RUBBER TO U.S.—RIGHT NOW

NATION-WIDE Scrap Rubber Drive ★ JUNE 15-30

Your country needs it... and it may avert gas rationing

You will be paid 1¢ a pound by any Standard Oil Dealer or Agent! Bring your old rubber in today... Urgent!

MILLIONS OF TONS of discarded and worn out rubber articles are gathering dust in the garages, basements, and attics of American homes . . . articles useless to you, but all-important to the American war effort.

That rubber can be reclaimed—IF YOU'LL TURN IT IN TO THE GOVERNMENT. Here's a real opportunity for you to help speed the day of victory. And there's another side to it—the shadow of nation-wide gasoline rationing is upon us. Its necessity in the Midwest is based not on a shortage of gasoline, but on a need to save tires for possible future war use. If enough scrap rubber is provided by this drive, nation-wide rationing of gasoline may be avoided.

When you bring your scrap rubber to your Standard Oil Dealer, or to any other service station, the rubber will be weighed and you'll get your money *at that time. No oil company will receive one penny profit. The difference between the amount we pay and the amount Uncle Sam pays us goes to the USO, Navy Relief, Army Relief and the American Red Cross.*

BRING IN all your reclaimable rubber, such as: tires, tubes, boots, rubbers, hot water bottles, garden hose—anything made of rubber.

CHURCH SOCIETY MEETS

The June meeting of the Methodist W. S. C. S. was arranged as a birthday party at the church on Tuesday evening instead of the usual picnic at a lake. Members and their families, numbering 90 persons, gathered for a pot-luck supper at 7 o'clock. Four long tables were arranged to represent the seasons of the year. Two large birthday cakes were presented by Mr. and Mrs. Carl Jedele of Detroit.

After the meal a program was given including an exercise, "The Christian Flag and the American Flag," consisting of the origin, uses, pledges and salutes, with Marlys Arnold presenting the Christian flag and Harry Woodward the American flag; piano solos by Charles Judge, Barbara and Geraldine Hardy, John Judge, Nancy Every, Dan and Janice Allen; a musical exercise, "My Country's Flag," by Marlys and Evelyn Arnold, Mrs. Ralph Halladay was requested to give a piano solo, "The Centennial March," her own composition, since 1942 marks the 100th anniversary of the dedication of the Clinton Methodist Church.

Announcements and brief remarks were made by the Rev. R. E. Simons.

Out-of-town guests were Mrs. Carl Jedele of Detroit, Mr. and Mrs. Ralph Halladay of Macon and Mrs. Viva Riker of Mason.

HANSZ-VAN GIESON

Relatives and friends here are receiving announcement of the marriage of Barbara Ann Van Gieson, daughter of Mr. and Mrs. Wylie Van Gieson, and Edward Robert Hansz, all of Detroit. The ceremony took place June 6 in the Metropolitan Methodist Church in Detroit. The bride's parents are well known in Clinton and Tecumseh.

ROTARY CLUB MEETS

Sheriff Roscoe W. Scott spoke and showed pictures of the activities of his department at the meeting of the Clinton Rotary Club last Thursday. Guests were Mayor Harry W. Lundhal of Adrian and Don Wright of Tecumseh.

Ladies' night will be observed by the club this Thursday evening and W. P. VanTuyle is arranging the program.

O. E. S. DEGREE CONFERRED

The degree was conferred on Mrs. June French, Mrs. Hazel Baird, Harold Covell and Albert Geiger at a meeting of the Order of the Eastern Star Thursday evening. It was decided to hold a meeting in July. Refreshments were served by Mrs. Harold Covell and Mrs. Martin Hoelzer.

MOTHER DIES IN OHIO

Mr. and Mrs. Lawrence Carroll received word Friday that his mother, Mrs. Emma Carroll, 82 years old, of Piqua, Ohio, who fell a few weeks ago and broke a hip, died that morning. She leaves two other sons, Henry and Leo, of Piqua; two daughters, Mrs. Effie Saner of Toledo and Miss Nellie Carroll of Piqua; a granddaughter and a great-grandson.

Mr. and Mrs. Carroll left Saturday for Piqua and remained for the funeral Monday.

LIBRARIAN ROBBED

Miss Grace Davis, librarian, was held up and robbed of her handbag last Wednesday night about 9:30 while on her way home. The man stepped from behind a tree, snatched her purse and disappeared.

CLINTON NOTES

Lavern Parsons, who recently suffered a paralytic stroke, has been taken to the home of his brother, Frank Parsons, at Stoney Creek. His sister-in-law, Mrs. Addie Halladay, accompanied him and will assist in his care.

Miss Lois Stout has announced her engagement to Dennis Buster of Ann Arbor, the wedding to take place July 25.

Mrs. Camilla Englehart of Braddock, Pa., who was the guest of Mr. and Mrs. S. K. Englehart, has gone to visit relatives in West Virginia.

Charles Anglemyer returned last week from University Hospital where he recently underwent an operation.

The American Leigon Auxiliary is to send home-made cookies and candy to the last group of Clinton men who entered military service.

The Priscilla class of the Congregational church will meet tonight for a picnic supper at the home of Mrs. William Moeller, north of town.

Mr. and Mrs. Richard Steffins were in Coldwater Thursday for the graduation of her sister.

Miss Eleanor Van Deusen has returned from several months' stay in Florida.

Mrs. J. T. Clark returned last week from Morenci where she was a patient at Blanchard hospital.

Miss Nola Anglemyer ha returned home from Jackson Buiness College and is assisting at the Clinton Savings Bank.

Hitler May Tell 1942 War Plans

OUTLOOK OF CONFLICT HAS CHANGED GREATLY IN TWO YEARS SINCE DUNKERQUE

(By Hugo S. Sims)

June 22nd may be the day on which Hitler will reveal to the world his campaign plans for 1942.

The day will be the first anniversary of his attack upon Russia and the second anniversary of the armistice, signed by the French in Compeigne forest in 1940.

The campaign on the Kerch Peninsula and the Battle of Kharkov did not reveal the direction of the massive offensive that the Nazis will unleash this Summer in an effort to save what they have acquired in Europe.

The Kerch fighting may have been preliminary to an attack on the Caucasus, just as General Rommel's move against Tobruk may have been designed to draw British forces from the vital area of Syria. Some experts believe that a march through Turkey is not improbable and thus the fighting in Libya could be a part of this program.

The Kharkov battle resulted in heavy losses to both sides, with the Red Army holding the bulge occupied although unable to capture the strategic rail junction. It may have disarranged German plans in the Ukraine but, in view of the tactical deadlock that developed, there is basis for the belief that the easy victories of last year are not possible for the Nazis in view of Russian strength.

This emphasizes the prime importance of keeping the supply line open to Russia so that the Red Army can receive the "tools of war." Already there is intense German activity against convoys moving to Russia by the short northern route, where cargo ships now lack the protective darkness of long Winter nights.

Chinese Situation May Be Serious

A critical situation may well develop in the Far East, where our supply lines to China have been effectively cut by the Japanese, who are moving in great force to annihilate the resistance of General Chiang Kai-shek's armies. The Chinese have battled against great odds for nearly five years, depending upon wearing out, rather than defeating, Japanese armies.

It is too much to expect the Chinese to withstand the full brunt of Japanese might unaided. For years China's principal ports, her communication lines and most of her industrial and developed areas have been in Jap control. Large in manpower, the Chinese army must receive supplies. Already some experts think they detect signs of a deficiency in equipment which, if true, might be fatal to the republic's defensive war.

The British aerial attacks upon German industrial centers are, no doubt, possible because of the employment of Nazi planes on the Russian front. Still, as one looks back upon the mass assaults from the air upon London and Coventry in the fall and winter of 1940-41, the sensational raids upon Germany reflect the changed conditions in which the belligerents find themselves.

Just two years ago Denmark, Norway, Belgium and the Netherlands had been lost. The Allied army had been cut in two. On June 4 Prime Minister Churchill addressed the House of Commons, as the exhausted survivors of Dunkerque reached England and solemnly declared, despite the impending surrender of France:

"We shall go on to the end. We shall fight in France; we shall fight on the seas and oceans; we shall fight on beaches; we shall fight on landing grounds; we shall fight in fields, streets and hills. We shall never surrender."

Japanese Bomb Alaska

Now, two years have passed. Russia and the United States fight the common enemy. At last, the enemy is being paid back, as the Russians grind Nazi divisions in the East and British planes make good the promise "of what Germany will receive, city by city, from now on."

The warning uttered by Secretary of War Stimson that Japan would "retaliate" for the Tokyo raid, in order to save face, by aerial attacks upon this country came true when Jap planes attacked Alaska. Whether this represents an incident or the initial stages of a serious effort on the part of Japan to seize Hawaii and Alaska, and possibly attack the west coast of Canada or the United States can only be determined by subsequent events.

Boys Register On June 30th

FIFTH REGISTRATION TO EFFECT YOUTH BETWEEN AGES OF 18 AND 20

H. H. Hanna, township clerk, said today that the registration locally would be in the council building between the hours of 7 a. m. and 9 p. m. It is estimated that approximately 255 will register here. Simular registration booths will be set up in Hudson, Addison, Onsted, Blissfield, Morenci and Adrian.

"The government does not provide any funds for the hiring of help for this registration," Hanna said, "and I am again asking for volunteer workers on the board. Men or women who will assist us in the registration should communicate with me at once."

Michigan local selective service boards are making preparations to register approximately 150,000 youths between the ages of 18 and 20 on Tuesday, June 30, in accordance with the President's proclamation calling for the fifth registration under the Selective Service Act, it has been announced by Col. E. M. Rosencrans, state selective service director.

The President has announced that every male person will be subject to registration on June 30 "if such male citizen or other male person has attained the eighteenth or the nineteenth anniversary of the day of his birth on or before June 30, 1942, or the twentieth anniversary of the day of his birth on or before June 30, 1942, or the twentieth anniversary of the day of his birth after December 31, 1941, and on or before June 30, 1942." Persons previously registered will not again be subject to registration.

In addition to the official registration on Tuesday between the hours of 7 a. m. and 9 p. m., local boards (in Tecumseh in the Council Building) have been authorized to accept registrations at their board offices on the Saturday, Sunday and Monday previous to registration day. In view of the relatively small registration it is likely that many local boards will establish only one central place of registration on June 30. Each local board has been authorized to determine how many places of registration will be necessary to accomplish effective and complete registration in their local board areas.

The fifth registration this month will complete the tabulation of all persons between the ages of 18 and 65, as required by the Selective Service Act. Approximately 1,700,000 persons have already been registered in Michigan. More than 1,000,000 of these registrants are in the military age group between the ages of 20 and 45. Registrants of the fifth registration will not be subject to military service until they reach the age of 20 or until such time as the present Selective Service Act is amended.

Men subject to registration on June 30 are urged by Selective Service headquarters to register at the nearest registration place in their own local board area, if at all possible. Perons away from home on registration day, however, may register at the office of the nearest local board. Persons outside the United States on registration day will be subject to registration as soon as they return to the United States.

WED 25 YEARS

Mr. and Mrs. John A. Wilson were surprised by a group of 28 friends Thursday evening in honor of their 25th wedding anniversary. The affair was arranged by their daughter, Mrs. Thomas Gallant, Jr., and supper was served on the lawn at tables centered with roses, lilies and delphinium, carrying out a red, white and blue color scheme. Mr. and Mrs. Wilson were presented with gifts of silver. Out-of-town guests were Mr. and Mrs. Jack Wilson, Mr. and Mrs. George Kitterman of Toledo; Mr. and Mrs. Lee Gerwick and son of Monroe; Mrs. Frank B. Gerwick of Ida; Mr. and Mrs. Wayne Nelswander and twin daughters of Vineyard Lake and John Miller of Dundee.

PLAN FOR FAIR

The Presbyterian Ladies Aid Society met last Wednesday at the home of Mrs. W. J. Penman for one o'clock luncheon, with the Rev. and Mrs. James Cameron Murdoch as guests of honor. Twenty-nine members were seated at tables centered with roses. Following the luncheon, a business session was conducted when plans were discussed and committees appointed for the annual church fair to be held October 15.

Few Car Stamps Sold; Must Appear July 1

P. A. Bowen, postmaster here, said today that only about 100 federal automobile stamps had been sold at the local postoffice this month, despite the fact that the law requires that all cars operating on and after July 1 must bear one of the seals.

In the previous sale of stamps, Mr. Bowen said, the office here sold 1,425 of the stamps. He estimates that more than 1,300 of the stamps must be purchased between now and the first of July, and he urged that the motoring public cooperate with his office and "buy now" to avoid a last minute rush.

The federal stamps formerly were sold for a little more than $2. The new stamps, that must be attached to cars after the first of the month, sell for $5, and are for a six-month period.

Recently, representatives of the Department of Internal Revenue were in Tecumseh checking automobiles parked on the streets here to determine whether or not the stamps were attached.

New A.&P. Store To Open Friday

SELF-SERVE STORE WILL BE COMPLETE FOOD MARKET, INCLUDING MEATS, PRODUCE

Tecumseh's newest enterprise—a self-serve A. & P. food market—will be formally opened tomorrow morning in the new building at 119-21 North Evans street. The store hours will be from 8 a. m. to 6 p. m. daily, except Saturday, when the closing time will be 9:30.

Housed in a new building, the construction of which was finished only a few days ago, the new store is by far the largest food market in Tecumseh and one of the largest in Lenawee county. Its 4,800 square feet of floor space is given over entirely to the display of groceries, kitchen supplies, canned goods, a complete produce and meat department, and a dairy and bakery division. The meat department is under the direction of LaRue Hart, formerly in the market at the Red & White Store. The store manager is Vern Merillat, formerly of Adrian.

Except in Adrian, this is the only A. & P. self-serve store in Lenawee county. The Atlantic & Pacific Tea Company closed its store on East Chicago boulevard last Saturday evening and the A. & P. store in Clinton also has been closed, preparatory to the opening of the self-serve store here, tomorrow.

Advertisements announcing the opening of the new store will be found on pages two and three of this issue.

Mrs. Augustus Kempf Buried Here, Tuesday

Mrs. Augustus G. Kempf, aged 41 years, died Sunday evening at her home in Detroit. Mrs. Kempf had been in failing health for some time and was operated on five weeks ago. She was formerly Gladys Matthews, a daughter of Mr. and Mrs. Leroy Matthews of Tecumseh and lived in this vicinity until her marriage to Mr. Kempf, also of Tecumseh.

She leaves her parents, Mr. and Mrs. Leroy Matthews; two sisters, Mrs. Bernard Furgason and Mrs. Edward Furgason, all of Tecumseh.

Services were held at the home in Detroit Tuesday morning and the body was brought to the Belding Funeral Home, here, where services were held Tuesday afternoon. Rev. James C. Murdoch officiated and burial was in Brookside cemetery.

ROTARIANS HEAR OF PLANS FOR PAGEANT

Tecumseh Rotarians were advised of the plans for the pageant, "Tecumseh Echoes," to be staged here next month, when C. M. Brown, C. O. Butler and Perry Hayden addressed the club at its regular noon-day luncheon meeting Tuesday, at Brees House. Mr. Brown told about preparations and plans at the Recreation Center, Mr. Butler and Mr. Hayden about the pageant program.

HONOR NEWLYWEDS

Pageant Group To Meet Friday

ALL COMMITTEE MEMBERS TO HOLD MEETING IN AMERICAN LEGION HALL

A meeting of all committees of the pageant, "Tecumseh Echoes," has been called for Friday evening, June 26, at 8 o'clock in the American Legion assembly hall. At this meeting the activities of the various committees will be outlined and the general plans for the spectacle will be discussed. A representative of the producers, the John B. Rogers Production Company, Fostoria, Ohio, will be present and will address the group. His talk will include an outline of the plans for selecting talent, rehearsing and producing the show, and will draw on the experience which his company has had in successful productions in other localities.

This meeting will be the opening gun in the campaign to make the pageant the biggest spectacle ever produced in Southern Michigan, according to Charles O. Butler, general chairman. Interest is running high and many people, a number from distant points, already have indicated their intention to be present at the show, to be staged here the last three days of July and the first of August.

According to the Rogers company, 1942 is one of the most successful pageant years in its history, and crowds at such spectacles are running 25 per cent greater than were anticipated. All entertainment the nation over, it is pointed out, is playing to capacity houses, and for this reason the Tecumseh pageant is expected to draw a tremendous crowd.

The scenario committee has completed its final draft of the pageant and this has been sent to the producers. The director will arrive in Tecumseh soon after July 4 to get the show in rehearsal. Those who have previewed the script are enthusiastic in their praise of the work done by this committee.

During this week, and before the meeting Friday evening, Mr. Butler has requested that all committees and sub-committees hold meetings and prepare themselves for the general conference on the twenty-sixth at the Legion hall.

A preliminary announcement already has been made that a contest will be held soon to select a queen who will reign over the pageant. Details of the contest will be made within a few days. The committee also is making an effort to bring Chief Kiutus Tecumseh, great-great-grandson of the illustrious warrior, to Tecumseh for the pageant as one of the principal actors.

MISS FRANCES HORTON WEDS DAVID HIGGINS

Miss Frances Horton, local beauty operator, and David Higgins, of the U. S. S. Hambleton, stationed at Norfolk, Va., son of Mrs. May Higgins of Tecumseh, were married Tuesday in Napoleon, O. They were attended by Miss Edna Arnold and Franklin Barrett, both of Tecumseh.

Later the newlyweds and his mother were guests at a family gathering in his honor at the home of his sister and husband, Mr. and Mrs. Mahlon Ellis, in Ypsilanti. Another sister, Mrs. Myrta Quackenbush, and family of Romulus were also guests.

Mr. Higgins will leave Friday from Detroit by plane for Norfolk, to rejoin his crew. Mrs. Higgins will continue with her work here.

O. E. MOTT TO SPEAK

O. E. Mott, of Adrian, will speak Sunday morning, June 28, at the morning service of the Tecumseh Friends Church at 10 o'clock. His subject will be "My Life Story." Mr. Mott has for many years been president of the Lenawee Men's Brotherhood, and has also been actively connected with the Salvation Army, the Young Men's Christian Association, the Gideons and other Christian organizations.

He will also meet with the Men's Bible Class at 11:15 when the Friends Sunday school convenes.

WED IN ADRIAN

Miss Ida Blanche Miller, daughter of Mr. and Mrs. James Miller of near Macon, and Clyde Cook, son of Mrs. Willis Baker of Adrian, were married June 16 at the Lutheran parsonage in Adrian by the Rev. Manske. They are making their home in Adrian.

RECEPTION FOR PASTOR

A family night and reception for the new minister, the Rev. James Cameron Murdoch, and family will be held Tuesday evening, June 30, at the Presbyterian church. Potluck supper will be served at 6:30.

Merchants Will Sell Bonds, Stamps, July 1

Co-operating in the nation-wide campaign of retailers, Tecumseh merchants on Wednesday, July 1, between the hours of 12 o'clock noon and 12:15 p. m., will offer nothing for sale except War Savings Stamps and Bonds, Wade L. Jones, secretary of the Chamber of Commerce, said today. Mr. Jones was in Adrian last evening to receive last-minute instructions relative to the drive that is to be made in the county next week to step-up the buying of war-savings certificates.

"The retailers the nation over expect to sell some $48,000,000 worth of stamps and bonds during the next year," Mr. Jones said, "and the campaign for the year is to be launched Wednesday. I have wired the headquarters in Detroit that Tecumseh will co-operate 100 per cent and we expect bond and stamp sales here to be unusually large on July 1."

Mr. Jones said that all stores participating in the program locally would be supplied with stamps and bond applications for the Wednesday event.

New Methodist Pastor Coming

NORMAN McNAUGHTON OF ADRIAN NAMED TO SUCCEED REV. HILDEBRAND

Rev. Norman MacNaughton has been appointed pastor of the Tecumseh Methodist church to succeed Rev. E. F. Hildebrand, who is retiring from the ministry and moving to Saginaw. The appointment was made at the annual Methodist conference held last week in Flint.

Rev. MacNaughton, who is a member of the faculty of Adrian College, will continue his morning classes. He and Mrs. MacNaughton will move to Tecumseh soon.

Other changes in the vicinity are to Flat Rock; A. B. Johns to Britt-Rev. S. H. Berry at Clinton, replacing Rev. R. E. Simons, who goes to Ida and Ridgeway; E. C. Pellowe to Springville, and B. R. McNally to Clayton.

Rev. Walter Saxman will remain at Hudson; L. J. Taylor at Addison; H. C. Brubaker at Blissfield; D. S. Stubbs at Deerfield; H. J. Salmon at Morenci, and Rev. J. W. Greenwood at Adrian.

Franklin Twp. Farmer Ends Life by Hanging

Herman Luck, aged 53 years, a farmer of Franklin township, hanged himself in the barn at his home Friday night, while Mrs. Luck and children were in Tipton. When they returned he was not in the house and a search was begun. His body was found by one of his daughters. Coroner Paul Mott of Adrian was called and decided an inquest was necessary. Mr. Luck had been ill for over a year and had become despondent.

Survivors are the widow, Anna; two sons, Paul of Adrian and Amiel of Tipton; ten daughters, Mrs. Mary Willnow and Mrs. Helen Anderson of Tipton, Mrs. Martha Archer of Dearborn, Mrs. Elfreida Baldwin of Detroit, Mrs. Lena Sands of Jackson, Mrs. Ruth Sharp of Adrian, Anna, Doris, Barbara and Lucille at home; his father, one brother and two sisters in Germany and an uncle, Chris Henke, of Holloway.

Funeral services were held Tuesday afternoon at the Mott Funeral Home in Adrian, with burial in Tipton cemetery.

SISTER DIES

Mr. and Mrs. E. M. Campbell were called to Decatur, Ind., Tuesday by the death of his sister, Mrs. Bina Buhler, which occurred that afternoon.

Besides Mr. Campbell, she leaves a sister, Mrs. Louise Brumley, also of Decatur, and another brother, Reuben Campbell, of Columbus, Neb.

WADE L. JONES IS NAMED TO FAIR BOARD

Wade L. Jones, village clerk and secretary of the Chamber of Commerce here, this week was made a member of the Lenawee County Fair Board, succeeding the late Albert O. Howard.

TO MEET TONIGHT

The Lenawee County Council of Agriculture will meet tonight at 8 o'clock at the Lenawee Hotel in Adrian. Dinner will be followed by a discussion of farm problems, including unionization of agriculture; farm labor; priorities on farm machinery and supplies and transportation of farm products to market, also adult co-operation with the 4-H council.

Housing Delay Due to Priority

FEDERAL FREEZING ORDER HOLDS UP MATERIALS; REPAIRS COMING THROUGH

Although Tecumseh, as a Defense Area, has priority for the immediate construction of 15 new houses, and another 15 soon thereafter, Robert H. Moore, local builder and lumberman, is of the opinion that would-be new home owners here are "out on a limb" until July 13, the date when the government is expected to "thaw" its priority freezing order of some 40 days ago.

Under a previous War Board order, Tecumseh was permitted to start immediately with the new construction but almost at the same time another federal regulation "froze" construction priorities until July 13. It will take from 30 to 60 days to get priorities applications through the proper channels after the "thawing" order, Mr. Moore said, and he does not see how new home construction can begin here until about the first of September.

"We are told that we can build, but we can't get the materials necessary for the building," the lumberman said. "Until we can get the releases on materials we can't start construction. We're just going around in a circle. However, the government is releasing materials necessary for maintenance and repair, and there is considerable of that work going on locally. Carpenters are busy, and we hope to get some new houses started here early in the fall."

According to a bulletin from the Federal Housing Administration, Tecumseh, because it is a Defense Area, is eligible to all the benefits under Title VI of the National Housing Act. It is under this act that homes for war workers are financed.

Raymond Foley, state director of the FHA, warned, however, that housing built in this category is restricted exclusively to war workers and that construction of such housing cannot begin without reasonable assurance that materials are available for its completion.

The maximum amount of mortgages eligible for FHA insurance under this is: $5,400 for single-family dwellings; $7,500 for two-family dwellings; $9,500 for three-family dwellings, and $12,000 for four-family dwellings.

Wade L. Jones, secretary of the Chamber of Commerce here, said that he had heard nothing further regarding Tecumseh's priority for house building, under the Defense Area classification.

"We may get some more information in mid-July when the government 'thaws' its freezing order on materials," was his comment. "However, until such time as lumbermen are given materials for the construction of new homes, I fail to see how we would be able to start a building program locally."

Tecumseh has for more than a year experienced a distinct housing shortage, and it is estimated that 100 or more new homes are needed here immediately to care for war workers. Earlier in the summer it was hoped that 50 or more new houses would be built this year, but those in close touch with the situation said today that if 15 are constructed Tecumseh may feel fortunate.

WED IN ADRIAN

Miss Margaret Wells of Tipton and Richard E. Fellows of Detroit were married Saturday morning by Rev. Geo. D. Prentice at the First Presbyterian church in Adrian. The attendants were Miss Frances Fellows of Morenci and Raymond Wesigate of Adrian. Under the new induction ruling those selected will immediately receive a 14-day furlough, if desired, to arrange their affairs and will be transferred to the Enlisted Reserve Corps. The Army furnishes transportation, meals and lodging back to the local board city and from there to the reception center after the furlough period. Those waiving the furlough will proceed directly to Fort Custer.

Miss Janet Dickinson Weds Lt. Walter P. Lang

The chapel of the Presbyterian church was the scene of a lovely wedding Saturday afternoon when Miss Janet Fraser Dickinson, daughter of Mr. and Mrs. Fred C. Dickinson, became the bride of Lt. Walter P. Lang, son of Mr. and Mrs. J. C. Lang of Bay City. The Rev. James Cameron Murdoch read the single ring service from a book of forms used by the bride's grandfather, Rev. Charles M. Fraser. The attendants were Mrs. Robert Robison as matron of honor and Frederick Dickinson, Jr., brother of the bride, as best man.

The altar was banked with palms and hampers of delphinium in various shades of blue were placed effectively before a stained glass window edged with small blue panes. Tall baskets of lilies, roses and delphinium were also used in decorating the chapel.

The bride, who was given in marriage by her father, wore a street length costume in poudre blue with luggage tan and white accessories and carried an old-fashioned bouquet centered with Briar Cliff roses. Mrs. Robison wore larkspur pink, also street length, with blue and white accessories, and carried a bouquet of white roses and delphinium.

Preceding the service, Mrs. Kenton Hunt presented an organ recital of nuptial music and Miss Margaret Martin of Covington, O., a classmate of the bride, sang, "Because" and "Beloved, It Is Morn." After the ceremony a reception was held and refreshments were served by Marda Gene Duncan, Clarabelle Kerr, Dorothy and Louise Bowen, with Mrs. Raymor Kerr in charge. The lace covered table was centered with Dorothy Perkins roses and blue delphinium.

Later Lt. and Mrs. Lang left for Camp Polk, La., where he is stationed with United States Army.

Mrs. Lang is a graduate of Tecumseh high school and the University of Michigan and has taught the past year in the Harrisville scools. Mr. Lang is also a graduate of the University of Michigan and before entering the army, taught in the Bay City schools.

Out-of-town guests at the wedding included the groom's parents, Mr. and Mrs. Lang, and Mr. and Mrs. A. H. Spear of Bay City; Mr. and Mrs. W. G. Staehling of Jackson, Mrs. E. Holtman and Miss Vera Holtman of Ann Arbor, Miss Betty Ferrell of Kalamazoo, Miss Martin of Covington and Miss Barbara Lindsley of Detroit.

Mrs. Libbie Calkins Buried at Palmyra

Mrs. Libbie Calkins, aged 81 years, died last Thursday afternoon at her home in Palmyra after several weeks' illness. Mrs. Calkins was formerly Libbie Sawyer and was born June 11, 1861, in Tecumseh, where she lived most of her life. In 1880 she was married to Willard S. Calkins, who died several years ago.

She leaves two daughters, Miss Harriett Calkins of Toledo and Miss Alena Calkins, who recently returned from India where she was a missionary; one son, Clifford Calkins of Sylvania; two brothers, Holloway Sawyer and George Sawyer, both of Palmyra; also seven grandchildren and eight great-grandchildren. Two children preceded her in death.

Funeral services were held on Sunday afternoon in the home. Rev. M. E. Coleman, assisted by Rev. Edward Escolme, officiated and burial was in Palmyra cemetery.

DEPENDABLE CLASS

The Temple Dependable Class of the Methodist church will meet on Friday afternoon at 2:30 at the home of Mrs. H. H. Loveland. The meeting was originally planned to be held with Mrs. John McIntyre but was changed because of illness in the family.

TO MEET FRIDAY

The Presbyterian Missionary Circle will meet Friday afternoon, June 26, at the home of Mrs. S. W. Boyce on East Shawnee street.

Scrap Rubber Drive Success

APPROXIMATELY 12 TONS IN LOCAL SALVAGE PILE; DRIVE TO END ON JUNE 30

With approximately 12 tons of rubber in Tecumseh's scrap pile, and with five more days to go before the drive for salvage rubber ends, the Rev. O. V. Robinson, chairman of the campaign locally, declared today that he believed this town's response to the President's plea for co-operation would stand high in the state of Michigan.

"The gasoline service stations here are acting as the receiving agencies for the old rubber, and many, many times the bins at their stations have been emptied," the Rev. Mr. Robinson said. "The public here is co-operating completely, and there will be several tons more of rubber collected before the campaign is ended."

The plea for scrap rubber was made by the President a few days ago. Its purpose was two-fold. First, the old rubber, which can be reclaimed, will be used in the building of implements of war. Second, if sufficient rubber is reclaimed it is possible that the necessity for gasoline rationing to save rubber tires will be avoided.

Filling staton attendants are authorized to pay one cent a pound for old rubber and they in turn dispose of it through a federal agency. If any profit accrues the money is turned over to the USO, the Red Cross or some other patriotic agency. Any article of rubber is acceptable, particularly old tires, tubes, garden hose, galoshes, shoes, etc. Mr. Robinson received a wire today from the War Production Board urging that usable rubber overshoes and galoshes, either singly or in pairs, be retained by the owners rather than placed in the scrap. A permanent agency of exchange, it was said, is to be set up soon, that these rubber articles may be exchanged and pooled for use by the public.

The drive for salvage rubber ends at midnight on June 30, Mr. Robinson pointed out, and he urged that all residents here who have neglected the bringing of their scrap rubber to a filling station here to do so before that date.

Club Continues War on Ragweed

GARDEN CLUB TO PAY CENT A POUND FOR PULLED WEED; ALSO PRIZES

The Tecumseh Garden Club met Friday afternoon with Miss Mary McWilliams at her home northeast of town, which was decorated with baskets of roses, daisies and delphinium for the occasion.

Mrs. Neil Pearson presided at the meeting and each member present responded to roll call by naming a favorite rose. The club voted to continue its fight against ragweed, the project of eradication to begin the first week in July in charge of the civic committee. The club, as last year, will pay five cents a pound for the pulled weed, and one dollar for the largest amount turned in, with possibly second and third prizes.

Mrs. Arch Wray gave an excellent report of the state federation meeting in Lansing which she attended as delegate, and Mrs. Al Helzerman reported that the Junior Garden Club had been asked to join with the senior club in an agriculture and flower exhibit this fall. Mrs. Roy L. Cadmus read an interesting paper on "Iris" of which she has made a study for several years and Mrs. Stanley Rees of Carlton told of the annual meeting of the State Horticultural Society held at Oakland Country Club recently. Tea was served in conclusion.

Among the guests present were Mrs. George Sturm and Miss Grace Davis, Mrs. Scovell Mrs. Julia McClure of Clinton, Mrs. J. F. Elliott and Miss Ann Carson.

The next meeting will be held on July 17 at the home of Mrs. Guy T. Pocklington, with a pot-luck luncheon. Miss Rogers of Holland will be the speaker.

PAST CHIEF CLUB

The Past Chief Club of the Pythian Sisters met Tuesday evening with Mrs. Mabel Wilson at the home of her daughter, Mrs. Bernard Clark, on North Democrat street.

Games were played and prizes won by Mrs. Charles Kempf, Mrs. Fred Marsh and Mrs. Clarence Allison. Refreshments were served at the close of the games.

The place for the July meeting was not decided but will be announced later.

THE TRAIN CAN'T DODGE

A railroad accident near Addison last week cost the lives of four people, one of them a prominent Toledo doctor. Two miles west of Tecumseh at a curve on M-50, two U. S. Marines lost their lives when their car hit a tree. Thus far this year, some 15 persons have been fatally injured in traffic mishaps, and the summer has only started.

A survey of grade crossing accidents nationally shows that 38 trains a day, or 1,137 trains a month, are delayed a total of 22 hours a day or 660 hours a month, by crossing accidents. Eighty-two per cent of all the accidents take place at crossings which have special protection equipment, such as flashing lights, gates or watchmen, in addition to the standard warning sign. One-third of the accidents result from motorists driving into the side of trains, and motor vehicles frequently derail trains. Last year 1,931 persons were killed in crossing accidents, the largest number since 1930, and 4,885 were injured.

During the seven-year period, 1934-40, the railroads eliminated more than 13,000 grade crossings. Some of the states have also been active in this matter. But, due to the rapid growth of cities and towns, new crossings are constantly being added. The elimination of all grade crossings would be an impossibility. The cost would run well into the billions, and the necessary materials and labor are not available.

The grade crossing problem is up to the motoring public. The train can't leave the rails. It can't stop in a few feet as can a properly-driven car. The death and traffic waste that grade-crossing accidents cause is for the most part the direct consequence of inexcusable carelessness on the part of some drivers.

DOES YOUR ROOF LEAK?
Now is the Time to Repair It
There is an old saying—and a true one—that a house is no better than its roof or foundation. The saying has come down through the ages because it is true—it has stood the test of time.
But your house will not stand the test of time if there is a damaging leak in the roof. Soon it will mean a plastering job, perhaps more extensive repairs, including redecoration.
Why neglect your roof longer? Why not make the necessary repairs now, and get rid of the trouble permanently?
We are able to furnish shingles in any quantity—either wood or approved roof shingles. Have the work done this summer and protect your property against winter damage.
THERE IS NO PRIORITY ON REPAIRS
Although the government priorities do restrict building and new construction, there is no restriction on repairs. The government recognizes the necessity of keeping your property in condition for the duration. It is your job to co-operate with your government.

It Explains Why You Save Money at Your A & P Food Store!

There are no frills or fancy trimmings to an A & P SELF SERVICE STORE because our fixtures are simple (made from raw wood). We don't have to make high equipment charges against our A & P SELF SERVICE STORES. This results in savings to us—and we reflect those savings in lower prices to you!

You serve yourself at an A & P SELF SERVICE STORE—and because you do, we cut our cost of doing business. The savings we make in this way allow us to price our foods lower to you.

Your A & P SELF SERVICE STORES sell ton upon ton of food per market per week. And it's a known law of retail selling that the more you sell in a store the less it costs of each dollar you do in business. So the more we sell the less per dollar it costs us to operate. And the less it costs us to operate, the less your food costs you!

It's as simple as A, B, C,—this reason why A & P SELF SERVICE STORES sell for less. And the more each store sells, the lower its prices go! Come! See for yourself the savings you can make at your A & P SELF SERVICE STORE!

Same Every-Day Low Prices

Truly Tecumseh's Finest Food Store!

It's easy to shop the Self Service way. You just take one of the handy basket carriers on wheels and make your own selections of groceries, dairy products and produce. Plenty of clerks to show you where the merchandise is located. Take as much or as little time as you want in shopping. No one tries to sell you anything—you make your own selections from well-stocked tables. No rushing—no waiting. It's really fun to shop the Self Service modern way.

Martha and Mary Chapel Scene of Pretty Wedding

Miss Harriett Jean Vealey, the daughter of Mr. and Mrs. Leon Vealey of Britton, and Douglas Hall, son of Mr. and Mrs. Russell Hall of Tecumseh, were married Friday evening, June 19, at the Martha-Mary chapel in Macon. Rev. O. V. Robinson performing the double ring ceremony. Miss Laura Long played a program of organ music and Richard Graf sang "O Promise Me" before the service.

The bride, who was given in marriage by her father, wore a gown of white satin and lace and carried an arm bouquet of white carnations and blue delphinium. Mrs. Edward Root of Ann Arbor, sister of the bride, was matron of honor and wore a floor length gown and head-dress of peach flowered organdie. Barbara Hall in blue flowered organdie was the flower girl and carried a bassket of rose petals and buds, tied with vari-colored ribbons. Mr. Root was best man and Jack Vealey and Russell Hall were ushers.

After the ceremony a reception was held in the chapel basement where Mrs. Root and assistants served refreshments from long tables centered with flowers and a four-tiered wedding cake, topped with a miniature bride and groom.

The bride is a graduate of the Clara Ford Nurses Training School in Detroit and recently has been employed by the Washtenaw county selective service board. The groom is employed by the Ford Motor Company.

After a short trip they will make their home in Ann Arbor.

Don't Waste Gasoline With Faulty Spark Plugs

If your gasoline mileage isn't up to par—if you believe your car is not giving you the proper mileage—bring it to us for a check-up.

Badly burned sparkplugs waste gasoline—in fact they are the greatest gas thief. Then, too, a slight carburetor adjustment ofttimes adds four or five miles to the gallon.

We'll be happy to check your car, to make it give you the greatest economy, and to keep it running for the duration.

GET YOUR SCRAP RUBBER INTO THE BIG SCRAP: HURRY!
Your country needs every bit of old rubber you can dig up.. and it may avert gas rationing!
NATION-WIDE Scrap rubber drive ends next Tuesday JUNE 30
● PRESIDENT ROOSEVELT has asked every American to get into this Scrap Rubber Drive. Here's a real opportunity for you to help speed the day of victory. Turn in your old rubber and help "give the Axe to the Axis."
And also remember, this drive may avert gasoline rationing. The need for this rationing in the Middle West is based not on a shortage of gasoline but on a need to save tires for possible future war use. If enough scrap rubber is provided by this drive, nation-wide rationing of gasoline may be avoided.
The petroleum industry has offered its thousands of service stations as convenient collection points during the drive. When you bring your scrap rubber to your Standard Oil Dealer, or to any other service station, the rubber will be weighed and you'll get your money at that time.
No oil company will receive one penny profit for this service. Each will turn the collected scrap rubber over to the government and be paid for it at the rate of $25 per ton (2000 pounds). The difference between the amount we pay and the amount Uncle Sam pays us has been pledged to the USO, Navy Relief, Army Relief, and American Red Cross.
The success of this drive—the ability of Uncle Sam to avoid the necessity of gasoline rationing—may well depend on the cooperation of every patriotic citizen. Get in the scrap rubber!
Don't delay! Bring the rubber today to your Standard Oil Dealer or Agent. He will pay you 1¢ a pound for your reclaimable rubber, such as: tires, tubes, boots, rubbers, hot water bottles, garden hose—anything made of rubber.

NOTICE

At a regular Meeting of the Common Council of the Village of Tecumseh, held on the 15th day of June, A. D. 1942:

The following resolution was offered by Trustee VanVleet, and supported by Trestee Smith:

WHEREAS, Henry Ford and Clara J. Ford have petitioned this Council for the vacation, discontinuance and abandoning of that part of Eastern Street in the Village of Tecumseh, Michigan, from the northerly line of Chicago Street to the southerly line of East Logan Street, subject to the rights of said Village to maintain, repair, renew and enlarge the water pipes now in said part of Eastern Street and subject to the rights of the owners of the electric plant now located on the Globe Mill Pond;

THEREFORE, BE IT RESOLVED That this Common Council of the Village of Tecumseh, County of Lenawee and State of Michigan, now in regular session, does hereby declare it advisable and a public necessity that that part of Eastern Street from the northerly line of Chicago Street to the southerly line of East Logan Street be vacated, discontinued and abandoned, subject to the rights of the Village to maintain, repair, renew and enlarge the water pipes now in said part of Eastern Street and subject also to the rights of the owner or owners of the electric power plant now located on the Globe Mill Pond; that this Common Council will meet at the Council Building in said Village of Tecumseh at 7:30 P. M. on the 20th day of July, A. D. 1942, to hear objections, if any, to such action in the vacation of such street, and that the Clerk of said Village is hereby directed to give notice of such meeting, containing a copy of this resolution by publication of the same in the Tecumseh Herald, a newspaper published in said village, once each week hereafter and until said 20th day of July A. D. 1942.

Moved and supported that resolution be adopted.

Aye: Van Vleet, Turnbull, Winter, Truesdale, Smith. Nays: None. Motion carried.

WADE L. JONES,
Village Clerk.

To F. R. PARSHALL:

We, the undersigned, owners of the following described lands situated in Lenawee County, Michigan, to-wit: The northwest quarter of the northwest quarter of Section 24 and the northeast quarter of the northeast quarter of Section 23, all in Town 5 south, Range 4 east, upon which a lease dated the 31st day of August, 1927, was given to F. R. Parshall, which lease was recorded in Liber 330 of deeds at folio 269, Lenawee County, Michigan, records, and in which lease the description of the land was given as forty (40) acres in Section 23 and forty (40) acres in Section 24, Tecumseh Township, bounded north by land of Public Road, east by land of W. Moon, south by land of W. Gibson and west by land of W. OBITUARY

MRS. JULIA E. CARVEN

Julia Elizabeth Carveen was born March 12, 1852, in Steuben County, N. Y., the daughter of Gardner and Katherine Sagar Slayton, and died at Saline hospital, June 10, 1942, after a long illness, the result of a broken hip. She was over 90 years of age at the time of her death and had been in Saline since 1869. She was united in marriage to Charles H. Carven, January 7, 1882, at Saline. Mr. Carven passed away in 1924 and since that time she had resided with her only daughter, Mrs. Bessie E. Collins.

Besides the daughter she leaves two grandsons, Charles and Max Collins of Saline and several nieces and nephews.

Funeral services were held on Sunday afternoon at the daughter's residence, Rev. William Dach, pastor of the Federated church of Saline, officiated. Bearers were Fred Seilen, Luther Briggs, George Schmid and Charles Gress of Saline, Ralph Walker of Dansville and C. A. Jewell of Hillsdale, and burial was in Oakwood cemetery, Saline.

Relatives from Lansing, Hillsdale, Dansville, Macon, Ann Arbor, Tecumseh and Saline attended the services.

We Still Can Get Link Belt Stokers

Although government priorities are very rigid, we still can get a few Link-Belt Stokers for immediate installation. However, we do not know how long the government will permit stoker manufacture, so if you are considering such an installation, we advise that you act at once.

Stores Launch Sale of Stamps

TECUMSEH JOINS IN NATION-WIDE DRIVE TO BOOST SALE OF WAR CERTIFICATES

Any Bonds today—or Stamps?

That was the question that was being asked by retailers here today as they joined with the rest of the merchants in the nation in an intensive campaign to sell $100,000,000 worth of War Savings Bonds and Stamps during the next calendar year. Michigan's quota is $48,000,000, and Lenawee's approximately $400,000.

"Retailers, between 12 and 12:15 at noon, today, will sell nothing but War Stamps and Bonds to get the campaign officially under way," Wade L. Jones, secretary of the Chamber of Commerce here, and who is heading the local drive, declared. "However, this will not be a one-day or a one-week campaign. We're in this campaign for the duration and we already have established our first year's quota. We hope to exceed it, and I'm sure that we will."

Mr. Jones was in Adrian last week and attended a meeting of the retailers of the county, at which time the program was outlined. Every participating retailer has a "work kit" in his store, and he is able to furnish his customers with either stamps or bonds. Bond applications will be turned over to banks to be filled the same or the following day.

"I am sure that Tecumseh will make an excellent showing in this campaign," was Mr. Jones comment. "It is the plan of the government to reach, through the retailers, the men and woman who are not already on the 10 per cent payroll buying plan. The government also realizes that it is through the sale of Stamps that a large portion of the funds to fight the war will be realized, and it is estimated that there are some 25,000,000 people in the United States who are not participating in the payroll plan.

"I cannot urge too strongly the purchase of the Stamps," Jones said. "When you make a purchase and the merchant gives you your change, take a dime or a quarter stamp, too. You'll be surprised how quickly your savings will count up, and you'll feel happier because you are helping to finance the war. Buying Stamps and Bonds is our patriotic duty. Let's put Tecumseh 'over the top' in this campaign."

Justice Hanna's Court Scene of Much Activity

Justice Charles F. Hanna's office has been one of the busiest spots in Tecumseh during the past few days, a dozen persons appearing before him for law violations.

Louis Silstorf of Onsted, R. D., drew a fine of $10 and costs of $5.35 for operating a car while under the influence of liquor on June 23. Garth Gottschalk of Adrian, R. D., paid a fine of $1 and costs of $1 for speeding on June 22. Raymond Champion, Onsted R, D., drew a fine of $10 and costs of $3.35 for drunk and disorderly conduct on June 29. Geneace C. Treat of Manchester, R. D., paid a fine of $1 and costs of $1 for making a "U" turn on June 19. Donald Brosamer, Britton, R. D., drew a $25 fine and $3.35 costs for reckless driving on June 20. Walter Solarski, Tecumseh, R. D., drew a $4 fine and $1 costs for speeding. Hershel Griffith, Puncheon, Ky., drew a $10 fine and $7.85 costs for being drunk and disorderly June 21. William Hodnett, Dallas, Tex., drew a $10 fine and $7.85 costs for being drunk and disorderly June 21. William Dodd, Tecumseh, drew a $10 fine and $8.15 costs for being drunk and disorderly June 21. O. R. Bloodgood, Bucklin, Mo., drew a $5 fine an $3.35 costs for disturbing the peace.

William Sparks, Tecumseh, drew a sentence of 10 days in the county jail and was ordered to pay costs of $3.35 in a charge of assault and battery upon his wife June 26. On June 19 he was in Justice Hanna's court for a similar offense and was sentenced to pay a $5 fine and costs of $3.35.

WED IN ANN ARBOR

Lavern B. Woodward of Clinton, an employee of Tecumseh Products Company, and Miss Angie Lee Baker of Berea, Ky., were married Friday evening at the home of the bride' sister and husband, Mr. and Mrs. Paul T. Haab, in Ann Arbor, by the Rev. Carl Bauer of St. Paul's Lutheran church. They were attended by Mr. and Mrs. Haab.

Following the wedding a reception for 50 guests was held in the Haab home. The newlyweds left later on a week-end trip and are now making their home in Tecumseh.

Former Resident Dies In San Francisco, Calif.

John J. Orr has received word of the death of Charles Goff, 55, which occurred suddenly June 18 at his home in San Francisco, Cal.

Mr. Goff was a former resident of Tecumseh and while here was employed in Mr. Orr's drug store. He went from here to Bay City and ten years ago went to California, where he was employed by the Owl Drug Company.

He leaves the widow, formerly Carrie Keyser of Tecumseh, who will return here with her husband's ashes.

Car Stamp Sale On the Upgrade

MORE THAN 1,000 ISSUED AT POSTOFFICE; MUST BE ON CARS THIS MORNING

More than 1,000 Federal Use Tax Stamps for Motor Vehicles had been issued at 6 o'clock last evening at the local postoffice and Acting Postmaster Percy A. Bowen said that he believed that 100 or more of the stamps would be sold today to "tardy" motorists.

The federal law requires that all automobiles operating on the highway after June 30 bear one of the new $5 Internal Revenue Stamps. This is the second in a series of the Use Stamps, the first one having been issued about five months ago, at a cost of $2.09. The old stamps, however, lost their value last midnight.

The new federal stamp, slightly larger than the first one issued, must be attached to the window or windshield of the car, and is gummed for this purpose. The car and stamp owner also must indicate on the reverse of the stamp the car model, license and motor number, etc. The stamp is transferrable with the car.

"When we issued the first Use Stamp for cars," Mr. Bowen said, "the local office sold 1,425 of them. This time, in my opinion, the Tecumseh office will not sell so many because offices in other towns and cities are better supplied than they were a few months ago. When the first stamps came out we sold to many residents of Clinton, Tipton, Onsted and Macon, Britton and Ridgeway. They told us that their offices were temporarily out of the stamps. This time, however, all offices have the stamps in sufficient quantity to care for their own residents and I do not expect that our sale locally will be much greater than 1,200."

PHYLLIS PACKINGHAM WEDS ENSIGN SALTZ

Miss Phyllis C. Packingham, the daughter of Mr. and Mrs. Charles J. Packingham of Britton, and Ensign Clare F. Saltz, Jr., son of Mrs. Irma Saltz of Ypsilanti, were married Saturday afternoon by Rev. O. E. Priest at the Britton Christian church. They were attended by Miss Anita June Priest as maid of honor; Patricia Ann Niblack and Constance Ann Packingham as the bridesmaids and Robert Burke of Wayne as best man. Little Jerrie Ann Shultz of Ypsilanti was flower girl; Glen Voelker of Ann Arbor, ring bearer, and Charles Wall and Douglas Priest the ushers. Mrs. Forrest Weichner sang "Because" preceding the ceremony.

An informal reception was held in the church parlors following the ceremony and later Ensign and Mrs. Saltz left for their new home in Bedford, Ind., where he is stationed at the ammunition depot at Burns City.

OSGOOD REUNION

The Osgood reunion was held on Sunday at the Harry Osgood cottage at Wampler's Lake. Forty-five members attended from Detroit, Ypsilanti, Deerfield, Morenci, Toledo, Macon and Adrian.

Percy Bowen presided at the business meeting and Earl Lindsley was elected president for the coming year. A pot-luck dinner served at long tables on the porch was followed by a social afternoon.

Next year's reunion will be held at the same time and place.

WED 43 YEARS

Mr. and Mrs. Wiley F. McCann and Mr. and Mrs. James Tressler entertained at dinner Sunday honoring the 43rd wedding anniversary of their parents, Mr. and Mrs. Thomas McCann, which occurred on Saturday. The out-of-town guests were Mrs. Arthur Decker and Mrss. Sidney Doyle and family of Detroit and Mr. and Mrs. Ed O'Connor and family of Jackson.

WELCOME CLASS

The Welcome class of the Presbyterian church will meet Tuesday, July 7, at the home of Miss Mary Whitelock, president of the class, for a pot-luck dinner at noon.

20 Tons Rubber Collected Here

DRIVE HAS BEEN SUCCESS, ROBINSON SAYS; ENOUGH TO RETREAD 5,000 TIRES

Approximately 20 tons of scrap rubber, or an amount sufficient to retread more than 5,000 passenger car tires, has been collected in Tecumseh by local gasoline service stations to be turned over to the federal government, the Rev. O. V. Robinson, chairman of the drive, said today.

"I haven't made a complete check-up of the collection," the Rev. Mr. Robinson said, "but I am satisfied that Tecumseh will hit the 20-ton mark, if not more. I consider the amount collected here to be excellent, although it is not as large as it was in some other towns in counties outside of Lenawee. However, the spirit of cooperation was excellent, and I know that everyone here did their part."

Mr. Robinson said that from figures he had received, the amount of salvage rubber collected here when reclaimed would be sufficient to retread more than 5,000 ordinary car tires.

The drive for old rubber was launched about two weeks ago at the request of the President. It ended last evening. The purpose of the drive was two-fold. First, to furnish reclaimed rubber for the use on war machines and, second, to relieve the need of gasoline rationing as a means of conserving rubber.

Mr. Robinson also made a report on other scrap collections held locally since the beginning of the emergency. He estimated that 95,000 pounds of metal have been collected and 55,000 pounds of paper. The paper collection here will be halted temporarily, he said, to permit the disposition of huge quantities now in paper mill warehouses. The metal collection, however, will be speeded up, and another intensive drive for old metal will be launched early this month, Mr. Robinson said.

Gasoline service stations the nation over acted as the receiving agency for the rubber collection and paid a penny a pound for the scrap. Any profit realized in the sale of the rubber to the government holding company will be turned over to the Red Cross, USO or some other patriotic organization.

MISS EMMA MAE SMITH IS BRIDE OF LOYAL LEWIS

Loyal Lewis, son of Mr. and Mrs. Roy Lewis of Holloway, and Miss Emma Mae Smith, daughter of Mr. and Mrs. Alton Smith of Palmyra, were married Wednesday afternoon, June 24. The single ring service was read by Dr. H. K. Fox of Adrian and the attendants were Miss Arlene Marine and George Stamp.

The bride wore a street length dress of white taffeta with white accessories and carried a bouquet of pink roses and blue delphinium. Miss Marine wore blue with white accessories and a corsage of pink roses.

Following the ceremony a reception was held at the home of the bride's parents and refreshments were served from a table centered with a three tiered wedding cake decorated with a miniature bride and groom and pink rosebuds.

Mr. Lewis is employed by the Simplex Paper Corporation in Adrian and they will make their home in Palmyra.

BOOSTERS PICNIC

Southeastern Michigan Boosters Association of the United Spanish War Veterans and Auxiliary will hold a picnic Sunday at the farm home of Mr. and Mrs. Clare Beland west of Tecumseh. Pot-luck dinner at noon will be followed by a program. About 150 members are expected.

WEDNESDAY PAPER

To assure complete delivery of The Herald before the Fourth of July holiday, the publication date this week is Wednesday instead of Thursday. Regular Thursday morning publication will be resumed next week, as usual.

NURSING COURSE IS PLANNED BY RED CROSS

Plans are being made for another Red Cross Home Nursing course to be held on either Tuesday or Thursday afternoons at the Red Cross rooms in the Ford building. Those interested are requested to notify Mrs. Carl Cederquist or Mrs. William A. Wright as soon as possible.

Stores to Stay Open Here Friday Evening

To accommodate shoppers, the stores in Tecumseh will remain open on Friday evening instead of Saturday, this week, due to the Fourth of July holiday. For the most part, Wade L. Jones, secretary of the Chamber of Commerce, said, stores and offices will be closed here on Saturday.

The Fourth holiday will officially open the Irish Hills resort season, and cottage owners report heavy rental demands. The pan-fish season, which opened last week, Thursday, also attracted hundreds to the lakes and for the most part good catches were reported.

"Despite the rationing of tires and the threat of gasoline rationing, the resort business in this section is holding up very well," one resort owner said. "However," he continued, "the bulk of our business is from Lenawee and adjoining counties and driving distances are short. There is a noticeable decrease in the number of foreign cars at all of the lakes."

Home Service Seeks Identification Numbers

If a member of your family is in the armed service it may be of vital importance to him and to you that the Home Service department of the Red Cross have on file his name, unit and identification number, also your name and address.

The Home Service department has been authorized, through its field directors in camp, to act as a means of communication between service men and their families in case of emergencies.

There is no official source of this information and with the increasing number of men called the local representatives are faced with a tremendous task in completing an accurate list. You can help greatly by giving this data to Miss Clara Waldron, chairman; Mrs. George Parsons, assistant chairman; Mrs. Lillian Tingley at the Consumers Power Company office or Mrs. Edna Stoulter at the office of The Tecumseh Herald.

Hillsdale Judge Talks To Rotary Club Here

"Apologies for the Parents" was the subject of an interesting talk by Circuit Judge C. O. Arch of Hillsdale when he addressed the regular noon-day luncheon meeting of the Rotary club yesterday at Brees House. He was accompanied by Paul Kopf, also of Hillsdale, and and the program was in charge of George Green.

Judge Arch spoke in a humorous vein for the most part, and his talk was both educational and interesting. He based his remarks, some of them rather pointed, on his experiences during the time he was the probate judge of Hillsdale county.

Previous to the meeting, Wade L. Jones, secretary of the Chamber of Commerce, spoke briefly on the retail war bond and stamp sale that is to be launched here and nation-wide at noon today.

HUSBAND TO ARRIVE FROM CHINA AUGUST 1

Mrs. Frances DeVol has received word that her husband, Dr. William Ezra DeVol, of the University hospital staff at Nanking, China, is expected to arrive in the United States August 1, having been repatriated on an exchange basis with other Friends missionaries in Japanese occupied territory.

Mrs. DeVol and daughters returned recently from China where the family went in 1940 and since their return have made their home with Rev. and Mrs. Edward Elcolme. Mrs. DeVol is nurse in the office of Dr. R. F. Helzerman.

ALTAR SOCIETY MEETS

The Altar Society of St. Elizabeth's Catholic church met last Wednesday evening with Mrs. Nicholas Geiham, treasurer of the organization, at her home on Mill street. Fourteen were present and plans were made for a bake sale soon. A social hour and regreshments concluded the meeting.

JULY COMMITTEE

The Tecumseh Hospital Auxiliary sewing committee for the month of July is composed of Mrs. G. L. Gabler, Mrs. Glenn Driscoll, Mrs. R. H. Moore, Mrs. Earl Lindsley, Mrs. Harold Sisson, Mrs. C. A. Barber, Mrs. E. A. Collins, Mrs. Burt Gray and Mrs. Percy Bowen.

MISCELLANEOUS SHOWER

The Tuxis Shower of the Presbyterian church held a miscellaneous shower last Wednesday evening for Mr. and Mrs. John Saling at the home of her parents, Mr. and Mrs. Fritz Gygi. Games were enjoyed and refreshments served.

Pageant Plans In Final Stage

DIRECTOR TO ARRIVE ON JULY 6 TO BEGIN REHEARSALS; COMMITTEES AT WORK

A pageant master direct from the John B. Rogers Production Company, of Fostoria, Ohio, will arrive in Tecumseh next Monday, July 6, to begin the actual production of the pageant, "Tecumseh Echoes," to be staged here the last three days in July and again on August 1. Some 400 people will take part in the spectacle which is expected to attract thousands of people to this village.

"Spectacles of the kind you are planning in Tecumseh, depicting the birth of our nation and carrying through historically to Pearl Harbor and the present war days are attracting tremendous crowds in all sections of the country," Theodore Fish, sales manager of the Rogers company, told a pageant committee here Friday evening. Mr. Fish met with some 75 members of the committee in the Legion hall.

Mr. Fish declared that while the government does frown on large gatherings at amusements, it does approve wholeheartedly of pageants and patriotic spectacles. "A spectacle such as you are planning here is not in the amusement class. It is high type entertainment, educational and instructive. It boosts the morale of your community and your state, and is exactly the type of entertainment the government is urging."

Mr. Fish said that the pageant-master would meet all committee chairmen next Monday evening in the Legion hall to canvass with them their respective duties. It will then become the duty of the chairmen to call their committees together for initial meetings.

First publicity of the pageant has been released state-wide and is attracting favorable comment. Former residents, some of them from considerable distance, have expressed a desire to see the show, and it is expected that the committee will play a home-coming celebration, probably on Saturday, August 1.

HOLD 22ND REUNION OF MURPHY FAMILY

The 22nd annual reunion of the Murphy family was held Sunday at the Walter J. Hayes State Park at Wamplers Lake, with 24 present from Dearborn, Lansing, Milan, Adrian, Britton, Clinton and Tecumseh.

Pot-luck dinner was followed by a business meeting conducted by Alex Gibson, in the absence of the president. The following officers were elected for the coming year: Herbert Murphy, president; Earl Murphy, vice-president; Leva Gillespie, secretary and treasurer.

The 1943 reunion will be held the last Sunday in June at the home of Mr. and Mrs. Herbert Murphy, north of Tecumseh.

MISSIONARY MEETING

The Presbyterian Missionary Circle met Friday afternoon at the home of Mrs. S. W. Boyce. Mrs. Rose Schreder presided and Mrs. Mae Keyser led the devotions. The subject for study was "The West Indies" and interesting articles were read by various members. Miss Ruth Harding told of her recent trip home from Puerto Rico and group singing of hymns completed the program. In conclusion Mrs. Boyce served refreshments.

GUEST AT SHOWER

Mrs. Earl Kruger of Tecumseh was guest of honor at a shower given Friday evening by the Lady Maccabees of Adrian at the close of the regular meeting. Games were enjoyed and prizes won were also given to Mrs. Kruger. Refreshments were served in conclusion.

Youth Registers Under S. S Code

FIFTH REGISTRATION IN NATION EXPECTED TO ENROLL ABOUT 150,000 BOYS

One hundred and ninety-one boys between the ages of 18 and 20 years registered in Tecumseh yesterday under the Selective Serevice Act. The number is far short of that expected by the County Draft Board which group estimated Tecumseh's registration at 255. Many boys registered here from Britton, Tipton, Clinton, Ridgeway and Holloway.

It is estimated that the registration in the county yesterday will near the 1,500 mark but accurate figures were not available this morning. It was said at the registration office in Adrian that complete figures would not be compiled until this afternoon.

Boys in Lenawee county between the ages of 18 and 20 years registered with selective service boards on Tuesday in keeping with a proclamation by President Roosevelt, calling for a fifth registration in the nation under the Selective Service Act. Nation-wide, yesterday's enrollment was expected to hit the 150,000 mark.

The registration in Tecumseh was held at the council building and during the morning hours was somewhat slow. By mid-afternoon the registration here reached 138. Previously, the government had estimated that Tecumseh's list should total 255. There were five other registration boards at work in the county yesterday outside the city of Adrian. They were in Hudson, Addison, Onsted, Blissfield and Morenci.

The registration yesterday completed the tabulation of all persons between the ages of 18 and 65 years in the nation, as required by the Selective Service Law. Approximately 1,700,000 persons already had registered in Michigan previous to yesterday's enrollment, and more than 1,000,000 of these registrants are in the military age group between the ages of 20 and 45 years. Boys who registered yesterday will not be subject to military service until they reach the age of 20 or until such time as the present Selective Service Act is amended.

The registration in Tecumseh was under the direction of H. H. Hanna, township clerk, as had all previous registrations. The government does not provide funds to hire workers for this service and the local clerk has been dependent entirely upon volunteer assistance. Mr. Hanna said that several women volunteered for yesterday's registration, among them a number who had acted in a similar capacity previously.

SCHOOLS NEED TEACHERS IN LENAWEE COUNTY

Due to the labor shortage, several rural schools in Lenawee county are without teachers for the coming year. There are 148 one-room schools in the county. Salaries vary from $85 to $140 per month, averaging around $100; an increase over the 1940-41 year when the average was $84.16 per month.

Applications may still be made at the office of Mrs. E. T. Armstrong, county school commissioner.

MARRIED IN INDIANA

Duane Burcroff, son of Mr. and Mrs. Glenn Burcroff; former residents of Britton and Tipton, and Miss Juanita Frushowe of Lagro, Ind., were married June 25 in that city.

Overoptimism As to War End Is New Problem

PUBLIC IS TOO OPTIMISTIC; SOME BELIEVE CONFLICT TO END IN SIX MONTHS

LANSING, July 1—The biggest problem today on the Michigan home front, according to a high ranking army official, is an "off the record" talk in Detroit last week, is a widespread over-optimism by the public that the war will be over in six months.

"Two out of five persons we interviewed recently are convinced that victory is in sight," he explained.

"Yet, the truth is this: In six months' time we have taken the worst beating in our nation's history. We're not ready yet to do any major fighting. Our war plants will not be in full production for many months to come.

"The public is being deluded if it expects anything but a long, long war with great sacrifices. We should face the facts: The situation is very serious."

Nor is this over-optimism restricted in Michigan, we might add.

A newspaperman who recently visited relatives in Ohio encountered the same attitude of mind: "Victory is in sight."

CBS Correspondent Cecil Brown reports: "Out here in Indiana, the war in the Pacific seems not 8,000 miles away but 80,000. Incredible as it may sound, they are betting 9 to 2 that the war will be over by Christmas, 1942."

Army recruits at Mid-west camps are saying, "The war will be over in six months" and quote Wall Street betting odds for authority.

A soldier in Times Square, New York City, is heard telling his girl, "See you at Christmas time when the war will be over."

An intelligence officer at a New York dinner party confides to his friends the enemy can't hold out for six months—he had just come from Washington.

Wishful thinking of this kind has been encouraged, unfortunately, by circumstances under which war news is released by the government for publication.

It is also traceable, according to authorities at Washington, to planted stories by Axis agents who are under instruction to pave the way for a peace offensive. A warning of such an Axis move was sounded in May by Archibald MacLeish, director of the Office of Facts and Figures, Washington, D. C.

As it has been explained to us, here lies the reasoning for the peace offensive. Recent speeches by Hitler, Goering and Tojo have emphasized the idea of a hard struggle ahead. Yet stories of shortages of manpower, shortages of food, were permitted to get out, although such news could have been suppressed.

Field Marshal Goering, in a speech on May 23, 1942, made this astonishing admission: "I know that despair is easy when, after having planted in the fall season, you find in spring that the greater part of the seed has not come up. We must plow and sow again, and in spite of all, we dust harvest."

Goering closed with an admonition: "I should only like to beg a hardening to a greater extent of each individual at home that he will say to himself, 'We must hold out in this war irrespective of how long it may last.'"

For many weeks we have read in our favorite newspaper, and probably heard on radio broadcasts, a long series of favorable news events.

For the first time, United Nations air forces are strong enough to strike in four-figure plane raids over Cologne and the Ruhr district, seat of great munitions factories.

The Russian news has been generally favorable. The American raid on Tokyo was a spectacular exploit, popularized by the dramatically planned scene whereby

LEADING THE CANNON

The nation's leading retailers recently met in Chicago with representatives of the government. The topic under consideration was how retailers can give maximum aid in the campaign to sell War Stamps. The retailers pledged themselves to sell $100,000,000 worth of these stamps each month, beginning July 1.

The details of the program have been worked out and Tecumseh retailers are familiar with it. Beginning today, local merchants will launch the campaign in Tecumseh. Between 12 and 12:15 at noon today, stores here will offer nothing for sale except War Bonds and Stamps. The campaign will continue day after day, month after month, because Michigan retail merchants have pledged to sell $48,000,000 of the total quota.

The importance of this campaign is obvious. It is estimated that 40 per cent of all War Savings must come from the sale of stamps. The treasury is depending upon the retailers to reach the 25,000,000 Americans who cannot be included in the pay-roll savings plan. When War Stamps were first issued, retailers of all kinds promptly stocked them and promoted their sale. Now these efforts will be greatly intensified.

The promotional campaigns will have many phases. Newspaper advertising will be widely used, as will the radio. There will be window posters for participating stores. Every consumer will be urged to take a part of his change in stamps.

Buy stamps from your retailer. You'll never miss the dimes and quarters spent. And each of these dimes and quarters will help produce a weapon to use against the Axis.

This Week We Celebrate Another Fourth of July

Saturday of this week we celebrate another anniversary—the signing of the Declaration of Independence.

Those were memorable days—those days in the 1770's when our early history was in the making.

And these are memorable days—this year of 1942 because more history is in the making.

And this year, while wages are high and work is plentiful may we suggest that you save a part of your earnings regularly. Such a practice is sound, economically.

We've been in business since 1776 an' we intend to stay!

Look here, folks — we've been 166 years making our democracy a "going concern! Over 130,000,000 free and happy Americans are proof that Uncle Sam's way of doing business is a formula for success. But let's not sit back! Let's all get in the fight—to win the war—that will win liberty for all the world! Let's all keep buying War Bonds to the tune of one-billion-dollars' worth every month! Roll up your sleeves --- dig deep in your pocket---that's the way to keep democracy on its feet.

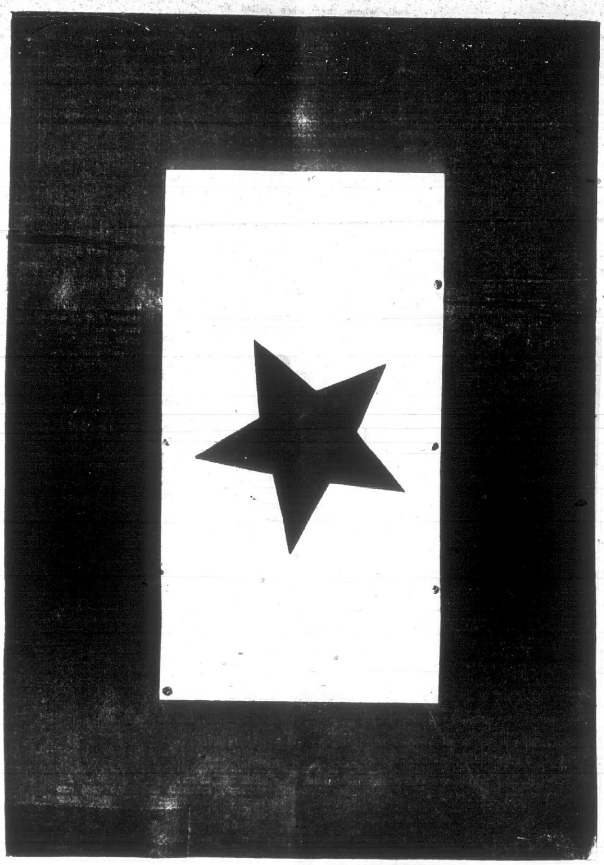
LIBERTY "UNDER GOD"



Perhaps you are one of the families priviliged to display this emblem in your window. There are dozens of them in Tecumseh, millions of them throughout the state and the nation. It proclaims to the world at large that inside the portals of your home lived a true and loyal American who willingly tendered his personal interests to his country.

This spontaneous cooperation of a free people . . . how does it happen? National well-being is no accident! To have made it possible in peace, and more realistic in war, has required the highest citizenship of which we are capable, each in his own little circle of influence.

No little credit is due the Mothers and Fathers of our country for what they have done and are doing to help win this war and to secure the peace afterward. They have fostered and instilled in the minds of their children the spiritual values upon which our society rests . . . above all else a deep ingrained love for freedom of country, and the sound instinct to serve their government and their country well.

You have the assurance that the confidence and understanding and respect of this community and this great country in which we are privileged to live, is yours.

Although at times it may seem that a rocky road lies ahead, our morale must be kept strong, a light burning bravely in our hearts for those who have temporarily forsaken the hearthsides of our home. It will inspire hope, the willingness of sacrifice, the fortitude to endure, and the capacity to unite in a common cause. Ours is a big task, but in it lies the preservation of the principles of this democratic society which we cherish.

And as we approach another great holiday — the birthdate anniversary of our Declaration of Independence — we pause to pay tribute to these men in Service, their Mothers and Fathers. Many of the boys are from our own ranks; others from our circle of friends!

To all of you we say, "God Bless You." Yes, we have presented ourselves as a people intent upon a purpose as high as any pursued to preserve this Nation "The Land of the Free and the Home of the Brave."

Rayon Slack Suits Require Special Pressing

No, you can't press rayon slack suits like you would cotton and make the garment look as fresh and crisp as the day it came out of the store.

But you can send your slack suits to us for laundering and we will press them properly—to your satisfaction.

The new fabrics require special care in both laundering and pressing. We'll be glad to do the work for you—and at little expense.

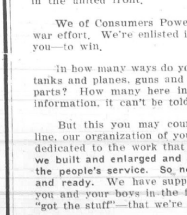
SONS of MICHIGAN



"IT'S FOR YOU WE'RE WORKING NOW"

Michigan has already sent many of her sons into the nation's forces to protect the homeland against the assaults of treachery and villainy. There will be more to go—sons and husbands and fathers.

And, on the home front, men and women must stand to duty in the great battle of production to arm our forces. In factory and mill, in transportation, and at every point in the united front.

We of Consumers Power Company are a part of this war effort. We're enlisted in this fight, side by side, with you—to win.

In how many ways do you think Electricity helps build tanks and planes, guns and shells and ships, and all their parts? How many here in your territory? As military information, it can't be told.

But this you may count on: Our every plant and line, our organization of your own fellow citizens—all are dedicated to the work that will back you up. For years, we built and enlarged and strengthened the facilities for the people's service. So, now, in the crisis, we are here and ready. We have supplied every demand. We want you and your boys in the forces to be able to say we've "got the stuff"—that we're on the job for all of you.

Overoptimism

(Continued from Page 1)

President Roosevelt awarded the Congressional medal to General Jimmy Doolittle at the White House.

We had favorable news from the Coral Sea battle, while our losses were suppressed temporarily in order not to aid the enemy. Naval news from Midway and Dutch Harbor have been likewise optimistic, and our losses are being similarly withheld from the Axis—but also from the American public.

This false one-sidedness of the war news parallels the grim reality that the Japanese, whom one radio commentator said on December 7 we could defeat any "Wednesday afternoon," have conquered the Philippines, Dutch East Indies, Singapore and Burma, and now stand at the gates of India and Australia—all of this being accomplished in six months' time.

Although Russia has maintained a reasonably effective offensive, she has not yet succeeded in seizing the major key bases on which Germany's defense depends.

And Germany, although engaged in heavy fighting on the Russian front and therefore pressed for manpower, nevertheless mustered enough strength to start her own "second front," the offensive under General Rommel in Libya.

While there are many signs of unrest in the occupied countries, no signs can be found that German troops in the occupied countries have lost control.

And in spite of the bombings and the superiority of the Allied air forces in the west, a second front by invasion is still a long way off. American troops in northern Ireland, while armed to the teeth with the best of armored equipment, number only a few divisions compared with German strength in France as estimated by foreign correspondents.

A most difficult situation confronts us in the matter of oceangoing transport, with ships being sunk faster than we can build them.

As of June 2, according to published reports, the toll taken by Axis submarines in American waters since Pearl Harbor had mounted to 234 ships. Assemble these vessels together and you would have a sizeable fleet—a disastrous loss! And yet, like automobile accidents, the sinking of boats off the Atlantic coast have been so commonplace they seldom occupy page one position in the day's news.

According to all facts which can be assembled, we can reasonably anticipate that the war will continue for 18 to 24 months. Even if Germany collapses by 1943, a minimum of a year would be expected to transport troops and supplies to the Orient for a decisive showdown with the Japanese.

And, when the war is won and a long armistice is proclaimed, we cannot expect that millions of American men must be maintained at fighting fronts on land and sea scattered over the globe to police conquered nations and to maintain world order?

An American army of 7,000,000 men is now in the making. Congress has just authorized another tremendous increase in our naval strength.

Instead of repeating whispered rumors about "victory in 1942," whether inspired by favorable news together with suppression of our military losses or by a "peace offensive" by Axis agents, the Michigan home front must maintain 24-hour production in its arms plants, must shun temptations to minimize sacrifice, and must continue its "all-out spirit of determination to win—as Goering himself declared—"irrespective of how long it (the war) may last."

NEW VISITING RULES AT FORT CUSTER

Fort Custer, Mich., July 1.—New regulations concerning passes and admission to Fort Custer have been published by the commanding officer and went into effect June 29.

Normal visiting hours have been set at 1 and 7 p. m. Under the new regulations, visitors will be supplied with cards for their auto windshields. The cards will authorize them to go to one of twelve visiting areas: Post Headquarters, Division Headquarters, Post Exchange Office, Quartermaster Office, Post Prison Office, Recruit Reception Center, Station Hospital, Service Club No. 1, Service Club No. 2, Field House, Cemetery, or Organization Guardhouses.

No driving will be permitted about the post except to the parking lots in the areas mentioned. Dickman Highway will be the only road used by visitors unless otherwise authorized. Visitors desiring to call on holders will make advance arrangements with their friends to meet them at the parking areas.

Military police at the outposts will take the name, address and car license number of any visitor issued a permit. Cards will be collected at the outposts when the cars leave the reservation. Failure to return the visitor's card will bar a person from driving on the post in the future.

Our Lives---
Our Fortunes
And Our
Sacred Honor

Our men are fighting, foregoing until Victory what they were or hoped to be . . . giving up all but the thought that "we've got to win" or liberty will die! They're holding a job now whose future is as sure as the next bullet or bomb.

"Send Us More" they challenge and Berlin and Tokio comply. Trouble from the Axis calls for more and more help from you, men, and the folks next door. Our men need weapons . . . your dollars will supply them.

Buy all the War Bonds and Stamps you can . . . and more! It's one way you can get into this fight; one way you can prove to that boy in uniform that he'll get all he needs to win this war!

Explains Vote On Health Unit

CONLIN, MINORITY LEADER, BELIEVES NOW IS NOT THE TIME FOR ITS ADOPTION

R. G. Conlin, supervisor of Franklin township, and who, at last month's session of the county board, submitted a minority report that was adopted, deferring indefinitely the establishment of a public health unit in Lenawee, said today that he was of the opinion that eventually such a unit might be operating in the county, but that he did not believe that this is the time for its inception.

Mr. Conlin with John Calhoun, supervisor of Raisin township, signed the minority report, which was adopted by the board by a vote of 19 to 9. The majority report, drafted by Dr. Harry Lundahl, mayor of Adrian, W. E. Seger of Blissfield, and O. E. Zimmerman of Medina, did not reach the floor for a vote. The majority report favored the adoption of the unit and its establishment.

The establishment of the health unit in the county was estimated to cost Lenawee $13,000, to be raised through direct taxation; the state was expected to furnish not to exceed $3,000 and the federal government not in excess of $3,500, making $19,500 available for the unit's operation. The bulk of this fund, Mr. Conlin believes, would have been used for administrative purposes, and would not, in any large measure, have reduced the county's present cost of health service and welfare and relief, which in 1941 amounted to over $185,000.

"Until after the war or until some unforseen emergency arises, making a health unit program necessary in the county, I believe that the matter should be deferred," Mr. Conlin said. "I do not believe that now is the time to increase our taxation, when tax burdens are mounting every day. Then, too, we are not certain as to our future tax revenues, and neither is the state. To get our tax program further out of balance appears to me to be disastrous."

The minority report which Mr. Conlin and Mr. Calhoun submitted to the board, and which was approved, follows in its entirety:

The first purpose for a Health Unit for Lenawee County was presented with the idea that the cooperation of the Kellog Foundation might be obtained. This will not be possible for the duration of the war, as the foundation has embarked upon a war program of training doctors and nurses for the armed force and are not now taking on new social projects.

At the request of the Board of Supervisors, a committee appointed to investigate the practicability of a health unit for Lenawee County visited the health units of Hillsdale and Washtenaw counties. They found that Hillsdale County had a very satisfactory project but that the Kellogg Foundation was furnishing $16,339 of the total $26,339 expended in 1941 for administration and equipment and also provided an auxiliary fund of $58,009 for the following services:

Services—Including medical, dental and home maternity nursing.

Education — Including scholarships for physicians, dentists, nurses, teachers, consultative services, hospital personnel, etc.

Welfare — Including recreational projects, camping experiences for children and their counsellors and hot lunch programs for schools.

Also aid to libraries.

These amount to $74,348, which was furnished by the foundation and matched by only $7,000 of county money and $3,000 of state aid, making a total budget of $84,000.

We believe that by comparison a health unit financed within the means of Lenawee County, together with the modest amounts furnished by the state and federal government, would be disappointing from a public service viewpoint.

On this visit we were advised

BLACKOUT, SUNDAY

STATE ORDERS FIRST BLACKOUT IN TECUMSEH SUNDAY AT 10 TO 10:15 P. M.

E. C. Heilman, director of Civilian Defense in Tecumseh village and township, late yesterday received an order from the State Civilian Defense commander instructing that Tecumseh observe its first blackout of the war on Sunday evening, beginning at 10 p. m. and continuing for 15 minutes.

The blackout will be announced by a long blast of the fire siren, Mr. Heilman said. Immediately all lights in homes, stores, signs, street lights, etc., must be turned out and left out until the blackout is over. Factories working on war production will not be affected by the first blackout, Heilman said, and they will continue to operate as usual.

Cars on the street and parked must be without lights. Moving traffic must pull to the curb and lights turned off. Smoking on the street, porches or elsewhere where it may be observed is prohibited by the state order.

All Civilian Defense members will be at their posts to determine how effective the blackout is observed here, Heilman said. He urged absolute co-operation of the residents, pointing out that the training received in the practice blackouts may prove extremely valuable in the event of an actual air raid warning.

Col. Hammel Honored At U. M. Army Banquet; To Organize a New Unit

The 298th General Hospital, University of Michigan Unit, Ann Arbor, has been activated and ordered to duty in Missouri for a short period of time before going on overseas duty. Colonel H. H. Hammel, M. C., U. S. A., who has been their instructor for the last two years, was expected to be ordered to duty as their commanding officer. However, due to the fact that the university has been requested to develop another hospital unit, Colonel Hammel has been temporarily retained here to act as instructor for the new unit being formed until such time as he may be ordered to duty with the Army in the field.

At a farewell banquet last week, at the Michigan Union, Ann Arbor, at which 400 were present, Colonel and Mrs. Hammel were presented with a sterling bowl as a token of appreciation of the officers of the unit. The University Hospital also presented him with an honorary appointment as colonel of the outgoing unit.

MARRIED IN TEXAS

Mrs. Earl Bugbee has received announcement of the marriage of her nephew, Harold I. Taft, son of Mr. and Mrs. S. L. Taft, of Seguin, Texas, formerly of Tecumseh, and Miss Helen Ruth Meyers of San Antonio, which occurred June 21 at Seguin.

Scene From Tecumseh's Big Pageant

Pictured above is one of the Indian scenes that will be reproduced at the pageant, "Tecumseh Echoes," to be staged at Recreation Center here on July 29-30-31 and August 1. More than 500 persons will be included in the cast and chorus of the show, one of the largest spectacles of its kind to be staged in Southern Michigan in many years. Rehearsals for the pageant get under way this week under the direction of the John B. Rogers Co., of Fostoria, Ohio.

Council Passes Bike Ordinance

CONTROLS OPERATION IN THE DOWNTOWN AREA AND IN OTHER PARTS OF VILLAGE

An ordinance controlling the operation of bicycles in the downtown area and in other parts of Tecumseh—a war-born measure as the result of the increase in the number of the two-wheel vehicles—was enacted by the village council, in regular session, Monday evening. The ordinance was given immediate effect and carries a penalty of a fine of $2 and court costs, or five days in the county jail, or both such fine and imprisonment, in the discretion of the court.

The ordinance prohibits the use of bicycles on the sidewalks within the "fire limits" of the village, and the streets included in these limits are defined. For the most part they include those in the so-called downtown area. It further provides that when a person is riding a bicycle on the sidewalk other than a restricted area, he shall give pedestrians right-of-way. Bicycles also must display lights, discernible for 300 and 200 feet, on the front and rear of the vehicles, after sunset and before sunrise.

Police have been given instructions to enforce the ordinance beginning immediately. The ordinance, in its legal form, will be found in another page of this newspaper.

The council also authorized the purchase of war damage insurance at the Tecumseh hospital and the well houses operated by the village. The Rev. Edward Escolme was granted permission to hold a street meeting on Chicago boulevard, Saturday evening. Current bills were audited and ordered paid and reports of the several committee and department heads were read and placed on file.

BAKE SALE

St. Elizabeth's Altar Society will hold a bake sale Saturday, July 11, beginning at 10 a. m., on the lawn at the home of Mrs. N. Geehan on Mill street, formerly the home of Alfred Wright.—adv.

BASEBALL HERE SUNDAY AT RECREATION PARK

Tecumseh Products' baseball team will play Jenkins All Stars of Adrian here at Tecumseh Recreation Center at 3:30 Sunday afternoon. This team is composed of employees of the local plant and is a beginning in the organization of a team to represent them. Lefty Gibson, southpaw from Britton, will do the pitching and "Noisy Bill" Petrovich will catch.

In the evening, beginning at 7 o'clock, a double-header softball game will be played by Tecumseh Products' softball club against Ampco of Jackson, also at Recreation field. This will be the first appearance of this team in their new uniforms and should provide a fine evening's entertainment.

DRAWS FINE OF $50 FOR DRUNK DRIVING

Charged with driving an automobile while intoxicated, Arnold Swift of Tecumseh, was sentenced to pay a fine of $50 and costs of $9.65 when he was arraigned before Justice F. C. Hanna here, Monday. Swift's license to drive a car was turned over to the state to be suspended for one year. It was the second time he had appeared in Justice Hanna's court within the past two months. About six weeks ago he drew a fine of $25 and costs on a reckless driving charge. The arrest was made by Tecumseh police.

Others in Hanna's court during the past week are: Myron P. Dermyer, June 30, charged with disorderly conduct, drew a fine of $5 and costs of $3.35. Wesley Jones, charged with being drunk and disorderly, drew a $5 fine and $9.15 costs, July 6. Victor Agnew, charged with speeding, drew a $4 fine and $1 costs, July 6. Clarence Kruger drew a $1 fine and $1 costs for operating his car on the wrong side of the highway. All arrests were made by local police.

TO MEET WEDNESDAY

The Presbyterian Ladies Aid Society will meet Wednesday, July 15, at 2:30 in the home of Mrs. D. W. Beck, with Mrs. John Lott as leader.

Smith Becomes Head of Rotary

ANNOUNCES COMMITTEES FOR NEW YEAR; NEILSON TELLS OF CONVENTION

S. Henry Smith succeeded William Bruce as president of the Tecumseh Rotary Club at a business session following the organization's noonday luncheon meeting, Tuesday, at Brees House. M. L. Dannells is vice-president of the club, Wade L. Jones, secretary, and Lester Rogers, treasurer.

Mr. Smith immediately upon assuming his new office announced committee appointments for the coming year as follows: Aims and objects committee: Mr. Smith as chairman, Mr. Dannells, Mr. Jones, Ralph Comfort and Harold Anderson. Club service: H. H. Hanna, Lee Jacokes, P. G. Heidenreich. Vocational Service, F. K. Smith, Don Nixon and L. W. Larsen. Community Service and Planning, Clarence Gilman, A. L. Van Winkle, Bert Ousterhout and C. O. Butler. Classification and Membership, Mr. Bruce, D. J. Carson and B. B. Turnbull. Program, Mr. Dannells, G. L. Williams, Rev. E. T. Rodda and Dr. T. Rentschler. Rural Urban, Del Burleson, Fay Whelan and P. C. Satterthwaite. Sergeants-at-arms, Al Bagshaw and L. W. Larsen. Song Leaders, W. L. Berkhof, C. O. Butler and Al Bagshaw.

T. B. Neilsen of Clinton, newly elected president of the Rotary club at Clinton, and who only recently returned from the club's international convention at Toronto, Canada, spoke to the club, giving some of the high-lights of the world-wide gathering. Some 7,000 were present from all of the nations of the globe. Mr. Neilsen said, and he declared that the convention was one of the most interesting yet held by the organization. Mr. Neilsen's word picture of the gathering was very vivid, and was greatly enjoyed by the local members.

Guests at the meeting included Dr. James Foreman of Clinton and Prosecutor L. J. Hammond of Adrian.

Officers Are Elected By American Legion

Underwood-Orr post, American Legion, have elected the following officers for the coming year: Charles W. Howe, commander; Marvin Watkins, first vice commander; Wesley Costigan, second vice commander; Otto Baaske, adjutant; Ralph Oliver, finance officer; Thomas Gallant, sergeant-at-arms; Edward DeGroot, chaplain and historian.

Indian Costumes to be the Vogue During Big Pageant

Indians and tepees, totem poles and war paint, all of these will be employed during the next three weeks to advertise Tecumseh's gigantic historical pageant, "Tecumseh Echoes," to be staged the last three days of July and August 1, with more than 500 persons participating.

"Special Indian costumes will be obtained by the pageant committee, and these will be worn by local residents beginning about the fifteenth of July and continuing through the celebration," C. O. Butler, general chairman, said today. "The suits we will be able to get from costume houses may be rented at a nominal charge. Some merchants plan to purchase suits for sale. Others will make their own suits.

"We expect most of the merchants and business men to dress in Indian costume, wear Indian headdress or wear a special Indian wooden pin, which will be furnished by the committee. For those who do not co-operate—and we do not expect that there will be many who won't—we plan to establish a kangaroo court with authority to levy fines for violations."

Business houses here also will co-operate in the program's advertising through special window displays, banners, etc., it was said.

"Dexter put itself on the map allowing their whiskers to grow long, but in Tecumseh we're going to dress like the Indians for whom our town was named," a committee member said. "So get out your war paint and feathers, join in the fun, and advertise the pageant and the 'Biggest Little Town on Earth.'"

Doctor's Release Is Approved by the Army

Wade L. Jones, secretary of the Chamber of Commerce here, has been advised by Washington that the release of Captain William S. Britton from the U. S. Army has been approved and now depends upon his personal application for discharge. Captain Britton already has been released to the commander of the Sixth Corps Area, Chicago.

Capt. Britton in private life was a practicing veterinarian here and his release was sought by the local chamber that he might return to serve professionally in this community. Petitions, bearing some 500 signatures, were sent to the War Department.

It is expected that Dr. Britton will be released from the Army this week end, and that he will immediately return to Tecumseh and enter practice.

Pageant Ready For Rehearsal

CAST WILL INCLUDE 400 PEOPLE AND A CHORUS OF MORE THAN 100 VOICES

With the arrival of J. L. Drew, pageant master, and his assistant, Mrs. Drew, the final plans for the historical and patriotic spectacle, "Tecumseh Echoes," were completed at a meeting of the executive board and the several divisional committee chairmen at the parish house of St. Peter's Episcopal church, Monday evening. The cast of 400 people for the pageant is being selected and will start rehearsals within a week to 10 days, according to Mr. Drew. In addition a chorus of more than 100 voices will be drilled for this event, meeting for the first time tonight at 8 p. m. at the high school.

Each of the four days of the pageant, July 29, 30, 31, and August 1, special events will be held during the day. The opening day, Wednesday, has been designated as Patriots Day. During the day, a novel Kiddies Pet Parade has been planned with appropriate prizes. Details of this parade will be announced later. The governor of Michigan, the Hon. Murray D. Van Wagoner, has been invited to open the pageant. The coronation of "Princess Lenawee" who will reign during the four days, and the introduction of her retinue will be an added attraction for the first night's festivities. Nominating coupons for your favorite will be found in this issue. Mail or bring them to the celebration headquarters.

Thursday has been selected as "Good Neighbor Day." The afternoon of the second day will be devoted to events of special interest to the surrounding towns, probably climaxed by a milking contest in which several of the mayors of the county will be the contestants.

The third day has been set aside as "Sports Day" in charge of the local merchants and the Chamber of Commerce. In the afternoon, all sorts of sports events, including running races, obstacle races, soft ball, horseshoes and archery will be run off. Rule for entry and appropriate prizes will be announced.

Saturday has been designated as "Home Coming Day." The high

Rev. Clifford Massie Named to Mission Here

During the annual conference of the Lower Light Mission Association which convened recently at Petersburg, the Rev. Clifford Massie was appointed pastor of the Tecumseh Lower Light church. The Rev. Mr. Massie is well known to the local church, having held two revivals here during the past year. The new minister succeeds Rev. Clarence Shaver who will remain in Tecumseh and assist in the work of the church.

Officers elected at the conference are Rev. Charles McDonnell, assistant general superintendent; Rev. J. G. Fortress, district elder; Bertha Fortress, general secretary; Ina McDonnell, general treasurer. Rev. Perl McDonnell is general superintendent and founder of the Lower Light Mission Association. Rev. Matthew Harden of Ann Arbor and Hugh Hanvey of Petersburg were elected to seats on the general conference board.

Other pastoral appointments in this locality include: Ann Arbor, Rev. Matthew Harden; Petersburg, Rev. Charles McDonnell; Toledo, Rev. Monroe Williams.

FIRE EXTINGUISHED

The fire department was called to the Lenawee Sand and Gravel Company Thursday noon to extinguish a fire in the engine house which evidently started from a spark from the exhaust. Very little damage resulted.

School to Seek Tax Rate Boost

TWO PROPOSALS TO BE SUBMITTED TO ELECTORS AT ANNUAL MEETING, JULY 13

Authority to exceed, if necessary, the 15-mill limitation tax rate in Tecumseh School District No. 7 by an additional two mills, and the election of two members of the board of education will be the highlights of the district's annual school meeting, which will be held on Monday evening, July 13, at 7:30 p. m., in the auditorium of the high school.

Two ballots on the proposed tax rate boost will be handed to the electors, the first one asking for a one-mill increase for the year 1942 only, the money to be used in defraying the cost of two boilers and a stoker already being installed in the central school heating plant; the second a one mill increase for five years for the purpose of financing the public library.

The proposed one-mill boost for the boiler-stoker installation would raise approximately $2,300 and would be half sufficient to cover the cost of the work. The other half would come out of the school's general fund.

The proposed one-mill rate increase for the library would return another $2,300 for the public library which heretofore has been financed from the school's general income.

In 1940 the electors granted the trustees the privilege of increasing the rate above the 15-mill limitation by one mill, if necessary, the money to be used in liquidating the debt on the Recreation Center. This added one mill was authorized for a five-year period, expiring in 1944.

If the two proposals are approved by the electors at the meeting on Monday evening it would—including the one mill advance granted in 1940—permit the stepping-up of the district's tax rate this year to three mills beyond the 15-mill limitation, and raise as the result of the increase a total of about $7,000.

It was explained that the 15-mill limitation would not be exceeded by the district unless it became necessary to do so. Just how much money will be necessary for county and township operation next year has not yet been determined. The rate a year ago, however, was $14.80 per thousand in the district, including school and township and county taxes. Should the rate remain the same this year in the county and township, it would be possible, if the proposed increases are approved, to boost the figure to $16.80, or $2 per thousand assessed valuation.

On the taxation matters it was explained that only taxpayers or their husbands or wives will be eligible to vote. The proposals must carry by a two-thirds majority. In the election of officers, taxpayers or parents or guardians of school children are eligible to cast their ballots.

The terms of two members of the board of education expire with the coming meeting. They are Perry C. Satterthwaite, president, and John Larsen, secretary. Other members of the board, whose terms do not expire, are Earl Lindsley, Jens Touborg and Dr. Arthur Brown.

W. L. Berkhof, superintendent of schools, said that the tax matters and the election were the only special matters to come before the meeting.

ENTERPRISE AND FREEDOM

"We need not worry about the social reforms which may or may not be necessary in the postwar period," wrote Thurman Arnold in the Saturday Evening Post, recently. "We need not worry about government planning . . . We need only concern ourselves with preserving the tradition of free enterprise which is the essence of the Industrial democracy we are fighting for. If we regain our faith in that industrial democracy we can fight the war positively for our system, instead of negatively against our enemies. . . .

"Out of the necessity of making our system of free enterprise so efficient that it can win this war of production, we shall also be making it so efficient that it can produce prosperity for all in the peace that is to come."

Those are memorable words. In some minds there seems to be a feeling of defeatism so far as our free enterprise is concerned. There is fear that the rigid governmental controls which war makes necessary will continue in perpetuity, and change our form of government into something vastly different from what we have known. There is feeling that super-government, which will dominate everything, is here to stay.

That kind of economic defeatism is as bad as military defeatism would be. It is true, as Herbert Hoover has said, that we must have a measure of fascist economies in fighting a war against the great fascist powers. But there is no truth whatsoever in the theory that fascist economies are of necessity permanent. The plain fact is that the free enterprise system, working on behalf of the war effort, is justifying its existence and its philosophy completely and perfectly.

Government, in wartime, controls our economic life. But government, of itself, produces nothing. Free enterprise, working with government, produces everything.

Free enterprise in manufacture makes the ever-increasing quantities of tanks, planes and guns which in time will destroy the Axis.

Free enterprise in transportation carries the incredible load which war imposes—and at the same time carries the load necessary to the maintenance of civilian life.

So it goes, in every field of activity from the raising of food to the manufacture of battleships. Never in the history of the world has an economic system performed so brilliantly as the free enterprise system is now performing for the United Nations.

The American people have willingly accepted drastic limitations on their freedom. They have accepted those limitations for one reason and only one reason: to make a military victory certain so that maximum freedom for all may exist in the future.

ACTION IS NECESSARY

Long before the general price-freezing order was imposed, retail merchandising was carrying on an aggressive, extremely successful campaign against inflation. That campaign was entirely voluntary, and it was given the highest praise by Leon Henderson and other top OPA officials.

The figures tell part of the story. According to Labor Bureau data, wholesale prices increased 28 per cent between August, 1939, and February, 1942. Retail prices rose but 14 per cent—only half as much—in the same period. At the direct request of the government, they (the retailer) generally priced their goods on the basis of original cost, not replacement cost. In other words, they did not increase their retail prices until they had to replenish their stocks at higher wholesale prices.

It is these retailers—the chain stores and the independent stores—who tried to play fair with the public who are now being hit the hardest by the price-freezing policy. That policy makes no provision for adjusting the "lag" between the retail and wholesale price indexes. It binds the retailer to keep on selling goods at an arbitrary figure, even though his new stocks may cost him considerably more. In some instances, this amounts to forcing merchants to sell goods at an actual loss.

Retailers are not opposing government price control and price fixing as a measure to control inflation. All they ask is that some adjustment be made to equalize the "lag" between wholesale and retail prices. If that is not done, thousands of retail stores, the bulk of them small, may be forced out of business. Towns and cities would suffer from this economic disruption. The life savings and means of livelihood of millions of people are at stake in this matter.

OBITUARY

FREDERICK W. FILTER

Frederick William Filter was born December 21, 1851, in Berlin, Germany, and died June 29, 1942, at Bixby hospital in Adrian, at the age of 90 years, from the infirmities of age. He was a patient in the hospital only two days.

Mr. Filter came to America in 1881 and settled in Lenawee county. He moved from North Blissfield to Adrian 30 years ago, after the death of his wife, Amelia, in 1912, and made his home with his daughter and husband, Mr. and Mrs. Edward Krueger.

Survivors are four sons, William, Frank, Albert and Henry, all of Ridgeway township; five daughters, Mrs. Anna Gafner of Palmyra, Mrs. Mary Prange, Mrs. Minnie Krueger and Mrs. Rose Baumuartner of Adrian and Mrs. Emma Prange of Detroit; one brother, Frank Filter, of Blissfield. His wife and a daughter, Bertha, preceded him in death.

Funeral services were held July 2 at St. John's Lutheran church in Adrian. Rev. E. F. Manske officiated and bearers were William, Frank, Albert and Henry Filter, Edward Krueger and Ernest Prange. Burial was in Spiegel cemetery, north of Blissfield.

Synthetic rubber
AND STANDARD OIL COMPANY (INDIANA)

Rubber . . . let's get it. Fast . . . and plenty of it!
No matter who makes it or what it's made from!

● We want to see America get the rubber it needs, whether natural or synthetic. We want America to get that rubber in the quantities required and in the shortest possible time, whether it is made out of petroleum, out of alcohol, dandelions, guayule, or sawdust. *The main thing is to get the rubber!*

To those who are working to make rubber out of materials other than petroleum, we say, "God speed your efforts." Solving the rubber problem is necessary for winning the war and winning the war is our main concern.

Much has been said about making rubber from alcohol derived from farm crops. We do a great deal of our business with farmers. We should like to see them having a hand in supplying the raw materials for rubber.

We are working with petroleum because we understand it. At the request of the Government we have helped form Rubber Synthetics, Inc. In 1943 that company expects to put into operation at Gary, Indiana, a large plant financed by the Defense Plant Corporation to produce butadiene, which is one of the principal ingredients of synthetic rubber. Negotiation is now under way with the Government to supply that plant with a part of the petroleum raw materials required in its operation.

Nevertheless, we urge a "green light" and all speed for any other practicable method of making synthetic rubber.

TIPTON

The Tipton Money Makers 4-H club met Thursday evening with Naomi Faust. Projects were discussed and reports inspected. Billy Vollmer and Tom Platt were program leaders and Dorman Bailey had charge of games.

Mr. and Mrs. Charles Swift are spending a few weeks with their daughter and husband in Coldwater.

Eldred Daniels of Parris Island, S. C., was a recent guest of his parents, Mr. and Mrs. A. G. Daniels.

A food preparation 4-H club has been organized here recently under the leadership of Mrs. Chester Baker. The club has been named "Liberty Belles" and the officers are Joanne Church, president; Dorothy Bailey, vice-president; Shirley Baker, secretary; Joyce Bailey, treasurer; Carolyn Baker, reporter.

Miss Ruth Kronberg has been visiting relatives in Flint and Standish during the past week.

The Ladies Aid Society at its recent meeting voted to buy two war bonds. Plans were also discussed for a silver tea to be held at the home of Mrs. Merrick Dibble.

HOAGLAND

The 52nd annual reunion of the Hoagland family was held at the Britton Park with 45 in attendance. Dinner at noon was followed by a program consisting of recitations by Diana and Lee Musson, Jack and Larry Patterson and Wilhelmina Oosterhout, a reading by Hattie Hendershot of Blissfield and an amusing talk by A. R. Musson of Rochester on the legends of Paul Bunyan.

During the business meeting the following officers were elected: Lawrence Hoagland, president; Louisa Musson, secretary and treasurer; Maud Craig, historian; Viva and Frances Brown, program. Next year's reunion will be held in Macon with Mr. and Mrs. Wm. E. Swick.

DON'T
Let Your Furnace Down
And Your Furnace Will Not Let You Down

A furnace is not different than any other piece of equipment in your home or your store. All equipment requires attention at some time or another—some more often than others.

Your furnace takes a lot of abuse, it serves you day after day, month after month with but very little attention.

But your furnace will not continue to give such service unless it receives a little adjustment and repair every year or two. And may we suggest that you let this be the year.

Don't neglect your furnace until cold weather and then expect immediate repairs if they are necessary. Repair parts, you know, are hard to get, due to the war.

Let us inspect your furnace now and put it in condition to serve you all next winter.

U. S. to Salute Home-Town Heroes By Buying Bonds, Stamps, July 17

MICHIGAN'S RETAILERS, WHO EXCEEDED QUOTA IN MAY, PLAN TO DO IT AGAIN

LANSING, July 9.—Salute your home-town heroes next Friday, July 17.

The occasion will be "American Heroes Day."

And the sponsors are Michigan's 90,000 retailers who exceeded the quotas of bonds and stamps of all other states in May and who are out to do it again in July.

The national quota is a billion dollars' worth of insurance for freedom, a goal which may decide the fate of the system of voluntary savings. The alternative, already proposed, is enforced payroll deductions. So buy war stamps from your retailers next week Friday!

Michigan retailers, like those in other states, find themselves literally "twix the devil and the deep blue sea."

On the one hand is price control whose wholesale and retail ceilings were set for March, 1942. Small retailers who must replace merchandise, much of which was bought last fall at pre-March wholesale prices, are finding the profit margin of many items at current wholesale levels to be small indeed.

Manufacturers are being asked to absorb some of the wholesale price increase. This cannot be done in many cases, it is admitted, based on the experience of Canada which controls wages as well as prices. Either the ceiling must be raised, as has already been done for several commodities, or Congress must provide subsidies to manufacturers. Such is the picture as given to us by Otis Cook, manager, Michigan Retail Institute.

And even then, according to Leon Henderson, federal price administrator, the threat of inflation still exists as long as ceilings are not placed on wages and farm products.

In testimony before the House appropriations committee, Henderson expressed belief that there was "a very real danger" that "our present price ceilings will not hold.

As an illustration that the purchase of war bonds and stamps has a direct relation to the fate of price control, Henderson went on to explain:

"What we will be able to do rests on the tax bill, and not only the amount of it but the nature of it, how much is withdrawn from current spendable income. It depends upon the amount of savings; it depends on the degree to which wages are stabilized; and it depends upon the rate at which the war effort proceeds.

With their business already in jeopardy, as the fate of the present price control determines in part whether we are to have further inflation, Michigan retailers are out to sell war bonds and stamps in July in an aggressive campaign.

Both independent and chain stores are participating in the July drive.

The Independent Food Distributors Council, representing 200,000 independent grocers, has built its promotion around the Revolutionary war heroine, Molly Pitcher. There are Molly Pitcher war bond booths, and there are Molly Pitcher wardens selling 25 and 10 cent stamps.

The Institute of Distribution, the national chain store clearing house for 16,000 retail outlets, is operating separately under a slogan, "Buy War Stamps—This Store's Best Buy."

Within a few weeks another big war campaign will break.

Following the current collection of scrap rubber by the petroleum industry will be a steel drive sponsored by the American Steel and Iron Institute, a glorified name for American junk dealers.

Endorsed by the War Production Board as a greatly needed effort, the junk salvage collection will seek to get every available piece of unused metal in Michigan.

An old flatiron will provide enough iron scrap to make two steel helmets or 30 hand grenades. An old heating radiator would make seventeen .30 calibre rifles; a medium sized garbage pail, one thousand .30 cal. cartridges. Even a wash pail can be converted into three bayonets.

That is putting scrap in terms everyone can understand.

The tremendous demand for steel in war production has created a serious problem. The collection of scrap iron and steel is said by the War Production Board to be urgently needed.

A heavy tank, for instance, requires 56,000 pounds of steel for which 28,000 pounds of scrap can be used.

A three-inch anti-aircraft gun, which might possibly protect the Sault Ste. Marie locks during an air raid, require 20,000 pounds of steel for which scrap iron can be used for 10,000 pounds.

Communities will be asked to spur their efforts by a house-to-house, or farm-to-farm collection of scrap iron. This war is getting serious. We are not winning yet. Hence, Michigan is being asked to do its part, not only for buying of more war bonds and stamps, but in turning over to local junk dealers every available piece of unused metal and rubber.

As the slogan makers put it, "Keep 'Em Firing—With Junk."

NOTICE

An Ordinance Prohibiting the Use of Bicycles on the Sidewalks within the Fire Limits of the Village of Tecumseh and Regulating the Use of the Same in the Public Streets and Highways in said Village, and Providing Penalties for Violations of this Ordinance.

The Village of Tecumseh ordains:

Section 1. It shall be unlawful for any person or persons to ride any bicycle upon the sidewalks on North and South Ottawa Streets, North and South Evans Streets and North and South Pearl Streets, between the north line of Logan Street and the south line of Pottawatamie Street; and it shall also be unlawful for any person or persons to ride any bicycle upon the sidewalks on the East and West Logan Streets, East and West Chicago Boulevards and East and West Pottawatamie Streets, between the east line of Ottawa Street and the west line of Pearl Street, in the Village of Tecumseh, Michigan.

Section 2. Whenever any person or persons riding a bicycle on any sidewalk in said Village, other than those designated in Section 1 hereof, shall meet or overtake a pedestrian or pedestrians, the rider of such bicycle shall at all times yield the right-of-way to such pedestrian or pedestrians.

Section 3. Any person or persons riding a bicycle upon the public street or highways of said Village during the period from one-half hour after sunset to one-half hour before sunrise, and at any other time when there is not sufficient light to render clearly discernible any person on the highway at a distance of five hundred feet ahead, shall have such bicycle equipped with a lighted white lamp on the front thereof, visible under normal atmospheric conditions from a distance of at least three hundred (300) feet in front of such bicycle, and shall also have such bicycle equipped with a reflex mirror reflector or lamp on the rear exhibiting a red light visible under like conditions from a distance of at least two hundred (200) feet to the rear of such bicycle.

Section 4. Any person violating the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of Two and No 100 ($2.00) Dollars and costs of prosecution, or by imprisonment in the County Jail for not more than five (5) days, or by both such fine and imprisonment in the discretion of the Court.

This ordinance being deemed necessary for the public safety, it is ordered that it be given immediate effect upon the first publication thereof.

Motion made by Truesdale, supported by Marshall, that above Ordinance be adopted. Ayes: Van Vleet, Turnbull, Winter, Truesdale, Marshall, Smith. Motion carried.

J. FLOYD ELLIOTT,
President.
WADE L. JONES,
July 23 Village Clerk.

Explains Vote

(Continued from Page 1)

that the minimum cost for satisfactory health services would be about $1 per capita or $2 per capita if clinics were held.

On our visit to Washtenaw County Health Unit, we found that that county had the problem of rapid industrial expansion and the corresponding expansion of private building and concentration of large groups of people. Their problem seems to be largely one of sanitation. Lenawee County has no corresponding conditions.

Lenawee County in 1941 provided nearly $20,000 for the treatment of tuberculosis, through its sanitorium; it provided another $8,000 for the care and treatment of contagious diseases; it provided $75,000 for hospitalization and another $75,000 for welfare and relief; $5,000 for board and care of children and $3,400 for the transportation of patients for treatments. This was expended for actual service to the people of this county, while the proposed budget for a health unit for Lenawee County would go entirely for salaries to the administrators, would replace none of our present activities and would be a further extension of social service.

The war boom is not an indication of a general increase of net county revenues, costs in most branches of county services are likely to increase. Many sources of revenue will be diminished.

The sales tax from which state aid for schools and matched funds for welfare are obtained along with care for crippled children and other benefits will surely be affected.

The gasoline tax from which the road funds are obtained will surely bring in less revenue, and it is not now known to what extent these obligations will fall upon the county whose only direct source of revenue is the property tax.

The full economic impact of the war has not yet been felt. When it is, we may find it difficult to maintain anything but the barest necessities of county government. Our sole defense against this eventuality is to keep our financial house in order.

With a shortage of trained personnel in the armed forces, the employment of doctors and nurses and trained technicians in an enterprise which is not now a pressing matter would be inimical to the cause of war, which has first claim.

We recommend that the matter of a health unit for Lenawee county be deferred until after the war or until an unforseen emergency arises making such a program necessary.

RAGWEED ERADICATION CAMPAIGN STARTS JULY 13

The Tecumseh Garden Club campaign of ragweed eradication will be held next week, beginning Monday, July 13, and continuing through Friday. The civic committee will receive the pulled weed at the old athletic park on Patterson street each of these evenings between 7 and 8 o'clock, paying at the rate of 5 cents per bushel. At the close of the campaign, the boy or girl who has brought in the greatest amount will receive a prize of $1 and the second highest award will be 75 cents.

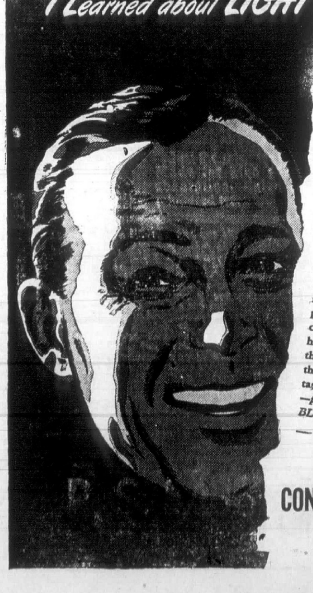
"I Learned about LIGHT in a BLACKOUT!"



• "Our first practice blackout brought the war close to home. But warmth and reassurance returned, when we switched on the lights. . . . I realized then that the dime a day we spend for electricity is just about the best investment my family makes."

* * *

• The reasons *why* electric service is so cheap and so dependable go back to the way America works—a way we're all fighting for now. A way of life in which free men have an opportunity to create and produce and succeed in proportion to their individual contribution.

• Like other American industries, the electric industry grew that way—steadily making more jobs, serving more people, and lowering rates—under efficient business management. Because it has done its work so well, America has the greatest pool of electric power in the world—power to produce planes, tanks and ships in crushing quantities —*power that promises a PERMANENT BLACKOUT for Hitler and Hirohito!*

Roll Up Your Sleeves

We've Got a Job to Be Done

HERE on the home-front as well as on the war-front there's a job to be done, and a big one. We've got to give our fighting men guns and tanks, ammunition and ships, planes and bombers. We've got to keep up the supply line.

And these fellows who are making these implements of war also must be equipped. They need supplies, too. That's where we come in.

It is our job to keep in our stock the things that these men need for themselves and their families. Things to keep up the morale of the home-front.

How to Control Insects in Your Garden for Victory

Insects are present in every garden. In many instances they do not appear to cause damage to plants, but other times they multiply rapidly and even destroy the plants. Nowdinsects are not difficult to control if certain fundamental practices are followed.

Examine Frequently

First, examine the vegetables in the garden frequently, both the undersurface of the leaves and the upper. If a portion of the leaf surface is missing, you may be sure that an insect prooduced the injury. Some insects work underneath the ground on the roots or feed within the stems of plants. This causes the leaves to wilt. Such plants should be dug up and examined thoroughly for cut worms, stalk borers working into the roots, maggots in the stem, nematodes or even aphis feeding on the roots.

Dust or Spray

Second, apply recommended insecticides as often as necessary to control the insects. Expensive eequipment is not necessary for control purposes; the type and size will depend largely on the size of garden area to be covered. Insects which feed on the underside of leaves may be combatted by a duster or a liquid sprayer. Dusting is more popular than liquid spraying because the dusts are easier to apply and more thorough application may be accomplished by the amateur. Many types of dusters are available from your local garden stores.

Insects which eat the entire leaf—the potato bug, the cucumber beetle and tomato worms—may be easily controlled by the use of the dusting bag. Fill two thicknesses of cheesecloth with dusting powder, bring the four corners together and with a twist of the wrist (or hand) shake the dust over the plant leaves.

For application of liquids on leaf-eating bugs, a whickbroom may be used. Dissolve or mix the insecticide in a bucket and dip the whiskbroom into the liquid and swish it in a circular motion over the plants so the material will fly off.

Combatting Leaf Eaters

Flea Beetles: Orange-colored eggs, varying in number from a dozen to 50, found on the underside of tomato, potato or vegetable leaves; hatch within a week into a small, elongated, oval dark-colored beetle which has a habit of jumping when disturbed. Dust or spray as often as necessary to keep the plants free from the insects. Use any of the following: Paris green or variants, arsenate of lead, or calcium arsenate.

Leaf hoppers: Small, wedge-shaped insects about one-eighth of an inch long; found on underhide of plant leaves; very common; can be seen when jumping from plant to plant as they are yellowish-green in color. Attack tomatoes, potatoes, beans, eggplants, lettuce, celery, dandelions and practically all garden crops. Dusting should begin as soon as the leaf hoppers are observed in the garden and should be continued at seven-day intervals, applying the material on both surfaces of the leaves. Either rotonone or pyrethrum sprays may be used for control.

Potato beetles: The most common garden beetle attacking potatoes, tomatoes, eggplants and peppers. The eggs are laid on the underside of the leaf and the young larvae have the appearance of being humpback. They are reddish in color with soft bodies; are ravenous eaters, attacking the tissues of tender leaves. Dust or spray as often as necessary to keep the plants free from insects, using any of the following: Paris green or variants, arsenate of lead, or calcium arsenate.

Cabbage worms: Small, softbodied insects, velvety green, usually found on underside of leaves or on the stem of the plant on which they feed by sucking its juices. Attacks cabbage, cauliflower, kale, radish, turnips and plants of the mustard family. Dusting should begin immediately after observations show foliage is being eaten. Pyrethrum, rotenone and derris dust is recommended. Arsenicals are not recommended unless the product is thoroughly washed before being eaten.

To Seek to Organize Ladies' Archery Teams

Organization of a girls' and ladies' archery team at the Recreation Center within the week was announced today by Fred Raizk, director, and he urged that interested persons meet with him at the Center not later than Monday.

"The archery equipment already has arrived and considerable interest is being shown in the sport," Mr. Raizk said. "We now want to get a sufficient number of girls and ladies interested to form teams and provide competition."

Other equipment for the Center also has arrived, Raizk said, including badminton, volley ball, soft ball, aerial tennis and horseshoes. Teams will be organized in these sports at once, he declared. He also plans to award trophies in these sports at the end of the season.

Mr. Raizk is at the Center park each afternoon between 1 and 5, and in the evening until about 9 o'clock.

"Many people prefer the evening hours for recreation," Mr. Raizk said, "and we can arrange contests at that time for those who desire to play any of the games. However, I wish that interested persons would contact me at the park at once, that we may get our program under way."

Moore D. Gates Dies; Well-Known Salesman

Moore D. Gates, aged 60 years, died Tuesday, June 30, at his home at 1111 White street, Ann Arbor, after a brief illness. Mr. Gates, who was a retired butcher, was well known in northeastern Lenawee and Washtenaw counties, having traveled for a meat packing company for many years. He was a life long resident of Ann Arbor.

Red Cross Asks Service Record

IS MAKING SURVEY OF LENAWEE COUNTY; 36 GET FIRST AID DIPLOMAS

Many inquiries have been made as to why the Red Cross home service is making a survey of all Lenawee county service men and their families. It is necessary that the Red Cross have this information in case men are reported missing or taken prisoners, when claims are to be filed by the families. When the men return from service there will also be claims to file.

The following information is needed: Name of parents or wife, their address and telephone number; the name of the man in service; his identification number, branch of service and regiment; A. P. O. or postoffice address and whether he is a draftee, enlisted man or a National Guard.

The local chairman of this department is Miss Clara Waldron, with Mrs. George Parsons, assistant chairman. Information may be left with either or with Mrs. Lillian Tingley at Consumers Power Company office or Mrs. Edna Stoulter at the Herald office.

Thirty-six men and women who have completed the course in Red Cross first aid in the Centennial district were presented with certificates Friday evening at a meeting held in the Centennial school. S. L. St. Clair of Adrian made the awards, and the group decided to continue the study in first aid, meeting the fourth Monday of each month. Elmer Chapman was elected president and Matt Lunn, secretary and treasurer.

A program was presented and consisted of group singing led by Mr. Chapman, with Mrs. J. L. Calhoun as accompanist; readings by Mrs. Walter Stutesman; piano duet by Misses Barbara DeGroot and Miriam Sudborough, a talk by Mr. Lunn and a piano solo by Mrs. Calhoun.

WELCOME CLASS

The July meeting of the Welcome class of the Presbyterian church was held Tuesday at the home of Miss Mary Whitelock with a pot-luck dinner at noon.

LEGION AUXILIARY MEETS

light of the afternoon activities of this day will be an old-time fiddler's contest and square dance.

On Sunday, August 2, the week's activities will be climaxed by a gigantic religious festival in charge of the Tecumseh Ministerial Association. The Rev. E. Thomas Rodda, the association chairman, says that they plan to secure the services of a nationally known speaker for this occasion. Arrangements are being made for community singing and group singing by the pageant chorus.

According to Chairman C. O. Butler, the town will take on a festival atmosphere. Novelty Indian head pins and head bands decorated with red feathers are ordered and will be sold at a nominal price by the local merchants.. The streets will be decorated in appropriate Indian manner. Many of the townspeople have indicated that they will decorate their houses and yards appropriately. The historical towns committee has listed many places of interest intimately associated with the frontier days of Tecumseh more than a century ago.

The advance tickets will feature sale of strips of three tickets at a price below the gate admission. These tickets will carry a stub carrying ballots for the selection of "Princess Lenawee." It is expected that various clubs and organizations in and around Tecumseh will sponsor candidates for the honor of ruling over the pageant. Immediate selection of your candidate should be made as this contest will close on Monday, July 27 at 6 p. m. Votes may be obtained on all advance tickets and through bonus vote coupons appearing in the newspapers. Ballot boxes will be prominently displayed throughout the county. All candidates should make an effort to report to celebration headquarters in Tecumseh and receive all details on prizes, etc., from Mr. Drew, the director.

HONOR MRS. CLARK

Mrs. W. N. Winfield and Mrs. V. C. Tucker entertained recently in honor of Mrs. James Clark. The guests were received socially at Mrs. Winfield's home later going to the home of Mrs. Tucker for tea. The ladies were seated at a tea table centered with delphinium and talisman roses with lighted taper at either end. Mrs. Clark was presented with several gifts from the group.

Pageant Story Full of Thrills

CROWD OF 25,000 EXPECTED TO WITNESS 4-DAY SPECTACLE HERE

Despite blackouts and bomber trips, sugar, car, and tire rationing, The "Tecumseh Echoes" committees are steaming ahead to produce one of the most exciting and colorful pageants in the history of the Northwest Territory. Thrills and inspiration, mingled with tears and guffaws of laughter await the anticipated 25,000 spectators who will witness the dramatic pageantry prepared by Clara Waldron and her Scenario Committee.

Leon Drew, pageant director, says that the pageant, as outlined in the following episodes, promises to be one of the best that his company has ever produced:

Prologue: "Salute to the Colors"—An inspiring opening with Red, White, and Blue Girls, Boy Scouts, Girl Scouts, and American Legionnaires. Drills and figure work, martial music, and a mass pledge of Allegiance, will serve to dedicate this celebration to the glorious principles of Americanism.

Episode One: "The Indian Council"—Depicting an Indian encampment with the squaws busily engaged in erecting teepees, preparing meals, etc., while the braves fish, hunt, wrestle, etc. The entrance of Tecumseh, the Corn Dance, and the picturesque Pipe Ceremonial, will highlight the scene.

Episode Two: "Coming of the Settlers"—Showing the arrival of Musgrove Evans, General Brown, and other early families, with their covered wagons and rough implements. The beginning of the early cabins and a rousing "square dance" will be the features of the episode.

Episode Three: "The First Wheat Harvest"—Re-enacting the celebration held at this time; and showing the first cake baked from the first wheat ground by Abi Evans, for whom the local DAR chapter is named. The log which marked beginnings of the first sawmill, quadrilles, Virginia Reels, and other dances will enliven the full, colorful scene.

Episode Four: "Quaker Church and the Underground Railway"—Showing one of the early Quaker meetings at which Aunt Laura Haviland was an important member of the congregation. Negro slaves, escaping from the South and being aided by the congregation, will depict the manner in which the Underground Railway functioned.

Episode Five: "Civil War Wedding"—Showing a mass wedding of four Union soldiers, after which they leave for the Civil War. Picturesque hoop skirts, and colorful dancing, with an early concert of war music, will enhance this episode.

Episode Six: "The Gilded Age"—Tecumseh, and the surrounding land, has always been rich in agriculture. This episode, through the description and appearances of all farming implements, will trace the evolution of farming from the Pioneer days to the present. This episode will undoubtedly be both entertaining and informative for everyone.

Episode Seven: "Fertility Ballet"—Further depicting the rich and fertile soil of Michigan, the Corn and Wheat Girls will be seen in a lovely ballet with the Spirits of the Rain and Sun dancing beside them.

Episode Eight: "The Gay 90's"—This episode, with early cars, the trotting races, the tandem bikes, the greased pigs, the picnics, and its lovely, nostalgic music and dress will be one of the most popular scenes of the show. The last inning of one of the ever popular baseball games will start the scene off with color and excitement.

Episode Nine: "The World War Era"—Liberty Bond Drives, a brief selection of war songs of the first World War, culminating in an inspiring tableau featuring the Spirit of Peace, Soldiers, Sailors, Marines, Boy and Girl Scouts, and American Legionnaires, will mark the period of 1914-1918.

Episode Ten: "The Roaring 20's"—This episode will depict the tremendous boom following the war. The speakeasies, the flappers, and Lindbergh's initial ocean-spanning flight highlight the scene. The stock market crash of '29, ending the "paper profit era" climaxes the episode.

Episode Eleven: "The Depressing 30's"—The far reaching depression of the thirties, touching Tecumseh, Lenawee County, and Michigan, as it did the entire nation is to be vividly enacted with the shuffling feets of hundreds. The community spirit that enlivens Tecumseh, however, will symbollically be typied as the driving force of recovery, as the entire town

Pageant Chorus Will Meet Here Tonight

The Community Chorus, organized last Thursday, for the presentation of the pageant "TECUMSEH ECHOES", will meet tonight at 8:30 p. m., at the high school auditorium. At this time the director, Miss Genevieve Alger of Adrian, will be in charge, and it is hoped her many friends throughout the county will join the chorus to welcome her. Many will remember the splendid work she did with the WPA Chorus and will be glad to aid her once again.

At the first rehearsal there were people from Macon and Tipton; this time several from Britton, Holloway, and Adrian will be present. Accompanists for the pageant music are to be Mrs. Fred Dickinson, Sr., and Mrs. H. B. Lewis.

The Music Committee which is organizing the chorus consists of the members of the executive board of the Tecumseh Music Club. Miss Agnes McIntyre is president, and among the members are Mesdames Charles Ruthruff, William Barnes, Duncan Oliphant, Nina Heath, Neville Hart, George Parsons, R. S. Moore, and Al Helzerman. Also assisting are Mrs. Richard Mead, Messers. Paul Johnson, Clare Camburn, and L. C. Howe. This committee is also arranging for band concerts preceding the pageant enactments each of the four nights.

Benjamin F. Stuart Is Buried In Adrian

Benjmain F. Stuart, died Thursday night at the home of his son William E. Stuart on South Evans street after a long period of failing health. He would have been 71 years of age on August 7. He was born in Lapeer county in 1871 and moved here from Hillsdale seven years ago.

Survivors are the widow Mrs. Ethel Stuart, a daughter, Mrs. Carrie Spencer of Windsor, Ont., two sons William of Tecumseh and R. L. Stuart of Clarks Lake, a sister Mrs. Sarah Lamphier of North Branch, also 18 grandchildren and one great grandchild.

The funeral services were held Monday afternoon at the Collins Funeral Home. Rev. Norman Mac Naughton officiated and burial was made in Lenawee Hills Memorial Park in Adrian.

Bearers were Fred Lamphier and Claude Utley of Lapeer, Geo. Hedrick of Wayne, John Lamphier of North Branch, Cyril Lewis of Flint and Leo Utley of Detroit. Relatives attended from Windsor, Ont., Hudson, Flint, Jerome, Lapeer, Wayne, Ypsilanti, North Branch and Detroit.

PASTOR RESIGNS

Rev. W. H. Skentelbury, pastor of the Congregational Church at Clinton the past six years, has resigned and has accepted a call to the church in Saline. His resignation is effective August 1.

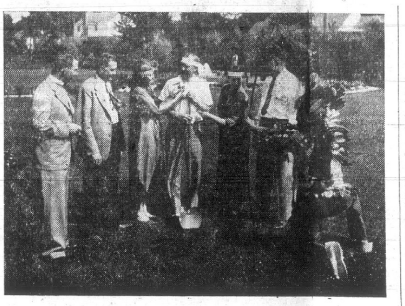
When Tecumseh's Mayor Milked the Goat



Mayor J. Floyd Elliott (milking the goat) was "attacked" by an Indian (Perry Hayden) as Charles D. Butler looked on. The action occurred earlier this week as the Tecumseh Pageant Committee made its plans for a mayors' milking contest during the staging of Tecumseh Echoes here the last three day of this month and the first of August.

The lower photo shows a group of the Pageant committee calling upon Ray W. Herrick, president of the Tecumseh Products Company, and selling him the first Pageant pin. Mr. Herrick immediately purchased some 1,200 of the pins for his employees. In this group from left to right, are: Rev. E. T. Rodda, Frank Smith, Mrs. Robert Moore, Jr., Mr. Herrick, Mrs. Sam Sisson, C. O. Butler and Perry Hayden.

RENTSCHLER NEW HEAD OF THE ILLINOIS CLUB

Dr. T. Rentschler was chosen president of the Illinois Club at its annual reunion held Sunday at the state park, Wamplers Lake. Dr. J. R. Foreman of Clinton was chosen vice president and Verna Meyers of Britton, secretary and treasurer. The committees appointed are: grounds, George Simpson and S. E. Lawrence of Britton and Dr. Foreman; reception, Mrs. C. J. Packingham of Britton, Mr. and Mrs. Carl Thompson of Tecumseh; arrangements Mr. and Mrs. Bert Moore of Britton, Mrs. P. B. O'Brien, Mrs. I. M. Perkins of Tecumseh; program, Mrs. W. D. Armautrout of Britton.

Eighty members attended.

SAFE IN ENGLAND

Word has been received from Russell Beasley of his safe arrival in England with America's war forces. His brother, Roy, also has advised his parents that he has arrived safely at his point of destination, but this was not divulged. The boys are sons of Mr. and Mrs. Leon Beasley, and formerly resided in Britton.

Mrs. Phoebe Cunningham Is Buried In Brookside

Mrs. Phoebe Cunningham, widow of the late Myron Cunningham, died Sunday morning at the home of her brother Charles Smith in Dundee where she had been for several weeks. Mrs. Cunningham's home was at 501 South Pearl street. She was 74 years of age and had been failing for some time.

Besides the brother she leaves one son, Robert Van Nest of Petersburg. Mr. Cunningham died 16 years ago.

The body was brought to her home here where funeral services were held Tuesday afternoon, Rev. W. J. Prestidge of Deerfield officiated and burial was in Brookside cemetery.

WIT-WISDOM PICNIC

The Wit and Wisdom Club summer picnic will be held Monday, July 20, at 6:30 p. m. at the home of Mr. and Mrs. Alvin Brazee at Iron Creek. Members are to bring table service, sandwiches, sugar and one dish to pass. Any one wishing transportation is to call E. A. Collins.

Girl Drowned In Raisin River

THERESA LENTZ, 18, WAS WADING WITH FRIENDS; BODY IS RECOVERED

Theresa Lentz, 18 year old daughter of Mr. and Mrs. Basil Lentz who live 6½ miles northwest of Clinton, drowned in the River Raisin last Thursday evening. The accident occurred on the Wilbur Hogan farm four miles north of Clinton where Mr. Lentz was working. Theresa and her sister Joyce and a neighbor Marian Walters were wading in a shallow place in the river when Theresa, who could not swim, stepped into a hole and went in over her head.

The body was recovered by Mr. Hogan and Albert Minor and the state police assisted by Dr. W. B. Hornsby of Clinton used an inhalator with no results.

Miss Lentz graduated from the Manchester high school in June.

Her parents and sister survive.

The funeral and burial were held Sunday in Manchester.

U. S. Heroes Day

FRIDAY TO BE OBSERVED FOR HEROES BY SPECIAL SELLING OF BONDS AND STAMPS

Retail merchants in Tecumseh will join with other retailers throughout the nation on Friday in the observance of "American Heroes Day," with special emphasis on the sale of War Saving Bonds and Stamps, Lyman Curtiss, commander of the Underwood-Orr Post, American Legion, announced here today.

American Heroes Day will be observed not only in Michigan but in every state in the Union on Friday, July 17, it was pointed out. In many of the larger cities parades will be staged, returned veterans will participate in the ceremonies, and huge department stores will give over the greater part of the day to the sale of nothing but War Bonds and Stamps.

Legion posts throughout the Nation have been called upon by the national commander, Lynn U. Stambaugh, to cooperate completely with retail organizations in the sale of bonds and stamps on Friday, and Mr. Curtiss said that he had pledged the effort of the local post for Tecumseh on that day.

The sale of war bonds and stamps through local retail units already is in practice in Tecumseh and has been for several months, practically every store cooperating in the program. W. L. Berkrof, director of the bond and stamp sales locally, said that special emphasis would be placed upon the sale on "Heroes Day" in an effort to bring Tecumseh's sales for July 17 far above the normal level.

4-H CLUB GARDENERS WILL GET ASSISTANCE

P. G. Lundin, assistant state 4-H club leader, will be in Lenawee county Friday, July 17, to assist garden club members with their work, discussing methods of garden culture, storage of vegetables and other problems. Stops will be made at the home of Mrs. Forrest Barrett in Britton at 10:30 a. m.; at Mrs. Elwin Marks' four miles south of Britton at 1 o'clock; at the home of Theodore Glaser in Riga at 3 p. m., and at the Weston school at 4 o'clock. Club members will gather at the meeting place in their area.

Blackout Here Ruled Perfect

ONE LIGHT LEFT BURNING IN DOWNTOWN STORE; ONE CIGAR ALSO LIGHTED

Tecumseh will undergo a surprise blackout here next week, E. C. Heilman, director of Civilian Defense, said this morning.

"Next week's blackout will occur on one of these evenings—July 20, 21 or 22—Monday, Tuesday or Wednesday. Notice will be given by a long blast of the fire siren. It will last for 15 or 20 minutes.

"The next blackout will be far more realistic than last Sunday's," Mr. Heilman said, but he did not divulge the plans he had in mind. He said that all pedestrians would be ordered off the streets during the blackout period.

Tecumseh's first blackout of the war—Sunday evening between 10 and 10:15—was declared "perfect" today by E. C. Heilman, director of Civilian Defense in Tecumseh village and township.

"Insofar as we were able to discover," Mr. Heilman said, "there were but two errors made. One merchant left a night light burning in his store in the downtown area, and another fellow lighted his cigar soon after the blackout was started. Otherwise, it was 100 per cent, and I wish to express my appreciation to everyone for their splendid cooperation. However, the next time we have a blackout we hope that all lights will be extinguished, and that smokers will refrain during the period."

The blackout started on the stroke of 10 o'clock, the warning being given by a long blast of the fire siren. Streets lights were extinguished by the Consumers Power Company and lights in homes throughout the village were turned out. Wardens and their assistants were on the job in every block and the few scattered pedestrians were asked to go into houses for the 15-minute period. Civilian Defense officials made a tour of the town on a fire truck to observe the results.

Although factories working on war materials were not asked to observe the blackout, the Tecumseh Product Company cooperated completely, shutting down its plant and darkening all lights. Traffic on highways leading to Tecumseh was halted at the village limits and moving traffic in town was driven to the curb.

"Of course, Tecumseh was warned that we were going to have a blackout," Mr. Heilman said, "and the people were prepared. The next blackout we have will be a bit different. The public generally will not know just what day or what hour it will be ordered. The warning will be a long blast of the fire siren, and some minutes later the all clear signal will be blown. This will be a new kind of test for the public, and one that will keep them on their toes. It can happen here, you know, by that I mean a real real air raid with real bombs. It will pay us to train our ears for the blackout signal."

Mr. Heilman did not say when the next blackout would occur, but he intimated that it would be within the next 10 days or two weeks.

GETS NEWS OF DEATH

Word has been received here of the death of Mrs. Irene Church which occured July 7 at her home in Springfield, Oregon. Mrs. Church was formally Irene Meads, a daughter of Mrs. George Meads of Tecumseh. She visited her frequently the past few years and will be remembered by many.

Besides her mother she leaves one son and three daughters in Oregon, five brothers and two sisters, among them Oscar and Homer Meads of Tecumseh.

The funeral and burial were held in Springfield.

JOINS NAVY

School Budget Of $65,000 Is Given Approval

RIGHT TO INCREASE TAX RATE GRANTED; TWO BOARD MEMBERS RE-ELECTED

At an organization meeting of the board of education, Tuesday evening, Perry Satterwaite was reelected president, Dr. Arthur Brown, vice-president, John Larsen, secretary and Earl Lindsley, treasurer. The board voted to purchase war damage insurance for the district's property, and approved salary increases to teachers amounting to $100 each per year. Similar increase also was granted to the janitors.

A budget of approximately $65,000 for the coming year for School District No. 7, Tecumseh was approved; the right to increase the district's tax rate two mills above the 15-mill limitation if necessary was granted, and two members of the board of education were re-elected, when some 60 voters in the district assembled in annual session here, Monday evening. The meeting was held at the high school with the president, Perry C. Satterthwaite, presiding.

The school's budget for operating expense's during the coming year is some $2,000 higher than it was a year ago, the greater part of the increase going for larger salaries, W. L. Berkhof, superintendent, declared. Last year's budget, including the expense of operating the public library, amounted to about $63,000.

By a vote of 37 to 9, the taxpayers approved the board's proposal to increase the tax rate, if necessary, one mill beyond the 15-mill limitation for the purpose of operating the public library. This will raise about $2,300 for the operation of the library, and according to a report submitted by Fay Whelan, give it sufficient funds with which to purchase new and more interesting books for general circulation. The report showed that the library cost last year amounted to about $1,900, and that less than $100 was spent for new books. The committee for which Mr. Whelan reported, was named to investigate the library's operation one year ago.

The taxpayers seemed to be of the opinion that if the library is to give the best possible service to the community it must have new volumes on its shelves rather than become a repository for records and old books. It is believed that the added funds will make this possible. The mill increase was authorized for a five-year period.

By a vote of 39 to 7, the taxpayers authorized a second one-mill increase above the 15-mill limitation to raise money to defray the cost of installing a new heating system for the central school building. New boilers and a stoker are now being installed at a cost of about $5,000. One half the cost is being paid from the general fund, the other half to be raised by the 2-mill tax. This increase is only in effect for one year.

The report of Mr. Berkhof showed that the per day cost of pupil education in the school here last year was 40 cents, as compared to 42 cents a year ago. He said that the slight decrease was due to a larger enrollment without an increased overhead.

The report of Miss Edith Ingersol, librarian, showed that the volume of circulation at the library during the year past fell off more than 1,000 books as compared to a year ago.

At the election, the two members of the board of education whose terms expired, were unanimously re-elected. The name of Mr. Satterthwaite was placed in nomination for re-election by the Rev. Edward Escolme. The name of John Larsen was placed in nomination by Wade L. Jones. Mr. Larsen is secretary of the board, and other members are Jens Touborg, Earl Lindsley and Dr. Arthur Brown.

M. L. Dannells and the Rev. Mr. Escolme acted as tellers.

PLAN FOR RELIGIOUS SERVICE HERE AUG. 2

The Tecumseh Ministerial Association met Friday morning at St. Peter's parish house, and made plans for the religious meeting August 2, also for community services on August 9 and 16. They also voted to extend an invitation to the Grace Lutheran Church and St. Elizabeth Catholic Church to participate.

CALLED TO ARMY

Capt. (Dr.) M. D. Iler of Clinton has been called to active duty and will report to the Army air base at Madison, Wis., next week.

Interest Keen in Princess Contest

The ballot boxes placed by the "Princess Lenawee" Popularity Contest Committee, plus the many nominations received at "Tecumseh Echoes" Headquarters in the Ford building have yielded the names of many young ladies desiring the envious title of "Princess Lenawee." Members of the committee last evening claimed that there was a higher degree of interest evidenced in the short time the contest has been underway than in any other similar contest ever sponsored here.

The following names have been received. There will not be a vote publication until next week's issue: Barbara Kerby, Lois Clarke, Yolande Baldwin, Mary Wright, Caroline Hunt, Jean Bailey, Elva Mae Dickinson, Jocelyn Anderson, Florris Howe, Betty Gray, Jean Marie Herrick, Theone Eggleston, Clara Gillespie, Barbara Dannells, Mary Hewlett, Aiflene Wintersteen, Mary Jane Smith, Margaret Jane Sage, Kathryn Gray, Mary Stevenson, Barbara Humbel, Roberta Hornsby, Jackie Costigan, Nancy Tingley, Lenore Larsen, Mary Jane Hayden, Ruth Schneider, Doris O'Neil, and Gay Larsen.

THE WAR ISN'T WON—YET

Those in authority have warned us that talk of peace is premature, that this war is not yet over, that the probabilities are that we have a long struggle ahead. But in spite of this there is a steadily growing undercurrent of optimism. Everywhere you hear talk that he mysterious "they" who know everything say that the war will be over in another six months.

What war? In the West or in the East or both What do they mean by "over"? From what source does this talk eminate? It behooves us to query sharply—whom will it benefit to slow down our all-out effort? May not this be another piece of the "Divide and Conquer" propaganda?

The armchair strategists have it all figured out. Hitler will collapse because of the internal strife in Germany. But will the fall of Hitler end the war. Are the German armies going to lay down their arms and throw themselves on the mercy of those whose homes they have pillaged and whose families they have murdered in cold blood

They (the strategists) have settled the eastern question as well. Russia, they say, will mop up Japan in a few weeks once Hitler is done with. (The armchair strategists last November had it all figured out, too.) They neglect to look at the map, to gauge the distance, to see what a tremendous area the Japs now control, how scattered and isolated are the forces of the United Nations. It would be advisable if we would study the map well and ponder on all that it signifies.

The war over in six months? What do they call the whole question of sorting out nationalities, repartitions, policing, rebuilding that will have to be done if we are to keep our word about the four freedoms? This time we cannot wash our hands and turn away. We have not only given our promise, but we have learned our lesson.

The war is not won yet. Certainly there are encouraging signs. We have found that we still breed fighting men. Let us be proud of the ability and courage of our armed forces today as we are of those in the past. But too many of us haven't taken this war seriously. While our ships are sunk off our coasts at an appalling rate, the regulations to protect them are ignored. While our armed men are fighting in jungles, on the sea and in the air, recriminations and accusations fly fast between groups in our own country. While we are isolated by enemy raiders, our trade smashed, our cargo ships sunk, we squabble about gasoline cards.

The war isn't won yet, the final battle is the decisive one. It is up to us to fight the war to the end and not to relax our efforts until the unconditional surrender of the enemy.

BICYCLES VS. CARS—

The village council last week enacted into law an ordinance to control the operation of bicycles in Tecumseh. A similar regulation was on the books here for many years and was "dropped" only about two years ago when a new ordinance book was compiled. At that time the village fathers probably were of the opinion that bicycles were fast becoming a thing of the past; that they were on their way to join hitching posts and watering troughs.

The war has changed the picture. Two years ago it did seem a logical conclusion that bicycles were on the way out. But today, the bicycle is definitely on the way in and the regulation that the council drafted is quite necesary, because more and more the bicycle is taking the place of the motor car because of tire rationing.

But we hope that the council and the police department also rigidly enforce village ordinances governing the operation of motor cars. There are entirely too many crackpot drivers; too many fellows who are gentlemen on the sidewalk and piggish in the highway. They seem to have little regard for either motorists or pedestrians and believe that a 50-mile speed in the village is well within the limit.

The fellow who wants speed today, except in an emergency, has no business behind a wheel. He's not only endangering lives, he's burning up valuable rubber. And the fellow who drives recklessly, who turns corners on two wheels, who drives pedestrians to the curb like a lot of chickens, should feel the wrath of the law.

The local police department is to be congratulated for the traffic violation arrests its has made recently. Apparently someone has decided that fast driving, reckless driving and drunk driving in Tecumseh must be halted. We hope that the campaign continues.
